#	Paper	IF	Citations
98	The psychopharmacology of agitation: consensus statement of the american association for emergency psychiatry project Beta psychopharmacology workgroup. <i>Western Journal of Emergency Medicine</i> , 2012 , 13, 26-34	3.3	234
97	Medical evaluation and triage of the agitated patient: consensus statement of the american association for emergency psychiatry project Beta medical evaluation workgroup. <i>Western Journal of Emergency Medicine</i> , 2012 , 13, 3-10	3.3	119
96	A case of necrotizing fasciitis with a LRINEC score of zero: clinical suspicion should trump scoring systems. <i>Journal of Emergency Medicine</i> , 2013 , 44, 928-31	1.5	59
95	Ketamine use for acute agitation in the emergency department. <i>Journal of Emergency Medicine</i> , 2015 , 48, 712-9	1.5	55
94	Literature-based recommendations for suicide assessment in the emergency department: a review. <i>Journal of Emergency Medicine</i> , 2012 , 43, 836-42	1.5	39
93	A comparison of the safety of olanzapine and haloperidol in combination with benzodiazepines in emergency department patients with acute agitation. <i>Journal of Emergency Medicine</i> , 2012 , 43, 790-7	1.5	36
92	A retrospective analysis of intramuscular haloperidol and intramuscular olanzapine in the treatment of agitation in drug- and alcohol-using patients. <i>General Hospital Psychiatry</i> , 2010 , 32, 443-5	5.6	34
91	American Association for Emergency Psychiatry Task Force on Medical Clearance of Adults Part I: Introduction, Review and Evidence-Based Guidelines. <i>Western Journal of Emergency Medicine</i> , 2017 , 18, 235-242	3.3	31
90	Potential complications of combining intramuscular olanzapine with benzodiazepines in emergency department patients. <i>Journal of Emergency Medicine</i> , 2012 , 43, 889-96	1.5	30
89	A naturalistic study of intramuscular haloperidol versus intramuscular olanzapine for the management of acute agitation. <i>Journal of Clinical Psychopharmacology</i> , 2012 , 32, 317-22	1.7	30
88	Despite expert recommendations, second-generation antipsychotics are not often prescribed in the emergency department. <i>Journal of Emergency Medicine</i> , 2014 , 46, 808-13	1.5	25
87	Are oral medications effective in the management of acute agitation?. <i>Journal of Emergency Medicine</i> , 2012 , 43, 854-9	1.5	25
86	Lengths of stay for involuntarily held psychiatric patients in the ED are affected by both patient characteristics and medication use. <i>American Journal of Emergency Medicine</i> , 2015 , 33, 527-30	2.9	20
85	Managing Delirium and Agitation in the Older Emergency Department Patient: The ADEPT Tool. <i>Annals of Emergency Medicine</i> , 2020 , 75, 136-145	2.1	19
84	Olanzapine in ED patients: differential effects on oxygenation in patients with alcohol intoxication. <i>American Journal of Emergency Medicine</i> , 2012 , 30, 1196-201	2.9	18
83	Characteristics and trends of published emergency medicine research. <i>Academic Emergency Medicine</i> , 2007 , 14, 635-40	3.4	17
82	Introduction: reconsidering psychiatry in the emergency department. <i>Journal of Emergency Medicine</i> , 2012 , 43, 771-2	1.5	14

81	Intramuscular ziprasidone: influence of alcohol and benzodiazepines on vital signs in the emergency setting. <i>Journal of Emergency Medicine</i> , 2013 , 45, 901-8	1.5	13
80	Characteristics and Trends of Published Emergency Medicine Research. <i>Academic Emergency Medicine</i> , 2007 , 14, 635-640	3.4	13
79	ED recommendations for suicide prevention in adults: The ICARE mnemonic and a systematic review of the literature. <i>American Journal of Emergency Medicine</i> , 2020 , 38, 571-581	2.9	11
78	Risperidone in the Emergency Setting is Associated with More Hypotension in Elderly Patients. <i>Journal of Emergency Medicine</i> , 2017 , 53, 735-739	1.5	10
77	Treatment Goal for Agitation: Sedation or Calming. <i>Annals of Emergency Medicine</i> , 2017 , 70, 751-752	2.1	10
76	Screening Tools Validated in the Outpatient Pain Management Setting Poorly Predict Opioid Misuse in the Emergency Department: A Pilot Study. <i>Journal of Emergency Medicine</i> , 2019 , 56, 601-610	1.5	10
75	Consensus Recommendations on the Treatment of Opioid Use Disorder in the Emergency Department. <i>Annals of Emergency Medicine</i> , 2021 , 78, 434-442	2.1	10
74	Safety of Risperidone for Acute Agitation and Alcohol Intoxication in Emergency Department Patients. <i>Journal of Emergency Medicine</i> , 2017 , 53, 530-535	1.5	9
73	Medical Screening of Mental Health Patients in the Emergency Department: A Systematic Review. <i>Journal of Emergency Medicine</i> , 2018 , 55, 799-812	1.5	9
72	Suicide screening scales may not adequately predict disposition of suicidal patients from the emergency department. <i>American Journal of Emergency Medicine</i> , 2018 , 36, 1779-1783	2.9	8
71	Oral Medication for Agitation of Psychiatric Origin: A Scoping Review of Randomized Controlled Trials. <i>Journal of Emergency Medicine</i> , 2017 , 53, 524-529	1.5	8
70	Psychiatric Emergencies in Pregnant Women. <i>Emergency Medicine Clinics of North America</i> , 2015 , 33, 841-51	1.9	7
69	Psychiatric Emergencies for Clinicians: Emergency Department Management of Serotonin Syndrome. <i>Journal of Emergency Medicine</i> , 2016 , 50, 89-91	1.5	7
68	The tooth, the whole tooth, and nothing but the tooth: can dental pain ever be the sole presenting symptom of a myocardial infarction? A systematic review. <i>Journal of Emergency Medicine</i> , 2014 , 46, 865-725	1.5	7
67	Study Enrollment When "Preconsent" Is Utilized for a Randomized Clinical Trial of Two Treatments for Acute Agitation in the Emergency Department. <i>Academic Emergency Medicine</i> , 2019 , 26, 559-566	3.4	7
66	Telephoned, Texted, or Typed Out: A Randomized Trial of Physician-Patient Communication After Emergency Department Discharge. <i>Journal of Emergency Medicine</i> , 2018 , 55, 573-581	1.5	7
65	Health Care Usage and Suicide Risk Screening within 1 Year of Suicide Death. <i>Journal of Emergency Medicine</i> , 2017 , 53, 871-879	1.5	6
64	Intramuscular medication for treatment of agitation in the emergency department: A systematic review of controlled trials. <i>American Journal of Emergency Medicine</i> , 2021 , 46, 193-199	2.9	6

63	A Research Agenda for the Assessment and Management of Acute Behavioral Changes in Elderly Emergency Department Patients. <i>Western Journal of Emergency Medicine</i> , 2019 , 20, 393-402	3.3	5
62	Psychiatric Emergencies for Clinicians: Emergency Department Management of Benzodiazepine Withdrawal. <i>Journal of Emergency Medicine</i> , 2017 , 52, 66-69	1.5	5
61	First-generation Antipsychotics Are Often Prescribed in the Emergency Department but Are Often Not Administered with Adjunctive Medications. <i>Journal of Emergency Medicine</i> , 2015 , 49, 901-6	1.5	4
60	Psychiatric Emergencies for Clinicians: Emergency Department Diagnosis and Management of Steroid Psychosis. <i>Journal of Emergency Medicine</i> , 2016 , 51, 557-560	1.5	4
59	Psychiatric Emergencies for Clinicians: Emergency Department Management of Alcohol Withdrawal. <i>Journal of Emergency Medicine</i> , 2016 , 51, 269-73	1.5	4
58	Psychiatric Emergencies for Clinicians: The Emergency Department Management of Thyroid Storm. <i>Journal of Emergency Medicine</i> , 2016 , 51, 155-8	1.5	4
57	Chemical Restraints, Physical Restraints, and Other Demonstrations of Force	139-148	4
56	Are There Tools to Screen Children and Adolescents in the Emergency Department With Mental Health and Substance Abuse Issues?. <i>Annals of Emergency Medicine</i> , 2018 , 71, 233-235	2.1	3
55	Psychiatric Emergencies for Clinicians: Emergency Department Management of Wernicke-Korsakoff Syndrome. <i>Journal of Emergency Medicine</i> , 2016 , 51, 401-404	1.5	3
54	Psychiatric Emergencies for Clinicians: Emergency Department Management of Neuroleptic Malignant Syndrome. <i>Journal of Emergency Medicine</i> , 2016 , 51, 66-9	1.5	3
53	Intramuscular Midazolam, Olanzapine, Ziprasidone, or Haloperidol for Treating Acute Agitation. <i>Annals of Emergency Medicine</i> , 2019 , 73, 422-423	2.1	2
52	Psychiatric Emergencies for Physicians: Clinical Management and Approach to Distinguishing Pheochromocytoma From Psychiatric and Thyrotoxic Diseases in the Emergency Department. <i>Journal of Emergency Medicine</i> , 2017 , 53, 712-716	1.5	2
51	Psychiatric Emergencies for Clinicians: Emergency Department Management of Cocaine-Related Presentations. <i>Journal of Emergency Medicine</i> , 2017 , 53, 383-387	1.5	2
50	Deadly Behavioral Emergencies. <i>Current Emergency and Hospital Medicine Reports</i> , 2015 , 3, 183-187	0.9	2
49	Association of the COVID-19 pandemic and dying at home due to ischemic heart disease. <i>Preventive Medicine</i> , 2021 , 153, 106818	4.3	2
48	Adherence to guideline creation recommendations for suicide prevention in the emergency department: A systematic review. <i>American Journal of Emergency Medicine</i> , 2021 , 50, 553-560	2.9	2
47	Psychiatric Emergencies for Clinicians: Detection and Management of Anti-N-Methyl-D-Aspartate Receptor Encephalitis. <i>Journal of Emergency Medicine</i> , 2016 , 51, 561-563	1.5	1
46	The Impact of Coronavirus Disease 2019 on US Emergency Departments.. <i>Psychiatric Clinics of North America</i> , 2022 , 45, 81-94	3.1	1

45	How to design a study that everyone will believe85-91		1
44	The utility of a statewide prescription drug-monitoring database vs the Current Opioid Misuse Measure for identifying drug-aberrant behaviors in emergency department patients already on opioids. <i>American Journal of Emergency Medicine</i> , 2020 , 38, 503-507	2.9	1
43	The development of clinical prediction rules139-147		1
42	How to complete a research study well and in a minimum of time167-171		1
41	Advanced biostatistics213-222		1
40	Cryptococcal Meningoencephalitis Presenting as aPsychiatric Emergency. <i>Journal of Emergency Medicine</i> , 2019 , 57, 203-206	1.5	0
39	Psychiatric Emergencies for Clinicians: Emergency Department Management of Acute Drug-Induced Akathisia. <i>Journal of Emergency Medicine</i> , 2020 , 58, 922-926	1.5	0
38	Utility of a controlled amphetamine withdrawal paradigm among adults who use methamphetamine: A pilot clinical trial. <i>Journal of Psychopharmacology</i> , 2021 , 35, 1420-1430	4.6	0
37	How do I formulate a research question?13-15		0
36	Patients accept screening for mental health and substance use disorders while ED clinicians support only if able to refer. <i>American Journal of Emergency Medicine</i> , 2020 , 38, 2727-2729	2.9	
35	Privacy in research155-159		
34	Safety in research53-58		
33	How do I establish a research assistant program?161-165		
32	How to design a study that everyone will believe105-113		
31	How to design a study that everyone will believe65-70		
30	Basic statistics: sample size and power183-190		
29	How to design a study that everyone will believe71-77		
28	Can I combine the results of this study with others? An introduction to systematic reviews223-230		

- 27 How to design a study that everyone will believe 59-64
- 26 What do I need to know to get started with animal and basic science research? 31-35
- 25 How to design a study that everyone will believe 97-103
- 24 How to design a study that everyone will believe 133-137
- 23 How to design a study that everyone will believe 79-84
- 22 Aspects of research specific to acute care 1-6
- 21 How to write a scientific paper for publication 231-237
- 20 How do I make reviewers happy? The review process 239-245
- 19 How to carry out an efficient literature search 21-30
- 18 How to design a study that everyone will believe 115-120
- 17 How to design a study that everyone will believe 129-132
- 16 Basic statistics 199-203
- 15 Basic statistics 205-211
- 14 Aspects of feasibility in research 7-12
- 13 How do I write a grant? 247-251
- 12 How to design a study that everyone will believe 121-127
- 11 The IRB process 37-44
- 10 Ethics in research 45-51

- 9 Basic statistics191-197
- 8 Eliminating common misconceptions to enable intelligent use of biostatistics173-182
- 7 How to design a study that everyone will believe93-96
- 6 Testing the safety and efficacy of devices149-153
- 5 How to make an academic career253-258
- 4 Discontinuing involuntary mental health holds for children: Does psychiatrist specialty matter? A pilot study. *American Journal of Emergency Medicine*, **2020**, 38, 702-708 2.9
- 3 Rapidly Acting Treatment in the ED for Psychiatric Patients **2021**, 263-268
- 2 Psychiatric Emergencies for Clinicians: Emergency Department Management of Hypercalcemia. *Journal of Emergency Medicine*, **2018**, 55, 688-692 1.5
- 1 In reply: Bias risk in systematic reviews. *American Journal of Emergency Medicine*, **2021**, 45, 600-601 2.9
