

Julius N Fobil

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/8655171/julius-n-fobil-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
86	Perceived Stress at Work and Associated Factors among E-Waste Workers in French-Speaking West Africa.. <i>International Journal of Environmental Research and Public Health</i> , 2022 , 19,	4.6	1
85	Occupational exposures to particulate matter and PM-associated polycyclic aromatic hydrocarbons at the Agbogbloshie waste recycling site in Ghana.. <i>Environment International</i> , 2022 , 158, 106971	12.9	1
84	Respiratory Disorders Related to e-Waste Exposure among Workers in the Informal Sector in a Sub-Saharan African City: An Exposed Nonexposed Study.. <i>Pulmonary Medicine</i> , 2022 , 2022, 9968897	5.3	0
83	Relationship between temperature and <i>Anopheles gambiae</i> sensu lato mosquitoes susceptibility to pyrethroids and expression of metabolic enzymes.. <i>Parasites and Vectors</i> , 2022 , 15, 163	4	1
82	Electronic waste exposure and DNA damage: a systematic review and meta-analysis. <i>Reviews on Environmental Health</i> , 2021 ,	3.8	1
81	Comparison of ergonomic risk factors and work-related musculoskeletal disorders among dismantler and burners of electronic waste in Agbogbloshie, Accra Ghana.. <i>Proceedings of the Human Factors and Ergonomics Society</i> , 2021 , 65, 715-719	0.4	0
80	Personal exposure to particulate matter and heart rate variability among informal electronic waste workers at Agbogbloshie: a longitudinal study. <i>BMC Public Health</i> , 2021 , 21, 2161	4.1	1
79	Spatial Distribution of Heavy Metals and Pollution of Environmental Media Around a Used Lead-acid Battery Recycling Center in Ibadan, Nigeria. <i>Journal of Health and Pollution</i> , 2021 , 11, 210304	2.6	0
78	Urban Municipal Solid Waste management: Modeling air pollution scenarios and health impacts in the case of Accra, Ghana. <i>Waste Management</i> , 2021 , 123, 15-22	8.6	8
77	A PRELIMINARY ASSESSMENT OF PHYSICAL WORK EXPOSURES AMONG ELECTRONIC WASTE WORKERS AT AGBOGBLOSHIE, ACCRA GHANA. <i>International Journal of Industrial Ergonomics</i> , 2021 , 82, 103096-103096	2.9	7
76	Global DNA (LINE-1) methylation is associated with lead exposure and certain job tasks performed by electronic waste workers. <i>International Archives of Occupational and Environmental Health</i> , 2021 , 94, 1931-1944	3.2	2
75	Methylmercury Measurements in Dried Blood Spots from Electronic Waste Workers Sampled from Agbogbloshie, Ghana. <i>Environmental Toxicology and Chemistry</i> , 2021 , 40, 2183-2188	3.8	0
74	Occupational and Environmental Health Effects of Informal Electronic Waste Recycling - A Focus on Agbogbloshie, Ghana. <i>Lecture Notes in Networks and Systems</i> , 2021 , 222, 746-752	0.5	0
73	Work-Related Exposures and Musculoskeletal Disorder Symptoms among Informal E-Waste Recyclers at Agbogbloshie, Ghana. <i>Lecture Notes in Networks and Systems</i> , 2021 , 222, 677-681	0.5	0
72	Musculoskeletal Disorders in Unstructured, Unregulated Work: Assessment Methods and Injuries. <i>Lecture Notes in Networks and Systems</i> , 2021 , 222, 720-727	0.5	0
71	Opportunities and challenges in reducing personal inhalation exposure to air pollution among electronic waste recovery workers in Ghana. <i>American Journal of Industrial Medicine</i> , 2021 , 64, 381-397	2.7	0
70	Musculoskeletal Disorder Symptoms among Workers at an Informal Electronic-Waste Recycling Site in Agbogbloshie, Ghana. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	3

69	Environmental Heavy Metal Contamination from Electronic Waste (E-Waste) Recycling Activities Worldwide: A Systematic Review from 2005 to 2017. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	8
68	A Systematic Review of the Effects of Temperature on Mosquito Development and Survival: Implications for Malaria Control in a Future Warmer Climate. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	3
67	Probabilistic health risk assessment of chlorpyrifos exposure among applicators on rice farms in Ghana. <i>Environmental Science and Pollution Research</i> , 2021 , 28, 67555-67564	5.1	1
66	Association between global DNA methylation (LINE-1) and occupational particulate matter exposure among informal electronic-waste recyclers in Ghana. <i>International Journal of Environmental Health Research</i> , 2021 , 1-19	3.6	0
65	E-Waste in Africa: A Serious Threat to the Health of Children. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	5
64	Biomonitoring of metals in blood and urine of electronic waste (E-waste) recyclers at Agbogbloshie, Ghana. <i>Chemosphere</i> , 2021 , 280, 130677	8.4	1
63	Airborne volatile organic compounds at an e-waste site in Ghana: Source apportionment, exposure and health risks. <i>Journal of Hazardous Materials</i> , 2021 , 419, 126353	12.8	1
62	Mathematical modeling of COVID-19 infection dynamics in Ghana: Impact evaluation of integrated government and individual level interventions. <i>Infectious Disease Modelling</i> , 2021 , 6, 381-397	15.7	5
61	Plasmodium falciparum immunodominant IgG epitopes in subclinical malaria. <i>Scientific Reports</i> , 2020 , 10, 9398	4.9	2
60	Effect of Particulate Matter Exposure on Respiratory Health of e-Waste Workers at Agbogbloshie, Accra, Ghana. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	20
59	Health Consequences for E-Waste Workers and Bystanders-A Comparative Cross-Sectional Study. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	11
58	Severe dioxin-like compound (DLC) contamination in e-waste recycling areas: An under-recognized threat to local health. <i>Environment International</i> , 2020 , 139, 105731	12.9	25
57	Development of an observation-based tool for ergonomic exposure assessment in informal electronic waste recycling and other unregulated non-repetitive work. <i>Proceedings of the Human Factors and Ergonomics Society</i> , 2020 , 64, 905-909	0.4	3
56	Micronutrient Status of Electronic Waste Recyclers at Agbogbloshie, Ghana. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	2
55	Spatiality in Health: The Distribution of Health Conditions Associated with Electronic Waste Processing Activities at Agbogbloshie, Accra. <i>Annals of Global Health</i> , 2020 , 86, 31	3.3	5
54	Arsenic burden in e-waste recycling workers - A cross-sectional study at the Agbogbloshie e-waste recycling site, Ghana. <i>Chemosphere</i> , 2020 , 261, 127712	8.4	11
53	Air Quality Impacts at an E-Waste Site in Ghana Using Flexible, Moderate-Cost and Quality-Assured Measurements. <i>GeoHealth</i> , 2020 , 4, e2020GH000247	5	11
52	Micronutrient-rich dietary intake is associated with a reduction in the effects of particulate matter on blood pressure among electronic waste recyclers at Agbogbloshie, Ghana. <i>BMC Public Health</i> , 2020 , 20, 1067	4.1	6

51	Informal e-waste recycling and plasma levels of non-dioxin-like polychlorinated biphenyls (NDL-PCBs) - A cross-sectional study at Agbogbloshie, Ghana. <i>Science of the Total Environment</i> , 2020 , 723, 138073	10.2	14
50	Screening for retroviruses and hepatitis viruses using dried blood spots reveals a high prevalence of occult hepatitis B in Ghana. <i>Therapeutic Advances in Infectious Disease</i> , 2019 , 6, 2049936119851464	2.8	4
49	Socioeconomic Status and Temporal Urban Environmental Change in Accra: a Comparative Analysis of Area-based Socioeconomic and Urban Environmental Quality Conditions Between Two Time Points. <i>Environmental Management</i> , 2019 , 63, 574-582	3.1	
48	Derivation of Time-Activity Data Using Wearable Cameras and Measures of Personal Inhalation Exposure among Workers at an Informal Electronic-Waste Recovery Site in Ghana. <i>Annals of Work Exposures and Health</i> , 2019 , 63, 829-841	2.4	18
47	High uptake of Intermittent Preventive Treatment of malaria in pregnancy is associated with improved birth weight among pregnant women in Ghana. <i>Scientific Reports</i> , 2019 , 9, 19034	4.9	14
46	Using elemental analyses and multivariate statistics to identify the off-site dispersion from informal e-waste processing. <i>Environmental Sciences: Processes and Impacts</i> , 2019 , 21, 2042-2057	4.3	2
45	Processes and Challenges associated with informal electronic waste recycling at Agbogbloshie, a suburb of Accra, Ghana. <i>Proceedings of the Human Factors and Ergonomics Society</i> , 2019 , 63, 938-942	0.4	15
44	A mobile phone based tool to identify symptoms of common childhood diseases in Ghana: development and evaluation of the integrated clinical algorithm in a cross-sectional study. <i>BMC Medical Informatics and Decision Making</i> , 2018 , 18, 23	3.6	11
43	Source characterization and risk of exposure to atmospheric polychlorinated biphenyls (PCBs) in Ghana. <i>Environmental Science and Pollution Research</i> , 2018 , 25, 16316-16324	5.1	24
42	Atmospheric monitoring of organochlorine pesticides across some West African countries. <i>Environmental Science and Pollution Research</i> , 2018 , 25, 31828-31835	5.1	14
41	The Lancet Commission on pollution and health. <i>Lancet, The</i> , 2018 , 391, 462-512	4.0	1639
40	Environmental health risks and benefits of the use of mosquito coils as malaria prevention and control strategy. <i>Malaria Journal</i> , 2018 , 17, 265	3.6	8
39	Prevention-intervention strategies to reduce exposure to e-waste. <i>Reviews on Environmental Health</i> , 2018 , 33, 219-228	3.8	23
38	Informal processing of electronic waste at Agbogbloshie, Ghana: workers' knowledge about associated health hazards and alternative livelihoods. <i>Global Health Promotion</i> , 2017 , 24, 90-98	1.4	25
37	Scarification in sub-Saharan Africa: social skin, remedy and medical import. <i>Tropical Medicine and International Health</i> , 2017 , 22, 708-715	2.3	9
36	Structured identification of response options to address environmental health risks at the Agbogbloshie electronic waste site. <i>Integrated Environmental Assessment and Management</i> , 2017 , 13, 980-991	2.5	4
35	Solid medical waste: a cross sectional study of household disposal practices and reported harm in Southern Ghana. <i>BMC Public Health</i> , 2017 , 17, 464	4.1	16
34	Pilot study on the internal exposure to heavy metals of informal-level electronic waste workers in Agbogbloshie, Accra, Ghana. <i>Environmental Science and Pollution Research</i> , 2017 , 24, 3097-3107	5.1	44

33	Multiple elemental exposures amongst workers at the Agbogbloshie electronic waste (e-waste) site in Ghana. <i>Chemosphere</i> , 2016 , 164, 68-74	8.4	69
32	Minimising invasiveness in diagnostics: developing a rapid urine-based monoclonal antibody dipstick test for malaria. <i>Tropical Medicine and International Health</i> , 2016 , 21, 1263-1271	2.3	3
31	Spatial heterogeneity of malaria in Ghana: a cross-sectional study on the association between urbanicity and the acquisition of immunity. <i>Malaria Journal</i> , 2016 , 15, 84	3.6	7
30	A Way Forward for Healthcare in Madagascar?. <i>Clinical Infectious Diseases</i> , 2016 , 62 Suppl 1, S76-9	11.6	11
29	Molecular Epidemiology and Antibiotic Susceptibility of <i>Vibrio cholerae</i> Associated with a Large Cholera Outbreak in Ghana in 2014. <i>PLoS Neglected Tropical Diseases</i> , 2016 , 10, e0004751	4.8	26
28	Heart Rate, Stress, and Occupational Noise Exposure among Electronic Waste Recycling Workers. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13,	4.6	48
27	Occupational and Environmental Health Risks Associated with Informal Sector Activities-Selected Case Studies from West Africa. <i>New Solutions</i> , 2016 , 26, 253-70	1	13
26	Immunolocalization of the 29 kDa <i>Schistosoma haematobium</i> species-specific antigen: a potential diagnostic marker for urinary schistosomiasis. <i>BMC Infectious Diseases</i> , 2015 , 15, 198	4	1
25	Levels of polychlorinated dibenzo-p-dioxins, dibenzofurans (PCDD/Fs) and biphenyls (PCBs) in blood of informal e-waste recycling workers from Agbogbloshie, Ghana, and controls. <i>Environment International</i> , 2015 , 79, 65-73	12.9	70
24	Health seeking behaviours among electronic waste workers in Ghana. <i>BMC Public Health</i> , 2015 , 15, 1065	4.1	40
23	Prevalence of malaria parasitaemia in school children from two districts of Ghana earmarked for indoor residual spraying: a cross-sectional study. <i>Malaria Journal</i> , 2015 , 14, 260	3.6	22
22	Integrated assessment of artisanal and small-scale gold mining in Ghana--part 1: human health review. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 5143-76	4.6	81
21	Accumulation of Heavy Metals and Metalloid in Foodstuffs from Agricultural Soils around Tarkwa Area in Ghana, and Associated Human Health Risks. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 8811-27	4.6	32
20	Urbanicity and Paediatric Bacteraemia in Ghana-A Case-Control Study within a Rural-Urban Transition Zone. <i>PLoS ONE</i> , 2015 , 10, e0139433	3.7	4
19	Evidence of recent dengue exposure among malaria parasite-positive children in three urban centers in Ghana. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 92, 497-500	3.2	27
18	Mobile phone-based mHealth approaches for public health surveillance in sub-Saharan Africa: a systematic review. <i>International Journal of Environmental Research and Public Health</i> , 2014 , 11, 11559-82	4.6	88
17	High levels of PAH-metabolites in urine of e-waste recycling workers from Agbogbloshie, Ghana. <i>Science of the Total Environment</i> , 2014 , 466-467, 369-76	10.2	76
16	Deconstructing "malaria": West Africa as the next front for dengue fever surveillance and control. <i>Acta Tropica</i> , 2014 , 134, 58-65	3.2	44

15	Working conditions and environmental exposures among electronic waste workers in Ghana. <i>International Journal of Occupational and Environmental Health</i> , 2013 , 19, 278-86		50
14	Mapping urban malaria and diarrhea mortality in Accra, Ghana: evidence of vulnerabilities and implications for urban health policy. <i>Journal of Urban Health</i> , 2012 , 89, 977-91	5.8	24
13	Area-Based Socioeconomic Conditions and Urban Malaria and Diarrhea Mortalities in Accra, Ghana. <i>International Journal of Tropical Medicine</i> , 2012 , 7, 6-16	0	
12	A study of autopsy procedures in Ghana: implications for the use of autopsy data in epidemiological analyses. <i>Journal of Public Health in Africa</i> , 2011 , 2, e7	1	2
11	A review of the structure and function of vital registration system in Ghana: towards improvement in mortality data quality for health policy analysis. <i>Journal of Public Health in Africa</i> , 2011 , 2, e5	1	1
10	Neighborhood urban environmental quality conditions are likely to drive malaria and diarrhea mortality in Accra, Ghana. <i>Journal of Environmental and Public Health</i> , 2011 , 2011, 484010	2.6	15
9	Modeling the relationship between precipitation and malaria incidence in children from a holoendemic area in Ghana. <i>American Journal of Tropical Medicine and Hygiene</i> , 2011 , 84, 285-91	3.2	50
8	Assessing the relationship between socioeconomic conditions and urban environmental quality in Accra, Ghana. <i>International Journal of Environmental Research and Public Health</i> , 2010 , 7, 125-45	4.6	20
7	Assessing Municipal Solid Wastes (MSWs) for composting programmes in rapidly urbanising areas: a case study from Accra, Ghana. <i>International Journal of Environment and Waste Management</i> , 2010 , 6, 25	0.9	1
6	Systemic bacteraemia in children presenting with clinical pneumonia and the impact of non-typhoid salmonella (NTS). <i>BMC Infectious Diseases</i> , 2010 , 10, 319	4	25
5	The influence of institutions and organizations on urban waste collection systems: an analysis of waste collection system in Accra, Ghana (1985-2000). <i>Journal of Environmental Management</i> , 2008 , 86, 262-71	7.9	55
4	An assessment of government policy response to HIV/AIDS in Ghana. <i>Sahara J</i> , 2006 , 3, 457-65	1.9	13
3	Online access by adolescents in Accra: Ghanaian teens' use of the internet for health information. <i>Developmental Psychology</i> , 2006 , 42, 450-8	3.7	70
2	Evaluation of municipal solid wastes (MSW) for utilisation in energy production in developing countries. <i>International Journal of Environmental Technology and Management</i> , 2005 , 5, 76	0.6	16
1	Infectious Disease Control in Ghana: Government's Interventions and Challenges to Malaria Eradication	211-216
