#	Paper	IF	Citations
21	The STress-And-Coping support Intervention (START) for Chinese Women Undergoing Abortion: A Randomized Controlled Trial Protocol. <i>International Journal of Environmental Research and Public Health</i> , 2022 , 19, 6611	4.6	
20	Evaluation of a First Peoples-led, emotion-based pedagogical intervention to promote cultural safety in undergraduate non-Indigenous health professional students. <i>Nurse Education Today</i> , 2021 , 109, 105219	3.7	2
19	Examining the transformative potential of emotion in education: A new measure of nursing and midwifery students' emotional learning in first peoples' cultural safety. <i>Nurse Education Today</i> , 2021 , 100, 104854	3.7	5
18	Midwives' self-reported knowledge and skills to assess and promote maternal health literacy: A national cross-sectional survey. <i>Women and Birth</i> , 2021 , 34, e188-e195	3.3	1
17	Critical ethnography in maternity care research: bridging creativity and rigour - a discussion paper. <i>Midwifery</i> , 2021 , 99, 103014	2.8	1
16	Nonpharmacological interventions to improve the psychological well-being of women accessing abortion services and their satisfaction with care: A systematic review. <i>Australian Journal of Cancer Nursing</i> , 2020 , 22, 854-867	1.9	1
15	Women's unmet needs in early labour: Qualitative analysis of free-text survey responses in the M@NGO trial of caseload midwifery. <i>Midwifery</i> , 2020 , 88, 102751	2.8	0
14	Does introducing a dedicated early labour area improve birth outcomes? A pre-post intervention study. <i>Women and Birth</i> , 2020 , 33, 259-264	3.3	
13	Immediate, uninterrupted skin-to-skin contact and breastfeeding after birth: A cross-sectional electronic survey. <i>Midwifery</i> , 2019 , 79, 102535	2.8	7
12	The impact of caseload midwifery, compared with standard care, on women's perceptions of antenatal care quality: Survey results from the M@NGO randomized controlled trial for women of any risk. <i>Birth</i> , 2019 , 46, 439-449	3.1	12
11	Implementing Birthing on Country services for Aboriginal and Torres Strait Islander families: RISE Framework. <i>Women and Birth</i> , 2019 , 32, 466-475	3.3	17
10	Predictors of breastfeeding exclusivity and duration in a hospital without Baby Friendly Hospital Initiative accreditation: A prospective cohort study. <i>Women and Birth</i> , 2018 , 31, 319-324	3.3	14
9	So you want to conduct a randomised trial? Learnings from a failed feasibility study of a Crisis Resource Management prompt during simulated paediatric resuscitation. <i>Australasian Emergency Nursing Journal</i> , 2017 , 20, 37-44		
8	The motivation and capacity to go above and beyond: Qualitative analysis of free-text survey responses in the M@NGO randomised controlled trial of caseload midwifery. <i>Midwifery</i> , 2017 , 50, 148-156	2.8	15
7	How optimal caseload midwifery can modify predictors for preterm birth in young women: Integrated findings from a mixed methods study. <i>Midwifery</i> , 2016 , 41, 30-38	2.8	18
6	How does group antenatal care function within a caseload midwifery model? A critical ethnographic analysis. <i>Midwifery</i> , 2015 , 31, 489-97	2.8	9
5	Does model of maternity care make a difference to birth outcomes for young women? A retrospective cohort study. <i>International Journal of Nursing Studies</i> , 2015 , 52, 1332-42	5.8	21

4	Is a randomised controlled trial of a maternity care intervention for pregnant adolescents possible? An Australian feasibility study. <i>BMC Medical Research Methodology</i> , 2013 , 13, 138	4-7	9
3	Caseload midwifery care versus standard maternity care for women of any risk: M@NGO, a randomised controlled trial. <i>Lancet, The</i> , 2013 , 382, 1723-32	4-0	181
2	Does the way maternity care is provided affect maternal and neonatal outcomes for young women? A review of the research literature. <i>Women and Birth</i> , 2012 , 25, 54-63	3-3	26
1	A randomised controlled trial of caseload midwifery care: M@NGO (Midwives @ New Group practice Options). <i>BMC Pregnancy and Childbirth</i> , 2011 , 11, 82	3-2	35
