#	ARTICLE	IF	CITATIONS
1	Resilient and equitable recovery from the covid-19 pandemic. <i>BMJ, The</i> , 2022, 376, o311.	3.0	4
2	Exclusive Breastfeeding Experiences of Thai Mothers in Metropolitan Bangkok. <i>International Journal of Women's Health</i> , 2022, Volume 14, 155-166.	1.1	8
3	Ending the pandemic is not a matter of chance; it's a matter of choice. <i>Bulletin of the World Health Organization</i> , 2022, 100, 90-90A.	1.5	2
4	Self-Reported Parental Interactions through Play with Young Children in Thailand: An Analysis of the 2019 Multiple Indicator Cluster Survey (MICS). <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 3418.	1.2	4
5	Impact of climate change on biodiversity, agriculture and health: a call for papers. <i>Bulletin of the World Health Organization</i> , 2022, 100, 238-238.	1.5	2
6	Equity of health financing in Indonesia: A 5-year financing incidence analysis (2015-2019). <i>The Lancet Regional Health - Western Pacific</i> , 2022, 21, 100400.	1.3	6
7	Thailand Prevalence and Profile of Food Insecurity in Households with under Five Years Children: Analysis of 2019 Multi-Cluster Indicator Survey. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 5065.	1.2	3
8	Coronavirus Disease 2019 (COVID-19) Vaccine Prioritization in Low- and Middle-Income Countries May Justifiably Depart From High-Income Countries' Age Priorities. <i>Clinical Infectious Diseases</i> , 2022, 75, S93-S97.	2.9	2
9	Universal access to comprehensive COVID-19 services for everyone in Thailand. <i>BMJ Global Health</i> , 2022, 7, e009281.	2.0	16
10	Thailand Achievement of SDG Indicator 4.2.1 on Early Child Development: An Analysis of the 2019 Multiple Indicator Cluster Survey. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 7599.	1.2	4
11	Multi-dimensional impacts of Coronavirus disease 2019 pandemic on Sustainable Development Goal achievement. <i>Globalization and Health</i> , 2022, 18, .	2.4	14
12	The Impact of HIV Spending on Health Outcomes in Thailand. <i>World Journal of AIDS</i> , 2021, 11, 85-100.	0.1	2
13	Implementing a decade of strengthening the health workforce in the WHO South-East Asia Region: achievements and way forward for primary health care. <i>WHO South-East Asia Journal of Public Health</i> , 2021, 10, 76.	1.7	6
14	Deep impacts of COVID-19: overcoming challenges in strengthening primary health care by targeting the health workforce. <i>WHO South-East Asia Journal of Public Health</i> , 2021, 10, 73.	1.7	1
15	Participatory and responsive governance in universal health coverage: an analysis of legislative provisions in Thailand. <i>BMJ Global Health</i> , 2021, 6, e004117.	2.0	10
16	Public health policies and health-care workers' response to the COVID-19 pandemic, Thailand. <i>Bulletin of the World Health Organization</i> , 2021, 99, 312-318.	1.5	20
17	COVID-19 response and mitigation: a call for action. <i>Bulletin of the World Health Organization</i> , 2021, 99, 78-78A.	1.5	6
18	Co-production of evidence for policies in Thailand: from concept to action. <i>BMJ, The</i> , 2021, 372, m4669.	3.0	10

#	ARTICLE	IF	CITATIONS
19	Developing a Thai national critical care allocation guideline during the COVID-19 pandemic: a rapid review and stakeholder consultation. <i>Health Research Policy and Systems</i> , 2021, 19, 47.	1.1	17
20	Lessons for effective COVID-19 policy responses: a call for papers. <i>Bulletin of the World Health Organization</i> , 2021, 99, 243-243A.	1.5	0
21	Achieving global targets on breastfeeding in Thailand: gap analysis and solutions. <i>International Breastfeeding Journal</i> , 2021, 16, 38.	0.9	19
22	Breastfeeding Practice and Association between Characteristics and Experiences of Mothers Living in Bangkok. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 7889.	1.2	7
23	Progressive realisation of universal access to oral health services: what evidence is needed?. <i>BMJ Global Health</i> , 2021, 6, e006556.	2.0	5
24	Responding to the COVID-19 second wave in Thailand by diversifying and adapting lessons from the first wave. <i>BMJ Global Health</i> , 2021, 6, e006178.	2.0	66
25	A Public Health Research Agenda for Managing Infodemics: Methods and Results of the First WHO Infodemiology Conference. <i>JMIR Infodemiology</i> , 2021, 1, e30979.	1.0	78
26	Understanding antibiotic use for pig farming in Thailand: a qualitative study. <i>Antimicrobial Resistance and Infection Control</i> , 2021, 10, 3.	1.5	29
27	Are overwhelmed health systems an inevitable consequence of covid-19? Experiences from China, Thailand, and New York State. <i>BMJ, The</i> , 2021, 372, n83.	3.0	76
28	Public contracting with civil society organizations for HIV/AIDS service provisions: A key strategy to ending AIDS in Thailand. <i>Journal of HIV/AIDS and Social Services</i> , 2021, 20, 285-301.	0.7	2
29	Mortality estimates for WHO SEAR countries: problems and prospects. <i>BMJ Global Health</i> , 2021, 6, e007177.	2.0	10
30	Primary healthcare in the time of COVID-19: breaking the silos of healthcare provision. <i>BMJ Global Health</i> , 2021, 6, e007721.	2.0	14
31	Healthcare providers' perspectives on integrating NCDs into primary healthcare in Thailand: a mixed method study. <i>Health Research Policy and Systems</i> , 2021, 19, 139.	1.1	6
32	Population knowledge and awareness of antibiotic use and antimicrobial resistance: results from national household survey 2019 and changes from 2017. <i>BMC Public Health</i> , 2021, 21, 2188.	1.2	16
33	Annual prevalence of unmet healthcare need in Thailand: evidence from national household surveys between 2011 and 2019. <i>International Journal for Equity in Health</i> , 2021, 20, 244.	1.5	15
34	Paths towards Universal Health Coverage: beyond political commitments. <i>Journal of Global Health</i> , 2021, 11, 16002.	1.2	1
35	Prioritizing critical-care resources in response to COVID-19: lessons from the development of Thailand's Triage protocol. <i>International Journal of Technology Assessment in Health Care</i> , 2020, 36, 540-544.	0.2	5
36	Daily Step Counts from the First Thailand National Steps Challenge in 2020: A Cross-Sectional Study. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 8433.	1.2	5

#	ARTICLE	IF	CITATIONS
37	Universal access to sexual and reproductive health services in Thailand: achievements and challenges. <i>Sexual and Reproductive Health Matters</i> , 2020, 28, 1805842.	0.7	7
38	Performance of Thailand's universal health coverage scheme: Evaluating the effectiveness of annual public hearings. <i>Health Expectations</i> , 2020, 23, 1594-1602.	1.1	12
39	Financial risk protection of Thailand's universal health coverage: results from series of national household surveys between 1996 and 2015. <i>International Journal for Equity in Health</i> , 2020, 19, 163.	1.5	31
40	Healthcare Providers' Knowledge and Attitude Towards Abortions in Thailand: A Pre-Post Evaluation of Trainings on Safe Abortion. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 3198.	1.2	12
41	Children and Women's Health in South East Asia: Gap Analysis and Solutions. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 3366.	1.2	6
42	Contributions of information and communications technology to future health systems and Universal Health Coverage: application of Japan's experiences. <i>Health Research Policy and Systems</i> , 2020, 18, 73.	1.1	7
43	How antibiotics are used in pig farming: a mixed-methods study of pig farmers, feed mills and veterinarians in Thailand. <i>BMJ Global Health</i> , 2020, 5, e001918.	2.0	44
44	Surveys of knowledge and awareness of antibiotic use and antimicrobial resistance in general population: A systematic review. <i>PLoS ONE</i> , 2020, 15, e0227973.	1.1	39
45	Defining the Benefit Package of Thailand Universal Coverage Scheme: From Pragmatism to Sophistication. <i>International Journal of Health Policy and Management</i> , 2020, 9, 133-137.	0.5	20
46	Framework for Managing the COVID-19 Infodemic: Methods and Results of an Online, Crowdsourced WHO Technical Consultation. <i>Journal of Medical Internet Research</i> , 2020, 22, e19659.	2.1	356
47	Legislating for public accountability in universal health coverage, Thailand. <i>Bulletin of the World Health Organization</i> , 2020, 98, 117-125.	1.5	11
