#	ARTICLE	IF	CITATIONS
1	The use of mobile phones as a data collection tool: A report from a household survey in South Africa. BMC Medical Informatics and Decision Making, 2009, 9, 51.	1.5	258
2	Exclusive breastfeeding promotion by peer counsellors in sub-Saharan Africa (PROMISE-EBF): a cluster-randomised trial. Lancet, The, 2011, 378, 420-427.	6.3	219
3	WHO guidelines for management of severe malnutrition in rural South African hospitals: effect on case fatality and the influence of operational factors. Lancet, The, 2004, 363, 1110-1115.	6.3	181
4	HIV epidemic and infant feeding in South Africa. Bulletin of the World Health Organization, 2006, 84, 90-96.	1.5	149
5	Eliminating mother-to-child HIV transmission in South Africa. Bulletin of the World Health Organization, 2013, 91, 70-74.	1.5	139
6	Net survival of perinatally and postnatally HIV-infected children: a pooled analysis of individual data from sub-Saharan Africa. International Journal of Epidemiology, 2011, 40, 385-396.	0.9	135
7	Outcomes, Safety, and Resource Utilization in a Collaborative Care Birth Center Program Compared With Traditional Physician-Based Perinatal Care. American Journal of Public Health, 2003, 93, 999-1006.	1.5	102
8	Impact of Maternal HIV Seroconversion during Pregnancy on Early Mother to Child Transmission of HIV (MTCT) Measured at 4-8 Weeks Postpartum in South Africa 2011-2012: A National Population-Based Evaluation. PLoS ONE, 2015, 10, e0125525.	1.1	99
9	Children Who Acquire HIV Infection Perinatally Are at Higher Risk of Early Death than Those Acquiring Infection through Breastmilk: A Meta-Analysis. PLoS ONE, 2012, 7, e28510.	1.1	98
10	Effectiveness of the WHO/UNICEF guidelines on infant feeding for HIV-positive women: results from a prospective cohort study in South Africa. Aids, 2007, 21, 1791-1797.	1.0	93
11	Preventing HIV transmission to children: Quality of counselling of mothers in South Africa. Acta Paediatrica, International Journal of Paediatrics, 2005, 94, 357-363.	0.7	85
12	First population-level effectiveness evaluation of a national programme to prevent HIV transmission from mother to child, South Africa. Journal of Epidemiology and Community Health, 2015, 69, 240-248.	2.0	82
13	Vaccination coverage and timeliness in three South African areas: a prospective study. BMC Public Health, 2011, 11, 404.	1.2	81
14	Effective coverage measurement in maternal, newborn, child, and adolescent health and nutrition: progress, future prospects, and implications for quality health systems. The Lancet Global Health, 2020, 8, e730-e736.	2.9	81
15	Early cessation of breastfeeding amongst women in South Africa: an area needing urgent attention to improve child health. BMC Pediatrics, 2012, 12, 105.	0.7	78
16	Effect of home based HIV counselling and testing intervention in rural South Africa: cluster randomised trial. BMJ, The, 2013, 346, f3481-f3481.	3.0	76
17	Goodstart: a cluster randomised effectiveness trial of an integrated, community-based package for maternal and newborn care, with prevention of mother-to-child transmission of HIV in a South African township. Tropical Medicine and International Health, 2014, 19, 256-266.	1.0	74
18	Extended pre-exposure prophylaxis with lopinavir-ritonavir versus lamivudine to prevent HIV-1 transmission through breastfeeding up to 50 weeks in infants in Africa (ANRS 12174): a randomised controlled trial. Lancet, The, 2016, 387, 566-573.	6.3	69

#	ARTICLE	IF	CITATIONS
19	Implications of the new WHO guidelines on HIV and infant feeding for child survival in South Africa. <i>Bulletin of the World Health Organization</i> , 2011, 89, 62-67.	1.5	67
20	Linkage to care following a home-based HIV counselling and testing intervention in rural South Africa. <i>Journal of the International AIDS Society</i> , 2015, 18, 19843.	1.2	65
21	Missed Opportunities along the Prevention of Mother-to-Child Transmission Services Cascade in South Africa: Uptake, Determinants, and Attributable Risk (the SAPMTCTE). <i>PLoS ONE</i> , 2015, 10, e0132425.	1.1	64
22	Operational effectiveness and 36 week HIV-free survival in the South African programme to prevent mother-to-child transmission of HIV-1. <i>Aids</i> , 2007, 21, 509-516.	1.0	62
23	Impact of Collaborative Management and Early Admission in Labor on Method of Delivery. <i>JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing</i> , 2003, 32, 147-157.	0.2	60
24	Client characteristics and acceptability of a home-based HIV counselling and testing intervention in rural South Africa. <i>BMC Public Health</i> , 2012, 12, 824.	1.2	59
25	A Longitudinal Qualitative Study of Infant-Feeding Decision Making and Practices among HIV-Positive Women in South Africa. <i>Journal of Nutrition</i> , 2006, 136, 2421-2426.	1.3	58
26	Adolescent and young pregnant women at increased risk of mother-to-child transmission of HIV and poorer maternal and infant health outcomes: A cohort study at public facilities in the Nelson Mandela Bay Metropolitan district, Eastern Cape, South Africa. <i>South African Medical Journal</i> , 2014, 104, 874.	0.2	55
27	Missed Opportunities for Early Infant HIV Diagnosis. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2015, 68, e26-e32.	0.9	55
28	Community-Based Situation Analysis of Maternal and Neonatal Care in South Africa to Explore Factors that Impact Utilization of Maternal Health Services. <i>Journal of Midwifery and Women's Health</i> , 2007, 52, 342-350.	0.7	54
29	Mother's perceptions and experiences of infant feeding within a community-based peer counselling intervention in South Africa. <i>Maternal and Child Nutrition</i> , 2012, 8, 448-458.	1.4	54
30	Population-level effectiveness of PMTCT Option A on early mother-to-child (MTCT) transmission of HIV in South Africa: implications for eliminating MTCT. <i>Journal of Global Health</i> , 2016, 6, .	1.2	54
31	Infant feeding practices at routine PMTCT sites, South Africa: results of a prospective observational study amongst HIV exposed and unexposed infants - birth to 9 months. <i>International Breastfeeding Journal</i> , 2012, 7, 4.	0.9	49
32	WHO guidelines for severe malnutrition: are they feasible in rural African hospitals?. <i>Archives of Disease in Childhood</i> , 2007, 92, 198-204.	1.0	46
33	In Utero ART Exposure and Birth and Early Growth Outcomes Among HIV-Exposed Uninfected Infants Attending Immunization Services: Results From National PMTCT Surveillance, South Africa. <i>Open Forum Infectious Diseases</i> , 2017, 4, ofx187.	0.4	46
34	Improving health worker performance: an ongoing challenge for meeting the sustainable development goals. <i>BMJ: British Medical Journal</i> , 2018, 362, k2813.	2.4	46
35	Knowledge of HIV status prior to a community HIV counseling and testing intervention in a rural district of south Africa: results of a community based survey. <i>BMC Infectious Diseases</i> , 2012, 12, 73.	1.3	42
36	Assessment of the uptake of neonatal and young infant referrals by community health workers to public health facilities in an urban informal settlement, KwaZulu-Natal, South Africa. <i>BMC Health Services Research</i> , 2013, 13, 47.	0.9	42

#	ARTICLE	IF	CITATIONS
37	A Cost-Effectiveness Analysis of a Home-Based HIV Counselling and Testing Intervention versus the Standard (Facility Based) HIV Testing Strategy in Rural South Africa. PLoS ONE, 2015, 10, e0135048.	1.1	41
38	“Every Newborn-BIRTH” protocol: observational study validating indicators for coverage and quality of maternal and newborn health care in Bangladesh, Nepal and Tanzania. Journal of Global Health, 2019, 9, .	1.2	41
39	Health system barriers to implementation of collaborative TB and HIV activities including prevention of mother to child transmission in South Africa. Tropical Medicine and International Health, 2012, 17, 658-665.	1.0	40
40	South African child deaths 1990–2011. Aids, 2013, 27, 2637-2648.	1.0	40
41	Assessment of the validity of the measurement of newborn and maternal health-care coverage in hospitals (EN-BIRTH): an observational study. The Lancet Global Health, 2021, 9, e267-e279.	2.9	40
42	An effectiveness study of an integrated, community-based package for maternal, newborn, child and HIV care in South Africa: study protocol for a randomized controlled trial. Trials, 2011, 12, 236.	0.7	38
43	Training community care workers to provide comprehensive TB/HIV/PMTCT integrated care in KwaZulu-Natal: lessons learnt. Tropical Medicine and International Health, 2012, 17, 488-496.	1.0	38
44	Early infant feeding practices in three African countries: the PROMISE-EBF trial promoting exclusive breastfeeding by peer counsellors. International Breastfeeding Journal, 2014, 9, 19.	0.9	37
45	Epidural Analgesia and Risks of Cesarean and Operative Vaginal Deliveries in Nulliparous and Multiparous Women. Maternal and Child Health Journal, 2010, 14, 705-712.	0.7	35
46	"-BIRTH" protocol: observational study validating indicators for coverage and quality of maternal and newborn health care in Bangladesh, Nepal and Tanzania. Journal of Global Health, 2019, 9, 010902.	1.2	35
47	Growth effects of exclusive breastfeeding promotion by peer counsellors in sub-Saharan Africa: the cluster-randomised PROMISE EBF trial. BMC Public Health, 2014, 14, 633.	1.2	33
48	Population-level effectiveness of PMTCT Option A on early mother-to-child (MTCT) transmission of HIV in South Africa: implications for eliminating MTCT. Journal of Global Health, 2016, 6, 020405.	1.2	33
49	The effectiveness and cost-effectiveness of community-based support for adolescents receiving antiretroviral treatment: an operational research study in South Africa. Journal of the International AIDS Society, 2018, 21, e25041.	1.2	32
50	Early Postpartum Breastfeeding and Acculturation among Hispanic Women. Birth, 2007, 34, 308-315.	1.1	31
51	Explaining household socio-economic related child health inequalities using multiple methods in three diverse settings in South Africa. International Journal for Equity in Health, 2011, 10, 13.	1.5	31
52	Assessment of facility readiness for implementing the WHO/UNICEF standards for improving quality of maternal and newborn care in health facilities – experiences from UNICEF’s implementation in three countries of South Asia and sub-Saharan Africa. BMC Health Services Research, 2018, 18, 531.	0.9	31
53	Social circumstances that drive early introduction of formula milk: an exploratory qualitative study in a peri-urban South African community. Maternal and Child Nutrition, 2014, 10, 102-111.	1.4	30
54	“Testing Together Challenges the Relationship”: Consequences of HIV Testing as a Couple in a High HIV Prevalence Setting in Rural South Africa. PLoS ONE, 2013, 8, e66390.	1.1	30

#	ARTICLE	IF	CITATIONS
55	Toward elimination of mother-to-child transmission of HIV in South Africa: how best to monitor early infant infections within the Prevention of Mother-to-Child Transmission Program. <i>Journal of Global Health</i> , 2017, 7, 010701.	1.2	29
56	“I would love if there was a young woman to encourage us, to ease our anxiety which we would have if we were alone” Adapting the Mothers2Mothers Mentor Mother Model for adolescent mothers living with HIV in Malawi. <i>PLoS ONE</i> , 2019, 14, e0217693.	1.1	29
57	Operational effectiveness of single-dose nevirapine in preventing mother-to-child transmission of HIV. <i>Bulletin of the World Health Organization</i> , 2007, 85, 466-473.	1.5	28
58	Supervision of community peer counsellors for infant feeding in South Africa: an exploratory qualitative study. <i>Human Resources for Health</i> , 2010, 8, 6.	1.1	27
59	Adolescent Access to Care and Risk of Early Mother-to-Child HIV Transmission. <i>Journal of Adolescent Health</i> , 2018, 62, 434-443.	1.2	27
60	Assessing coverage of interventions for reproductive, maternal, newborn, child, and adolescent health and nutrition. <i>BMJ</i> , 2020, 368, l6915.	3.0	27
61	Association of Acculturation with Cesarean Section among Latinas. <i>Maternal and Child Health Journal</i> , 2005, 9, 11-20.	0.7	26
62	HIV Infection, Viral Load, Low Birth Weight, and Nevirapine Are Independent Influences on Growth Velocity in HIV-Exposed South African Infants. <i>Journal of Nutrition</i> , 2014, 144, 42-48.	1.3	26
63	“Peer but Not Peer” Considering the Context of Infant Feeding Peer Counseling in a High HIV Prevalence Area. <i>Journal of Human Lactation</i> , 2009, 25, 427-434.	0.8	25
64	The experience of cash transfers in alleviating childhood poverty in South Africa: Mothers' experiences of the Child Support Grant. <i>Global Public Health</i> , 2015, 10, 834-851.	1.0	25
65	Longitudinal adherence to maternal antiretroviral therapy and infant Nevirapine prophylaxis from 6% weeks to 18% months postpartum amongst a cohort of mothers and infants in South Africa. <i>BMC Infectious Diseases</i> , 2019, 19, 789.	1.3	25
66	Effect of an integrated community-based package for maternal and newborn care on feeding patterns during the first 12 weeks of life: a cluster-randomized trial in a South African township. <i>Public Health Nutrition</i> , 2015, 18, 2660-2668.	1.1	24
67	Effect of smoking and alcohol use during pregnancy on the occurrence of low birthweight in a farming region in South Africa. <i>Paediatric and Perinatal Epidemiology</i> , 2007, 21, 432-440.	0.8	23
68	Quality of home-based rapid HIV testing by community lay counsellors in a rural district of South Africa. <i>Journal of the International AIDS Society</i> , 2013, 16, 18744.	1.2	23
69	Pro-equity immunization and health systems strengthening strategies in select Gavi-supported countries. <i>Vaccine</i> , 2021, 39, 2434-2444.	1.7	23
70	State of newborn care in South Sudan's displacement camps: a descriptive study of facility-based deliveries. <i>Reproductive Health</i> , 2017, 14, 161.	1.2	22
71	Civil registration and vital statistics in health systems. <i>Bulletin of the World Health Organization</i> , 2018, 96, 861-863.	1.5	22
72	Progress of preventing mother-to-child transmission of HIV at primary healthcare facilities and district hospitals in three South African provinces. <i>South African Medical Journal</i> , 2012, 102, 81.	0.2	21

#	ARTICLE	IF	CITATIONS
73	Integration of tuberculosis and prevention of mother-to-child transmission of HIV programmes in South Africa. <i>International Journal of Tuberculosis and Lung Disease</i> , 2013, 17, 1285-1290.	0.6	21
74	Value of a mobile information system to improve quality of care by community health workers. <i>South African Journal of Information Management</i> , 2013, 15, .	0.5	21
75	“You have to take action”: changing knowledge and attitudes towards newborn care practices during crisis in South Sudan. <i>Reproductive Health Matters</i> , 2017, 25, 124-139.	1.3	21
76	Engagement of non-government organisations and community care workers in collaborative TB/HIV activities including prevention of mother to child transmission in South Africa: Opportunities and challenges. <i>BMC Health Services Research</i> , 2012, 12, 233.	0.9	20
77	Impact of maternal ART on mother-to-child transmission (MTCT) of HIV at six weeks postpartum in Rwanda. <i>BMC Public Health</i> , 2018, 18, 1248.	1.2	20
78	Operational Effectiveness of Guidelines on Complete Breast-Feeding Cessation to Reduce Mother-to-Child Transmission of HIV: Results From a Prospective Observational Cohort Study at Routine Prevention of Mother-to-Child Transmission Sites, South Africa. <i>Journal of Acquired Immune Deficiency Syndromes</i> (1999), 2009, 50, 521-528.	0.9	19
79	Understanding health systems to improve community and facility level newborn care among displaced populations in South Sudan: a mixed methods case study. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 325.	0.9	19
80	What will it take for the Global Plan priority countries in Sub-Saharan Africa to eliminate mother-to-child transmission of HIV?. <i>BMC Infectious Diseases</i> , 2019, 19, 783.	1.3	19
81	Community-based intervention to enhance provision of integrated TB-HIV and PMTCT services in South Africa. <i>International Journal of Tuberculosis and Lung Disease</i> , 2013, 17, 48-55.	0.6	18
82	Low HIV incidence in pregnant and postpartum women receiving a community-based combination HIV prevention intervention in a high HIV incidence setting in South Africa. <i>PLoS ONE</i> , 2017, 12, e0181691.	1.1	18
83	What Influences Linkage to Care After Home-Based HIV Counseling and Testing?. <i>AIDS and Behavior</i> , 2018, 22, 722-732.	1.4	17
84	Epidemiological issues in perinatal outcomes research. <i>Paediatric and Perinatal Epidemiology</i> , 1999, 13, 392-404.	0.8	16
85	National surveillance using mobile systems for health monitoring: complexity, functionality and feasibility. <i>BMC Infectious Diseases</i> , 2019, 19, 786.	1.3	16
86	Assessment of Malawi’s success in child mortality reduction through the lens of the Catalytic Initiative Integrated Health Systems Strengthening programme: Retrospective evaluation. <i>Journal of Global Health</i> , 2015, 5, 020412.	1.2	15
87	The “community” in community case management of childhood illnesses in Malawi. <i>Global Health Action</i> , 2016, 9, 29177.	0.7	15
88	Optimising geographical accessibility to primary health care: a geospatial analysis of community health posts and community health workers in Niger. <i>BMJ Global Health</i> , 2021, 6, e005238.	2.0	15
89	Identifying factors associated with the uptake of prevention of mother to child HIV transmission programme in Tigray region, Ethiopia: a multilevel modeling approach. <i>BMC Health Services Research</i> , 2014, 14, 181.	0.9	14
90	Is elimination of vertical transmission of HIV in high prevalence settings achievable?. <i>BMJ: British Medical Journal</i> , 2019, 364, l687.	2.4	14
