

Louise Hickson

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/876742/louise-hickson-publications-by-year.pdf>

Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

226 papers	6,546 citations	47 h-index	68 g-index
233 ext. papers	7,449 ext. citations	2.2 avg, IF	6.13 L-index

#	Paper	IF	Citations
226	Defining a Patient-Centred Core Outcome Domain Set for the Assessment of Hearing Rehabilitation With Clients and Professionals.. <i>Frontiers in Neuroscience</i> , 2022 , 16, 787607	5.1	1
225	Use of the Behaviour Change Wheel to design an intervention to improve the implementation of family-centred care in adult audiology services. <i>International Journal of Audiology</i> , 2021 , 60, 20-29	2.6	13
224	Can eHealth Meet Needs of the Hearing Impaired?. <i>Hearing Journal</i> , 2021 , 74, 38-39	0.6	
223	"When that understanding is there, you work much better together": the role of family in audiological rehabilitation for older adults. <i>International Journal of Audiology</i> , 2021 , 1-9	2.6	1
222	Audiological approaches to address the psychosocial needs of adults with hearing loss: perceived benefit and likelihood of use. <i>International Journal of Audiology</i> , 2021 , 60, 12-19	2.6	3
221	Using smartphone technology to support the adult audiological rehabilitation journey. <i>International Journal of Audiology</i> , 2021 , 60, S61-S67	2.6	3
220	Randomised controlled feasibility trial of an active communication education programme plus hearing aid provision versus hearing aid provision alone (ACE To HEAR). <i>BMJ Open</i> , 2021 , 11, e043364	3	
219	Right-Ear Advantage for Unaided and Aided Speech Perception in Noise in Older Adults. <i>Journal of International Advanced Otology</i> , 2021 , 17, 115-120	1.1	1
218	Analysis of data from the International Outcome Inventory for Hearing Aids (IOI-HA) using Bayesian Item Response Theory. <i>International Journal of Audiology</i> , 2021 , 60, 81-88	2.6	9
217	Identifying the approaches used by audiologists to address the psychosocial needs of their adult clients. <i>International Journal of Audiology</i> , 2021 , 60, 104-114	2.6	13
216	Language accessibility in allied healthcare for culturally and linguistically diverse (CALD) families of young children with chronic health conditions: a qualitative systematic review. <i>Speech, Language and Hearing</i> , 2021 , 24, 50-66	1.1	1
215	Guidelines for Best Practice in the Audiological Management of Adults with Severe and Profound Hearing Loss. <i>Seminars in Hearing</i> , 2020 , 41, 141-246	2	3
214	Is cortical automatic threshold estimation a feasible alternative for hearing threshold estimation with adults with dementia living in aged care?. <i>International Journal of Audiology</i> , 2020 , 59, 745-752	2.6	3
213	Identifying barriers and facilitators to implementing family-centred care in adult audiology practices: a COM-B interview study exploring staff perspectives. <i>International Journal of Audiology</i> , 2020 , 59, 464-474	2.6	10
212	Adaptation of the "active communication education" programme into Spanish for older adults with hearing loss. <i>International Journal of Audiology</i> , 2020 , 59, 719-725	2.6	4
211	Practices of Negotiating Responsibility for Troubles in Interaction Involving People with Hearing Impairment 2020 , 409-433		
210	Functional Consequences of Impaired Hearing in Older Adults and Implications for Intervention. <i>Springer Handbook of Auditory Research</i> , 2020 , 257-291	1.2	0

209	Nursing Management of Hearing Impairment in Nursing Facility Residents. <i>Journal of Gerontological Nursing</i> , 2020 , 46, 15-25	1.2	4
208	What Motivates People to Seek Help for Their Hearing? Applying Self-Determination Theory to Hearing Healthcare 2020 , 147-169		
207	Parents' questions to clinicians within paediatric hearing habilitation appointments for children with hearing impairment. <i>Patient Education and Counseling</i> , 2020 , 103, 491-499	3.1	2
206	Consistency of Hearing Aid Setting Preference in Simulated Real-World Environments: Implications for Trainable Hearing Aids. <i>Trends in Hearing</i> , 2020 , 24, 2331216520933392	3.2	4
205	"It's Huge, in a Way." Conflicting Stakeholder Priorities for Managing Hearing Impairment for People Living with Dementia in Residential Aged Care Facilities. <i>Clinical Gerontologist</i> , 2020 , 1-15	2.7	1
204	Can adults living with dementia complete pure-tone audiometry? A systematic review. <i>International Journal of Audiology</i> , 2019 , 58, 185-192	2.6	6
203	Factors Associated With Successful Setup of a Self-Fitting Hearing Aid and the Need for Personalized Support. <i>Ear and Hearing</i> , 2019 , 40, 794-804	3.4	15
202	Jet fuel exposure and auditory outcomes in Australian air force personnel. <i>BMC Public Health</i> , 2019 , 19, 675	4.1	5
201	Exploring older adults hearing and vision and driving The Swedish study. <i>Transportation Research Part F: Traffic Psychology and Behaviour</i> , 2019 , 64, 274-284	4.5	1
200	Individualised active communication education (I-ACE): another clinical option for adults with hearing impairment with a focus on problem solving and self-management. <i>International Journal of Audiology</i> , 2019 , 58, 504-509	2.6	6
199	The Chronic Care Model and Chronic Condition Self-Management: An Introduction for Audiologists. <i>Seminars in Hearing</i> , 2019 , 40, 7-25	2	4
198	The Relationship Between Hearing Loss Self-Management and Hearing Aid Benefit and Satisfaction. <i>American Journal of Audiology</i> , 2019 , 28, 274-284	1.8	13
197	Promoting Patient-Centered Hearing Care Through the Use of eHealth: Current Status and Future Possibilities. <i>Perspectives of the ASHA Special Interest Groups</i> , 2019 , 4, 331-344	0.9	2
196	Patient and Family-Centered Speech-Language Pathology and Audiology 2019 ,		8
195	Effects of Patient- and Family-Centered Care for Young Adults With Chronic Health Conditions and Their Family Members: A Systematic Review. <i>Emerging Adulthood</i> , 2019 , 216769681988345	1.2	1
194	Predictors of hearing loss self-management in older adults. <i>Disability and Rehabilitation</i> , 2019 , 41, 2026-2035		12
193	Parental involvement in the care and intervention of children with hearing loss. <i>International Journal of Audiology</i> , 2018 , 57, S15-S26	2.6	12
192	Assessing hearing loss self-management in older adults. <i>International Journal of Audiology</i> , 2018 , 57, 313-320	2.6	11

191	Patient-centred hearing care in Malaysia: what do audiologists prefer and to what extent is it implemented in practice?. <i>Speech, Language and Hearing</i> , 2018 , 21, 172-182	1.1	5
190	Older adults' experiences and issues with hearing aids in the first six months after hearing aid fitting. <i>International Journal of Audiology</i> , 2018 , 57, 31-39	2.6	14
189	Do Hearing Aids Address Real-World Hearing Difficulties for Adults With Mild Hearing Impairment? Results From a Pilot Study Using Ecological Momentary Assessment. <i>Trends in Hearing</i> , 2018 , 22, 2331216518783608	3.2	19
188	The Nature of Patient- and Family-Centred Care for Young Adults Living with Chronic Disease and their Family Members: A Systematic Review. <i>International Journal of Integrated Care</i> , 2018 , 18, 14	2	8
187	Randomised controlled feasibility trial of the Active Communication Education programme plus hearing aid provision versus hearing aid provision alone (ACE to HEAR): a study protocol. <i>BMJ Open</i> , 2018 , 8, e021502	3	5
186	An Evaluation of Motivational Interviewing for Increasing Hearing Aid Use: A Pilot Study. <i>Journal of the American Academy of Audiology</i> , 2018 , 29, 696-705	1.3	6
185	Hearing, Emotion, Amplification, Research, and Training Workshop: Current Understanding of Hearing Loss and Emotion Perception and Priorities for Future Research. <i>Trends in Hearing</i> , 2018 , 22, 2331216518803215	3.2	17
184	Parent-directed commentaries during children's hearing habilitation appointments: a practice in family-centred care. <i>International Journal of Language and Communication Disorders</i> , 2018 , 53, 929-946	2.9	6
183	The use of ecological momentary assessment in hearing research and future clinical applications. <i>Hearing Research</i> , 2018 , 369, 24-28	3.9	13
182	Audiological management of adults with hearing impairment in Malaysia. <i>International Journal of Audiology</i> , 2017 , 56, 408-416	2.6	5
181	Communication outcomes of children with hearing loss enrolled in programs implementing different educational approaches: A systematic review. <i>Speech, Language and Hearing</i> , 2017 , 20, 102-121	1.1	7
180	Exploring Audiologists' Language and Hearing Aid Uptake in Initial Rehabilitation Appointments. <i>American Journal of Audiology</i> , 2017 , 26, 110-118	1.8	13
179	Audiologist-patient communication profiles in hearing rehabilitation appointments. <i>Patient Education and Counseling</i> , 2017 , 100, 1490-1498	3.1	17
178	Hearing aid use in the elderly as measured by datalogging and self-report. <i>International Journal of Audiology</i> , 2017 , 56, 472-479	2.6	27
177	Ecological Momentary Assessment: Feasibility, Construct Validity, and Future Applications. <i>American Journal of Audiology</i> , 2017 , 26, 436-442	1.8	35
176	What Factors Are Associated with Autonomous and Controlled Motivation for Hearing Help-Seekers?. <i>Journal of the American Academy of Audiology</i> , 2017 , 28, 644-654	1.3	2
175	Difficult conversations: talking about cost in audiology consultations with older adults. <i>International Journal of Audiology</i> , 2017 , 56, 854-861	2.6	9
174	Conversation breakdowns in the audiology clinic: the importance of mutual gaze. <i>International Journal of Language and Communication Disorders</i> , 2017 , 52, 346-355	2.9	12

173	Management of swallowing and communication difficulties in Down syndrome: A survey of speech-language pathologists. <i>International Journal of Speech-Language Pathology</i> , 2017 , 19, 87-98	2.1	10
172	Hearing Aid Use and Mild Hearing Impairment: Learnings from Big Data. <i>Journal of the American Academy of Audiology</i> , 2017 , 28, 731-741	1.3	13
171	Preliminary psychometric analyses of two assessment measures quantifying communicative and social activities: the COMACT and SOCACT. <i>Aphasiology</i> , 2016 , 30, 898-921	1.6	1
170	The International Classification of Functioning, Disability and Health as a Framework for Providing Patient- and Family-Centered Audiological Care for Older Adults and Their Significant Others. <i>Seminars in Hearing</i> , 2016 , 37, 187-99	2	12
169	Application of the transtheoretical model of behaviour change for identifying older clients' readiness for hearing rehabilitation during history-taking in audiology appointments. <i>International Journal of Audiology</i> , 2016 , 55 Suppl 3, S42-51	2.6	19
168	Auditory deprivation and health in the elderly. <i>Maturitas</i> , 2016 , 88, 52-7	5	25
167	Evaluation of a Modified User Guide for Hearing Aid Management. <i>Ear and Hearing</i> , 2016 , 37, 27-37	3.4	22
166	Decision-making and outcomes of hearing help-seekers: A self-determination theory perspective. <i>International Journal of Audiology</i> , 2016 , 55 Suppl 3, S13-22	2.6	11
165	Provision, perception and use of trainable hearing aids in Australia: a survey of clinicians and hearing impaired adults. <i>International Journal of Audiology</i> , 2016 , 55, 787-795	2.6	2
164	What Is the International Classification of Functioning, Disability and Health and Why Is It Relevant to Audiology?. <i>Seminars in Hearing</i> , 2016 , 37, 163-86	2	19
163	The nature of communication throughout diagnosis and management planning in initial audiology rehabilitation consultations. <i>Journal of the American Academy of Audiology</i> , 2015 , 26, 36-50	1.3	68
162	Family member involvement in audiology appointments with older people with hearing impairment. <i>International Journal of Audiology</i> , 2015 , 54, 70-6	2.6	53
161	Adults with mild hearing impairment: Are we meeting the challenge?. <i>International Journal of Audiology</i> , 2015 , 54, 786-95	2.6	33
160	Autonomous motivation is associated with hearing aid adoption. <i>International Journal of Audiology</i> , 2015 , 54, 476-84	2.6	23
159	Communication patterns in audiology rehabilitation history-taking: audiologists, patients, and their companions. <i>Ear and Hearing</i> , 2015 , 36, 191-204	3.4	53
158	"This Is a Partnership Between All of Us": Audiologists' Perceptions of Family Member Involvement in Hearing Rehabilitation. <i>American Journal of Audiology</i> , 2015 , 24, 536-48	1.8	18
157	Jet Fuel, Noise, and the Central Auditory Nervous System: A Literature Review. <i>Military Medicine</i> , 2015 , 180, 950-5	1.3	9
156	Effect of audibility on spatial release from speech-on-speech masking. <i>Journal of the Acoustical Society of America</i> , 2015 , 138, 3311-9	2.2	21

155	Identifying the barriers and facilitators to optimal hearing aid self-efficacy. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S28-37	2.6	43
154	Disagreements between clients and family members regarding clients' hearing and rehabilitation within audiology appointments for older adults. <i>Journal of Interactional Research in Communication Disorders</i> , 2014 , 5,	0.2	14
153	Language outcomes for children with cochlear implants enrolled in different communication programs. <i>Cochlear Implants International</i> , 2014 , 15, 121-35	1.7	37
152	Paediatric cochlear implantation: adverse prognostic factors and trends from a review of 174 cases. <i>Cochlear Implants International</i> , 2014 , 15, 62-77	1.7	24
151	Hearing aid user guides: suitability for older adults. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S43-51	2.6	33
150	An investigation of factors that influence help-seeking for hearing impairment in older adults. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S3-17	2.6	90
149	What is important for hearing aid satisfaction? Application of the expectancy-disconfirmation model. <i>Journal of the American Academy of Audiology</i> , 2014 , 25, 644-55	1.3	7
148	Patient-centred audiological rehabilitation: perspectives of older adults who own hearing aids. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S68-75	2.6	69
147	An Australian survey of audiologists' preferences for patient-centredness. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S76-82	2.6	27
146	Time for a change: a note on hearing loss terminology. <i>Journal of the American Academy of Audiology</i> , 2014 , 25, 1034-5	1.3	2
145	A preliminary evaluation of the active communication education program in a sample of 87-year-old hearing impaired individuals. <i>Journal of the American Academy of Audiology</i> , 2014 , 25, 219-28	1.3	9
144	Exploring the relationship between technology use, hearing help-seeking, and hearing aid outcomes in older adults. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S38-42	2.6	5
143	Patient-centred care: a review for rehabilitative audiologists. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S60-7	2.6	77
142	Improving uptake and outcomes of hearing aid fitting for older adults: what are the barriers and facilitators?. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S1-2	2.6	4
141	An Australian version of the acceptable noise level test and its predictive value for successful hearing aid use in an older population. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S52-9	2.6	10
140	Remediation of spatial processing deficits in hearing-impaired children and adults. <i>Journal of the American Academy of Audiology</i> , 2014 , 25, 549-61	1.3	7
139	Factors associated with success with hearing aids in older adults. <i>International Journal of Audiology</i> , 2014 , 53 Suppl 1, S18-27	2.6	145
138	Addressing patients' psychosocial concerns regarding hearing aids within audiology appointments for older adults. <i>American Journal of Audiology</i> , 2014 , 23, 337-50	1.8	86

137	Auditory dysfunction associated with solvent exposure. <i>BMC Public Health</i> , 2013 , 13, 39	4.1	21
136	A new web-based tool for group audiologic rehabilitation. <i>American Journal of Audiology</i> , 2013 , 22, 332-4.8	4.8	6
135	The need for improved detection and management of adult-onset hearing loss in australia. <i>International Journal of Otolaryngology</i> , 2013 , 2013, 308509	1.4	15
134	Evidence-based practice in audiology: rehabilitation options for adults with hearing impairment. <i>American Journal of Audiology</i> , 2013 , 22, 329-31	1.8	6
133	The effect of better-ear glimpsing on spatial release from masking. <i>Journal of the Acoustical Society of America</i> , 2013 , 134, 2937-45	2.2	44
132	The importance of interaural time differences and level differences in spatial release from masking. <i>Journal of the Acoustical Society of America</i> , 2013 , 134, EL147-52	2.2	41
131	The effects of hearing impairment and aging on spatial processing. <i>Ear and Hearing</i> , 2013 , 34, 15-28	3.4	105
130	Stages of change in adults with acquired hearing impairment seeking help for the first time: application of the transtheoretical model in audiologic rehabilitation. <i>Ear and Hearing</i> , 2013 , 34, 447-57	3.4	53
129	Using a Family-Centered Care Approach in Audiologic Rehabilitation for Adults with Hearing Impairment. <i>Perspectives on Aural Rehabilitation and Its Instrumentation</i> , 2013 , 20, 83-90		17
128	Defining and evaluating success in paediatric cochlear implantation--an exploratory study. <i>International Journal of Pediatric Otorhinolaryngology</i> , 2012 , 76, 1317-26	1.7	13
127	What factors influence help-seeking for hearing impairment and hearing aid adoption in older adults?. <i>International Journal of Audiology</i> , 2012 , 51, 66-74	2.6	125
126	Hearing help-seeking and rehabilitation: perspectives of adults with hearing impairment. <i>International Journal of Audiology</i> , 2012 , 51, 93-102	2.6	72
125	Conducting qualitative research in audiology: a tutorial. <i>International Journal of Audiology</i> , 2012 , 51, 83-92	2.6	78
124	Hearing handicap, rather than measured hearing impairment, predicts poorer quality of life over 10 years in older adults. <i>Maturitas</i> , 2012 , 72, 146-51	5	89
123	Adaptation of the Amsterdam Inventory for Auditory Disability and Handicap into Spanish. <i>Disability and Rehabilitation</i> , 2012 , 34, 2076-84	2.4	14
122	Stroke patients communicating their healthcare needs in hospital: a study within the ICF framework. <i>International Journal of Language and Communication Disorders</i> , 2012 , 47, 130-43	2.9	14
121	Hearing-impaired adults are at increased risk of experiencing emotional distress and social engagement restrictions five years later. <i>Age and Ageing</i> , 2012 , 41, 618-23	3	96
120	What makes adults with hearing impairment take up hearing AIDS or communication programs and achieve successful outcomes?. <i>Ear and Hearing</i> , 2012 , 33, 79-93	3.4	69

119	Cochlear implant outcomes in adults and adolescents with early-onset hearing loss. <i>Ear and Hearing</i> , 2012 , 33, 209-20	3.4	22
118	Defining a Paradigm Shift. <i>Seminars in Hearing</i> , 2012 , 33, 003-008	2	5
117	Guiding principles for printed education materials: design preferences of people with aphasia. <i>International Journal of Speech-Language Pathology</i> , 2012 , 14, 11-23	2.1	55
116	Comparing response options for the International Outcome Inventory for Hearing Aids (IOI-HA) and for Alternative Interventions (IOI-AI) daily-use items. <i>International Journal of Audiology</i> , 2012 , 51, 788-91	2.6	5
115	Factors associated with third-party disability in spouses of older people with hearing impairment. <i>Ear and Hearing</i> , 2012 , 33, 698-708	3.4	53
114	Useful field of view predicts driving in the presence of distracters. <i>Optometry and Vision Science</i> , 2012 , 89, 373-81	2.1	47
113	Investigation of the actions taken by adults who failed a telephone-based hearing screen. <i>Ear and Hearing</i> , 2011 , 32, 720-31	3.4	37
112	Central auditory dysfunction associated with exposure to a mixture of solvents. <i>International Journal of Audiology</i> , 2011 , 50, 857-65	2.6	10
111	Medical practitioners' attitudes to hearing rehabilitation for older adults. <i>International Journal of Audiology</i> , 2011 , 50, 850-6	2.6	19
110	Noise-induced hearing loss in Asia. <i>International Journal of Audiology</i> , 2011 , 50 Suppl 1, S3-10	2.6	53
109	Reporting on psychological well-being of older adults with chronic aphasia in the context of unaffected peers. <i>Disability and Rehabilitation</i> , 2011 , 33, 219-28	2.4	63
108	Aphasia friendly written health information: content and design characteristics. <i>International Journal of Speech-Language Pathology</i> , 2011 , 13, 335-47	2.1	97
107	Management of hearing aid assembly by urban-dwelling hearing-impaired adults in a developed country: implications for a self-fitting hearing aid. <i>Trends in Amplification</i> , 2011 , 15, 196-208		20
106	Assembly and insertion of a self-fitting hearing aid: design of effective instruction materials. <i>Trends in Amplification</i> , 2011 , 15, 184-95		32
105	Problems hearing in noise in older adults: a review of spatial processing disorder. <i>Trends in Amplification</i> , 2011 , 15, 116-26		41
104	Exploring the use of graphics in written health information for people with aphasia. <i>Aphasiology</i> , 2011 , 25, 1579-1599	1.6	20
103	Predictors of rehabilitation intervention decisions in adults with acquired hearing impairment. <i>Journal of Speech, Language, and Hearing Research</i> , 2011 , 54, 1385-99	2.8	33
102	Prognostic indicators in paediatric cochlear implant surgery: a systematic literature review. <i>Cochlear Implants International</i> , 2011 , 12, 67-93	1.7	43

101	Environmental factors that influence communication between patients and their healthcare providers in acute hospital stroke units: an observational study. <i>International Journal of Language and Communication Disorders</i> , 2011 , 46, 30-47	2.9	42
100	International classification of functioning, disability, and health core sets for hearing loss: a discussion paper and invitation. <i>International Journal of Audiology</i> , 2010 , 49, 256-62	2.6	55
99	Rehabilitation of older adults with hearing impairment: a critical review. <i>Journal of Aging and Health</i> , 2010 , 22, 143-53	2.6	84
98	Conceptualising quality of life for older people with aphasia. <i>Aphasiology</i> , 2010 , 24, 327-347	1.6	57
97	Test-retest reproducibility of the 1000 Hz tympanometry test in newborn and six-week-old healthy infants. <i>International Journal of Audiology</i> , 2010 , 49, 815-22	2.6	10
96	Do people with aphasia want written stroke and aphasia information? A verbal survey exploring preferences for when and how to provide stroke and aphasia information. <i>Topics in Stroke Rehabilitation</i> , 2010 , 17, 79-98	2.6	25
95	Who Said What? Sampling Conversation Repair Behavior Involving Adults with Acquired Hearing Impairment. <i>Seminars in Hearing</i> , 2010 , 31, 104-115	2	8
94	Factors associated with hearing aid fitting outcomes on the IOI-HA. <i>International Journal of Audiology</i> , 2010 , 49, 586-95	2.6	54
93	Factors influencing rehabilitation decisions of adults with acquired hearing impairment. <i>International Journal of Audiology</i> , 2010 , 49, 497-507	2.6	105
92	Hearing impairment affects older people's ability to drive in the presence of distracters. <i>Journal of the American Geriatrics Society</i> , 2010 , 58, 1097-103	5.6	32
91	Health-related quality of life in people with aphasia: implications for fluency disorders quality of life research. <i>Journal of Fluency Disorders</i> , 2010 , 35, 173-89	2.3	29
90	Is Auditory-Verbal Therapy Effective for Children with Hearing Loss?. <i>Volta Review</i> , 2010 , 110, 361-387	3	39
89	The number of patients with communication related impairments in acute hospital stroke units. <i>International Journal of Speech-Language Pathology</i> , 2009 , 11, 438-49	2.1	33
88	TestRetest Reliability of Acoustic Reflex Test in 6-Week-Old Healthy Infants. <i>Australian and New Zealand Journal of Audiology</i> , 2009 , 31, 25-32		0
87	High Frequency (1000 HZ) Tympanometry Findings in Newborns: Normative Data Using a Component Compensated Admittance Approach. <i>Australian and New Zealand Journal of Audiology</i> , 2009 , 31, 15-24		6
