#	Paper	IF	Citations
62	The Impact of Policy Changes, Dedicated Funding and Implementation Support on Early Intervention Programs for Psychosis.. <i>Canadian Journal of Psychiatry</i> , 2022 , 7067437211065726	4.8	2
61	Economic Evaluation of Early Psychosis Interventions From A Canadian Perspective.. <i>Canadian Journal of Psychiatry</i> , 2022 , 7067437221087044	4.8	1
60	Social Robot Interventions in Mental Health Care and Their Outcomes, Barriers, and Facilitators: Scoping Review.. <i>JMIR Mental Health</i> , 2022 , 9, e36094	6	2
59	Preventive interventions targeting cannabis use and related harms in people with psychosis: A systematic review. <i>Microbial Biotechnology</i> , 2021 , 15, 1439-1453	3.3	2
58	Romantic relationship group intervention for men with early psychosis: A feasibility, acceptability and potential impact pilot study. <i>Microbial Biotechnology</i> , 2021 , 15, 753-761	3.3	2
57	Group therapy via videoconferencing for individuals with early psychosis: A pilot study. <i>Microbial Biotechnology</i> , 2021 , 15, 1595-1601	3.3	6
56	Long term course and outcome of first episode schizophrenia: a 27-to-31-year follow-up. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021 , 1	4.5	
55	COVID-19 pandemic's effects and telehealth in Early Psychosis Services of Quebec, Canada: Will changes last?. <i>Microbial Biotechnology</i> , 2021 ,	3.3	1
54	Unfinished business: Functional outcomes in a randomized controlled trial of a three-year extension of early intervention versus regular care following two years of early intervention for psychosis. <i>Acta Psychiatrica Scandinavica</i> , 2021 ,	6.5	2
53	Technology-Based Psychological Interventions for Young Adults With Early Psychosis and Cannabis Use Disorder: Qualitative Study of Patient and Clinician Perspectives. <i>JMIR Formative Research</i> , 2021 , 5, e26562	2.5	1
52	A systematic review of longitudinal studies investigating the impact of cannabis use in patients with psychotic disorders. <i>Expert Review of Neurotherapeutics</i> , 2021 , 21, 779-791	4.3	2
51	Patient satisfaction with random assignment to extended early intervention for psychosis vs regular care: Relationship with service engagement. <i>Microbial Biotechnology</i> , 2021 , 15, 746-750	3.3	1
50	Suicidality Over the First 5 Years of Psychosis: Does Extending Early Intervention Have Benefits?. <i>Canadian Journal of Psychiatry</i> , 2021 , 66, 468-476	4.8	2
49	Economic Evaluation of Extended Early Intervention Service vs Regular Care Following 2 Years of Early Intervention: Secondary Analysis of a Randomized Controlled Trial. <i>Schizophrenia Bulletin</i> , 2021 , 47, 465-473	1.3	5
48	A systematic review of longitudinal studies of suicidal thoughts and behaviors in first-episode psychosis: course and associated factors. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021 , 56, 2117-2154	4.5	2
47	Premier épisode psychotique et trouble de l'usage de substance concomitants: revue narrative des meilleures pratiques et pistes d'approches adaptées pour l'évaluation et le suivi. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 277	0.2	
46	Comment les services d'intervention précoce pour la psychose peuvent-ils mieux servir les migrants, les minorités ethniques et les populations autochtones?. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 331	0.2	1

45	L'Union fait la force : initier un mouvement francophone national et international pour l'implantation de l'intervention précoce. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 365	0.2	
44	Intervention précoce pour les premiers épisodes psychotiques d'hier à demain : comment relever les défis liés à son déploiement pour en maximiser les bénéfices?. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 391	0.2	0
43	Comment aider les jeunes atteints de psychose à vivre l'enfance?. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 189	0.2	
42	Mens sana in corpore sano : l'impact de l'activité physique auprès des jeunes ayant eu un premier épisode psychotique. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 249	0.2	
41	Détection et intervention précoce pour la psychose : pourquoi et comment?. <i>Sante Mentale Au Quebec</i> , 2021 , 46, 45	0.2	1
40	The Impact of Treatment Orders for Residential Treatment of Comorbid Severe Substance Use Disorders for Youth Suffering from Early Psychosis: a Case Series. <i>International Journal of Mental Health and Addiction</i> , 2020 , 1	8.8	1
39	Motivational theory-based interventions on health of people with several mental illness: A systematic review and meta-analysis. <i>Schizophrenia Research</i> , 2020 , 222, 31-41	3.6	2
38	Impact of early use of long-acting injectable antipsychotics on psychotic relapses and hospitalizations in first-episode psychosis. <i>International Clinical Psychopharmacology</i> , 2020 , 35, 221-228	2.2	6
37	Perspectives of Young Adults on Receiving Telepsychiatry Services in an Urban Early Intervention Program for First-Episode Psychosis: A Cross-Sectional, Descriptive Survey Study. <i>Frontiers in Psychiatry</i> , 2020 , 11, 117	5	20
36	A systematic review of technology-based psychotherapeutic interventions for decreasing cannabis use in patients with psychosis. <i>Psychiatry Research</i> , 2020 , 288, 112940	9.9	5
35	Determinants of mental health professionals' attitudes towards recovery: A review. <i>Canadian Medical Education Journal</i> , 2020 , 11, e62-e73	1	4
34	Homeless youth with first-episode psychosis: A 2-year outcome study. <i>Schizophrenia Research</i> , 2020 , 216, 460-469	3.6	8
33	Où en sommes-nous? An Overview of Successes and Challenges after 30 Years of Early Intervention Services for Psychosis in Quebec: Où en sommes-nous? Un aperçu des réussites et des problèmes après 30 ans de services d'intervention précoce pour la psychose au Québec. <i>Canadian Journal of Psychiatry</i> , 2020 , 65, 536-547	4.8	8
32	"Real world" clinical effectiveness of paliperidone palmitate 3-monthly injectable in early psychosis patients. <i>Psychopharmacology</i> , 2020 , 237, 3795-3797	4.7	2
31	Long-acting antipsychotic medication as first-line treatment of first-episode psychosis with comorbid substance use disorder. <i>Microbial Biotechnology</i> , 2020 , 14, 69-79	3.3	16
30	A Promising Route Towards Improvement of Homeless Young People's Access to Mental Health Services: The Creation and Evolution of an Outreach Service Network in Montréal. <i>Community Mental Health Journal</i> , 2020 , 56, 258-270	2.1	1
29	Specialized assertive community treatment intervention for homeless youth with first episode psychosis and substance use disorder: A 2-year follow-up study. <i>Microbial Biotechnology</i> , 2020 , 14, 203-210	3.3	18
28	Do Mental Health Professionals Promote a Healthy Lifestyle among Individuals Experiencing Serious Mental Illness?. <i>Issues in Mental Health Nursing</i> , 2020 , 41, 531-539	1.5	3

27	Factors associated with self-reported walking and sedentary behaviours in a study sample of individuals with severe mental illness. <i>German Journal of Exercise and Sport Research</i> , 2019 , 49, 395-401	1.2	
26	How to help homeless youth suffering from first episode psychosis and substance use disorders? The creation of a new intensive outreach intervention team. <i>Psychiatry Research</i> , 2019 , 273, 603-612	9.9	15
25	Improving mental health services for homeless youth in downtown Montreal, Canada: Partnership between a local network and ACCESS Esprits ouverts (Open Minds), a National Services Transformation Research Initiative. <i>Microbial Biotechnology</i> , 2019 , 13 Suppl 1, 20-28	3.3	11
24	A minimum evaluation protocol and stepped-wedge cluster randomized trial of ACCESS Open Minds, a large Canadian youth mental health services transformation project. <i>BMC Psychiatry</i> , 2019 , 19, 273	4.2	11
23	Effects of high intensity interval training among overweight individuals with psychotic disorders: A randomized controlled trial. <i>Schizophrenia Research</i> , 2019 , 210, 278-286	3.6	16
22	Canadian response to need for transformation of youth mental health services: ACCESS Open Minds (Esprits ouverts). <i>Microbial Biotechnology</i> , 2019 , 13, 697-706	3.3	47
21	Immigrants' outcome after a first-episode psychosis. <i>Microbial Biotechnology</i> , 2018 , 12, 193-201	3.3	3
20	Factors limiting romantic relationship formation for individuals with early psychosis. <i>Microbial Biotechnology</i> , 2018 , 12, 645-651	3.3	6
19	Three-Year Naturalistic Study On Early Use Of Long-Acting Injectable Antipsychotics In First Episode Psychosis. <i>Psychopharmacology Bulletin</i> , 2018 , 48, 25-61	0.9	7
18	11.1 EFFECT OF INTERVAL TRAINING ON METABOLIC RISK FACTORS IN OVERWEIGHT INDIVIDUALS WITH PSYCHOSIS: A RANDOMIZED CONTROLLED TRIAL. <i>Schizophrenia Bulletin</i> , 2018 , 44, S17-S17	1.3	4
17	Understanding access and use of technology among youth with first-episode psychosis to inform the development of technology-enabled therapeutic interventions. <i>Microbial Biotechnology</i> , 2017 , 11, 72-76	3.3	34
16	Symptomatic and functional outcomes of substance use disorder persistence 2 years after admission to a first-episode psychosis program. <i>Psychiatry Research</i> , 2017 , 247, 113-119	9.9	37
15	Comparing three-year extension of early intervention service to regular care following two years of early intervention service in first-episode psychosis: a randomized single blind clinical trial. <i>World Psychiatry</i> , 2017 , 16, 278-286	14.4	48
14	Using the transtheoretical model to predict physical activity level of overweight adults with serious mental illness. <i>Psychiatry Research</i> , 2017 , 258, 476-480	9.9	9
13	Early Intervention for Psychosis in Canada: What Is the State of Affairs?. <i>Canadian Journal of Psychiatry</i> , 2016 , 61, 186-94	4.8	30
12	Running for your life: A review of physical activity and cardiovascular disease risk reduction in individuals with schizophrenia. <i>Journal of Sports Sciences</i> , 2016 , 34, 1500-15	3.6	11
11	A five-year randomized parallel and blinded clinical trial of an extended specialized early intervention vs. regular care in the early phase of psychotic disorders: study protocol. <i>BMC Psychiatry</i> , 2015 , 15, 22	4.2	30
10	Engaging Immigrants in Early Psychosis Treatment: A Clinical Challenge. <i>Psychiatric Services</i> , 2015 , 66, 757-9	3.3	16

9	Amélioration de la santé cardiovasculaire par l'exercice physique chez les individus atteints de schizophrénie : un guide de pratique. <i>Obesité</i> , 2015 , 10, 4-20	0.1	2
8	Development and preliminary validation of the First Episode Social Functioning Scale for early psychosis. <i>Psychiatry Research</i> , 2014 , 216, 412-7	9.9	27
7	Effects of aerobic interval training on metabolic complications and cardiorespiratory fitness in young adults with psychotic disorders: a pilot study. <i>Schizophrenia Research</i> , 2013 , 149, 112-5	3.6	56
6	Resumption of work or studies after first-episode psychosis: the impact of vocational case management. <i>Microbial Biotechnology</i> , 2013 , 7, 391-8	3.3	10
5	Pharmacotherapy challenges in patients with first-episode psychosis. <i>Journal of Affective Disorders</i> , 2012 , 138 Suppl, S3-14	6.6	39
4	Schizophrenia, an illness with bad outcome: myth or reality?. <i>Canadian Journal of Psychiatry</i> , 2011 , 56, 92-101	4.8	15
3	Symptomatic and functional outcome 12 months after a first episode of psychotic mania: barriers to recovery in a catchment area sample. <i>Bipolar Disorders</i> , 2006 , 8, 221-31	3.8	62
2	Off the beaten path: Adventure Therapy as an adjunct to early intervention for psychosis. <i>Psychosis</i> , 1-11	1.2	1
1	Impact of early use of long-acting injectable antipsychotics on functional outcome in first episode psychosis: a 3-year longitudinal study. <i>International Journal of Psychiatry in Clinical Practice</i> , 1-10	2.4
