

Jerica M Berge

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/8794604/jerica-m-berge-publications-by-year.pdf>

Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

180 papers	4,248 citations	37 h-index	57 g-index
194 ext. papers	5,127 ext. citations	3.3 avg, IF	5.84 L-index

#	Paper	IF	Citations
180	COVID-19 pandemic shifts in food-related parenting practices within an ethnically/racially and socioeconomically diverse sample of families of preschool-aged children. <i>Appetite</i> , 2022 , 168, 105714	4.5	4
179	Participant characteristics and dietary correlates of SNAP and other assistance programs among families with children from racially and ethnically diverse households.. <i>Appetite</i> , 2022 , 174, 106015	4.5	0
178	Family Health Development: A Theoretical Framework.. <i>Pediatrics</i> , 2022 , 149,	7.4	1
177	How time in the US and race/ethnicity shape food parenting practices and child diet quality.. <i>Appetite</i> , 2021 , 105870	4.5	
176	Changes to the home food environment and parent feeding practices during the COVID-19 pandemic: A qualitative exploration. <i>Appetite</i> , 2021 , 169, 105806	4.5	1
175	Changes in Physical Activity and Sedentary Behaviors During COVID-19: Associations with Psychological Distress Among Mothers. <i>International Journal of Women's Health</i> , 2021 , 13, 1115-1122	2.8	2
174	CHAOS in the Home Environment and Child Weight-Related Outcomes. <i>Journal of the American Board of Family Medicine</i> , 2021 , 34, 1163-1173	1.6	
173	Entorno social y obesidad infantil: implicaciones para la investigación y la práctica en Estados Unidos y en los países latinoamericanos. <i>Obesity Reviews</i> , 2021 , 22 Suppl 5, e13350	10.6	
172	Days Needed to Characterize the Healthfulness of a Typical Dinner Meal in Direct Observational Research: Mixed Methods Study. <i>JMIR Pediatrics and Parenting</i> , 2021 , 4, e22541	4.2	1
171	Associations between parental perception of- and concern about-child weight and use of specific food-related parenting practices. <i>Appetite</i> , 2021 , 160, 105068	4.5	2
170	The Collaborative Scholarship Intensive: A Research-Intensive Course to Improve Faculty Scholarship. <i>Family Medicine</i> , 2021 , 53, 355-358	0.8	0
169	The social environment and childhood obesity: Implications for research and practice in the United States and countries in Latin America. <i>Obesity Reviews</i> , 2021 , 22 Suppl 3, e13246	10.6	2
168	Understanding the impact of the COVID-19 pandemic on stress, mood, and substance use among young adults in the greater Minneapolis-St. Paul area: Findings from project EAT. <i>Social Science and Medicine</i> , 2021 , 276, 113826	5.1	8
167	Ecological Momentary Assessment of Weight-Related Behaviors in the Home Environment of Children From Low-Income and Racially and Ethnically Diverse Households: Development and Usability Study. <i>JMIR Research Protocols</i> , 2021 , 10, e30525	2	1
166	Concordance of children's intake of selected food groups as reported by parents via 24-h dietary recall and ecological momentary assessment. <i>Public Health Nutrition</i> , 2021 , 24, 22-33	3.3	1
165	Emerging adults' intersecting experiences of food insecurity, unsafe neighbourhoods and discrimination during the coronavirus disease 2019 (COVID-19) outbreak. <i>Public Health Nutrition</i> , 2021 , 24, 519-530	3.3	17
164	Associations between weight talk exposure and unhealthy weight control behaviors among young adults: A person-centered approach to examining how much the source and type of weight talk matters. <i>Body Image</i> , 2021 , 36, 5-15	7.4	4

163	Family meal characteristics in racially/ethnically diverse and immigrant/refugee households by household food security status: A mixed methods study. <i>Appetite</i> , 2021 , 157, 105000	4.5	4
162	Examining the Relationship Between Parental Stress and Girls' and Boys' Physical Activity Among Racially/Ethnically Diverse and Immigrant/Refugee Populations. <i>Pediatric Exercise Science</i> , 2021 , 33, 97-102		
161	Kitchen Adequacy and Child Diet Quality in a Racially/Ethnically Diverse Sample. <i>Ecology of Food and Nutrition</i> , 2021 , 1-9	1.9	0
160	Are there protective associations between family/shared meal routines during COVID-19 and dietary health and emotional well-being in diverse young adults?. <i>Preventive Medicine Reports</i> , 2021 , 24, 101575	2.6	3
159	Integrated Behavioral Health Implementation Patterns in Primary Care Using the Cross-Model Framework: A Latent Class Analysis. <i>Administration and Policy in Mental Health and Mental Health Services Research</i> , 2021 , 1	3.1	0
158	Expanding Family Medicine Scholarship to All Faculty: The Minnesota Model for Harmonizing Clinical Care, Education, and Research Missions. <i>Journal of the American Board of Family Medicine</i> , 2021 , 34, 1055-1065	1.6	0
157	Barriers to Accessing Healthy Food and Food Assistance During the COVID-19 Pandemic and Racial Justice Uprisings: A Mixed-Methods Investigation of Emerging Adults' Experiences. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2021 , 121, 1679-1694	3.9	7
156	Framework for advancing equity in academic medicine and science: Perspectives from early career female faculty during the COVID-19 pandemic. <i>Preventive Medicine Reports</i> , 2021 , 24, 101576	2.6	3
155	Mixed-Methods Assessment of Childhood Obesity: Parental and Familial Factors. <i>National Symposium on Family Issues</i> , 2021 , 115-137	0.5	
154	Three-Year Changes in Low-Income Children's Physical Activity: Prospective Influence of Neighborhood Environment and Parent Supportive Behavior. <i>Journal of Pediatrics: X</i> , 2021 , 6, 100066	0.9	
153	First, Do No Harm: Understanding Primary Care Providers' Perception of Risks Associated With Discussing Weight With Pediatric Patients. <i>Global Pediatric Health</i> , 2021 , 8, 2333794X211040979	1.2	1
152	Stressed Out! Examining family meal decisions in response to daily stressors via ecological momentary assessment in a racially/ethnically diverse population. <i>Preventive Medicine Reports</i> , 2020 , 20, 101251	2.6	2
151	Associations between parent and child physical activity and eating behaviours in a diverse sample: an ecological momentary assessment study. <i>Public Health Nutrition</i> , 2020 , 23, 2728-2736	3.3	2
150	Do Parents Perceive That Organized Activities Interfere with Family Meals? Associations between Parent Perceptions and Aspects of the Household Eating Environment. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2020 , 120, 414-423	3.9	2
149	How a Racially/Ethnically Diverse and Immigrant Sample Qualitatively Describes the Role of Traditional and Non-traditional Foods in Feeding Their Children. <i>Journal of Immigrant and Minority Health</i> , 2020 , 22, 1155-1162	2.2	1
148	Associations Between Parent Self-Reported and Accelerometer-Measured Physical Activity and Sedentary Time in Children: Ecological Momentary Assessment Study. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e15458	5.5	4
147	The Family Health Scale: Reliability and Validity of a Short- and Long-Form. <i>Frontiers in Public Health</i> , 2020 , 8, 587125	6	11
146	Family-Based Prevention and Intervention for Child Physical Health Conditions 2020 , 217-239		0

145	Stressful life events and associations with child and family emotional and behavioral well-being in diverse immigrant and refugee populations. <i>Families, Systems and Health</i> , 2020 , 38, 380-395	0.7	1
144	Ecological momentary assessment of the snacking environments of children from racially/ethnically diverse households. <i>Appetite</i> , 2020 , 145, 104497	4.5	7
143	Using an interprofessional prenatal group care model to address disparities in pregnancy-related outcomes in a high risk population in a family medicine residency clinic. <i>Journal of Interprofessional Education and Practice</i> , 2020 , 18, 100300	0.6	1
142	The Contribution of Snacking to Overall Diet Intake among an Ethnically and Racially Diverse Population of Boys and Girls. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2020 , 120, 270-279	3.9	7
141	Do High School Students Participate in Second Chance Breakfast Programs?. <i>Journal of School Health</i> , 2020 , 90, 119-126	2.1	1
140	Integration as a Tool for Interprofessional Work: A Synthesis of the Literature Regarding How to Use Integrative Strategies to Address Complex Public Health Problems. <i>Journal of Interprofessional Education and Practice</i> , 2020 , 21, 100383-100383	0.6	0
139	Associations between parental stress, parent feeding practices, and child eating behaviors within the context of food insecurity. <i>Preventive Medicine Reports</i> , 2020 , 19, 101146	2.6	11
138	Family-Based Prevention and Intervention for Child Physical Health Conditions 2020 , 217-239		
137	Does exposure to controlling parental feeding practices during adolescence predict disordered eating behaviors 8 years later in emerging adulthood?. <i>Pediatric Obesity</i> , 2020 , 15, e12709	4.6	10
136	A Bidirectional Analysis of Feeding Practices and Eating Behaviors in Parent/Child Dyads from Low-Income and Minority Households. <i>Journal of Pediatrics</i> , 2020 , 221, 93-98.e20	3.6	12
135	Cumulative Encouragement to Diet From Adolescence to Adulthood: Longitudinal Associations With Health, Psychosocial Well-Being, and Romantic Relationships. <i>Journal of Adolescent Health</i> , 2019 , 65, 690-697	5.8	4
134	Examining Predictors of Watching Television During Family Meals in a Diverse Sample. <i>Journal of Nutrition Education and Behavior</i> , 2019 , 51, 1113-1120	2	1
133	Ecological Momentary Assessment of the Breakfast, Lunch, and Dinner Family Meal Environment in Racially/Ethnically Diverse and Immigrant Households. <i>Journal of Nutrition Education and Behavior</i> , 2019 , 51, 658-676	2	11
132	Snacking characteristics and patterns and their associations with diet quality and BMI in the Childhood Obesity Prevention and Treatment Research Consortium. <i>Public Health Nutrition</i> , 2019 , 22, 3189-3199	3.3	4
131	Watching Television while Eating: Associations with Dietary Intake and Weight Status among a Diverse Sample of Young Children. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1462-1469	3.9	11
130	Application of latent profile analysis to define subgroups of parenting styles and food parenting practices. <i>Appetite</i> , 2019 , 139, 8-18	4.5	9
129	Utilizing a Board Game to Measure Family/Parenting Factors and Childhood Obesity Risk. <i>Journal of Nutrition Education and Behavior</i> , 2019 , 51, 419-431	2	1
128	Compared to Pre-prepared Meals, Fully and Partly Home-Cooked Meals in Diverse Families with Young Children Are More Likely to Include Nutritious Ingredients. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 818-830	3.9	20

127	The intergenerational transmission of family meal practices: a mixed-methods study of parents of young children. <i>Public Health Nutrition</i> , 2019 , 22, 1269-1280	3.3	3
126	A healthful home food environment: Is it possible amidst household chaos and parental stress?. <i>Appetite</i> , 2019 , 142, 104391	4.5	13
125	Youth weight status and family functioning in paediatric primary care. <i>Clinical Obesity</i> , 2019 , 9, e12314	3.6	2
124	How Should We Approach and Discuss Children's Weight With Parents? A Qualitative Analysis of Recommendations From Parents of Preschool-Aged Children to Physicians. <i>Clinical Pediatrics</i> , 2019 , 58, 226-237	1.2	5
123	Description of the home food environment in Black, White, Hmong, Latino, Native American and Somali homes with 5-7-year-old children. <i>Public Health Nutrition</i> , 2019 , 22, 882-893	3.3	7
122	Intergenerational Transmission of Parent Encouragement to Diet From Adolescence Into Adulthood. <i>Pediatrics</i> , 2018 , 141,	7.4	16
121	Is the childhood home food environment a confounder of the association between child maltreatment exposure and adult body mass index?. <i>Preventive Medicine</i> , 2018 , 110, 86-92	4.3	11
120	An exploration of the frequency, location, and content of parents' health- and weight-focused conversations with their children and associations with child weight status. <i>Eating Behaviors</i> , 2018 , 29, 137-143	3	5
119	The Mastery Matrix for Integration Praxis: The development of a rubric for integration practice in addressing weight-related public health problems. <i>Preventive Medicine</i> , 2018 , 111, 78-86	4.3	1
118	A Qualitative Exploration Into the Parent-Child Feeding Relationship: How Parents of Preschoolers Divide the Responsibilities of Feeding With Their Children. <i>Journal of Nutrition Education and Behavior</i> , 2018 , 50, 655-667	2	13
117	A qualitative investigation of how mothers from low income households perceive their role during family meals. <i>Appetite</i> , 2018 , 126, 121-127	4.5	10
116	Parent-child health- and weight-focused conversations: Who is saying what and to whom?. <i>Appetite</i> , 2018 , 126, 114-120	4.5	10
115	Similarities and differences between families who have frequent and infrequent family meals: A qualitative investigation of low-income and minority households. <i>Eating Behaviors</i> , 2018 , 29, 99-106	3	10
114	The Transmission of Family Food and Mealtime Practices From Adolescence to Adulthood: Longitudinal Findings From Project EAT-IV. <i>Journal of Nutrition Education and Behavior</i> , 2018 , 50, 141-147.e1	4.7	19
113	A qualitative exploration into momentary impacts on food parenting practices among parents of pre-school aged children. <i>Appetite</i> , 2018 , 130, 35-44	4.5	18
112	Examining within- and across-day relationships between transient and chronic stress and parent food-related parenting practices in a racially/ethnically diverse and immigrant population : Stress types and food-related parenting practices. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2018 , 15, 7	8.4	32
111	Family meals among parents: Associations with nutritional, social and emotional wellbeing. <i>Preventive Medicine</i> , 2018 , 113, 7-12	4.3	28
110	Examining variability in parent feeding practices within a low-income, racially/ethnically diverse, and immigrant population using ecological momentary assessment. <i>Appetite</i> , 2018 , 127, 110-118	4.5	21

109	Medical Family Therapy in Community Engagement. <i>Focused Issues in Family Therapy</i> , 2018 , 401-429		1
108	Medical Family Therapy in Pediatrics. <i>Focused Issues in Family Therapy</i> , 2018 , 61-85		4
107	Mother-father-adolescent triadic concordance and discordance on home environment factors and adolescent disordered eating behaviors. <i>Families, Systems and Health</i> , 2018 , 36, 338-346	0.7	5
106	Who is meeting the Healthy People 2020 objectives?: Comparisons between racially/ethnically diverse and immigrant children and adults. <i>Families, Systems and Health</i> , 2018 , 36, 451-470	0.7	13
105	Family meals then and now: A qualitative investigation of intergenerational transmission of family meal practices in a racially/ethnically diverse and immigrant population. <i>Appetite</i> , 2018 , 121, 163-172	4.5	15
104	Intergenerational transmission of family meal patterns from adolescence to parenthood: longitudinal associations with parents' dietary intake, weight-related behaviours and psychosocial well-being. <i>Public Health Nutrition</i> , 2018 , 21, 299-308	3.3	22
103	Mentoring of Early-Stage Investigators When Funding Is Tight: The Childhood Obesity Prevention and Treatment Research Experience. <i>JAMA Pediatrics</i> , 2018 , 172, 4-6	8.3	1
102	Attitudes Toward Genomic Testing and Prostate Cancer Research Among Black Men. <i>American Journal of Preventive Medicine</i> , 2018 , 55, S103-S111	6.1	25
101	Multicomponent Obesity Prevention Intervention in Low-Income Preschoolers: Primary and Subgroup Analyses of the NET-Works Randomized Clinical Trial, 2012-2017. <i>American Journal of Public Health</i> , 2018 , 108, 1695-1706	5.1	24
100	Obesity in Adolescence Predicts Lower Educational Attainment and Income in Adulthood: The Project EAT Longitudinal Study. <i>Obesity</i> , 2018 , 26, 1467-1473	8	13
99	No Time for Family Meals? Parenting Practices Associated with Adolescent Fruit and Vegetable Intake When Family Meals Are Not an Option. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2017 , 117, 707-714	3.9	25
98	Impact of a Prostate Specific Antigen Screening Decision Aid on Clinic Function. <i>Urology Practice</i> , 2017 , 4, 448-453	0.8	4
97	Home Environmental Influences on Childhood Obesity in the Latino Population: A Decade Review of Literature. <i>Journal of Immigrant and Minority Health</i> , 2017 , 19, 430-447	2.2	51
96	Food parenting practices for 5 to 12 year old children: a concept map analysis of parenting and nutrition experts input. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017 , 14, 122	8.4	23
95	Beyond the dinner table: who's having breakfast, lunch and dinner family meals and which meals are associated with better diet quality and BMI in pre-school children?. <i>Public Health Nutrition</i> , 2017 , 20, 3275-3284	3.3	16
94	Examining unanswered questions about the home environment and childhood obesity disparities using an incremental, mixed-methods, longitudinal study design: The Family Matters study. <i>Contemporary Clinical Trials</i> , 2017 , 62, 61-76	2.3	38
93	Momentary Parental Stress and Food-Related Parenting Practices. <i>Pediatrics</i> , 2017 , 140,	7.4	44
92	Healthy Eating and Activity Across the Lifespan (HEAL): A call to action to integrate research, clinical practice, policy, and community resources to address weight-related health disparities. <i>Preventive Medicine</i> , 2017 , 101, 199-203	4.3	6

91	Associations between TV viewing at family meals and the emotional atmosphere of the meal, meal healthfulness, child dietary intake, and child weight status. <i>Appetite</i> , 2017 , 108, 361-366	4.5	40
90	What's Being Served for Dinner? An Exploratory Investigation of the Associations between the Healthfulness of Family Meals and Child Dietary Intake. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2017 , 117, 102-109	3.9	21
89	How parents describe picky eating and its impact on family meals: A qualitative analysis. <i>Appetite</i> , 2017 , 110, 36-43	4.5	37
88	The dose of behavioral interventions to prevent and treat childhood obesity: a systematic review and meta-regression. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017 , 14, 157	8.4	30
87	Significant others' weight-related comments and their associations with weight-control behavior, muscle-enhancing behavior, and emotional well-being. <i>Families, Systems and Health</i> , 2017 , 35, 474-485	0.7	11
86	Integrated care clinic: Creating enhanced clinical pathways for integrated behavioral health care in a family medicine residency clinic serving a low-income, minority population. <i>Families, Systems and Health</i> , 2017 , 35, 283-294	0.7	13
85	Family Food Preparation and Its Effects on Adolescent Dietary Quality and Eating Patterns. <i>Journal of Adolescent Health</i> , 2016 , 59, 530-536	5.8	51
84	Weight conversations in romantic relationships: What do they sound like and how do partners respond?. <i>Families, Systems and Health</i> , 2016 , 34, 213-220	0.7	5
83	Reporting of treatment fidelity in behavioural paediatric obesity intervention trials: a systematic review. <i>Obesity Reviews</i> , 2016 , 17, 1287-1300	10.6	29
82	Play it forward! A community-based participatory research approach to childhood obesity prevention. <i>Families, Systems and Health</i> , 2016 , 34, 15-30	0.7	17
81	Does child temperament modify the overweight risk associated with parent feeding behaviors and child eating behaviors?: An exploratory study. <i>Appetite</i> , 2016 , 101, 178-83	4.5	13
80	He Said, She Said: Examining Parental Concordance on Home Environment Factors and Adolescent Health Behaviors and Weight Status. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2016 , 116, 46-60	3.9	16
79	Do Parents Treat Siblings Similarly or Differently with Regard to Feeding Practices, Weight-Related Conversations, and Support for Physical Activity? An Exploratory Analysis. <i>Childhood Obesity</i> , 2016 , 12, 87-93	2.5	6
78	Food availability, modeling and restriction: How are these different aspects of the family eating environment related to adolescent dietary intake?. <i>Appetite</i> , 2016 , 96, 80-86	4.5	74
77	Partnering with Adolescents, Parents, Researchers, and Family Medicine Clinics to Address Adolescent Weight and Weight-Related Behaviors 2016 , 309-324		
76	Comparison of Eight Equations That Predict Percent Body Fat Using Skinfolts in American Youth. <i>Childhood Obesity</i> , 2016 , 12, 314-23	2.5	8
75	Sibling eating behaviours and parental feeding practices with siblings: similar or different?. <i>Public Health Nutrition</i> , 2016 , 19, 2415-23	3.3	12
74	Eating breakfast together as a family: mealtime experiences and associations with dietary intake among adolescents in rural Minnesota, USA. <i>Public Health Nutrition</i> , 2016 , 19, 1565-74	3.3	14

73	Do parents or siblings engage in more negative weight-based talk with children and what does it sound like? A mixed-methods study. <i>Body Image</i> , 2016 , 18, 27-33	7.4	28
72	Perspectives About Family Meals from Racially/Ethnically and Socioeconomically Diverse Households With and Without an Overweight/Obese Child. <i>Childhood Obesity</i> , 2016 , 12, 368-76	2.5	9
71	A Qualitative Investigation of Parents' Perspectives About Feeding Practices With Siblings Among Racially/Ethnically and Socioeconomically Diverse Households. <i>Journal of Nutrition Education and Behavior</i> , 2016 , 48, 496-504.e1	2	19
70	Home food environment factors associated with the presence of fruit and vegetables at dinner: A direct observational study. <i>Appetite</i> , 2016 , 96, 526-532	4.5	31
69	Parent-adolescent conversations about eating, physical activity and weight: prevalence across sociodemographic characteristics and associations with adolescent weight and weight-related behaviors. <i>Journal of Behavioral Medicine</i> , 2015 , 38, 122-35	3.6	50
68	A qualitative analysis of parents' perceptions of weight talk and weight teasing in the home environments of diverse low-income children. <i>Body Image</i> , 2015 , 15, 8-15	7.4	21
67	Parent/Adolescent Weight Status Concordance and Parent Feeding Practices. <i>Pediatrics</i> , 2015 , 136, e591-8	1.4	14
66	Longitudinal associations between parenting style and adolescent disordered eating behaviors. <i>Eating and Weight Disorders</i> , 2015 , 20, 187-94	3.6	24
65	Ethnic/racial disparities in adolescents' home food environments and linkages to dietary intake and weight status. <i>Eating Behaviors</i> , 2015 , 16, 43-6	3	24
64	All in the family: correlations between parents' and adolescent siblings' weight and weight-related behaviors. <i>Obesity</i> , 2015 , 23, 833-9	8	16
63	Modeling the relationship between family home environment factors and parental health. <i>Families, Systems and Health</i> , 2015 , 33, 126-36	0.7	1
62	Overeating with and without loss of control: Associations with weight status, weight-related characteristics, and psychosocial health. <i>International Journal of Eating Disorders</i> , 2015 , 48, 1150-7	6.3	35
61	The protective role of family meals for youth obesity: 10-year longitudinal associations. <i>Journal of Pediatrics</i> , 2015 , 166, 296-301	3.6	100
60	Time 2 tlk 2nite: use of electronic media by adolescents during family meals and associations with demographic characteristics, family characteristics, and foods served. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2014 , 114, 1053-1058	3.9	37
59	Youth dietary intake and weight status: healthful neighborhood food environments enhance the protective role of supportive family home environments. <i>Health and Place</i> , 2014 , 26, 69-77	4.6	44
58	Stage 1 treatment of pediatric overweight and obesity: a pilot and feasibility randomized controlled trial. <i>Childhood Obesity</i> , 2014 , 10, 50-7	2.5	11
57	The home physical activity environment and adolescent BMI, physical activity and TV viewing: Disparities across a diverse sample. <i>Journal of Racial and Ethnic Health Disparities</i> , 2014 , 1, 326-336	3.5	9
56	Childhood obesity and interpersonal dynamics during family meals. <i>Pediatrics</i> , 2014 , 134, 923-32	7.4	87

55	Nonresident parental influence on adolescent weight and weight-related behaviors: similar or different from resident parental influence?. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2014 , 11, 131	8.4	8
54	Associations between relationship status and day-to-day health behaviors and weight among diverse young adults. <i>Families, Systems and Health</i> , 2014 , 32, 67-77	0.7	5
53	What's for dinner? Types of food served at family dinner differ across parent and family characteristics. <i>Public Health Nutrition</i> , 2014 , 17, 145-55	3.3	86
52	Dietary and weight-related behaviors and body mass index among Hispanic, Hmong, Somali, and white adolescents. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2014 , 114, 375-383	3.9	43
51	The unique and additive associations of family functioning and parenting practices with disordered eating behaviors in diverse adolescents. <i>Journal of Behavioral Medicine</i> , 2014 , 37, 205-17	3.6	58
50	Medical Family Therapy Scientist-Practitioners 2014 , 219-240		1
49	Eating breakfast and dinner together as a family: associations with sociodemographic characteristics and implications for diet quality and weight status. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2013 , 113, 1601-9	3.9	75
48	Family functioning: associations with weight status, eating behaviors, and physical activity in adolescents. <i>Journal of Adolescent Health</i> , 2013 , 52, 351-7	5.8	120
