#	ARTICLE	IF	CITATIONS
1	Dose of Exercise Therapy Among Active Duty Soldiers With Chronic Pain Is Associated With Lower Risk of Long-Term Adverse Outcomes After Linking to the Veterans Health Administration. <i>Military Medicine</i> , 2023, 188, e1948-e1956.	0.4	3
2	The relationship between capacity and utilization of nonpharmacologic therapies in the US Military Health System. <i>BMC Health Services Research</i> , 2022, 22, 312.	0.9	2
3	Opioid prescribing for surgical dental procedures in dental clinics of military treatment facilities. <i>Journal of the American Dental Association</i> , 2021, 152, 94-104.e18.	0.7	3
4	Opioid and Nonpharmacologic Treatments Among Soldiers With Chronic Pain and Posttraumatic Stress Disorder. <i>Psychiatric Services</i> , 2021, 72, 264-272.	1.1	3
5	The association of engagement in substance use treatment with negative separation from the military among soldiers with post-deployment alcohol use disorder. <i>Drug and Alcohol Dependence</i> , 2021, 221, 108647.	1.6	2
6	Predictors of Veterans Health Administration utilization and pain persistence among soldiers treated for postdeployment chronic pain in the Military Health System. <i>BMC Health Services Research</i> , 2021, 21, 494.	0.9	8
7	Do nonpharmacological services offset opioids in pain treatment for soldiers?. <i>Health Services Research</i> , 2021, 56, 1222-1232.	1.0	2
8	Association between 1-year patient outcomes and opioid prescribing group of emergency department clinicians: A cohort study with Army active-duty soldiers. <i>Academic Emergency Medicine</i> , 2021, 28, 1251-1261.	0.8	2
9	Nonpharmacological Treatment of Army Service Members with Chronic Pain Is Associated with Fewer Adverse Outcomes After Transition to the Veterans Health Administration. <i>Journal of General Internal Medicine</i> , 2020, 35, 775-783.	1.3	30
10	Exploration of the association of selected pain diagnoses with risky alcohol use among active duty soldiers. <i>Substance Abuse</i> , 2020, 41, 456-462.	1.1	4
11	The Association of Lifetime and Deployment-Acquired Traumatic Brain Injury With Postdeployment Binge and Heavy Drinking. <i>Journal of Head Trauma Rehabilitation</i> , 2020, 35, 27-36.	1.0	8
12	Referral to Treatment After Positive Screens for Unhealthy Drug Use in an Outpatient Veterans Administration Setting. <i>Journal of Addiction Medicine</i> , 2020, 14, 236-243.	1.4	1
13	Assessing the postdeployment quality of treatment for substance use disorders among Army enlisted soldiers in the Military Health System. <i>Journal of Substance Abuse Treatment</i> , 2020, 114, 108026.	1.5	3
14	Predictors of Postdeployment Prescription Opioid Receipt and Long-term Prescription Opioid Utilization Among Army Active Duty Soldiers. <i>Military Medicine</i> , 2019, 184, e101-e109.	0.4	32
15	Post-Deployment Screening In The Military Health System: An Opportunity To Intervene For Possible Alcohol Use Disorder. <i>Health Affairs</i> , 2019, 38, 1298-1306.	2.5	10
16	Army Warrior Care Project (AWCP): Rationale and methods for a longitudinal study of behavioral health care in Army Warrior Transition Units using Military Health System data, FY2008-2015. <i>International Journal of Methods in Psychiatric Research</i> , 2019, 28, e1788.	1.1	2
17	Postdeployment Polytrauma Diagnoses Among Soldiers and Veterans Using the Veterans Health Affairs Polytrauma System of Care and Receipt of Opioids, Nonpharmacologic, and Mental Health Treatments. <i>Journal of Head Trauma Rehabilitation</i> , 2019, 34, 167-175.	1.0	16
18	Implementing single-item screening for drug use in a Veterans Health Administration outpatient setting. <i>Substance Abuse</i> , 2018, 39, 410-418.	1.1	2

#	ARTICLE	IF	CITATIONS
19	Physicians Report Adopting Safer Opioid Prescribing Behaviors after Academic Detailing Intervention. Substance Abuse, 2018, 39, 218-224.	1.1	30
20	Associations of Early Treatments for Low-Back Pain with Military Readiness Outcomes. Journal of Alternative and Complementary Medicine, 2018, 24, 666-676.	2.1	17
21	Prevalence of Pain Diagnoses and Burden of Pain Among Active Duty Soldiers, FY2012. Military Medicine, 2018, 183, e330-e337.	0.4	36
22	Health care utilization among children with chronic conditions in military families. Disability and Health Journal, 2018, 11, 624-631.	1.6	5
23	Treatment of Low Back Pain With Opioids and Nonpharmacologic Treatment Modalities for Army Veterans. Medical Care, 2018, 56, 855-861.	1.1	13
24	Pre-deployment Year Mental Health Diagnoses and Treatment in Deployed Army Women. Administration and Policy in Mental Health and Mental Health Services Research, 2017, 44, 582-594.	1.2	7
25	Postdeployment Behavioral Health Screens and Linkage to the Veterans Health Administration for Army Reserve Component Members. Psychiatric Services, 2017, 68, 803-809.	1.1	16
26	Management of post-stroke depression in the Middle East and North Africa: Too little is known. Journal of the Neurological Sciences, 2017, 378, 220-224.	0.3	15
27	Traumatic Brain Injury and Post-Deployment Binge Drinking among Male and Female Army Active Duty Service Members Returning from Operation Enduring Freedom/Operation Iraqi Freedom. Journal of Neurotrauma, 2017, 34, 1457-1465.	1.7	23
28	Treatment Patterns Among Soldiers With or Without Psychological Health Problems, TBI, and Pain. Archives of Physical Medicine and Rehabilitation, 2017, 98, e124.	0.5	0
29	Predictors of Positive Illicit Drug Tests After OEF/OIF Deployment Among Army Enlisted Service Members. Military Medicine, 2016, 181, 334-342.	0.4	7
30	Combat-Acquired Traumatic Brain Injury, Posttraumatic Stress Disorder, and Their Relative Associations With Postdeployment Binge Drinking. Journal of Head Trauma Rehabilitation, 2016, 31, 13-22.	1.0	22
31	Food insecurity in veteran households: findings from nationally representative data. Public Health Nutrition, 2016, 19, 1731-1740.	1.1	16
32	The Association of Combat Exposure With Postdeployment Behavioral Health Problems Among U.S. Army Enlisted Women Returning From Afghanistan or Iraq. Journal of Traumatic Stress, 2016, 29, 356-364.	1.0	21
33	The association of deployment and behavioral health problems with positive drug tests among Army members returning from Iraq or Afghanistan. Addiction Science & Clinical Practice, 2015, 10, .	1.2	0
34	Army Active Duty Members' Linkage to Veterans Health Administration Services After Deployments to Iraq or Afghanistan and Following Separation. Military Medicine, 2015, 180, 1052-1058.	0.4	11
35	Predictors of Army National Guard and Reserve Members' Use of Veteran Health Administration Health Care After Demobilizing From OEF/OIF Deployment. Military Medicine, 2014, 179, 1090-1098.	0.4	12
36	Complementary and Alternative Medicine Among Veterans and Military Personnel. Medical Care, 2014, 52, S83-S90.	1.1	16

#	ARTICLE	IF	CITATIONS
37	Missed Opportunity for Alcohol Problem Prevention Among Army Active Duty Service Members Postdeployment. <i>American Journal of Public Health</i> , 2014, 104, 1402-1412.	1.5	26
38	General and Specialist Health Care Utilization in Military Children of Army Service Members Who Are Deployed. , 2014, , 87-110.		4
39	Gender differences in substance use treatment utilization in the year prior to deployment in Army service members. <i>Journal of Substance Abuse Treatment</i> , 2013, 45, 257-265.	1.5	19
40	Randomized Trial of Web-Based Training to Promote Counselor Use of Cognitive Behavioral Therapy Skills in Client Sessions. <i>Substance Abuse</i> , 2013, 34, 179-187.	1.1	14
41	When Addiction Co-Occurs With Traumatic Brain Injury. <i>American Journal of Psychiatry</i> , 2013, 170, 351-354.	4.0	7
42	Rationale and Methods of the Substance Use and Psychological Injury Combat Study (SUPIC): A Longitudinal Study of Army Service Members Returning From Deployment in FY2008â€“2011. <i>Substance Use and Misuse</i> , 2013, 48, 863-879.	0.7	39
43	Traumatic Brain Injury Among US Active Duty Military Personnel and Negative Drinking-Related Consequences. <i>Substance Use and Misuse</i> , 2013, 48, 821-836.	0.7	18
44	Suicides Among Military Personnel. <i>JAMA - Journal of the American Medical Association</i> , 2013, 310, 2565.	3.8	6
45	Military Combat Deployments and Substance Use: Review and Future Directions. <i>Journal of Social Work Practice in the Addictions</i> , 2012, 12, 6-27.	0.4	79
46	Frequent Binge Drinking After Combat-Acquired Traumatic Brain Injury Among Active Duty Military Personnel With a Past Year Combat Deployment. <i>Journal of Head Trauma Rehabilitation</i> , 2012, 27, 349-360.	1.0	58
47	Alcohol Use After Combat-Acquired Traumatic Brain Injury: What We Know and Don't Know. <i>Journal of Social Work Practice in the Addictions</i> , 2012, 12, 28-51.	0.4	27
48	Association of Military Deployment of a Parent or Spouse and Changes in Dependent Use of Health Care Services. <i>Medical Care</i> , 2012, 50, 821-828.	1.1	27
49	Online self-administered training for post-traumatic stress disorder treatment providers: design and methods for a randomized, prospective intervention study. <i>Implementation Science</i> , 2012, 7, 43.	2.5	13
50	Sources of Biased Inference in Alcohol and Drug Services Research: An Instrumental Variable Approach. <i>Journal of Studies on Alcohol and Drugs</i> , 2012, 73, 144-153.	0.6	12
51	Chronic disease and recent addiction treatment utilization among alcohol and drug dependent adults. <i>Substance Abuse Treatment, Prevention, and Policy</i> , 2011, 6, 28.	1.0	8
52	Adopting Best Practices: Lessons Learned in the Collaborative Initiative to Help End Chronic Homelessness (CICH). <i>Journal of Behavioral Health Services and Research</i> , 2010, 37, 197-212.	0.6	25
53	Supportive Housing Approaches in the Collaborative Initiative to Help End Chronic Homelessness (CICH). <i>Journal of Behavioral Health Services and Research</i> , 2010, 37, 213-225.	0.6	34
54	Moving Empirically Supported Practices to Addiction Treatment Programs: Recruiting Supervisors to Help in Technology Transfer. <i>Substance Use and Misuse</i> , 2010, 45, 968-982.	0.7	15
