1	Triple P-Positive Parenting Program: towards an empirically validated multilevel parenting and family support strategy for the prevention of behavior and emotional problems in children. <i>Clinical Child and Family Psychology Review</i> , 1999, 2, 71-90.	4.5	882
2	The Triple P-Positive Parenting Program: A systematic review and meta-analysis of a multi-level system of parenting support. <i>Clinical Psychology Review</i> , 2014, 34, 337-357.	11.4	725
3	The Triple P-Positive Parenting Program: A comparison of enhanced, standard, and self-directed behavioral family intervention for parents of children with early onset conduct problems.. <i>Journal of Consulting and Clinical Psychology</i> , 2000, 68, 624-640.	2.0	712
4	Population-Based Prevention of Child Maltreatment: The U.S. Triple P System Population Trial. <i>Prevention Science</i> , 2009, 10, 1-12.	2.6	697
5	Development, Evaluation, and Multinational Dissemination of the Triple P-Positive Parenting Program. <i>Annual Review of Clinical Psychology</i> , 2012, 8, 345-379.	12.3	465
6	Triple P-Positive Parenting Program as a public health approach to strengthening parenting.. <i>Journal of Family Psychology</i> , 2008, 22, 506-517.	1.3	462
7	The relationship between maternal self-efficacy and parenting practices: implications for parent training. <i>Child: Care, Health and Development</i> , 2005, 31, 65-73.	1.7	379
8	The treatment of recurrent abdominal pain in children: A controlled comparison of cognitive-behavioral family intervention and standard pediatric care.. <i>Journal of Consulting and Clinical Psychology</i> , 1994, 62, 306-314.	2.0	348
9	The effects of the Triple P-Positive Parenting Program on preschool children with co-occurring disruptive behavior and attentional/hyperactive difficulties. <i>Journal of Abnormal Child Psychology</i> , 2002, 30, 571-587.	3.5	313
10	Stepping Stones Triple P: An RCT of a Parenting Program with Parents of a Child Diagnosed with an Autism Spectrum Disorder. <i>Journal of Abnormal Child Psychology</i> , 2009, 37, 469-480.	3.5	240
11	Predictors of care-giver stress in families of preschool-aged children with developmental disabilities. <i>Journal of Intellectual Disability Research</i> , 2007, 51, 109-124.	2.0	239
12	An Outcome Evaluation of the Implementation of the Triple P-Positive Parenting Program in Hong Kong. <i>Family Process</i> , 2003, 42, 531-544.	2.6	226
13	The development and dissemination of the Triple P-Positive Parenting Program: a multilevel, evidence-based system of parenting and family support. <i>Prevention Science</i> , 2002, 3, 173-189.	2.6	225
14	Marital discord and treatment outcome in behavioral treatment of child conduct disorders.. <i>Journal of Consulting and Clinical Psychology</i> , 1987, 55, 396-403.	2.0	219
15	A randomized controlled trial evaluating the efficacy of Triple P Online with parents of children with early-onset conduct problems. <i>Behaviour Research and Therapy</i> , 2012, 50, 675-684.	3.1	192
16	Does parental attributional retraining and anger management enhance the effects of the triple P-positive parenting program with parents at risk of child maltreatment?. <i>Behavior Therapy</i> , 2004, 35, 513-535.	2.4	184
17	Prevention of Child Behavior Problems Through Universal Implementation of a Group Behavioral Family Intervention. <i>Prevention Science</i> , 2005, 6, 287-304.	2.6	183
18	Can skills training prevent relationship problems in at-risk couples? Four-year effects of a behavioral relationship education program.. <i>Journal of Family Psychology</i> , 2001, 15, 750-768.	1.3	179

#	ARTICLE	IF	CITATIONS
19	The Promotion of Self-Regulation Through Parenting Interventions. <i>Clinical Child and Family Psychology Review</i> , 2013, 16, 1-17.	4.5	178
20	The triple P-positive parenting program: a comparison of enhanced, standard, and self-directed behavioral family intervention for parents of children with early onset conduct problems. <i>Journal of Consulting and Clinical Psychology</i> , 2000, 68, 624-40.	2.0	178
21	Treatment of depressed mothers with disruptive children: A controlled evaluation of cognitive behavioral family intervention. <i>Behavior Therapy</i> , 2000, 31, 89-112.	2.4	177
22	Self-Directed Behavioral Family Intervention for Parents of Oppositional Children in Rural and Remote Areas. <i>Behavior Modification</i> , 1997, 21, 379-408.	1.6	175
23	Behavioral Family Intervention for Children With Developmental Disabilities and Behavioral Problems. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2006, 35, 180-193.	3.4	175
24	Cognitive-behavioral treatment of recurrent nonspecific abdominal pain in children: An analysis of generalization, maintenance, and side effects.. <i>Journal of Consulting and Clinical Psychology</i> , 1989, 57, 294-300.	2.0	174
25	Randomised clinical trial of a family-based lifestyle intervention for childhood obesity involving parents as the exclusive agents of change. <i>Behaviour Research and Therapy</i> , 2010, 48, 1170-1179.	3.1	163
26	Every Family: A Population Approach to Reducing Behavioral and Emotional Problems in Children Making the Transition to School. <i>Journal of Primary Prevention</i> , 2008, 29, 197-222.	1.6	160
27	Using Consumer Preference Information to Increase the Reach and Impact of Media-Based Parenting Interventions in a Public Health Approach to Parenting Support. <i>Behavior Therapy</i> , 2012, 43, 257-270.	2.4	157
28	Children with persistent feeding difficulties: An observational analysis of the feeding interactions of problem and non-problem eaters.. <i>Health Psychology</i> , 1993, 12, 64-73.	1.6	155
29	The Mass Media and the Prevention of Child Behavior Problems: The Evaluation of a Television Series to Promote Positive Outcomes for Parents and Their Children. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2000, 41, 939-948.	5.2	152
30	Adopting a population-level approach to parenting and family support interventions. <i>Clinical Psychology Review</i> , 2007, 27, 739-749.	11.4	148
31	Help When It's Needed First: A Controlled Evaluation of Brief, Preventive Behavioral Family Intervention in a Primary Care Setting. <i>Behavior Therapy</i> , 2006, 37, 131-142.	2.4	147
32	Dissemination of evidence-based parenting and family support strategies: Learning from the Triple P's Positive Parenting Program system approach. <i>Aggression and Violent Behavior</i> , 2006, 11, 176-193.	2.1	146
33	Reducing problem behavior during care-giving in families of preschool-aged children with developmental disabilities. <i>Research in Developmental Disabilities</i> , 2007, 28, 362-385.	2.2	145
34	The efficacy of the Triple P-Positive Parenting Program in improving parenting and child behavior: A comparison with two other treatment conditions. <i>Behaviour Research and Therapy</i> , 2008, 46, 411-427.	3.1	145
35	A Review of Parenting Programs in Developing Countries: Opportunities and Challenges for Preventing Emotional and Behavioral Difficulties in Children. <i>Clinical Child and Family Psychology Review</i> , 2012, 15, 163-175.	4.5	145
36	The Role of Parents, Parenting and the Family Environment in Children's Post-Disaster Mental Health. <i>Current Psychiatry Reports</i> , 2016, 18, 53.	4.5	143
