

Bradley Doebbeling

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/8858417/bradley-doebbeling-publications-by-year.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
147	Aging through the time of COVID-19: a survey of self-reported healthcare access.. <i>BMC Health Services Research</i> , 2021 , 21, 1355	2.9	3
146	Study of EHR-mediated workflows using ethnography and process mining methods. <i>Health Informatics Journal</i> , 2021 , 27, 14604582211008210	3	0
145	A micro-analytic approach to understanding electronic health record navigation paths. <i>Journal of Biomedical Informatics</i> , 2020 , 110, 103566	10.2	2
144	A Task-Analytic Framework Comparing Preoperative Electronic Health Record-Mediated Nursing Workflow in Different Settings. <i>CIN - Computers Informatics Nursing</i> , 2020 , 38, 294-302	1.4	6
143	Dashboards to Support Operational Decision Making in Health Centers: A Case for Role-Specific Design. <i>International Journal of Human-Computer Interaction</i> , 2019 , 35, 742-750	3.6	6
142	Large-Scale Data Mining to Optimize Patient-Centered Scheduling at Health Centers.. <i>Journal of Healthcare Informatics Research</i> , 2019 , 3, 1-18	4	
141	Data Analytics and Modeling for Appointment No-show in Community Health Centers. <i>Journal of Primary Care and Community Health</i> , 2018 , 9, 2150132718811692	2.1	34
140	Using a Positive Deviance Approach to Influence the Culture of Patient Safety Related to Infection Prevention. <i>Open Forum Infectious Diseases</i> , 2018 , 5, ofy231	1	13
139	Identifying Successful Practices to Overcome Access to Care Challenges in Community Health Centers: A "Positive Deviance" Approach. <i>Health Services Research and Managerial Epidemiology</i> , 2018 , 5, 2333392817743406	1.4	5
138	Designing Colorectal Cancer Screening Decision Support: A Cognitive Engineering Enterprise. <i>Journal of Cognitive Engineering and Decision Making</i> , 2016 , 10, 74-90	2.5	9
137	A ubiquitous situation-aware data visualization dashboard to reduce ICU clinician cognitive load 2015 ,		4
136	Utility of a brief screening tool for medication-related problems. <i>Research in Social and Administrative Pharmacy</i> , 2015 , 11, 253-64	2.9	8
135	Applying human factors principles to alert design increases efficiency and reduces prescribing errors in a scenario-based simulation. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2014 , 21, e287-96	8.6	89
134	Sources of variation in primary care clinical workflow: implications for the design of cognitive support. <i>Health Informatics Journal</i> , 2014 , 20, 35-49	3	21
133	A regional informatics platform for coordinated antibiotic-resistant infection tracking, alerting, and prevention. <i>Clinical Infectious Diseases</i> , 2013 , 57, 254-62	11.6	17
132	Paper- and computer-based workarounds to electronic health record use at three benchmark institutions. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2013 , 20, e59-66	8.6	58
131	The next-generation electronic health record: perspectives of key leaders from the US Department of Veterans Affairs. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2013 , 20, e175-7	8.6	34

130	Prescribers' interactions with medication alerts at the point of prescribing: A multi-method, in situ investigation of the human-computer interaction. <i>International Journal of Medical Informatics</i> , 2012 , 81, 232-43	5.3	57
129	Reducing health care-associated infections (HAIs): lessons learned from a national collaborative of regional HAI programs. <i>American Journal of Infection Control</i> , 2012 , 40, 29-34	3.8	32
128	The challenge of methicillin-resistant <i>Staphylococcus aureus</i> prevention in hemodialysis therapy. <i>Seminars in Dialysis</i> , 2012 , 25, 42-9	2.5	18
127	Facilitators and barriers to clinical practice guideline use among nurses. <i>American Journal of Nursing</i> , 2012 , 112, 26-35; quiz 46,36	0.6	63
126	A national collaborative for reducing health care-associated infections: current initiatives, challenges, and opportunities. <i>American Journal of Infection Control</i> , 2011 , 39, 685-689	3.8	22
125	Emerging perspectives on transforming the healthcare system: redesign strategies and a call for needed research. <i>Medical Care</i> , 2011 , 49 Suppl, S59-64	3.1	11
124	Quality measurement and system change of cancer care delivery. <i>Medical Care</i> , 2011 , 49 Suppl, S21-7	3.1	5
123	Lessons from the field: the essential elements for point-of-care transformation. <i>Medical Care</i> , 2011 , 49 Suppl, S49-58	3.1	13
122	Emerging perspectives on transforming the healthcare system: key conceptual issues. <i>Medical Care</i> , 2011 , 49 Suppl, S3-5	3.1	6
121	Paper persistence, workarounds, and communication breakdowns in computerized consultation management. <i>International Journal of Medical Informatics</i> , 2011 , 80, 466-79	5.3	82
120	Redesign of a computerized clinical reminder for colorectal cancer screening: a human-computer interaction evaluation. <i>BMC Medical Informatics and Decision Making</i> , 2011 , 11, 74	3.6	17
119	Implementing the MRSA bundle in ICUs: one citywide collaborative's key lessons learned. <i>Infection Control and Hospital Epidemiology</i> , 2011 , 32, 918-21	2	5
118	Implementation of evidence-based practices: Applying a goal commitment framework. <i>Health Care Management Review</i> , 2011 , 36, 4-17	2.4	18
117	Provision of psychosocial care for cancer patients: service delivery in urban and rural settings. <i>Journal of Primary Care and Community Health</i> , 2011 , 2, 220-4	2.1	5
116	A US-UK comparison of health in 1990-1991 Gulf War veterans. <i>Occupational Medicine</i> , 2011 , 61, 483-9	2.1	4
115	Improving the Implementation of Evidence-Based Practice and Information Systems in Healthcare. <i>International Journal of Healthcare Information Systems and Informatics</i> , 2011 , 6, 37-59	1.1	3
114	Healthcare Team Vitality Instrument (HTVI): developing a tool assessing healthcare team functioning. <i>Journal of Advanced Nursing</i> , 2010 , 66, 168-76	3.1	26
113	Impact of clinical reminder redesign on physicians' priority decisions. <i>Applied Clinical Informatics</i> , 2010 , 1, 466-85	3.1	3

112	Electronic health information in use: Characteristics that support employee workflow and patient care. <i>Health Informatics Journal</i> , 2010 , 16, 287-305	3	24
111	Understanding nurse manager stress and work complexity: factors that make a difference. <i>Journal of Nursing Administration</i> , 2010 , 40, 82-91	1.6	85
110	The state of the art in clinical knowledge management: an inventory of tools and techniques. <i>International Journal of Medical Informatics</i> , 2010 , 79, 44-57	5.3	76
109	Exploring the persistence of paper with the electronic health record. <i>International Journal of Medical Informatics</i> , 2009 , 78, 618-28	5.3	98
108	The effect of provider- and workflow-focused strategies for guideline implementation on provider acceptance. <i>Implementation Science</i> , 2009 , 4, 71	8.4	26
107	Evaluation of a physician informatics tool to improve patient handoffs. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2009 , 16, 509-15	8.6	62
106	On Improving Provider Decision Making with Enhanced Computerized Clinical Reminders. <i>Lecture Notes in Computer Science</i> , 2009 , 569-577	0.9	1
105	Structural and process factors affecting the implementation of antimicrobial resistance prevention and control strategies in U.S. hospitals. <i>Health Care Management Review</i> , 2008 , 33, 308-22	2.4	12
104	An evaluation of the Veterans Health Administration's clinical reminders system: a national survey of generalists. <i>Journal of General Internal Medicine</i> , 2008 , 23, 392-8	4	28
103	Chronic widespread pain in veterans of the first Gulf War: impact of deployment status and associated health effects. <i>Journal of Pain</i> , 2007 , 8, 954-61	5.2	20
102	Credibility of neuropsychological performances of Persian Gulf War veterans and military control subjects participating in clinical epidemiological research. <i>Military Medicine</i> , 2007 , 172, 697-707	1.3	5
101	Acetylcholinesterase activity in veterans of the first Gulf War. <i>Journal of Investigative Medicine</i> , 2007 , 55, 360-7	2.9	4
100	Applying systems engineering principles in improving health care delivery. <i>Journal of General Internal Medicine</i> , 2007 , 22 Suppl 3, 431-7	4	61
99	Information technology to support improved care for chronic illness. <i>Journal of General Internal Medicine</i> , 2007 , 22 Suppl 3, 425-30	4	49
98	Facility-level factors influencing chronic heart failure care process performance in a national integrated health delivery system. <i>Medical Care</i> , 2007 , 45, 28-45	3.1	11
97	Health services use among Gulf War veterans and Gulf War era nondeployed veterans: a large population-based survey. <i>American Journal of Public Health</i> , 2007 , 97, 2145-8	5.1	4
96	Development and validation of measures to assess prevention and control of AMR in hospitals. <i>Medical Care</i> , 2007 , 45, 537-44	3.1	7
95	Abnormal personality and the mood and anxiety disorders: implications for structural models of anxiety and depression. <i>Journal of Anxiety Disorders</i> , 2007 , 21, 526-39	10.9	44

94	Dependability and Security in Medical Information System. <i>Lecture Notes in Computer Science</i> , 2007 , 549-558	5	
93	Antimicrobial use control measures to prevent and control antimicrobial resistance in US hospitals. <i>Infection Control and Hospital Epidemiology</i> , 2006 , 27, 1088-95	2	43
92	Clinical practice guidelines and organizational adaptation: a framework for analyzing economic effects. <i>International Journal of Technology Assessment in Health Care</i> , 2006 , 22, 58-66	1.8	10
91	Predictors of incident chronic widespread pain among veterans following the first Gulf War. <i>Clinical Journal of Pain</i> , 2006 , 22, 554-63	3.5	23
90	Borderline personality disorder and traits in veterans: psychiatric comorbidity, healthcare utilization, and quality of life along a continuum of severity. <i>CNS Spectrums</i> , 2006 , 11, 680-9; quiz 719	1.8	30
89	Priorities and strategies for the implementation of integrated informatics and communications technology to improve evidence-based practice. <i>Journal of General Internal Medicine</i> , 2006 , 21 Suppl 2, S50-7	4	28
88	Implementation of strategies to prevent and control the emergence and spread of antimicrobial-resistant microorganisms in U.S. hospitals. <i>Infection Control and Hospital Epidemiology</i> , 2005 , 26, 21-30	2	17
87	Variation in the use of procedures to monitor antimicrobial resistance in U.S. hospitals. <i>Infection Control and Hospital Epidemiology</i> , 2005 , 26, 31-8	2	7
86	VA QUERI informatics paper: information technology for clinical guideline implementation: perceptions of multidisciplinary stakeholders. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2005 , 12, 64-71	8.6	51
85	Relationship between hypochondriacal concerns and personality dimensions and traits in a military population. <i>Journal of Nervous and Mental Disease</i> , 2005 , 193, 110-8	1.8	30
84	Psychometric evaluation of the restructured clinical scales of the MMPI-2. <i>Psychological Assessment</i> , 2005 , 17, 345-58	5.3	77
83	Provider adherence to COPD guidelines: relationship to organizational factors. <i>Journal of Evaluation in Clinical Practice</i> , 2005 , 11, 379-87	2.5	15
82	Identifying barriers to the effective use of clinical reminders: bootstrapping multiple methods. <i>Journal of Biomedical Informatics</i> , 2005 , 38, 189-99	10.2	99
81	Mental health comorbidity patterns and impact on quality of life among veterans serving during the first Gulf War. <i>Quality of Life Research</i> , 2005 , 14, 2303-14	3.7	22
80	Incarceration and veterans of the first Gulf War. <i>Military Medicine</i> , 2005 , 170, 612-8	1.3	29
79	Classifying the effectiveness of Veterans Affairs guideline implementation approaches. <i>American Journal of Medical Quality</i> , 2004 , 19, 248-54	1.1	9
78	Antimicrobial resistance trends and outbreak frequency in United States hospitals. <i>Clinical Infectious Diseases</i> , 2004 , 38, 78-85	11.6	220
77	Critical incidents of nonadherence with standard precautions guidelines among community hospital-based health care workers. <i>Journal of General Internal Medicine</i> , 2004 , 19, 726-31	4	41

76	Getting funded. Career development awards for aspiring clinical investigators. <i>Journal of General Internal Medicine</i> , 2004 , 19, 472-8	4	11
75	Does patient-centered care improve provision of preventive services?. <i>Journal of General Internal Medicine</i> , 2004 , 19, 1019-26	4	59
74	Life span and repeated violence against women during military service: effects on health status and outpatient utilization. <i>Journal of Women's Health</i> , 2004 , 13, 799-811	3	94
73	Factors promoting consistent adherence to safe needle precautions among hospital workers. <i>Infection Control and Hospital Epidemiology</i> , 2004 , 25, 548-55	2	45
72	Are United States hospitals following national guidelines for the analysis and presentation of cumulative antimicrobial susceptibility data?. <i>Diagnostic Microbiology and Infectious Disease</i> , 2004 , 49, 141-5	2.9	31
71	Risk factors for hypochondriacal concerns in a sample of military veterans. <i>Journal of Psychosomatic Research</i> , 2004 , 57, 529-39	4.1	20
70	Occurrence of cancer among people with mental health claims in an insured population. <i>Psychosomatic Medicine</i> , 2004 , 66, 735-43	3.7	14
69	Physician process and patient outcome measures for diabetes care: relationships to organizational characteristics. <i>Medical Care</i> , 2004 , 42, 840-50	3.1	39
68	Gulf War veterans with anxiety: prevalence, comorbidity, and risk factors. <i>Epidemiology</i> , 2004 , 15, 135-42	3.1	49
67	Prognostic factors for mortality following interhospital transfers to the medical intensive care unit of a tertiary referral center. <i>Critical Care Medicine</i> , 2003 , 31, 1981-6	1.4	141
66	Relationship between depression and pancreatic cancer in the general population. <i>Psychosomatic Medicine</i> , 2003 , 65, 884-8	3.7	46
65	Women in the Gulf War: Combat Experience, Exposures, and Subsequent Health Care Use. <i>Military Medicine</i> , 2003 , 168, 654-661	1.3	48
64	Factors associated with women's risk of rape in the military environment. <i>American Journal of Industrial Medicine</i> , 2003 , 43, 262-73	2.7	133
63	Lessons regarding percutaneous injuries among healthcare providers. <i>Infection Control and Hospital Epidemiology</i> , 2003 , 24, 82-5	2	9
62	Effectiveness of a nationally implemented smoking cessation guideline on provider and patient practices. <i>Preventive Medicine</i> , 2003 , 36, 265-71	4.3	21
61	Percutaneous injury, blood exposure, and adherence to standard precautions: are hospital-based health care providers still at risk?. <i>Clinical Infectious Diseases</i> , 2003 , 37, 1006-13	11.6	122
60	What factors influence provider knowledge of a congestive heart failure guideline in a national health care system?. <i>American Journal of Medical Quality</i> , 2003 , 18, 122-7	1.1	12
59	Exposures to the Kuwait oil fires and their association with asthma and bronchitis among gulf war veterans. <i>Environmental Health Perspectives</i> , 2002 , 110, 1141-6	8.4	42

58	Physician knowledge, attitudes and practices regarding a widely implemented guideline. <i>Journal of Evaluation in Clinical Practice</i> , 2002 , 8, 155-62	2.5	59
57	Health-related quality of life in Gulf War era military personnel. <i>American Journal of Epidemiology</i> , 2002 , 155, 899-907	3.8	51
56	Prevalence of symptoms and symptom-based conditions among Gulf War veterans: current status of research findings. <i>Epidemiologic Reviews</i> , 2002 , 24, 218-27	4.1	64
55	Benchmarking Veterans Affairs Medical Centers in the delivery of preventive health services: comparison of methods. <i>Medical Care</i> , 2002 , 40, 540-54	3.1	32
54	Organizational predictors of adherence to ambulatory care screening guidelines. <i>Medical Care</i> , 2002 , 40, 1172-85	3.1	37
53	Receipt of clinical preventive medical services among psychiatric patients. <i>Psychiatric Services</i> , 2002 , 53, 1028-30	3.3	41
52	Posttraumatic stress disorder and self-reported physical health status among U.S. Military personnel serving during the Gulf War period: a population-based study. <i>Psychosomatics</i> , 2002 , 43, 195-205	2.6	139
51	Methodologic issues in a population-based health survey of Gulf War veterans. <i>Journal of Clinical Epidemiology</i> , 2002 , 55, 477-87	5.7	25
50	Confirmatory factor analyses of posttraumatic stress symptoms in deployed and nondeployed veterans of the Gulf War. <i>Journal of Abnormal Psychology</i> , 2002 , 111, 637-47	7	166
49	Accuracy of health-related quality of life assessment: What is the benefit of incorporating patients' preferences for domain functioning?. <i>Health Psychology</i> , 2001 , 20, 136-140	5	10
48	The military environment: risk factors for women's non-fatal assaults. <i>Journal of Occupational and Environmental Medicine</i> , 2001 , 43, 325-34	2	29
47	The validity of the clinical signs and symptoms used to identify localized chronic wound infection. <i>Wound Repair and Regeneration</i> , 2001 , 9, 178-86	3.6	276
46	Use of complementary and alternative medicine by older patients with arthritis: a population-based study. <i>Arthritis and Rheumatism</i> , 2001 , 45, 398-403		59
45	Monitoring adherence to Standard Precautions. <i>American Journal of Infection Control</i> , 2001 , 29, 24-31	3.8	39
44	Hospital bloodborne pathogens programs: program characteristics and blood and body fluid exposure rates. <i>Infection Control and Hospital Epidemiology</i> , 2001 , 22, 73-82	2	41
43	Multiple chemical sensitivity syndrome: symptom prevalence and risk factors in a military population. <i>Archives of Internal Medicine</i> , 2000 , 160, 1169-76		56
42	Is there a Persian Gulf War syndrome? Evidence from a large population-based survey of veterans and nondeployed controls. <i>American Journal of Medicine</i> , 2000 , 108, 695-704	2.4	100
41	Health-related consequences of physical and sexual violence: women in the military. <i>Obstetrics and Gynecology</i> , 2000 , 96, 473-80	4.9	105

40	Self-reported postwar injuries among Gulf War veterans. <i>Public Health Reports</i> , 2000 , 115, 346-9	2.5	10
39	Comparing hospitals. <i>New England Journal of Medicine</i> , 1999 , 340, 2006-7; author reply 2007	59.2	2
38	Influenza and pneumococcal vaccine receipt in older persons with chronic disease: a population-based study. <i>Medical Care</i> , 1999 , 37, 502-9	3.1	47
37	Linked insurance-tumor registry database for health services research. <i>Medical Care</i> , 1999 , 37, 1105-15	3.1	37
36	Quality of life and health-services utilization in a population-based sample of military personnel reporting multiple chemical sensitivities. <i>Journal of Occupational and Environmental Medicine</i> , 1999 , 41, 928-33	2	23
35	Arthritis health service utilization among the elderly: the role of urban-rural residence and other utilization factors. <i>Arthritis and Rheumatism</i> , 1998 , 11, 177-85		19
34	Psychiatrists and internists' knowledge and attitudes about delivery of clinical preventive medical services. <i>Psychiatric Services</i> , 1998 , 49, 1594-600	3.3	21
33	Variation in tertiary prevention and health service utilization among the elderly: the role of urban-rural residence and supplemental insurance. <i>Medical Care</i> , 1998 , 36, 965-76	3.1	24
32	Frontiers of occupational health. New vaccines, new prophylactic regimens, and management of the HIV-infected worker. <i>Infectious Disease Clinics of North America</i> , 1997 , 11, 313-29	6.5	10
31	Influenza vaccination of health care workers: evaluation of factors that are important in acceptance. <i>Preventive Medicine</i> , 1997 , 26, 68-77	4.3	80
30	Self-reported illness and health status among Gulf War veterans. A population-based study. The Iowa Persian Gulf Study Group. <i>JAMA - Journal of the American Medical Association</i> , 1997 , 277, 238-245	27.4	280
29	Student health policies of U.S. medical schools. <i>Academic Medicine</i> , 1996 , 71, 1090-2	3.9	6
28	Costs of nosocomial infections. <i>Current Opinion in Infectious Diseases</i> , 1996 , 9, 286-290	5.4	5
27	Blood and body fluid exposures during clinical training: relation to knowledge of universal precautions. <i>Journal of General Internal Medicine</i> , 1996 , 11, 109-11	4	19
26	Predictors of hepatitis B vaccine acceptance in health care workers. <i>Medical Care</i> , 1996 , 34, 58-72	3.1	31
25	Motivation for hepatitis B vaccine acceptance among medical and physician assistant students. <i>Journal of General Internal Medicine</i> , 1995 , 10, 1-6	4	7
24	Familial carriage of methicillin-resistant <i>Staphylococcus aureus</i> and subsequent infection in a premature neonate. <i>Clinical Infectious Diseases</i> , 1995 , 21, 328-32	11.6	83
23	Universal precautions training of preclinical students: impact on knowledge, attitudes, and compliance. <i>Preventive Medicine</i> , 1995 , 24, 580-5	4.3	30

22	The worldwide prevalence of methicillin-resistant <i>Staphylococcus aureus</i> . <i>International Journal of Antimicrobial Agents</i> , 1995 , 5, 101-6	14.3	119
21	Investigation of <i>Candida albicans</i> transmission in a surgical intensive care unit cluster by using genomic DNA typing methods. <i>Journal of Clinical Microbiology</i> , 1995 , 33, 576-80	9.7	56
20	<i>Candida tropicalis</i> vertebral osteomyelitis: a late sequela of fungemia. <i>Clinical Infectious Diseases</i> , 1994 , 19, 697-703	11.6	54
19	Investigation of the sequence of colonization and candidemia in nonneutropenic patients. <i>Journal of Clinical Microbiology</i> , 1994 , 32, 975-80	9.7	166
18	Long-term efficacy of intranasal mupirocin ointment. A prospective cohort study of <i>Staphylococcus aureus</i> carriage. <i>Archives of Internal Medicine</i> , 1994 , 154, 1505-1508		27
17	Outbreak of <i>Pseudomonas aeruginosa</i> infections in a surgical intensive care unit: probable transmission via hands of a health care worker. <i>Clinical Infectious Diseases</i> , 1993 , 16, 372-6	11.6	109
16	Comparison of pulsed-field gel electrophoresis with isoenzyme profiles as a typing system for <i>Candida tropicalis</i> . <i>Clinical Infectious Diseases</i> , 1993 , 16, 377-83	11.6	63
15	Elimination of <i>Staphylococcus aureus</i> nasal carriage in health care workers: analysis of six clinical trials with calcium mupirocin ointment. The Mupirocin Collaborative Study Group. <i>Clinical Infectious Diseases</i> , 1993 , 17, 466-74	11.6	147
14	An outbreak of hepatitis A among health care workers: risk factors for transmission. <i>American Journal of Public Health</i> , 1993 , 83, 1679-84	5.1	44
13	Transferrin and lactoferrin undergo proteolytic cleavage in the <i>Pseudomonas aeruginosa</i> -infected lungs of patients with cystic fibrosis. <i>Infection and Immunity</i> , 1993 , 61, 5049-55	3.7	119
12	Comparative efficacy of alternative hand-washing agents in reducing nosocomial infections in intensive care units. <i>New England Journal of Medicine</i> , 1992 , 327, 88-93	59.2	403
11	Restriction endonuclease analysis of <i>Staphylococcus aureus</i> plasmid DNA from three continents. <i>European Journal of Clinical Microbiology and Infectious Diseases</i> , 1992 , 11, 4-8	5.3	17
10	Elimination of coincident <i>Staphylococcus aureus</i> nasal and hand carriage with intranasal application of mupirocin calcium ointment. <i>Annals of Internal Medicine</i> , 1991 , 114, 101-6	8	232
9	Restriction fragment analysis of a <i>Candida tropicalis</i> outbreak of sternal wound infections. <i>Journal of Clinical Microbiology</i> , 1991 , 29, 1268-70	9.7	54
8	Comparative in vitro activity of the new quinolone sparfloxacin (CI-978, AT-4140) against nosocomial gram-negative bloodstream isolates. <i>European Journal of Clinical Microbiology and Infectious Diseases</i> , 1990 , 9, 298-301	5.3	11
7	Pertussis in an adult man infected with the human immunodeficiency virus. <i>Journal of Infectious Diseases</i> , 1990 , 161, 1296-8	7	31
6	The direct costs of universal precautions in a teaching hospital. <i>JAMA - Journal of the American Medical Association</i> , 1990 , 264, 2083-2087	27.4	24
5	Nosocomial <i>Legionella micdadei</i> pneumonia: 10 years experience and a case-control study. <i>Journal of Hospital Infection</i> , 1989 , 13, 289-98	6.9	24

4	Spontaneous streptococcal gangrenous myositis: survival with early debridement. <i>Southern Medical Journal</i> , 1989 , 82, 900-2	0.6	12
