#	ARTICLE	IF	CITATIONS
1	Petrography and provenance of the Early Miocene Murree Formation, Himalayan Foreland Basin, Muzaffarabad, Pakistan. <i>Journal of Asian Earth Sciences</i> , 2018, 162, 25-40.	1.0	26
2	Detrital apatite fission track constraints on Cenozoic tectonic evolution of the northeastern Qinghai-Tibet Plateau, China: Evidence from Cenozoic strata in Lulehe section, Northern Qaidam Basin. <i>Journal of Mountain Science</i> , 2018, 15, 532-547.	0.8	12
3	Variations in rare earth elements with environmental factors in lake surface sediments from 17 lakes in western China. <i>Journal of Mountain Science</i> , 2021, 18, 1811-1822.	0.8	7
4	Lithological and environmental controls on large tafoni along conglomerate cliffs in subtropic humid Danxiashan UNESCO Global Geopark. <i>Journal of Mountain Science</i> , 2021, 18, 1131-1143.	0.8	6
5	Petrography, geochemistry and provenance of the sediments of the Early Cretaceous Yanguoxia Formation, Lanzhou-Minhe Basin, Northwest China. <i>Journal of Mountain Science</i> , 2018, 15, 2068-2088.	0.8	2
6	Zircon U-Pb dating, whole-rock and Sr-Nd isotope geochemistry of the Reshian granite gneiss of Indian Shield in Jhelum Valley, Lesser Himalayas (Azad Kashmir, Pakistan). <i>Arabian Journal of Geosciences</i> , 2019, 12, 1.	0.6	2
7	Petrogenesis and Geochronology of Tianshui Granites from Western Qinling Orogen, Central China: Implications for Caledonian and Indosinian Orogenies on the Asian Plate. <i>Minerals (Basel)</i> . Tj ETQq1 1 0.784314 rgBTs Overlock 10 Tf 50	0.784314	10
8	Influences of environmental factors on the modern ¹⁴ C reservoir effects in Qinghai-Tibet Plateau lakes. <i>Journal of Mountain Science</i> , 2021, 18, 3179.	0.8	0
9	East Asian summer monsoon changes in subtropical China since late Pleistocene: Evidence from the Ailuropoda-Stegodon fauna. <i>Journal of Mountain Science</i> , 2022, 19, 418-432.	0.8	0
