

# Brian S Diggs

## List of Publications by Year in Descending Order

**Source:** <https://exaly.com/author-pdf/8897833/brian-s-diggs-publications-by-year.pdf>

**Version:** 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

90  
papers

3,422  
citations

#	Paper	IF	Citations
90	Evolution in the Treatment of Esophageal Disease at a Single Academic Institution: 2004-2013. <i>Journal of Laparoendoscopic and Advanced Surgical Techniques - Part A</i> , <b>2017</b> , 27, 915-923	2.1	7
89	Twenty-year trends in the utilization of Heller myotomy for achalasia in the United States. <i>American Journal of Surgery</i> , <b>2017</b> , 214, 299-302	2.7	5
88	Major bile duct injury requiring operative reconstruction after laparoscopic cholecystectomy: a follow-on study. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2016</b> , 30, 1839-46	5.2	27
87	The Global Burden of Esophageal Cancer: A Disability-Adjusted Life-Year Approach. <i>World Journal of Surgery</i> , <b>2016</b> , 40, 395-401	3.3	54
86	Does surgery residency prepare residents to work at critical access hospitals?. <i>American Journal of Surgery</i> , <b>2015</b> , 209, 828-32; discussion 832-3	2.7	12
85	Abnormal myocardial blood flow in children with mild/moderate aortic stenosis. <i>Cardiology in the Young</i> , <b>2015</b> , 25, 1358-66	1	4
84	Molecular Marker Expression Is Highly Heterogeneous in Esophageal Adenocarcinoma and Does Not Predict a Response to Neoadjuvant Therapy. <i>Journal of Gastrointestinal Surgery</i> , <b>2015</b> , 19, 2105-10	3.3	8
83	Merkel cell carcinoma: what makes a difference?. <i>American Journal of Surgery</i> , <b>2015</b> , 209, 342-6	2.7	13
82	Biliary dyskinesia: a surgical disease rarely found outside the United States. <i>American Journal of Surgery</i> , <b>2015</b> , 209, 799-803; discussion 803	2.7	25
81	Efficacy of transoral fundoplication vs omeprazole for treatment of regurgitation in a randomized controlled trial. <i>Gastroenterology</i> , <b>2015</b> , 148, 324-333.e5	13.3	132
80	Increasing the number of lymph nodes examined after colectomy does not improve colon cancer staging. <i>Journal of the American College of Surgeons</i> , <b>2014</b> , 218, 1004-11	4.4	25
79	Reducing the rate of catheter-associated bloodstream infections in a surgical intensive care unit using the Institute for Healthcare Improvement Central Line Bundle. <i>American Journal of Surgery</i> , <b>2014</b> , 207, 817-23	2.7	42
78	Surgical portosystemic shunts in the era of TIPS and liver transplantation are still relevant. <i>Hpb</i> , <b>2014</b> , 16, 481-93	3.8	15
77	A predictive model of early mortality in trauma patients. <i>American Journal of Surgery</i> , <b>2014</b> , 207, 642-7; discussion 647	2.7	12
76	Overall survival analysis of neoadjuvant chemoradiotherapy and esophagectomy for esophageal cancer. <i>Journal of Gastrointestinal Oncology</i> , <b>2014</b> , 5, 86-91	2.8	8
75	Impact of comorbidity on outcomes and overall survival after open and minimally invasive esophagectomy for locally advanced esophageal cancer. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2013</b> , 27, 4094-103	5.2	52
74	Laparoscopic colectomy reduces morbidity and mortality in obese patients. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2013</b> , 27, 2907-10	5.2	19

73	Stage III & IV colon and rectal cancers share a similar genetic profile: a review of the Oregon Colorectal Cancer Registry. <i>American Journal of Surgery</i> , <b>2013</b> , 205, 608-12; discussion 612	2.7	8
72	Mechanical circulatory support pathways that maximize post-heart transplant survival. <i>Annals of Thoracic Surgery</i> , <b>2013</b> , 95, 480-5; discussion 485	2.7	32
71	A cross-sectional analysis of the prevalence of Barrett esophagus in otolaryngology patients with laryngeal symptoms. <i>Journal of Clinical Gastroenterology</i> , <b>2013</b> , 47, 762-8	3	11
70	Management of the open abdomen during the global war on terror. <i>JAMA Surgery</i> , <b>2013</b> , 148, 59-64	5.4	7
69	Realistic distractions and interruptions that impair simulated surgical performance by novice surgeons. <i>Archives of Surgery</i> , <b>2012</b> , 147, 1026-30		55
68	Impact of single-ventricle physiology on death after heart transplantation in adults with congenital heart disease. <i>Annals of Thoracic Surgery</i> , <b>2012</b> , 94, 1281-7; discussion 1287-8	2.7	36
67	Systemic inflammation and insulin sensitivity in obese IFN- $\gamma$ knockout mice. <i>Metabolism: Clinical and Experimental</i> , <b>2012</b> , 61, 1152-61	12.7	112
66	Complications nearly double the cost of care after pancreaticoduodenectomy. <i>American Journal of Surgery</i> , <b>2012</b> , 204, 332-8	2.7	84
65	Use and outcomes of emergent laparoscopic resection for acute diverticulitis. <i>American Journal of Surgery</i> , <b>2012</b> , 203, 639-643	2.7	18
64	Effect of surgical approach on 30-day mortality and morbidity after elective colectomy: a NSQIP study. <i>Journal of Gastrointestinal Surgery</i> , <b>2012</b> , 16, 1212-7	3.3	23
63	Predicting malignant intraductal papillary mucinous neoplasm: a single-center review. <i>American Journal of Surgery</i> , <b>2011</b> , 201, 575-9	2.7	18
62	Laparoscopic converted to open colectomy: predictors and outcomes from the Nationwide Inpatient Sample. <i>American Journal of Surgery</i> , <b>2011</b> , 201, 634-9	2.7	26
61	A predictive model for mortality in massively transfused trauma patients. <i>Journal of Trauma</i> , <b>2011</b> , 71, S370-4		16
60	Utilization of laparoscopic colectomy in the United States before and after the clinical outcomes of surgical therapy study group trial. <i>Annals of Surgery</i> , <b>2011</b> , 254, 281-8	7.8	64
59	Effect of high product ratio massive transfusion on mortality in blunt and penetrating trauma patients. <i>Journal of Trauma</i> , <b>2011</b> , 71, S353-7		30
58	Profoundly abnormal initial physiologic and biochemical data cannot be used to determine futility in massively transfused trauma patients. <i>Journal of Trauma</i> , <b>2011</b> , 71, S364-9		13
57	Specific abbreviated injury scale values are responsible for the underestimation of mortality in penetrating trauma patients by the injury severity score. <i>Journal of Trauma</i> , <b>2011</b> , 71, S384-8		28
56	Specialized practice reduces inpatient mortality, length of stay, and cost in the care of colorectal patients. <i>Diseases of the Colon and Rectum</i> , <b>2011</b> , 54, 780-6	3.1	15

55	Minimally invasive esophagectomy provides equivalent oncologic outcomes to open esophagectomy for locally advanced (stage II or III) esophageal carcinoma. <i>Archives of Surgery</i> , <b>2011</b> , 146, 711-4		48
54	Dramatic decreases in mortality from laparoscopic colon resections based on data from the Nationwide Inpatient Sample. <i>Archives of Surgery</i> , <b>2011</b> , 146, 594-9		35
53	Endoscopic ultrasound may be unnecessary in the preoperative evaluation of intraductal papillary mucinous neoplasm. <i>Hpb</i> , <b>2011</b> , 13, 112-6	3.8	13
52	Common ground: measuring intrainstitutional mortality among pediatric surgical procedures. <i>Surgery</i> , <b>2011</b> , 149, 7-14	3.6	7
51	A growing problem: maternal death and peripartum complications are higher in women with grown-up congenital heart disease. <i>Annals of Thoracic Surgery</i> , <b>2011</b> , 92, 2193-8; discussion 2198-9	2.7	36
50	Intraoperative oncologic staging and outcomes for lung cancer resection vary by surgeon specialty. <i>Annals of Thoracic Surgery</i> , <b>2011</b> , 92, 1958-63; discussion 1963-4	2.7	33
49	Laparoscopic proctectomy after neoadjuvant therapy: safety and long-term follow-up. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2011</b> , 25, 1902-6	5.2	4
48	Bile duct injury after laparoscopic cholecystectomy in hospitals with and without surgical residency programs: is there a difference?. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2011</b> , 25, 1969-74	5.2	17
47	Trends in the surgical treatment of ulcerative colitis over time: increased mortality and centralization of care. <i>World Journal of Surgery</i> , <b>2011</b> , 35, 671-6	3.3	28
46	Outcome of patients treated surgically for lymph node metastases from cutaneous squamous cell carcinoma of the head and neck. <i>Head and Neck</i> , <b>2011</b> , 33, 999-1004	4.2	58
45	Comparative validation of online nomograms for predicting nonsentinel lymph node status in sentinel lymph node-positive breast cancer. <i>Archives of Surgery</i> , <b>2011</b> , 146, 1035-40		26
44	Geography or pathology? Regional variation in atrial septal defect closure rates and techniques. <i>Cardiology in the Young</i> , <b>2011</b> , 21, 577-84	1	2
43	Using complications associated with postmastectomy radiation and immediate breast reconstruction to improve surgical decision making. <i>Archives of Surgery</i> , <b>2010</b> , 145, 873-8		47
42	Mortality rate is not a valid indicator of quality differences between pediatric cardiac surgical programs. <i>Annals of Thoracic Surgery</i> , <b>2010</b> , 89, 139-44; discussion 145-6	2.7	47
41	Chance, bias, and confounding: threats to valid measurement of quality in the context of pediatric cardiac surgery. <i>Pediatric Cardiac Surgery Annual</i> , <b>2010</b> , 13, 79-83	2.1	8
40	Increased vascular endothelial growth factor transcription in residual hepatocellular carcinoma after open versus laparoscopic hepatectomy in a small animal model. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2010</b> , 24, 1151-7	5.2	9
39	Patient and peri-operative predictors of morbidity and mortality after esophagectomy: American College of Surgeons National Surgical Quality Improvement Program (ACS-NSQIP), 2005-2008. <i>Journal of Gastrointestinal Surgery</i> , <b>2010</b> , 14, 1492-501	3.3	101
38	Evolution of treatment options and outcomes for hypoplastic left heart syndrome over an 18-year period. <i>Journal of Thoracic and Cardiovascular Surgery</i> , <b>2010</b> , 139, 119-26; discussion 126-7	1.5	49

37	Adults or big kids: what is the ideal clinical environment for management of grown-up patients with congenital heart disease?. <i>Annals of Thoracic Surgery</i> , <b>2010</b> , 90, 573-9	2.7	39
36	Patient and hospital characteristics on the variance of perioperative outcomes for pancreatic resection in the United States: a plea for outcome-based and not volume-based referral guidelines. <i>Archives of Surgery</i> , <b>2009</b> , 144, 713-21		76
35	Improved quality and cost-effectiveness of coronary artery bypass grafting in the United States from 1988 to 2005. <i>Journal of Thoracic and Cardiovascular Surgery</i> , <b>2009</b> , 137, 65-9	1.5	27
34	Perioperative outcomes of laparoscopic transhiatal inversion esophagectomy compare favorably with those of combined thoracoscopic-laparoscopic esophagectomy. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2009</b> , 23, 2147-54	5.2	22
33	The national mortality burden and significant factors associated with open and laparoscopic cholecystectomy: 1997-2006. <i>Journal of Gastrointestinal Surgery</i> , <b>2009</b> , 13, 2292-301	3.3	62
32	A population-based survival assessment of categorizing level III and IV rural hospitals as trauma centers. <i>Journal of Rural Health</i> , <b>2009</b> , 25, 182-8	4.6	10
31	Early neurosurgical procedures enhance survival in blunt head injury: propensity score analysis. <i>Journal of Emergency Medicine</i> , <b>2009</b> , 37, 115-23	1.5	11
30	Comparison of pediatric cardiac surgical mortality rates from national administrative data to contemporary clinical standards. <i>Annals of Thoracic Surgery</i> , <b>2009</b> , 87, 216-22; discussion 222-3	2.7	59
29	The influence of surgeon specialty on outcomes in general thoracic surgery: a national sample 1996 to 2005. <i>Annals of Thoracic Surgery</i> , <b>2009</b> , 88, 1566-72; discussion 1572-3	2.7	81
28	Psychiatric illness delays diagnosis of esophageal cancer. <i>Ecological Management and Restoration</i> , <b>2008</b> , 21, 416-21	3	38
27	Proportion of seriously injured patients admitted to hospitals in the US with a high annual injured patient volume: a metric of regionalized trauma care. <i>Journal of the American College of Surgeons</i> , <b>2008</b> , 206, 212-9	4.4	12
26	The relationship between hospital surgical case volumes and mortality rates in pediatric cardiac surgery: a national sample, 1988-2005. <i>Annals of Thoracic Surgery</i> , <b>2008</b> , 86, 889-96; discussion 889-96	2.7	65
25	The rush to atrial septal defect closure: is the introduction of percutaneous closure driving utilization?. <i>Annals of Thoracic Surgery</i> , <b>2008</b> , 86, 1584-90; discussion 1590-1	2.7	37
24	Demographic and socioeconomic trends in the use of laparoscopic appendectomy from 1997 to 2003. <i>American Journal of Surgery</i> , <b>2008</b> , 195, 580-3; discussion 583-4	2.7	23
23	Databases for assessing the outcomes of the treatment of patients with congenital and paediatric cardiac disease--a comparison of administrative and clinical data. <i>Cardiology in the Young</i> , <b>2008</b> , 18 Suppl 2, 137-44	1	32
22	Measurement of quality in pediatric cardiac surgery: understanding the threats to validity. <i>ASAIO Journal</i> , <b>2008</b> , 54, 447-50	3.6	7
21	National practice patterns for management of adult congenital heart disease: operation by pediatric heart surgeons decreases in-hospital death. <i>Circulation</i> , <b>2008</b> , 118, 2345-52	16.7	120
20	Racial disparities in mortality among adults hospitalized after injury. <i>Medical Care</i> , <b>2008</b> , 46, 192-9	3.1	62

19	Predictors of technical skill acquisition among resident trainees in a laparoscopic skills education program. <i>World Journal of Surgery</i> , <b>2008</b> , 32, 1917-21	3.3	61
18	Diagnostic laparoscopy for patients with potentially resectable pancreatic adenocarcinoma: is it cost-effective in the current era?. <i>Journal of Gastrointestinal Surgery</i> , <b>2008</b> , 12, 1177-84	3.3	33
17	VEGF gene therapy augments localized angiogenesis and promotes anastomotic wound healing: a pilot study in a clinically relevant animal model. <i>Journal of Gastrointestinal Surgery</i> , <b>2008</b> , 12, 1762-70; discussion 1771-2	3.3	26
16	Serum leptin levels, hepatic leptin receptor transcription, and clinical predictors of non-alcoholic steatohepatitis in obese bariatric surgery patients. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2007</b> , 21, 1593-9	5.2	27
15	Endoscopic ultrasound for the evaluation of Nissen fundoplication integrity: a blinded comparison with conventional testing. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2007</b> , 21, 1719-25	5.2	4
14	Case volume as a predictor of inpatient mortality after esophagectomy. <i>Archives of Surgery (Chicago, Ill: 1920)</i> , <b>2007</b> , 142, 829-39		81
13	Equestrian injury prevention efforts need more attention to novice riders. <i>Journal of Trauma</i> , <b>2007</b> , 62, 735-9		55
12	Operative resection of primary carcinoid neoplasms in patients with liver metastases yields significantly better survival. <i>Surgery</i> , <b>2006</b> , 140, 891-7; discussion 897-8	3.6	138
11	Perioperative morbidity associated with bariatric surgery: an academic center experience. <i>Archives of Surgery</i> , <b>2006</b> , 141, 262-8		60
10	Office-based unsedated small-caliber endoscopy is equivalent to conventional sedated endoscopy in screening and surveillance for Barrett's esophagus: a randomized and blinded comparison. <i>American Journal of Gastroenterology</i> , <b>2006</b> , 101, 2693-703	0.7	119
9	A model for gastric banding in the treatment of morbid obesity: the effect of chronic partial gastric outlet obstruction on esophageal physiology. <i>Annals of Surgery</i> , <b>2006</b> , 244, 723-33	7.8	21
8	Resuscitation with normal saline (NS) vs. lactated ringers (LR) modulates hypercoagulability and leads to increased blood loss in an uncontrolled hemorrhagic shock swine model. <i>Journal of Trauma</i> , <b>2006</b> , 61, 57-64; discussion 64-5		104
7	Regional differences in outcomes for hospitalized injured patients. <i>Journal of Trauma</i> , <b>2006</b> , 60, 691-8; discussion 699-700		16
6	Forty-eight-hour pH monitoring increases sensitivity in detecting abnormal esophageal acid exposure. <i>Journal of Gastrointestinal Surgery</i> , <b>2005</b> , 9, 1043-51; discussion 1051-2	3.3	56
5	The incidence and burden of ladder, structure, and scaffolding falls. <i>Academic Emergency Medicine</i> , <b>2005</b> , 12, 267-70	3.4	7
4	Alterations in T-cell subset frequency in peripheral blood in obesity. <i>Obesity Surgery</i> , <b>2005</b> , 15, 1463-8	3.7	81
3	Ten-year trend in the national volume of bile duct injuries requiring operative repair. <i>Surgical Endoscopy and Other Interventional Techniques</i> , <b>2005</b> , 19, 967-73	5.2	85
2	Derivation of a clinical decision rule to guide the interhospital transfer of patients with blunt traumatic brain injury. <i>Emergency Medicine Journal</i> , <b>2005</b> , 22, 855-60	1.5	11

- 1 Magnetic properties of carbon-coated rare-earth carbide nanocrystallites produced by a carbon arc method. *Journal of Applied Physics*, **1994**, 75, 5879-5881 2.5 25
