1	Attitudes toward Family Obligations among American Adolescents with Asian, Latin American, and European Backgrounds. Child Development, 1999, 70, 1030-1044.	1.7	736
2	The Academic Achievement of Adolescents from Immigrant Families: The Role of Family Background, Attitudes, and Behavior. Child Development, 1997, 68, 351-363.	1.7	477
3	Authority, autonomy, and parent–adolescent conflict and cohesion: A study of adolescents from Mexican, Chinese, Filipino, and European backgrounds Developmental Psychology, 1998, 34, 782-792.	1.2	415
4	Family obligation and the transition to young adulthood Developmental Psychology, 2002, 38, 856-868.	1.2	311
5	Ethnic Identity and the Academic Adjustment of Adolescents From Mexican, Chinese, and European Backgrounds Developmental Psychology, 2005, 41, 799-811.	1.2	307
6	Parent-Adolescent Language Use and Relationships Among Immigrant Families With East Asian, Filipino, and Latin American Backgrounds. Journal of Marriage and Family, 2000, 62, 465-476.	1.6	263
7	Daily Variation in Adolescents' Sleep, Activities, and Psychological Well-Being. Journal of Research on Adolescence, 2006, 16, 353-378.	1.9	231
8	Discrimination Hurts: The Academic, Psychological, and Physical Well-Being of Adolescents. Journal of Research on Adolescence, 2010, 20, 916-941.	1.9	228
9	Attitudes Toward Family Obligation Among Adolescents in Contemporary Urban and Rural China. Child Development, 2004, 75, 180-192.	1.7	206
10	Daily Variation in Ethnic Identity, Ethnic Behaviors, and Psychological Well-Being among American Adolescents of Chinese Descent. Child Development, 2002, 73, 1557-1572.	1.7	197
11	Ethnic Identity and the Daily Psychological Well-Being of Adolescents From Mexican and Chinese Backgrounds. Child Development, 2006, 77, 1338-1350.	1.7	194
12	Dimensions of family connectedness among adolescents with mexican, chinese, and european backgrounds Developmental Psychology, 2006, 42, 1246-1258.	1.2	191
13	Daily family assistance and the psychological well-being of adolescents from Latin American, Asian, and European backgrounds Developmental Psychology, 2009, 45, 1177-1189.	1.2	179
14	The Adjustment of Children From Immigrant Families. Current Directions in Psychological Science, 1998, 7, 99-103.	2.8	172
15	Gaining while giving: An fMRI study of the rewards of family assistance among White and Latino youth. Social Neuroscience, 2010, 5, 508-518.	0.7	154
16	Neural sensitivity to eudaimonic and hedonic rewards differentially predict adolescent depressive symptoms over time. Proceedings of the National Academy of Sciences of the United States of America, 2014, 111, 6600-6605.	3.3	150
17	Family obligation and the transition to young adulthood. Developmental Psychology, 2002, 38, 856-68.	1.2	149
18	The Impact of Family Obligation on the Daily Activities and Psychological Well-Being of Chinese American Adolescents. Child Development, 2002, 73, 302-314.	1.7	142

#	Article	IF	CITATIONS
19	A Preliminary Study of Daily Interpersonal Stress and C-Reactive Protein Levels Among Adolescents From Latin American and European Backgrounds. Psychosomatic Medicine, 2009, 71, 329-333.	1.3	142
20	Family obligation and the academic motivation of adolescents from asian, latin american, and european backgrounds. New Directions for Child and Adolescent Development, 2001, 2001, 61.	1.3	128
21	Daily family conflict and emotional distress among adolescents from Latin American, Asian, and European backgrounds Developmental Psychology, 2009, 45, 1406-1415.	1.2	128
22	Meaning in Life as a Mediator of Ethnic Identity and Adjustment Among Adolescents from Latin, Asian, and European American Backgrounds. Journal of Youth and Adolescence, 2010, 39, 1253-1264.	1.9	123
23	Fitting In: The Roles of Social Acceptance and Discrimination in Shaping the Academic Motivations of Latino Youth in the U.S. Southeast. Journal of Social Issues, 2010, 66, 131-153.	1.9	119
24	The Need to Contribute During Adolescence. Perspectives on Psychological Science, 2019, 14, 331-343.	5.2	117
25	Sleep variability in adolescence is associated with altered brain development. Developmental Cognitive Neuroscience, 2015, 14, 16-22.	1.9	116
26	Assessment of culture and environment in the Adolescent Brain and Cognitive Development Study: Rationale, description of measures, and early data. Developmental Cognitive Neuroscience, 2018, 32, 107-120.	1.9	114
27	The quality of adolescents' peer relationships modulates neural sensitivity to risk taking. Social Cognitive and Affective Neuroscience, 2015, 10, 389-398.	1.5	103
28	To Study or to Sleep? The Academic Costs of Extra Studying at the Expense of Sleep. Child Development, 2013, 84, 133-142.	1.7	102
29	Longitudinal Changes in Prefrontal Cortex Activation Underlie Declines in Adolescent Risk Taking. Journal of Neuroscience, 2015, 35, 11308-11314.	1.7	101
30	Time Use and Mathematics Achievement among American, Chinese, and Japanese High School Students. Child Development, 1995, 66, 830-842.	1.7	100
31	Family Obligation Values and Family Assistance Behaviors: Protective and Risk Factors for Mexican–American Adolescents' Substance Use. Journal of Youth and Adolescence, 2014, 43, 270-283.	1.9	99
32	Self and Others in Adolescence. Annual Review of Psychology, 2020, 71, 447-469.	9.9	94
33	Neural regions associated with self control and mentalizing are recruited during prosocial behaviors towards the family. Neurolmage, 2011, 58, 242-249.	2.1	93
34	Ventral striatum activation to prosocial rewards predicts longitudinal declines in adolescent risk taking. Developmental Cognitive Neuroscience, 2013, 3, 45-52.	1.9	84
35	Family Obligation, College Enrollment, and Emerging Adulthood in Asian and Latin American Families. Child Development Perspectives, 2007, 1, 96-100.	2.1	81
36	Continuity and Discontinuity in Perceptions of Family Relationships From Adolescence to Young Adulthood. Child Development, 2013, 84, 471-484.	1.7	81

#	Article	IF	CITATIONS
37	Change in Ethnic Identity Across the High School Years Among Adolescents with Latin American, Asian, and European Backgrounds. Journal of Youth and Adolescence, 2010, 39, 683-693.	1.9	78
38	Ethnic Identity and Family Processes Among Adolescents from Latin American, Asian, and European Backgrounds. Journal of Youth and Adolescence, 2009, 38, 228-241.	1.9	77
39	Ethnic socialization and the academic adjustment of adolescents from Mexican, Chinese, and European backgrounds Developmental Psychology, 2008, 44, 1202-1208.	1.2	76
40	Adolescent Sleep Duration, Variability, and Peak Levels of Achievement and Mental Health. Child Development, 2018, 89, e18-e28.	1.7	76
41	Changes in Parent, Sibling, and Peer Support During the Transition to Young Adulthood. Journal of Research on Adolescence, 2016, 26, 286-299.	1.9	75
42	Discrimination and Sleep Difficulties during Adolescence: The Mediating Roles of Loneliness and Perceived Stress. Journal of Youth and Adolescence, 2018, 47, 135-147.	1.9	74
43	The Postsecondary Educational Progress of Youth From Immigrant Families. Journal of Research on Adolescence, 2004, 14, 159-183.	1.9	72
44	Buffering effect of positive parent–child relationships on adolescent risk taking: A longitudinal neuroimaging investigation. Developmental Cognitive Neuroscience, 2015, 15, 26-34.	1.9	70
45	Daily family assistance and inflammation among adolescents from Latin American and European backgrounds. Brain, Behavior, and Immunity, 2009, 23, 803-809.	2.0	68
46	Changes in Religiosity Across the Transition to Young Adulthood. Journal of Youth and Adolescence, 2015, 44, 1555-1566.	1.9	66
47	Family and School Spillover in Adolescents' Daily Lives. Child Development, 2008, 79, 776-787.	1.7	63
48	Achievement goals and daily school experiences among adolescents with Asian, Latino, and European American backgrounds Journal of Educational Psychology, 2007, 99, 584-596.	2.1	62
49	Stability and Change in Ethnic Labeling Among Adolescents From Asian and Latin American Immigrant Families. Child Development, 2008, 79, 944-956.	1.7	61
50	A Longitudinal Study of Religious Identity and Participation During Adolescence. Child Development, 2011, 82, 1297-1309.	1.7	61
51	Sleep and Inflammation During Adolescence. Psychosomatic Medicine, 2016, 78, 677-685.	1.3	61
52	A Longitudinal Daily Diary Study of Family Assistance and Academic Achievement Among Adolescents from Mexican, Chinese, and European Backgrounds. Journal of Youth and Adolescence, 2009, 38, 560-571.	1.9	56
53	Everyday discrimination and diurnal cortisol during adolescence. Hormones and Behavior, 2016, 80, 76-81.	1.0	55
54	The Roles of Parental Support and Family Stress in Adolescent Sleep. Child Development, 2018, 89, 1577-1588.	1.7	54

#	Article	IF	CITATIONS
55	Developmental Flexibility in the Age of Globalization: Autonomy and Identity Development Among Immigrant Adolescents. Annual Review of Psychology, 2015, 66, 411-431.	9.9	53
56	Preparing Diverse Adolescents for the Transition to Adulthood. Future of Children, 2004, 14, 98.	0.9	52
57	Positive Daily Family Interactions Eliminate Gender Differences in Internalizing Symptoms Among Adolescents. Journal of Youth and Adolescence, 2013, 42, 1498-1511.	1.9	50
58	Ethnic Label Use in Adolescents from Traditional and Non-Traditional Immigrant Communities. Journal of Youth and Adolescence, 2011, 40, 719-729.	1.9	49
59	Reciprocal Associations Between Family and Peer Conflict in Adolescents' Daily Lives. Child Development, 2011, 82, 1390-1396.	1.7	45
60	Daily Concordance Between Parent and Adolescent Sleep Habits. Journal of Adolescent Health, 2015, 56, 244-250.	1.2	45
61	Filling Gaps in the Acculturation Gap-Distress Model: Heritage Cultural Maintenance and Adjustment in Mexican–American Families. Journal of Youth and Adolescence, 2016, 45, 1412-1425.	1.9	45
62	Developmental trends in sleep during adolescents' transition to young adulthood. Sleep Medicine, 2019, 60, 202-210.	0.8	45
63	Daily family stress and HPA axis functioning during adolescence: The moderating role of sleep. Psychoneuroendocrinology, 2016, 71, 43-53.	1.3	44
64	Mexican American adolescents' family obligation values and behaviors: Links to internalizing symptoms across time and context Developmental Psychology, 2015, 51, 75-86.	1.2	43
65	Parental Cultural Socialization of Mexicanâ€American Adolescents' Family Obligation Values and Behaviors. Child Development, 2015, 86, 1241-1252.	1.7	42
66	Individual Differences in Optimum Sleep for Daily Mood During Adolescence. Journal of Clinical Child and Adolescent Psychology, 2019, 48, 469-479.	2.2	40
67	Ethnic Stigma, Academic Anxiety, and Intrinsic Motivation in Middle Childhood. Child Development, 2011, 82, 1470-1485.	1.7	38
68	Socioeconomic Status, Daily Affective and Social Experiences, and Inflammation During Adolescence. Psychosomatic Medicine, 2015, 77, 256-266.	1.3	38
69	Antagonistic pleiotropy at the human IL6 promoter confers genetic resilience to the pro-inflammatory effects of adverse social conditions in adolescence Developmental Psychology, 2011, 47, 1173-1180.	1.2	37
70	Understanding Differences in College Persistence: A Longitudinal Examination of Financial Circumstances, Family Obligations, and Discrimination in an Ethnically Diverse Sample. Applied Developmental Science, 2015, 19, 4-18.	1.0	37
71	Perceived Ethnic Stigma Across the Transition to College. Journal of Youth and Adolescence, 2012, 41, 817-830.	1.9	36
72	A social identity approach to ethnic differences in family relationships during adolescence. Advances in Child Development and Behavior, 2005, 33, 125-152.	0.7	35

#	Article	IF	Citations
73	Depressive symptoms and immune transcriptional profiles in late adolescents. Brain, Behavior, and Immunity, 2019, 80, 163-169.	2.0	34
74	Financial Strain, Major Family Life Events, and Parental Academic Involvement During Adolescence. Journal of Youth and Adolescence, 2016, 45, 1065-1074.	1.9	33
75	Sleep Efficiency Modulates Associations Between Family Stress and Adolescent Depressive Symptoms and Negative Affect. Journal of Adolescent Health, 2017, 61, 501-507.	1.2	33
76	Adiposity moderates links from early adversity and depressive symptoms to inflammatory reactivity to acute stress during late adolescence. Brain, Behavior, and Immunity, 2017, 66, 146-155.	2.0	33
77	Adolescents' Daily Assistance to the Family in Response to Maternal Need. Journal of Marriage and Family, 2013, 75, 964-980.	1.6	31
78	Sleep–Wake Timings in Adolescence: Chronotype Development and Associations with Adjustment. Journal of Youth and Adolescence, 2021, 50, 628-640.	1.9	30
79	Meaning making in middle childhood: An exploration of the meaning of ethnic identity Cultural Diversity and Ethnic Minority Psychology, 2012, 18, 99-108.	1.3	29
80	Another Way Family Can Get in the Head and Under the Skin: The Neurobiology of Helping the Family. Child Development Perspectives, 2013, 7, 138-142.	2.1	29
81	Daily family interactions among young adults in the United States from Latin American, Filipino, East Asian, and European backgrounds. International Journal of Behavioral Development, 2010, 34, 491-499.	1.3	27
82	Adolescents \tilde{A} ¢ \hat{a} , $\neg \hat{a}$, φ emotional competence is associated with parents \tilde{A} ¢ \hat{a} , $\neg \hat{a}$, φ neural sensitivity to emotions. Frontiers in Human Neuroscience, 2014, 8, 558.	1.0	27
83	Stress, Psychological Resources, and HPA and Inflammatory Reactivity During Late Adolescence. Development and Psychopathology, 2019, 31, 699-712.	1.4	27
