#	ARTICLE	IF	CITATIONS
1	Experiences of Clinical Clerkship Students With Mindfulness-Based Stress Reduction: A Qualitative Study on Long-Term Effects. <i>Frontiers in Psychology</i> , 2022, 13, 785090.	2.1	4
2	International examples of primary care COVID-19 preparedness and response: a comparison of four countries. <i>Family Medicine and Community Health</i> , 2022, 10, e001608.	1.6	8
3	Touching Wood with NAPCRGs 50th anniversary. <i>Family Practice</i> , 2022, , .	1.9	0
4	Improving the Reporting of Primary Care Research: An International Survey of Researchers. <i>Journal of the American Board of Family Medicine</i> , 2021, 34, 12-21.	1.5	9
5	Developing measures to capture the true value of primary care. <i>BJGP Open</i> , 2021, 5, BJGPO.2020.0152.	1.8	7
6	Clinician Use of Primary Care Research Reports. <i>Journal of the American Board of Family Medicine</i> , 2021, 34, 648-660.	1.5	3
7	Purposeful Incorporation of Patient Narratives in the Medical Record in the Netherlands. <i>Journal of the American Board of Family Medicine</i> , 2021, 34, 709-723.	1.5	13
8	The COVID-19 Pandemic in Nijmegen, the Netherlands: Changes in Presented Health Problems and Demand for Primary Care. <i>Annals of Family Medicine</i> , 2021, 19, 44-47.	1.9	33
9	Primary care healthcare policy implementation in the Eastern Mediterranean region; experiences of six countries: Part II. <i>European Journal of General Practice</i> , 2020, 26, 1-6.	2.0	9
10	Lessons on the COVID-19 pandemic, for and by primary care professionals worldwide. <i>European Journal of General Practice</i> , 2020, 26, 129-133.	2.0	210
11	Fostering global primary care research: a capacity-building approach. <i>BMJ Global Health</i> , 2020, 5, e002470.	4.7	21
12	Priorities for primary health care policy implementation: recommendations from the combined experience of six countries in the Asia-Pacific. <i>Australian Journal of Primary Health</i> , 2020, 26, 351.	0.9	7
13	Disparities in cancer-related healthcare among people with intellectual disabilities: A population-based cohort study with health insurance claims data. <i>Cancer Medicine</i> , 2020, 9, 6888-6895.	2.8	30
14	The extraordinary diagnostic sensitivity of family physicians. <i>Family Practice</i> , 2020, 37, 431-433.	1.9	2
15	Managing costs and access to healthcare in the Netherlands: impact on primary care. <i>BMJ</i> , The, 2020, 369, m1181.	6.0	4
16	COVID-19 and primary care in six countries. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101128.	1.8	114
17	The Essential Role of Primary Care Professionals in Achieving Health for All. <i>Annals of Family Medicine</i> , 2019, 17, 293-295.	1.9	7
18	Patients' attitudes to discontinuing not-indicated long-term antidepressant use: barriers and facilitators. <i>Therapeutic Advances in Psychopharmacology</i> , 2019, 9, 204512531987234.	2.7	27

#	ARTICLE	IF	CITATIONS
19	Primary Care Research Priorities in Low-and Middle-Income Countries. Annals of Family Medicine, 2019, 17, 31-35.	1.9	25
20	Research gaps in the organisation of primary healthcare in low-income and middle-income countries and ways to address them: a mixed-methods approach. BMJ Global Health, 2019, 4, e001482.	4.7	14
21	Primary care financing: a systematic assessment of research priorities in low- and middle-income countries. BMJ Global Health, 2019, 4, e001483.	4.7	9
22	Training general practitioners contributes to the identification of palliative patients and to multidimensional care provision: secondary outcomes of an RCT. BMJ Supportive and Palliative Care, 2019, 9, e18-e18.	1.6	23
23	Material practices for meaningful engagement: An analysis of participatory learning and action research techniques for data generation and analysis in a health research partnership. Health Expectations, 2018, 21, 159-170.	2.6	28
24	Why strengthening primary health care is essential to achieving universal health coverage. Cmaj, 2018, 190, E463-E466.	2.0	78
25	Role of the family doctor in the management of adults with obesity: a scoping review. BMJ Open, 2018, 8, e019367.	1.9	19
26	Being in control of Parkinson's disease: A qualitative study of community-dwelling patients' coping with changes in care. European Journal of General Practice, 2018, 24, 138-145.	2.0	10
27	Patient characteristics do not predict the individual response to antihypertensive medication: a cross-over trial. Family Practice, 2018, 35, 67-73.	1.9	4
28	Primary healthcare policy implementation in the Eastern Mediterranean region: Experiences of six countries. European Journal of General Practice, 2018, 24, 39-44.	2.0	19
29	IMPLEMENTING PRIMARY HEALTH CARE POLICY UNDER CHANGING GLOBAL POLITICAL CONDITIONS: LESSONS LEARNED FROM 4 NATIONAL SETTINGS. Annals of Family Medicine, 2018, 16, 179-180.	1.9	3
30	REVITALIZING GENERALIST PRACTICE: THE MONTREAL STATEMENT. Annals of Family Medicine, 2018, 16, 371-373.	1.9	7
31	Unfulfilled potential of primary care in Europe. BMJ: British Medical Journal, 2018, 363, k4469.	2.3	19
32	Students' experiences with a longitudinal skills training program on breaking bad news: A follow-up study. Patient Education and Counseling, 2018, 101, 1639-1644.	2.2	11
33	Withdrawal of unnecessary antidepressant medication: a randomised controlled trial in primary care. BJGP Open, 2018, 1, bjgpopen17X101265.	1.8	32
34	International collaboration in innovating health systems. , 2018, , 13-16.		0
35	East Mediterranean. , 2018, , 37-44.		0
36	Feasibility and acceptability of a physician-delivered weight management programme. Family Practice, 2017, 34, 43-48.	1.9	27

#	ARTICLE	IF	CITATIONS
37	Expanding primary care in South and East Asia. BMJ: British Medical Journal, 2017, 356, j634.	2.3	23
38	Implementing guidelines and training initiatives to improve cross-cultural communication in primary care consultations: a qualitative participatory European study. International Journal for Equity in Health, 2017, 16, 32.	3.5	49
39	Account for primary health care when indexing access and quality. Lancet, The, 2017, 390, 205-206.	13.7	3
40	Variation matters and should be included in health care research for comparison of outcomes. Primary Health Care Research and Development, 2017, 18, 183-187.	1.2	6
41	Increasing general practitioners' confidence and self-efficacy in managing obesity: a mixed methods study. BMJ Open, 2017, 7, e014314.	1.9	36
42	Reliability and validity of the Dutch version of the Consultation and Relational Empathy Measure in primary care. Family Practice, 2017, 34, 119-124.	1.9	19
43	Parkinson's disease: patient and general practitioner perspectives on the role of primary care. Family Practice, 2017, 34, 227-233.	1.9	16
44	Assessing patient-centred communication in teaching: a systematic review of instruments. Medical Education, 2017, 51, 1103-1117.	2.1	50
45	Strategies for Increasing the Role of Family Medicine in Mexican Health Care Reform. Journal of the American Board of Family Medicine, 2017, 30, 843-847.	1.5	2
46	Challenging assumptions in obesity research. BMJ: British Medical Journal, 2017, 359, j5303.	2.3	13
47	Effects of Mindfulness-Based Stress Reduction on the Mental Health of Clinical Clerkship Students: A Cluster-Randomized Controlled Trial. Academic Medicine, 2017, 92, 1012-1021.	1.6	56
48	Self-entrustment: how trainees' self-regulated learning supports participation in the workplace. Advances in Health Sciences Education, 2017, 22, 931-949.	3.3	35
49	The diagnostic pathway of Parkinson's disease: a cross-sectional survey study of factors influencing patient dissatisfaction. BMC Family Practice, 2017, 18, 83.	2.9	8
50	A cross-sectional examination of psychological distress, positive mental health and their predictors in medical students in their clinical clerkships. BMC Medical Education, 2017, 17, 219.	2.4	18
51	How Entrustment Is Informed by Holistic Judgments Across Time in a Family Medicine Residency Program: An Ethnographic Nonparticipant Observational Study. Academic Medicine, 2017, 92, 792-799.	1.6	28
52	The 5 s framework for obesity management: Do we need a more intricate model?. Canadian Family Physician, 2017, 63, 506-508.	0.4	12
53	Multimorbidity and the Primary Healthcare Perspective. Journal of Comorbidity, 2016, 6, 46-49.	3.9	11
54	SUPPORTING HEALTH REFORM IN MEXICO: EXPERIENCES AND SUGGESTIONS FROM AN INTERNATIONAL PRIMARY HEALTH CARE CONFERENCE. Annals of Family Medicine, 2016, 14, 279-280.	1.9	9

#	ARTICLE	IF	CITATIONS
55	Primary healthcare policy implementation in South Asia. BMJ Global Health, 2016, 1, e000057.	4.7	46
56	Giving voice to the voiceless: how to involve vulnerable migrants in healthcare research. British Journal of General Practice, 2016, 66, 284-285.	1.4	24
57	Evolving health policy for primary care in the Asia Pacific region. British Journal of General Practice, 2016, 66, e451-e453.	1.4	17
58	Obesity management in Australian primary care: where has the general practitioner gone?. Australian Journal of Primary Health, 2016, 22, 473.	0.9	10
59	No universal health coverage without primary health care. Lancet, The, 2016, 387, 1811.	13.7	121
60	“Life is still worth living”: a pilot exploration of self-reported resources of palliative care patients. BMC Family Practice, 2016, 17, 52.	2.9	6
61	Case finding for COPD in general practice. Lancet Respiratory Medicine, the, 2016, 4, 679-681.	10.7	1
62	Quality of chronic kidney disease management in primary care: a retrospective study. Scandinavian Journal of Primary Health Care, 2016, 34, 73-80.	1.5	27
63	Timely identification of palliative patients and anticipatory care planning by GPs: practical application of tools and a training programme. BMC Palliative Care, 2016, 15, 39.	1.8	33
64	PELICAN: Content evaluation of patient-centered care for children with asthma based on an online tool. Pediatric Pulmonology, 2016, 51, 993-1003.	2.0	4
65	Reporting mental health problems of undocumented migrants in Greece: A qualitative exploration. European Journal of General Practice, 2016, 22, 119-125.	2.0	15
66	The value of reasons for encounter in early detection of colorectal cancer. European Journal of General Practice, 2016, 22, 91-95.	2.0	3
67	International Classification of Primary Care-2 coding of primary care data at the general out-patients' clinic of General Hospital, Lagos, Nigeria. Journal of Family Medicine and Primary Care, 2016, 5, 291.	0.9	5
68	Training general practitioners in early identification and anticipatory palliative care planning: a randomized controlled trial. BMC Family Practice, 2015, 16, 126.	2.9	62
69	Using Participatory Learning & Action research to access and engage with “hard to reach” migrants in primary healthcare research. BMC Health Services Research, 2015, 16, 25.	2.2	46
70	The role of the family doctor in the management of adults who are obese: a scoping review protocol. SpringerPlus, 2015, 4, 820.	1.2	1
71	Involving migrants in the development of guidelines for communication in cross-cultural general practice consultations: a participatory learning and action research project. BMJ Open, 2015, 5, e007092.	1.9	26
72	Rhinosinusitis in morbidity registrations in Dutch General Practice: a retro-spective case-control study. BMC Family Practice, 2015, 16, 120.	2.9	9

#	ARTICLE	IF	CITATIONS
