#	ARTICLE	IF	CITATIONS
1	Prevalence, recent infection and predictors of HIV infection in fishing community along the shore of Lake Victoria in Tanzania. <i>Journal of Public Health</i> , 2022, 44, 881-890.	1.0	2
2	Genetic relatedness, virulence factors and antibiotics susceptibility pattern of <i>Vibrio cholerae</i> isolates from various regions during cholera outbreak in Tanzania. <i>PLoS ONE</i> , 2022, 17, e0265868.	1.1	0
3	Colonization of Extended-spectrum β -lactamase producing Enterobacterales and meticillin-resistant <i>S. Aureus</i> in the intensive care unit at a tertiary hospital in Tanzania: Implications for Infection control and prevention. <i>Infection Prevention in Practice</i> , 2022, 4, 100212.	0.6	6
4	Prevalence of Glucose Metabolic Disorders and Associated Inflammatory Markers Among People Living with HIV in Sub-Saharan Africa.. <i>Metabolic Syndrome and Related Disorders</i> , 2022, 20, 20-28.	0.5	0
5	High prevalence of sexually transmitted infections among asymptomatic women opting for the intrauterine contraceptive device use in Mwanza, Tanzania: An urgent call for control interventions. <i>SAGE Open Medicine</i> , 2022, 10, 205031212210975.	0.7	0
6	Detection profile of SARS-CoV-2 using RT-PCR in different types of clinical specimens: A systematic review and meta-analysis. <i>Journal of Medical Virology</i> , 2021, 93, 719-725.	2.5	178
7	High Carriage Rate of Extended-Spectrum β -Lactamase-Producing <i>Escherichia coli</i> and <i>Klebsiella</i> Species among Poultry Meat Vendors in Dar es Salaam: The Urgent Need for Intervention to Prevent the Spread of Multidrug-Resistant Pathogens. <i>International Journal of Microbiology</i> , 2021, 2021, 1-6.	0.9	2
8	Mental health symptoms and inflammatory markers among HIV infected patients in Tanzania. <i>BMC Public Health</i> , 2021, 21, 1113.	1.2	7
9	Predictors of Bacterial Vaginosis among Pregnant Women Attending Antenatal Clinic at Tertiary Care Hospital in Tanzania: A Cross Sectional Study. <i>The East African Health Research Journal</i> , 2021, 5, 59-68.	0.6	2
10	High Level of Multidrug-Resistant Gram-Negative Pathogens Causing Burn Wound Infections in Hospitalized Children in Dar es Salaam, Tanzania. <i>International Journal of Microbiology</i> , 2021, 2021, 1-8.	0.9	12
11	Bacterial vaginosis, the leading cause of genital discharge among women presenting with vaginal infection in Dar es Salaam, Tanzania. <i>African Health Sciences</i> , 2021, 21, 531-537.	0.3	9
12	Hypertension and Associated Inflammatory Markers Among HIV-Infected Patients in Tanzania. <i>Journal of Interferon and Cytokine Research</i> , 2021, 41, 291-301.	0.5	3
13	Seroprevalence of Human Herpesvirus Infections in Newly Diagnosed HIV-Infected Key Populations in Dar es Salaam, Tanzania. <i>International Journal of Microbiology</i> , 2021, 2021, 1-7.	0.9	2
14	Serological Markers of Viral Infections (Rubella Virus, Human Cytomegalovirus and Arboviruses) among Symptomatic Pregnant Women in Rural and Urban Areas of Mwanza, Tanzania. <i>Tropical Medicine and Infectious Disease</i> , 2021, 6, 186.	0.9	1
15	Pediatric Fatal <i>Chromobacterium violaceum</i> in Tanzania: The First Documented Case. <i>SN Comprehensive Clinical Medicine</i> , 2020, 2, 91-94.	0.3	1
16	Fecal carriage and factors associated with extended-spectrum β -lactamase-producing Enterobacteriaceae among pregnant women at the tertiary referral hospital, Tanzania. <i>Tropical Medicine and Health</i> , 2020, 48, 84.	1.0	3
17	High fecal carriage of extended Beta Lactamase producing Enterobacteriaceae among adult patients admitted in referral hospitals in Dar es Salaam, Tanzania. <i>BMC Infectious Diseases</i> , 2020, 20, 557.	1.3	11
18	Patterns of viral pathogens causing upper respiratory tract infections among symptomatic children in Mwanza, Tanzania. <i>Scientific Reports</i> , 2020, 10, 18490.	1.6	6

#	ARTICLE	IF	CITATIONS
19	Multi-drug resistant bacteria predict mortality in bloodstream infection in a tertiary setting in Tanzania. PLoS ONE, 2020, 15, e0220424.	1.1	22
20	High prevalence of human immunodeficiency virus, hepatitis B and C viral infections among people who inject drugs: a potential stumbling block in the control of HIV and viral hepatitis in Tanzania. BMC Public Health, 2020, 20, 177.	1.2	8
21	Whole genome sequencing of Mycobacterium tuberculosis isolates and clinical outcomes of patients treated for multidrug-resistant tuberculosis in Tanzania. BMC Genomics, 2020, 21, 174.	1.2	28
22	Seroprevalence of Brucella infection and associated factors among pregnant women receiving antenatal care around human, wildlife and livestock interface in Ngorongoro ecosystem, Northern Tanzania. A cross-sectional study. BMC Infectious Diseases, 2020, 20, 152.	1.3	15
23	Factors associated with Salmonella infection in patients with gastrointestinal complaints seeking health care at Regional Hospital in Southern Highland of Tanzania. BMC Infectious Diseases, 2020, 20, 135.	1.3	16
24	Prevalence and incidence rate of tuberculosis among HIV-infected patients enrolled in HIV care, treatment, and support program in mainland Tanzania. Tropical Medicine and Health, 2020, 48, 76.	1.0	9
25	Title is missing!. , 2020, 15, e0220424.		0
26	Title is missing!. , 2020, 15, e0220424.		0
27	Title is missing!. , 2020, 15, e0220424.		0
28	Title is missing!. , 2020, 15, e0220424.		0
29	Title is missing!. , 2020, 15, e0220424.		0
30	Title is missing!. , 2020, 15, e0220424.		0
31	Laboratory confirmed puerperal sepsis in a national referral hospital in Tanzania: etiological agents and their susceptibility to commonly prescribed antibiotics. BMC Infectious Diseases, 2019, 19, 690.	1.3	21
32	C - reactive protein and interleukin - 6 levels among human immunodeficiency virus -infected patients with dysglycemia in Tanzania. BMC Endocrine Disorders, 2019, 19, 77.	0.9	7
33	Treponema pallidum infection predicts sexually transmitted viral infections (hepatitis B virus, herpes) Tj ETQq1 1 0.784314 rgBT /Overlo Mwanza region, Tanzania. BMC Pregnancy and Childbirth, 2019, 19, 392.	0.9	7
34	Sickle cell disease, malaria and dengue fever: a case of triple jeopardy. Journal of Travel Medicine, 2019, 26, .	1.4	2
35	Adverse pregnancy outcomes among pregnant women with acute Rubella infections in Mwanza city, Tanzania. International Journal of Infectious Diseases, 2019, 78, 72-77.	1.5	8
36	Immunoglobulin G responses against falciparum malaria specific antigens are higher in children with homozygous sickle cell trait than those with normal hemoglobin. BMC Immunology, 2019, 20, 12.	0.9	4

#	ARTICLE	IF	CITATIONS
37	Congenital Zika Virus Infection Paradigm: What is in the Wardrobe? A Narrative Review. <i>East Africa Science</i> , 2019, 1, 49-56.	0.2	2
38	Nasal Carriage of Methicillin-Resistant <i>Staphylococcus aureus</i> among Health Care Workers in Tertiary and Regional Hospitals in Dar es Salam, Tanzania. <i>International Journal of Microbiology</i> , 2018, 1-7.	0.9	13
39	Methicillin-resistant <i>Staphylococcus aureus</i> contamination and distribution in patient's care environment at Muhimbili National Hospital, Dar es Salaam-Tanzania. <i>BMC Research Notes</i> , 2018, 11, 484.	0.6	10
40	Rubella natural immunity among adolescent girls in Tanzania: the need to vaccinate child bearing aged women. <i>BMC Women's Health</i> , 2018, 18, 3.	0.8	3
41	The magnitude and correlates of Parvovirus B19 infection among pregnant women attending antenatal clinics in Mwanza, Tanzania. <i>BMC Pregnancy and Childbirth</i> , 2017, 17, 176.	0.9	16
42	High sero-prevalence of hepatitis B virus and human immunodeficiency virus infections among pregnant women attending antenatal clinic at Temeke municipal health facilities, Dar es Salaam, Tanzania: a cross sectional study. <i>BMC Pregnancy and Childbirth</i> , 2017, 17, 109.	0.9	28
43	Prevalence of methicillin-resistant <i>Staphylococcus aureus</i> carriage on admission among patients attending regional hospitals in Dar es Salaam, Tanzania. <i>BMC Research Notes</i> , 2017, 10, 417.	0.6	23
44	Rubella seromarkers and determinants of infection among tanzanian children and adolescents in prevaccination Era: Are we in the right track?. <i>International Journal of Preventive Medicine</i> , 2017, 8, 3.	0.2	4
45	Sero-prevalence and associated factors of <i>Helicobacter pylori</i> infection among adult patients with dyspepsia attending the gastroenterology unit in a tertiary hospital in Mwanza, Tanzania. <i>African Health Sciences</i> , 2016, 16, 684.	0.3	14
46	Serological evidence of acute rubella infection among under-fives in Mwanza: a threat to increasing rates of congenital rubella syndrome in Tanzania. <i>Italian Journal of Pediatrics</i> , 2016, 42, 54.	1.0	17
47	Variability of high risk HPV genotypes among HIV infected women in Mwanza, Tanzania- the need for evaluation of current vaccine effectiveness in developing countries. <i>Infectious Agents and Cancer</i> , 2016, 11, 49.	1.2	11
48	Serological makers of rubella infection in Africa in the pre vaccination era: a systematic review. <i>BMC Research Notes</i> , 2015, 8, 716.	0.6	28
49	Predominance of multi-drug resistant bacterial pathogens causing surgical site infections in Muhimbili national hospital, Tanzania. <i>BMC Research Notes</i> , 2014, 7, 500.	0.6	72
