#	Paper	IF	Citations
210	Part 3: Adult basic life support and automated external defibrillation: 2015 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science with Treatment Recommendations. <i>Resuscitation</i> , 2015 , 95, e43-69	4	157
209	Part 3: Adult Basic Life Support and Automated External Defibrillation: 2015 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations. <i>Circulation</i> , 2015 , 132, S51-83	16.7	149
208	Translating research findings to clinical nursing practice. <i>Journal of Clinical Nursing</i> , 2017 , 26, 862-872	3.2	112
207	The Australasian Triage Scale: examining emergency department nurses' performance using computer and paper scenarios. <i>Annals of Emergency Medicine</i> , 2004 , 44, 516-23	2.1	94
206	2019 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations: Summary From the Basic Life Support; Advanced Life Support; Pediatric Life Support; Neonatal Life Support; Education, Implementation, and Teams; and First Aid Task Forces. <i>Circulation</i> , 2019 , 140, e826-e880	16.7	82
205	Design, format, validity and reliability of multiple choice questions for use in nursing research and education. <i>Collegian</i> , 2005 , 12, 19-24	1.6	81
204	2017 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations Summary. <i>Resuscitation</i> , 2017 , 121, 201-214	4	70
203	Effect of emergency department fast track on emergency department length of stay: a case-control study. <i>Emergency Medicine Journal</i> , 2008 , 25, 815-9	1.5	68
202	Who, when and where? Identification of patients at risk of an in-hospital adverse event: implications for nursing practice. <i>International Journal of Nursing Practice</i> , 2004 , 10, 21-31	2.3	66
201	Australasian emergency nurses' willingness to attend work in a disaster: a survey. <i>Australasian Emergency Nursing Journal</i> , 2013 , 16, 52-7		63
200	Do knowledge and experience have specific roles in triage decision-making?. <i>Academic Emergency Medicine</i> , 2007 , 14, 722-6	3.4	63
199	2019 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations. <i>Resuscitation</i> , 2019 , 145, 95-150	4	62
198	2017 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations Summary. <i>Circulation</i> , 2017 , 136, e424-e440	16.7	60
197	The role of nurses in preventing adverse events related to respiratory dysfunction: literature review. <i>Journal of Advanced Nursing</i> , 2005 , 49, 624-33	3.1	50
196	Ensuring a proactive, evidence-based, patient safety approach to patient assessment. <i>Journal of Clinical Nursing</i> , 2015 , 24, 300-7	3.2	39
195	A systematic review and meta-analysis of the effect of dispatcher-assisted CPR on outcomes from sudden cardiac arrest in adults and children. <i>Resuscitation</i> , 2019 , 138, 82-105	4	38
194	Evaluation of postgraduate critical care nursing students' attitudes to, and engagement with, Team-Based Learning: a descriptive study. <i>Intensive and Critical Care Nursing</i> , 2015 , 31, 19-28	3.1	37

193	Adult Basic Life Support: International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations. <i>Resuscitation</i> , 2020 , 156, A35-A79	4	37
192	Nurses' occupational physical activity levels: A systematic review. <i>International Journal of Nursing Studies</i> , 2017 , 73, 52-62	5.8	34
191	Emergency nurse practitioner care and emergency department patient flow: case-control study. <i>EMA - Emergency Medicine Australasia</i> , 2006 , 18, 385-90	1.5	34
190	The impact structured patient assessment frameworks have on patient care: an integrative review. <i>Journal of Clinical Nursing</i> , 2013 , 22, 2991-3005	3.2	33
189	Anxiety disorders and cigarette smoking: Results from the Australian Survey of Mental Health and Wellbeing. <i>Australian and New Zealand Journal of Psychiatry</i> , 2010 , 44, 520-7	2.6	32
188	Adult Basic Life Support: 2020 International Consensus on Cardiopulmonary Resuscitation and Emergency Cardiovascular Care Science With Treatment Recommendations. <i>Circulation</i> , 2020 , 142, S41-S91	16.7	32
187	Exploring staff willingness to attend work during a disaster: a study of nurses employed in four Australian emergency departments. <i>Australasian Emergency Nursing Journal</i> , 2013 , 16, 103-9		31
186	Identifying the barriers and enablers for a triage, treatment, and transfer clinical intervention to manage acute stroke patients in the emergency department: a systematic review using the theoretical domains framework (TDF). <i>Implementation Science</i> , 2016 , 11, 157	8.4	31
185	Advance care planning for older people in Australia presenting to the emergency department from the community or residential aged care facilities. <i>Health and Social Care in the Community</i> , 2015 , 23, 513-22	2.6	29
184	Predictors of critical care admission in emergency department patients triaged as low to moderate urgency. <i>Journal of Advanced Nursing</i> , 2009 , 65, 818-27	3.1	29
183	Chemical, biological and radiological incidents: preparedness and perceptions of emergency nurses. <i>Disasters</i> , 2009 , 33, 482-97	2.8	29
182	Defining the scope of practice of the emergency nurse practitioner role in a metropolitan emergency department. <i>International Journal of Nursing Practice</i> , 2006 , 12, 205-13	2.3	29
181	Recognising clinical deterioration in emergency department patients. <i>Australasian Emergency Nursing Journal</i> , 2014 , 17, 59-67		28
180	Referrals to hospital emergency departments from residential aged care facilities: stuck in a time warp. <i>Contemporary Nurse</i> , 2013 , 45, 228-33	1.5	26
179	Clinical nurse research consultant: a clinical and academic role to advance practice and the discipline of nursing. <i>Journal of Advanced Nursing</i> , 2011 , 67, 2275-83	3.1	26
178	Chest compression components (rate, depth, chest wall recoil and leaning): A scoping review. <i>Resuscitation</i> , 2020 , 146, 188-202	4	26
177	Spinal immobilisation in pre-hospital and emergency care: A systematic review of the literature. <i>Australasian Emergency Nursing Journal</i> , 2015 , 18, 118-37		25
176	Factors influencing consistency of triage using the Australasian Triage Scale: implications for guideline development. <i>EMA - Emergency Medicine Australasia</i> , 2009 , 21, 277-85	1.5	25

175	Pandemic (H1N1) 2009 Influenza in Australia: Absenteeism and redeployment of emergency medicine and nursing staff. <i>EMA - Emergency Medicine Australasia</i> , 2011 , 23, 615-23	1.5	24
174	Unplanned presentations to emergency departments due to chemotherapy induced complications: Opportunities for improving service delivery. <i>Australasian Emergency Nursing Journal</i> , 2011 , 14, 62-68		24
173	Development of a theory-informed implementation intervention to improve the triage, treatment and transfer of stroke patients in emergency departments using the Theoretical Domains Framework (TDF): the T Trial. <i>Implementation Science</i> , 2017 , 12, 88	8.4	23
172	An evidence-based practice approach to improving nursing care of acute stroke in an Australian Emergency Department. <i>Journal of Clinical Nursing</i> , 2010 , 19, 138-44	3.2	23
171	Nurses' documentation of physiological observations in three acute care settings. <i>Journal of Clinical Nursing</i> , 2016 , 25, 134-43	3.2	23
170	Unreported clinical deterioration in emergency department patients: a point prevalence study. <i>Australasian Emergency Nursing Journal</i> , 2015 , 18, 33-41		22
169	Analysis of three advanced practice roles in emergency nursing. <i>Australasian Emergency Nursing Journal</i> , 2012 , 15, 219-28		21
168	Annual resuscitation competency assessments: a review of the evidence. <i>Australian Critical Care</i> , 2013 , 26, 12-7	2.9	20
167	Consensus-based clinical research priorities for emergency nursing in Australia. <i>Australasian Emergency Care</i> , 2018 , 21, 43-50	1.8	19
166	Expanding nurse initiated X-rays in emergency care using team-based learning and decision support. <i>Australasian Emergency Nursing Journal</i> , 2013 , 16, 10-20		19
165	Effect of clinician designation on emergency department fast track performance. <i>Emergency Medicine Journal</i> , 2010 , 27, 838-42	1.5	19
164	Older peoples' experience of accessing emergency care. <i>Australasian Emergency Nursing Journal</i> , 2010 , 13, 61-69		19
163	Effect of a self-directed learning package on emergency nurses' knowledge of assessment of oxygenation and use of supplemental oxygen. <i>Australian Journal of Cancer Nursing</i> , 2005 , 7, 199-208	1.9	19
162	A structured framework improves clinical patient assessment and nontechnical skills of early career emergency nurses: a pre-post study using full immersion simulation. <i>Journal of Clinical Nursing</i> , 2016 , 25, 2262-74	3.2	18
161	Emergency department rapid response systems: the case for a standardized approach to deteriorating patients. <i>European Journal of Emergency Medicine</i> , 2013 , 20, 375-81	2.3	18
160	Sustainable workforce reform: case study of Victorian nurse practitioner roles. <i>Australian Health Review</i> , 2010 , 34, 297-303	1.8	18
159	Can written nursing practice standards improve documentation of initial assessment of ED patients?. <i>Australasian Emergency Nursing Journal</i> , 2006 , 9, 11-18		18
158	The effect of a staged, emergency department specific rapid response system on reporting of clinical deterioration. <i>Australasian Emergency Nursing Journal</i> , 2015 , 18, 218-26		17

157	Factors associated with unplanned readmissions in a major Australian health service. <i>Australian Health Review</i> , 2019 , 43, 1-9	1.8	17
156	Disaster content in Australian tertiary postgraduate emergency nursing courses: a survey. <i>Australasian Emergency Nursing Journal</i> , 2013 , 16, 58-63		16
155	Critical care nurses' opinion and self-reported practice of oxygen therapy: a survey. <i>Australian Critical Care</i> , 2012 , 25, 23-30	2.9	16
154	Emergency department management of exacerbation of chronic obstructive pulmonary disease: audit of compliance with evidence-based guidelines. <i>Internal Medicine Journal</i> , 2011 , 41, 48-54	1.6	16
153	Effect of an evidence-based paediatric fever education program on emergency nurses' knowledge. <i>International Emergency Nursing</i> , 2007 , 15, 10-9		16
152	Development of physiological discriminators for the Australasian Triage Scale. <i>International Emergency Nursing</i> , 2002 , 10, 221-34		16
151	Patient physiological status during emergency care and rapid response team or cardiac arrest team activation during early hospital admission. <i>European Journal of Emergency Medicine</i> , 2017 , 24, 359-365	2.3	15
150	Nurse-Initiated Acute Stroke Care in Emergency Departments. <i>Stroke</i> , 2019 , STROKEAHA118020701	6.7	15
149	Nurses' role in recognising and responding to clinical deterioration in surgical patients. <i>Journal of Clinical Nursing</i> , 2018 , 27, 1920-1930	3.2	15
148	The reliability of clinical indicators of oxygenation: a literature review. <i>Contemporary Nurse</i> , 2005 , 18, 258-67	1.5	15
147	Nurses' perceptions of the impact of Team-Based Learning participation on learning style, team behaviours and clinical performance: An exploration of written reflections. <i>Nurse Education in Practice</i> , 2017 , 24, 62-69	3.2	14
146	Epidemiology of early Rapid Response Team activation after Emergency Department admission. <i>Australasian Emergency Nursing Journal</i> , 2016 , 19, 54-61		14
145	Participant evaluation of team-based learning using one-off teams in a hospital setting. <i>Australasian Emergency Nursing Journal</i> , 2014 , 17, 68-76		14
144	In-reach nursing services improve older patient outcomes and access to emergency care. <i>Australasian Journal on Ageing</i> , 2015 , 34, 115-20	1.5	14
143	Transition to specialty practice programs in emergency nursing – A review of the literature. <i>Australasian Emergency Nursing Journal</i> , 2011 , 14, 45-49		14
142	Patients' and nurses' perspectives on oxygen therapy: a qualitative study. <i>Journal of Advanced Nursing</i> , 2009 , 65, 634-41	3.1	14
141	Frequency and nature of reported incidents during Emergency Department care. <i>Emergency Medicine Journal</i> , 2011 , 28, 416-21	1.5	14
140	The Career Development Year: Responding to the emergency nursing shortage in Australia. <i>Australasian Emergency Nursing Journal</i> , 2008 , 11, 32-38		14

139	The effect of education on hypothetical and actual oxygen administration decisions. <i>Nurse Education Today</i> , 2007 , 27, 651-60	3.7	14
138	The effects of specific educational preparation on emergency nurses' clinical decisions regarding supplemental oxygen administration. <i>Australian Journal of Cancer Nursing</i> , 2006 , 8, 73-80	1.9	14
137	Knowledge and attitudes of ED staff before and after implementation of the emergency Nurse Practitioner role. <i>Australasian Emergency Nursing Journal</i> , 2005 , 8, 73-78		14
136	Medication errors in ED: Do patient characteristics and the environment influence the nature and frequency of medication errors?. <i>Australasian Emergency Nursing Journal</i> , 2014 , 17, 167-75		13
135	Adherence to evidence-based pressure injury prevention guidelines in routine clinical practice: a longitudinal study. <i>International Wound Journal</i> , 2017 , 14, 1290-1298	2.6	13
134	Thai clinicians' attitudes toward antimicrobial stewardship programs. <i>American Journal of Infection Control</i> , 2018 , 46, 425-430	3.8	13
133	Evidence based emergency nursing: Designing a research question and searching the literature. <i>International Emergency Nursing</i> , 2017 , 32, 78-82	2.4	12
132	Triage, treatment and transfer of patients with stroke in emergency department trial (the T Trial): a cluster randomised trial protocol. <i>Implementation Science</i> , 2016 , 11, 139	8.4	12
131	Initial emergency nursing management of patients with severe traumatic brain injury: development of an evidence-based care bundle for the Thai emergency department context. <i>Australasian Emergency Nursing Journal</i> , 2014 , 17, 152-60		12
130	Pandemic (H1N1 influenza 2009 and Australian emergency departments: implications for policy, practice and pandemic preparedness. <i>EMA - Emergency Medicine Australasia</i> , 2012 , 24, 159-65	1.5	12
129	Rapid intervention and treatment zone: redesigning nursing services to meet increasing emergency department demand. <i>International Journal of Nursing Practice</i> , 2012 , 18, 60-7	2.3	12
128	A review of the role of emergency nurses in management of chemotherapy-related complications. <i>Journal of Clinical Nursing</i> , 2009 , 18, 2649-55	3.2	12
127	Patient physiological status at the emergency department-ward interface and emergency calls for clinical deterioration during early hospital admission. <i>Journal of Advanced Nursing</i> , 2016 , 72, 1287-300	3.1	12
126	Nurses' decision-making, practices and perceptions of patient involvement in medication administration in an acute hospital setting. <i>Journal of Advanced Nursing</i> , 2019 , 75, 1316-1327	3.1	11
125	The effect of Transition to Specialty Practice Programs on Australian emergency nurses' professional development, recruitment and retention. <i>Australasian Emergency Nursing Journal</i> , 2015 , 18, 204-11		11
124	Mapping workforce configuration and operational models in Australian emergency departments: a national survey. <i>Australian Health Review</i> , 2018 , 42, 340-347	1.8	11
123	The uptake of an early warning system in an Australian emergency department: a pilot study. <i>Critical Care and Resuscitation: Journal of the Australasian Academy of Critical Care Medicine</i> , 2012 , 14, 135-41	2.8	11
122	Frequency of vital sign assessment and clinical deterioration in an Australian emergency department. <i>Australasian Emergency Nursing Journal</i> , 2016 , 19, 217-222		10

121	Development of a Management Algorithm for Post-operative Pain (MAPP) after total knee and total hip replacement: study rationale and design. <i>Implementation Science</i> , 2014 , 9, 110	8.4	10
120	Effect of an evidence-based education programme on ED discharge advice for febrile children. <i>Journal of Clinical Nursing</i> , 2007 , 16, 1687-94	3.2	10
119	Diagnosis of out-of-hospital cardiac arrest by emergency medical dispatch: A diagnostic systematic review. <i>Resuscitation</i> , 2021 , 159, 85-96	4	10
118	Systems for recognition and response to clinical deterioration in Victorian emergency departments. <i>Australasian Emergency Care</i> , 2018 , 21, 3-7	1.8	9
117	Comparison of policies for recognising and responding to clinical deterioration across five Victorian health services. <i>Australian Health Review</i> , 2018 , 42, 412-419	1.8	9
116	Emergency department management of hip fractures: Development of an evidence-based clinical guideline by literature review and consensus. <i>EMA - Emergency Medicine Australasia</i> , 2000 , 12, 329-336	1.5	9
115	Influences on emergency department length of stay for older people. <i>European Journal of Emergency Medicine</i> , 2018 , 25, 242-249	2.3	9
114	Using observation to collect data in emergency research. <i>Australasian Emergency Nursing Journal</i> , 2017 , 20, 25-30		8
113	Emergency department utilisation among older people with acute and/or chronic conditions: A multi-centre retrospective study. <i>International Emergency Nursing</i> , 2018 , 37, 39-43	2.4	8
112	Profiling nursing resources in Australian emergency departments. <i>Australasian Emergency Nursing Journal</i> , 2016 , 19, 1-10		8
111	Testing a systematic approach to identify and prioritise barriers to successful implementation of a complex healthcare intervention. <i>BMC Medical Research Methodology</i> , 2017 , 17, 24	4.7	8
110	Multisite analysis of the timing and outcomes of unplanned transfers from subacute to acute care. <i>Australian Health Review</i> , 2015 , 39, 387-394	1.8	8
109	Model to predict inpatient mortality from information gathered at presentation to an emergency department: The Triage Information Mortality Model (TIMM). <i>EMA - Emergency Medicine Australasia</i> , 2015 , 27, 300-6	1.5	8
108	Characteristics and outcomes of patients requiring unplanned transfer from subacute to acute care. <i>International Journal of Nursing Practice</i> , 2013 , 19, 186-96	2.3	8
107	Nurses' perceptions of their preparation for triage. <i>Australasian Emergency Nursing Journal</i> , 2011 , 14, 81-86		8
106	Point prevalence of patients fulfilling MET criteria in ten MET equipped hospitals. The methodology of the RESCUE study. <i>Resuscitation</i> , 2011 , 82, 529-34	4	8
105	Emergency nurses' opinions regarding paediatric fever: The effect of an evidence-based education program. <i>Australasian Emergency Nursing Journal</i> , 2006 , 9, 101-111		8
104	Understanding the patient experience of early unplanned hospital readmission following acute care discharge: a qualitative descriptive study. <i>BMJ Open</i> , 2020 , 10, e034728	3	8

103	Implementation of guidelines for sepsis management in emergency departments: A systematic review. <i>Australasian Emergency Care</i> , 2018 , 21, 111-120	1.8	8
102	Current practices related to family presence during acute deterioration in adult emergency department patients. <i>Journal of Clinical Nursing</i> , 2017 , 26, 3624-3635	3.2	7
101	Exploring patient preferences for involvement in medication management in hospitals. <i>Journal of Advanced Nursing</i> , 2019 , 75, 2189-2199	3.1	7
100	Using an evidence-based care bundle to improve Thai emergency nurses' knowledge of care for patients with severe traumatic brain injury. <i>Nurse Education in Practice</i> , 2015 , 15, 284-92	3.2	7
99	Frequent use of emergency departments by older people: a comparative cohort study of characteristics and outcomes. <i>International Journal for Quality in Health Care</i> , 2018 , 30, 624-629	1.9	7
98	Thai emergency nurses' management of patients with severe traumatic brain injury: comparison of knowledge and clinical management with best available evidence. <i>Australasian Emergency Nursing Journal</i> , 2013 , 16, 127-35		7
97	Students perceive Team-Based Learning facilitates development of graduate learning outcomes and professional skills. <i>Journal of Teaching and Learning for Graduate Employability</i> , 2018 , 9, 93-113	1.2	7
96	Effectiveness of nurse-initiated X-ray for emergency department patients with distal limb injuries: a systematic review. <i>European Journal of Emergency Medicine</i> , 2019 , 26, 314-322	2.3	7
95	Characteristics and outcomes of emergency interhospital transfers from subacute to acute care for clinical deterioration. <i>International Journal for Quality in Health Care</i> , 2019 , 31, 117-124	1.9	7
94	Emergency nurses' knowledge and self-rated practice skills when caring for older patients in the Emergency Department. <i>Australasian Emergency Nursing Journal</i> , 2017 , 20, 174-180		6
93	Predictors for clinical deterioration of mental state in patients assessed by telephone-based mental health triage. <i>International Journal of Mental Health Nursing</i> , 2017 , 26, 226-237	3.8	6
92	Using an evidence-based care bundle to improve initial emergency nursing management of patients with severe traumatic brain injury. <i>Journal of Clinical Nursing</i> , 2015 , 24, 3365-73	3.2	6
91	Low-flow oxygen therapy in intensive care: an observational study. <i>Australian Critical Care</i> , 2011 , 24, 269-78	2.9	6
90	Development, reliability and validity of an instrument measuring the attitudes and knowledge of Emergency Department staff regarding the Emergency Nurse Practitioner role. <i>International Emergency Nursing</i> , 2005 , 13, 36-43		6
89	Career development year in emergency nursing: using specific educational preparation and clinical support to facilitate the transition to specialist practice. <i>Nurse Education in Practice</i> , 2004 , 4, 168-76	3.2	6
88	Nurses' perceptions of using an evidence-based care bundle for initial emergency nursing management of patients with severe traumatic brain injury: A qualitative study. <i>International Emergency Nursing</i> , 2015 , 23, 299-305	2.4	5
87	Vital sign abnormalities as predictors of clinical deterioration in subacute care patients: A prospective case-time-control study. <i>International Journal of Nursing Studies</i> , 2020 , 108, 103612	5.8	5
86	Prioritising Responses Of Nurses To deteriorating patient Observations (PRONTO) protocol: testing the effectiveness of a facilitation intervention in a pragmatic, cluster-randomised trial with an embedded process evaluation and cost analysis. <i>Implementation Science</i> , 2017 , 12, 85	8.4	5

85	Hospital in the Home nurses' recognition and response to clinical deterioration. <i>Journal of Clinical Nursing</i> , 2018 , 27, 2152-2160	3.2	5
84	Transition to Specialty Practice Program characteristics and professional development outcomes. <i>Nurse Education Today</i> , 2016 , 44, 109-15	3.7	5
83	Vital signs as predictors for aggression in hospital patients (VAPA). <i>Journal of Clinical Nursing</i> , 2017 , 26, 2593-2604	3.2	5
82	Early predictors of hospital admission in emergency department patients with chronic obstructive pulmonary disease. <i>Australasian Emergency Nursing Journal</i> , 2011 , 14, 180-188		5
81	The effect of alternative methods of cardiopulmonary resuscitation - Cough CPR, percussion pacing or precordial thump - on outcomes following cardiac arrest. A systematic review. <i>Resuscitation</i> , 2021 , 162, 73-81	4	5
80	Family presence during management of acute deterioration: Clinician attitudes, beliefs and perceptions of current practices. <i>Australasian Emergency Nursing Journal</i> , 2016 , 19, 159-65		5
79	Nursing handover of vital signs at the transition of care from the emergency department to the inpatient ward: An integrative review. <i>Journal of Clinical Nursing</i> , 2019 , 28, 1010-1021	3.2	5
78	Hospital in the home nurses' assessment decision making: an integrative review of the literature. <i>Contemporary Nurse</i> , 2018 , 54, 603-616	1.5	5
77	Factors associated with unplanned readmissions within 1 day of acute care discharge: a retrospective cohort study. <i>BMC Health Services Research</i> , 2018 , 18, 713	2.9	5
76	Characteristics and outcomes of patients requiring rapid response system activation within hours of emergency admission. <i>Critical Care and Resuscitation: Journal of the Australasian Academy of Critical Care Medicine</i> , 2014 , 16, 184-9	2.8	5
75	A framework for transition to specialty practice programmes. <i>Journal of Advanced Nursing</i> , 2017 , 73, 1970-1981	3.1	4
74	Post resuscitation management of cardiac arrest patients in the critical care environment: A retrospective audit of compliance with evidence based guidelines. <i>Australian Critical Care</i> , 2017 , 30, 299-305	2.0	4
73	Patient acceptability of wearable vital sign monitoring technologies in the acute care setting: A systematic review. <i>Journal of Clinical Nursing</i> , 2019 , 28, 2732-2744	3.2	4
72	Senior emergency nurses' responses to escalations of care for clinical deterioration. <i>Australasian Emergency Care</i> , 2018 , 21, 69-74	1.8	4
71	Longer time to transfer from the emergency department after bed request is associated with worse outcomes. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 211-215	1.5	4
70	Emergency nurses' decisions regarding frequency and nature of vital sign assessment. <i>Journal of Clinical Nursing</i> , 2017 , 26, 1949-1959	3.2	4
