

Karen E Wills

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/9046928/karen-e-wills-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
66	Cognition, educational attainment and diabetes distress predict poor health literacy in diabetes: A cross-sectional analysis of the SHELLED study.. <i>PLoS ONE</i> , 2022 , 17, e0267265	3.7	
65	Associations of dietary patterns with bone density and fractures in adults: A systematic review and meta-analysis. <i>Australian Journal of General Practice</i> , 2021 , 50, 394-401	1.5	0
64	Cohort Profile: The Hazelwood Health Study Latrobe Early Life Follow-Up (ELF) Study. <i>International Journal of Epidemiology</i> , 2021 , 49, 1779-1780	7.8	2
63	Longitudinal associations of dietary patterns with sociodemographic and lifestyle factors in older adults: the TASOAC study. <i>European Journal of Clinical Nutrition</i> , 2021 , 75, 759-767	5.2	1
62	Associations between dietary patterns and osteoporosis-related outcomes in older adults: a longitudinal study. <i>European Journal of Clinical Nutrition</i> , 2021 , 75, 792-800	5.2	1
61	Hand Examination, Ultrasound, and the Association With Hand Pain and Function in Community-Based Older Adults. <i>Arthritis Care and Research</i> , 2021 , 73, 347-354	4.7	0
60	Chronic Plantar Heel Pain Is Principally Associated With Waist Girth (Systemic) and Pain (Central) Factors, Not Foot Factors: A Case-Control Study. <i>Journal of Orthopaedic and Sports Physical Therapy</i> , 2021 , 51, 449-458	4.2	1
59	Chronic plantar heel pain modifies associations of ankle plantarflexor strength and body mass index with calcaneal bone density and microarchitecture. <i>PLoS ONE</i> , 2021 , 16, e0260925	3.7	0
58	Adverse birth outcomes in Victoria, Australia in association with maternal exposure to low levels of ambient air pollution. <i>Environmental Research</i> , 2020 , 188, 109784	7.9	10
57	Maternal Exposure to Ambient Air Pollution and Pregnancy Complications in Victoria, Australia. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	8
56	Identifying subgroups of community-dwelling older adults and their prospective associations with long-term knee osteoarthritis outcomes. <i>Clinical Rheumatology</i> , 2020 , 39, 1429-1437	3.9	0
55	Maternal exposure to fine particulate matter from a large coal mine fire is associated with gestational diabetes mellitus: A prospective cohort study. <i>Environmental Research</i> , 2020 , 183, 108956	7.9	14
54	Retraction Note: Dietary patterns and their associations with socio-demographic and lifestyle factors in Tasmanian older adults: a longitudinal cohort study. <i>European Journal of Clinical Nutrition</i> , 2020 , 74, 214	5.2	1
53	Prospective associations of low muscle mass and strength with health-related quality of life over 10-year in community-dwelling older adults. <i>Experimental Gerontology</i> , 2019 , 118, 65-71	4.5	10
52	Prospective associations of osteosarcopenia and osteodynapenia with incident fracture and mortality over 10 years in community-dwelling older adults. <i>Archives of Gerontology and Geriatrics</i> , 2019 , 82, 67-73	4	27
51	Maternal exposure to fine particulate matter from a coal mine fire and birth outcomes in Victoria, Australia. <i>Environment International</i> , 2019 , 127, 233-242	12.9	5
50	Dietary patterns and their associations with socio-demographic and lifestyle factors in Tasmanian older adults: a longitudinal cohort study. <i>European Journal of Clinical Nutrition</i> , 2019 , 73, 714-723	5.2	5

49	Associations of health literacy with risk factors for diabetic foot disease: a cross-sectional analysis of the Southern Tasmanian Health Literacy and Foot Ulcer Development in Diabetes Mellitus Study. <i>BMJ Open</i> , 2019 , 9, e025349	3	3
48	Patellar tendon enthesis abnormalities and their association with knee pain and structural abnormalities in older adults. <i>Osteoarthritis and Cartilage</i> , 2019 , 27, 449-458	6.2	3
47	Maternal exposure to short-to medium-term outdoor air pollution and obstetric and neonatal outcomes: A systematic review. <i>Environmental Pollution</i> , 2019 , 244, 915-925	9.3	23
46	Cardiovascular and other competing causes of death among patients with cancer from 2006 to 2015: An Australian population-based study. <i>Cancer</i> , 2019 , 125, 442-452	6.4	15
45	Low intensity repetitive transcranial magnetic stimulation modulates skilled motor learning in adult mice. <i>Scientific Reports</i> , 2018 , 8, 4016	4.9	17
44	The association between ambulatory activity, body composition and hip or knee joint replacement due to osteoarthritis: a prospective cohort study. <i>Osteoarthritis and Cartilage</i> , 2018 , 26, 671-679	6.2	14
43	Relationship between severe obesity and depth to the cricothyroid membrane in third-trimester non-labouring parturients: a prospective observational study. <i>British Journal of Anaesthesia</i> , 2018 , 120, 1033-1039	5.4	22
42	How Do MRI-Detected Subchondral Bone Marrow Lesions (BMLs) on Two Different MRI Sequences Correlate with Clinically Important Outcomes?. <i>Calcified Tissue International</i> , 2018 , 103, 131-143	3.9	2
41	Longitudinal associations between serum 25-hydroxyvitamin D, physical activity, knee pain and dysfunction and physiological falls risk in community-dwelling older adults. <i>Experimental Gerontology</i> , 2018 , 104, 72-77	4.5	3
40	Temporal trends in the risk of second primary cancers among survivors of adult-onset cancers, 1980 through 2013: An Australian population-based study. <i>Cancer</i> , 2018 , 124, 1808-1818	6.4	8
39	Effects of Mindfulness on Psychological Distress and HbA1c in People with Diabetes. <i>Mindfulness</i> , 2018 , 9, 1615-1626	2.9	9
38	Individualized Fracture Risk Feedback and Long-term Benefits After 10 Years. <i>American Journal of Preventive Medicine</i> , 2018 , 54, 266-274	6.1	5
37	Cancer risk management in Tasmanian women with BRCA1 and BRCA2 mutations. <i>Familial Cancer</i> , 2018 , 17, 333-344	3	5
36	Favourable outcomes for childhood acute lymphoblastic leukaemia in an isolated setting: The Tasmanian experience. <i>Cancer Reports</i> , 2018 , 1, e1107	1.5	1
35	Associations of health literacy with diabetic foot outcomes: a systematic review and meta-analysis. <i>Diabetic Medicine</i> , 2018 , 35, 1470-1479	3.5	9
34	Temporal trends in competing mortality from second and subsequent primary cancers, 1980-2014: An Australian population-based study. <i>Cancer Epidemiology</i> , 2018 , 55, 61-67	2.8	1
33	Longitudinal Associations of Serum 25-hydroxyvitamin D, Physical Activity, and Knee Pain and Dysfunction with Muscle Loss in Community-dwelling Older Adults. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2018 , 73, 526-531	6.4	7
32	Moderate-to-Vigorous Physical Activity But Not Sedentary Time Is Associated With Musculoskeletal Health Outcomes in a Cohort of Australian Middle-Aged Women. <i>Journal of Bone and Mineral Research</i> , 2017 , 32, 708-715	6.3	31

31	Prospective Associations of Low Muscle Mass and Function with 10-Year Falls Risk, Incident Fracture and Mortality in Community-Dwelling Older Adults. <i>Journal of Nutrition, Health and Aging</i> , 2017 , 21, 843-848	5.2	59
30	Both Baseline and Change in Lower Limb Muscle Strength in Younger Women Are Independent Predictors of Balance in Middle Age: A 12-Year Population-Based Prospective Study. <i>Journal of Bone and Mineral Research</i> , 2017 , 32, 1201-1208	6.3	7
29	Associations of dietary patterns with bone mass, muscle strength and balance in a cohort of Australian middle-aged women. <i>British Journal of Nutrition</i> , 2017 , 118, 598-606	3.6	20
28	BETWEEN-PERSON AND WITHIN-PERSON VARIABILITY IN VITAMIN D, PHYSICAL ACTIVITY, PAIN, AND FALLS RISK. <i>Innovation in Aging</i> , 2017 , 1, 1244-1244	0.1	78
27	Cut-points for associations between vitamin D status and multiple musculoskeletal outcomes in middle-aged women. <i>Osteoporosis International</i> , 2017 , 28, 505-515	5.3	10
26	Temporal trends in the risk of developing multiple primary cancers: a systematic review. <i>BMC Cancer</i> , 2016 , 16, 849	4.8	15
25	Lower limb muscle strength is associated with poor balance in middle-aged women: linear and nonlinear analyses. <i>Osteoporosis International</i> , 2016 , 27, 2241-2248	5.3	12
24	Prospective outcomes in patients with acute exacerbations of chronic obstructive pulmonary disease presenting to hospital: a generalisable clinical audit. <i>Internal Medicine Journal</i> , 2015 , 45, 925-33	1.6	10
23	Clinical features and lung function in HIV-infected children with chronic lung disease. <i>SAJCH South African Journal of Child Health</i> , 2015 , 9, 72	0.8	3
22	Cumulative risks and cessation of exclusive breast feeding: Australian cross-sectional survey. <i>Archives of Disease in Childhood</i> , 2015 , 100, 863-8	2.2	16
21	Seasonal not annual rainfall determines grassland biomass response to carbon dioxide. <i>Nature</i> , 2014 , 511, 583-6	50.4	103
20	Effects of individualized bone density feedback and educational interventions on osteoporosis knowledge and self-efficacy: a 12-yr prospective study. <i>Journal of Clinical Densitometry</i> , 2014 , 17, 466-72 ^{3.5}		19
19	A randomized controlled trial of inhaled corticosteroids (ICS) on markers of epithelial-mesenchymal transition (EMT) in large airway samples in COPD: an exploratory proof of concept study. <i>International Journal of COPD</i> , 2014 , 9, 533-42	3	59
18	Standardised training program in spinal ultrasound for epidural insertion: protocol driven versus non-protocol driven teaching approach. <i>Anaesthesia and Intensive Care</i> , 2014 , 42, 460-6	1.1	3
17	Development and reliability testing of the quality clinical placement evaluation tool. <i>Journal of Clinical Nursing</i> , 2014 , 23, 504-14	3.2	15
16	Effects of telephone health mentoring in community-recruited chronic obstructive pulmonary disease on self-management capacity, quality of life and psychological morbidity: a randomised controlled trial. <i>BMJ Open</i> , 2013 , 3, e003097	3	52
15	Clinical diaries in COPD: compliance and utility in predicting acute exacerbations. <i>International Journal of COPD</i> , 2012 , 7, 427-35	3	12
14	Effect of high flow oxygen on mortality in chronic obstructive pulmonary disease patients in prehospital setting: randomised controlled trial. <i>BMJ, The</i> , 2010 , 341, c5462	5.9	267

13	Flowering phenology in a species-rich temperate grassland is sensitive to warming but not elevated CO ₂ . <i>New Phytologist</i> , 2008 , 178, 815-822	9.8	63
12	Influence of warming on soil water potential controls seedling mortality in perennial but not annual species in a temperate grassland. <i>New Phytologist</i> , 2008 , 180, 143-152	9.8	24
11	Warming prevents the elevated CO ₂ -induced reduction in available soil nitrogen in a temperate, perennial grassland. <i>Global Change Biology</i> , 2008 , 14, 1018-1024	11.4	68
10	Warming and elevated CO ₂ affect the relationship between seed mass, germinability and seedling growth in <i>Austrodanthonia caespitosa</i> , a dominant Australian grass. <i>Global Change Biology</i> , 2008 , 14, 1633-1641	11.4	62
9	Elevated CO ₂ and warming impacts on flowering phenology in a southern Australian grassland are related to flowering time but not growth form, origin or longevity. <i>Australian Journal of Botany</i> , 2008 , 56, 630	1.2	16
8	Plant trait - environmental linkages among contrasting landscapes and climate regimes in temperate eucalypt woodlands. <i>Australian Journal of Botany</i> , 2008 , 56, 422	1.2	7
7	Warming and free-air CO ₂ enrichment alter demographics in four co-occurring grassland species. <i>New Phytologist</i> , 2007 , 176, 365-374	9.8	83
6	Flowering, seed production and seed mass in a species-rich temperate grassland exposed to FACE and warming. <i>Australian Journal of Botany</i> , 2007 , 55, 780	1.2	23
5	The TasFACE climate-change impacts experiment: design and performance of combined elevated CO ₂ and temperature enhancement in a native Tasmanian grassland. <i>Australian Journal of Botany</i> , 2006 , 54, 1	1.2	57
4	Grass not fungus: <i>Walwhalleya</i> nom. nov. (Poaceae, Paniceae). <i>Australian Systematic Botany</i> , 2006 , 19, 327	1	1
3	Landscape patterns of woody plant response to crown fire: disturbance and productivity influence sprouting ability. <i>Journal of Ecology</i> , 2005 , 93, 544-555	6	88
2	Systematic studies in Paniceae (Poaceae): <i>Homopholis</i> and <i>Whalleya</i> gen. et sp. nov.. <i>Australian Systematic Botany</i> , 2000 , 13, 437	1	10
1	Continuous positive airway pressure plus low flow oxygen versus usual care of severe acute cardiogenic pulmonary edema in the pre-hospital setting: A randomised controlled trial. <i>F1000Research</i> , 7 , 708	3.6	0
