

# Ana Gonzlez-Castro

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/9074741/ana-gonzalez-castro-publications-by-citations.pdf>  
**Version:** 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.  
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

|                  |                       |              |                 |
|------------------|-----------------------|--------------|-----------------|
| 6<br>papers      | 204<br>citations      | 5<br>h-index | 7<br>g-index    |
| 7<br>ext. papers | 269<br>ext. citations | 7<br>avg, IF | 2.68<br>L-index |

| # | Paper   | IF   | Citations |
|---|---|------|-----------|
| 6 | Increased humoral immunity in the jejunum of diarrhoea-predominant irritable bowel syndrome associated with clinical manifestations. <i>Gut</i> , <b>2015</b> , 64, 1379-88   | 19.2 | 72        |
| 5 | Intestinal Mucosal Mast Cells: Key Modulators of Barrier Function and Homeostasis. <i>Cells</i> , <b>2019</b> , 8,  | 7.9  | 71        |
| 4 | Mucosal pathobiology and molecular signature of epithelial barrier dysfunction in the small intestine in irritable bowel syndrome. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , <b>2017</b> , 32, 53-63    | 4    | 34        |
| 3 | Increased Colonic Epithelial Permeability and Mucosal Eosinophilia in Ulcerative Colitis in Remission Compared With Irritable Bowel Syndrome and Health. <i>Inflammatory Bowel Diseases</i> , <b>2020</b> , 26, 974-984       | 4.5  | 17        |
| 2 | Overexpression of corticotropin-releasing factor in intestinal mucosal eosinophils is associated with clinical severity in Diarrhea-Predominant Irritable Bowel Syndrome. <i>Scientific Reports</i> , <b>2020</b> , 10, 20706 | 4.9  | 9         |
| 1 | The Role of Purported Mucoprotectants in Dealing with Irritable Bowel Syndrome, Functional Diarrhea, and Other Chronic Diarrheal Disorders in Adults. <i>Advances in Therapy</i> , <b>2021</b> , 38, 2054-2076                | 4.1  | 1         |
