#	ARTICLE	IF	CITATIONS
1	Exposure to Large-Scale Social and Behavior Change Communication Interventions Is Associated with Improvements in Infant and Young Child Feeding Practices in Ethiopia. PLoS ONE, 2016, 11, e0164800.	2.5	99
2	Factors influencing maternal nutrition practices in a large scale maternal, newborn and child health program in Bangladesh. PLoS ONE, 2017, 12, e0179873.	2.5	79
3	Learning How Programs Achieve their Impact: Embedding Theory-Driven Process Evaluation and Other Program Learning Mechanisms in Alive & Thrive. Food and Nutrition Bulletin, 2013, 34, S212-S225.	1.4	78
4	Integrating Nutrition Interventions into an Existing Maternal, Neonatal, and Child Health Program Increased Maternal Dietary Diversity, Micronutrient Intake, and Exclusive Breastfeeding Practices in Bangladesh: Results of a Cluster-Randomized Program Evaluation. Journal of Nutrition, 2017, 147, 2326-2337.	2.9	65
5	Assessing implementation fidelity of a community-based infant and young child feeding intervention in Ethiopia identifies delivery challenges that limit reach to communities: a mixed-method process evaluation study. BMC Public Health, 2015, 15, 316.	2.9	56
6	Is Exposure to Animal Feces Harmful to Child Nutrition and Health Outcomes? A Multicountry Observational Analysis. American Journal of Tropical Medicine and Hygiene, 2017, 96, 961-969.	1.4	52
7	Exposure to mass media and interpersonal counseling has additive effects on exclusive breastfeeding and its psychosocial determinants among Vietnamese mothers. Maternal and Child Nutrition, 2016, 12, 713-725.	3.0	50
8	Behavior Change Interventions Delivered through Interpersonal Communication, Agricultural Activities, Community Mobilization, and Mass Media Increase Complementary Feeding Practices and Reduce Child Stunting in Ethiopia. Journal of Nutrition, 2019, 149, 1470-1481.	2.9	49
9	Program Impact Pathway Analysis of a Social Franchise Model Shows Potential to Improve Infant and Young Child Feeding Practices in Vietnam. Journal of Nutrition, 2014, 144, 1627-1636.	2.9	48
10	Understanding the role of intersectoral convergence in the delivery of essential maternal and child nutrition interventions in Odisha, India: a qualitative study. BMC Public Health, 2017, 17, 161.	2.9	40
11	Large-Scale Social and Behavior Change Communication Interventions Have Sustained Impacts on Infant and Young Child Feeding Knowledge and Practices: Results of a 2-Year Follow-Up Study in Bangladesh. Journal of Nutrition, 2018, 148, 1605-1614.	2.9	38
12	Can conditional cash transfers improve the uptake of nutrition interventions and household food security? Evidence from Odisha's Mamata scheme. PLoS ONE, 2017, 12, e0188952.	2.5	32
13	Maternal behavioural determinants and livestock ownership are associated with animal source food consumption among young children during fasting in rural Ethiopia. Maternal and Child Nutrition, 2019, 15, e12695.	3.0	21
14	Incorporating elements of social franchising in government health services improves the quality of infant and young child feeding counselling services at commune health centres in Vietnam. Health Policy and Planning, 2014, 29, 1008-1020.	2.7	19
15	Different Combinations of Behavior Change Interventions and Frequencies of Interpersonal Contacts Are Associated with Infant and Young Child Feeding Practices in Bangladesh, Ethiopia, and Vietnam. Current Developments in Nutrition, 2020, 4, nzz140.	0.3	18
16	Information Diffusion and Social Norms Are Associated with Infant and Young Child Feeding Practices in Bangladesh. Journal of Nutrition, 2019, 149, 2034-2045.	2.9	15
17	Early breastfeeding practices contribute to exclusive breastfeeding in Bangladesh, Vietnam and Ethiopia. Maternal and Child Nutrition, 2020, 16, e13012.	3.0	14
18	Factors influencing the uptake of a mass media intervention to improve child feeding in Bangladesh. Maternal and Child Nutrition, 2018, 14, e12603.	3.0	12

#	ARTICLE	IF	CITATIONS
19	Lessons from using cluster-randomized evaluations to build evidence on large-scale nutrition behavior change interventions. <i>World Development</i> , 2020, 127, 104816.	4.9	12
20	Gaps in the implementation and uptake of maternal nutrition interventions in antenatal care services in Bangladesh, Burkina Faso, Ethiopia and India. <i>Maternal and Child Nutrition</i> , 2021, , e13293.	3.0	12
21	Supply- and Demand-Side Factors Influencing Utilization of Infant and Young Child Feeding Counselling Services in Viet Nam. <i>PLoS ONE</i> , 2016, 11, e0151358.	2.5	10
22	Importance of coverage and quality for impact of nutrition interventions delivered through an existing health programme in Bangladesh. <i>Maternal and Child Nutrition</i> , 2018, 14, e12613.	3.0	10
23	Measuring coverage of infant and young child feeding counselling interventions: A framework and empirical considerations for survey question design. <i>Maternal and Child Nutrition</i> , 2020, 16, e13001.	3.0	9
24	Using cognitive interviewing to bridge the intent-interpretation gap for nutrition coverage survey questions in India. <i>Maternal and Child Nutrition</i> , 2022, 18, e13248.	3.0	8
25	Intervention Design Elements Are Associated with Frontline Health Workers' Performance to Deliver Infant and Young Child Nutrition Services in Bangladesh and Vietnam. <i>Current Developments in Nutrition</i> , 2019, 3, nzz070.	0.3	7
26	Building Evidence for Sustainability of Food and Nutrition Intervention Programs in Developing Countries. <i>Advances in Nutrition</i> , 2013, 4, 524-526.	6.4	6
27	Process of developing models of maternal nutrition interventions integrated into antenatal care services in Bangladesh, Burkina Faso, Ethiopia and India. <i>Maternal and Child Nutrition</i> , 2022, 18, .	3.0	4
28	Breastfeeding Difficulties at Three Months are Associated with Formula Use in Vietnam. <i>FASEB Journal</i> , 2015, 29, 898.34.	0.5	0
