#	Paper	IF	Citations
53	Flexible working conditions and their effects on employee health and wellbeing. <i>The Cochrane Library</i> , 2010 , CD008009	5.2	126
52	Longitudinal changes in active transportation to school in Canadian youth aged 6 through 16 years. <i>Pediatrics</i> , 2011 , 128, e404-13	7.4	67
51	Sustained active transportation is associated with a favorable body mass index trajectory across the early school years: findings from the Quebec Longitudinal Study of Child Development birth cohort. <i>Preventive Medicine</i> , 2010 , 50 Suppl 1, S59-64	4.3	57
50	Income inequality among American states and the incidence of major depression. <i>Journal of Epidemiology and Community Health</i> , 2014 , 68, 110-5	5.1	54
49	Unconditional cash transfers for reducing poverty and vulnerabilities: effect on use of health services and health outcomes in low- and middle-income countries. <i>The Cochrane Library</i> , 2017 , 11, CD011135	5.2	47
48	Cohort Profile: The Nicotine Dependence in Teens (NDIT) Study. <i>International Journal of Epidemiology</i> , 2015 , 44, 1537-46	7.8	47
47	Sociodemographic, behavioural and environmental correlates of sweetened beverage consumption among pre-school children. <i>Public Health Nutrition</i> , 2012 , 15, 1338-46	3.3	43
46	The role of neighborhood income inequality in adolescent aggression and violence. <i>Journal of Adolescent Health</i> , 2014 , 55, 571-9	5.8	40
45	Do area characteristics predict change in moderate-to-vigorous physical activity from ages 11 to 15 years?. <i>Social Science and Medicine</i> , 2011 , 72, 430-8	5.1	39
44	Understanding the determinants of active transportation to school among children: evidence of environmental injustice from the Quebec Longitudinal Study of Child Development. <i>Health and Place</i> , 2012 , 18, 163-71	4.6	35
43	Proportions of students who use various modes of transportation to and from school in a representative population-based sample of children and adolescents, 1999. <i>Preventive Medicine</i> , 2008 , 46, 63-6	4.3	32
42	The role of depression and social support in non-fatal drug overdose among a cohort of injection drug users in a Canadian setting. <i>Drug and Alcohol Dependence</i> , 2013 , 132, 603-9	4.9	30
41	US State-level income inequality and risks of heart attack and coronary risk behaviors: longitudinal findings. <i>International Journal of Public Health</i> , 2015 , 60, 573-88	4	26
40	Social Capital is Associated With Late HIV Diagnosis: An Ecological Analysis. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2016 , 73, 213-21	3.1	26
39	The relationship between social fragmentation and sleep among adolescents living in Boston, Massachusetts. <i>Journal of Public Health</i> , 2014 , 36, 587-98	3.5	23
38	The importance of Active Transportation to and from school for daily physical activity among children. <i>Preventive Medicine</i> , 2012 , 55, 196-200	4.3	22
37	Food consumption patterns in preschool children. <i>Canadian Journal of Dietetic Practice and Research</i> , 2012 , 73, 66-71	1.3	21

36	Income inequality within urban settings and depressive symptoms among adolescents. <i>Journal of Epidemiology and Community Health</i> , 2016 , 70, 997-1003	5.1	21
35	Political party affiliation, political ideology and mortality. <i>Journal of Epidemiology and Community Health</i> , 2015 , 69, 423-31	5.1	20
34	School social fragmentation, economic deprivation and social cohesion and adolescent physical inactivity: a longitudinal study. <i>PLoS ONE</i> , 2014 , 9, e99154	3.7	15
33	The relationship between neighborhood socioeconomic characteristics and physical inactivity among adolescents living in Boston, Massachusetts. <i>American Journal of Public Health</i> , 2014 , 104, e142-9 ^{5.1}	5.1	13
32	Environmental factors and cardiovascular diseases: the association of income inequality and green spaces in elderly residents of So Paulo, Brazil. <i>BMJ Open</i> , 2016 , 6, e011850	3	13
31	Income inequality among American states and the conditional risk of post-traumatic stress disorder. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2017 , 52, 1195-1204	4.5	12
30	The relationship between utilitarian walking, utilitarian cycling, and body mass index in a population based cohort study of adults: comparing random intercepts and fixed effects models. <i>Preventive Medicine</i> , 2014 , 69, 261-6	4.3	12
29	Timing of Spermatogenesis and Menarche are Associated with Physical Activity and Sedentary Behavior Among Korean Adolescents. <i>Osong Public Health and Research Perspectives</i> , 2016 , 7, 266-72	6.1	12
28	State-level income inequality and meeting physical activity guidelines; differential associations among US men and women. <i>Journal of Public Health</i> , 2018 , 40, 229-236	3.5	11
27	Structural Racism and Odds for Infant Mortality Among Infants Born in the United States 2010. <i>Journal of Racial and Ethnic Health Disparities</i> , 2019 , 6, 1095-1106	3.5	10
26	Witnessing a violent death and smoking, alcohol consumption, and marijuana use among adolescents. <i>Journal of Urban Health</i> , 2014 , 91, 335-54	5.8	10
25	Does intolerance of smoking at school or in restaurants or corner stores decrease cigarette use initiation in adolescents?. <i>Nicotine and Tobacco Research</i> , 2012 , 14, 1154-60	4.9	10
24	Sweetened beverage consumption is a risk factor for depressive symptoms among adolescents living in Boston, Massachusetts, USA. <i>Public Health Nutrition</i> , 2016 , 19, 3062-3069	3.3	9
23	Income inequality and mortality: results from a longitudinal study of older residents of So Paulo, Brazil. <i>American Journal of Public Health</i> , 2013 , 103, e43-9	5.1	8
22	Area-level social fragmentation and walking for exercise: cross-sectional findings from the Quebec Adipose and Lifestyle Investigation in Youth Study. <i>American Journal of Public Health</i> , 2012 , 102, e30-7	5.1	8
21	Effect of a ban on extracurricular sports activities by secondary school teachers on physical activity levels of adolescents: a multilevel analysis. <i>Health Education and Behavior</i> , 2006 , 33, 690-702	4.2	8
20	Laws Restricting Access to Abortion Services and Infant Mortality Risk in the United States. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	6
19	State-level income inequality and mortality among infants born in the United States 2007-2010: A Cohort Study. <i>BMC Public Health</i> , 2019 , 19, 1333	4.1	5

18	Unconditional cash transfers for reducing poverty and vulnerabilities: effect on use of health services and health outcomes in low- and middle-income countries. <i>The Cochrane Library</i> , 2014 ,	5.2	5
17	Body weight misperception and psychological distress among young South Korean adults: the role of physical activity. <i>Global Health Research and Policy</i> , 2017 , 2, 17	7.6	5
16	Using the General Social Survey - National Death Index cohort to study the relationship between neighbourhood fear and mortality in the USA. <i>BMJ Open</i> , 2019 , 9, e030330	3	5
15	State- and county-level income inequality and infant mortality in the USA in 2010: a cohort study. <i>International Journal of Public Health</i> , 2020 , 65, 769-780	4	4
14	Relation between neighborhood socio-economic characteristics and social cohesion, social control, and collective efficacy: Findings from the Boston Neighborhood Study. <i>SSM - Population Health</i> , 2020 , 10, 100552	3.8	4
13	Why Is Infant Mortality in the United States So Comparatively High? Some Possible Answers. <i>Journal of Health Politics, Policy and Law</i> , 2018 , 43, 877-895	2.6	4
12	Differential relationship between state-level minimum wage and infant mortality risk among US infants born to white and black mothers. <i>Journal of Epidemiology and Community Health</i> , 2020 , 74, 14-19	5.1	3
11	School racial composition and lifetime non-medical use of prescription painkillers: Evidence from the national longitudinal study of adolescent to adult health. <i>Health and Place</i> , 2018 , 53, 103-109	4.6	2
10	Associations between utilitarian walking, meeting global physical activity guidelines, and psychological well-being among South Korean adolescents. <i>Journal of Transport and Health</i> , 2019 , 14, 100588	3	2
9	Income Inequality and Bullying Victimization and Perpetration: Evidence From Adolescents in the COMPASS Study.. <i>Health Education and Behavior</i> , 2022 , 10901981211071031	4.2	2
8	Perceived Discrimination and Increased Odds of Unmet Medical Needs Among US Children. <i>International Journal of Health Services</i> , 2021 , 51, 364-370	2	1
7	Unconditional cash transfers for reducing poverty and vulnerabilities: effect on use of health services and health outcomes in low- and middle-income countries.. <i>The Cochrane Library</i> , 2022 , 3, CD011135	5.2	1
6	The relationship between voting restrictions and COVID-19 case and mortality rates between US counties. <i>PLoS ONE</i> , 2022 , 17, e0267738	3.7	1
5	State-level income inequality and the odds for meeting fruit and vegetable recommendations among US adults. <i>PLoS ONE</i> , 2020 , 15, e0238577	3.7	0
4	Income inequality and depression among Canadian secondary students: Are psychosocial well-being and social cohesion mediating factors?. <i>SSM - Population Health</i> , 2022 , 17, 100994	3.8	0
3	Barriers to Voting and Access to Health Insurance Among US Adults: A Cross-Sectional Study. <i>The Lancet Regional Health Americas</i> , 2021 , 2, 100026		0
2	Financial Barriers to Mental Healthcare Services and Depressive Symptoms among Residents of Washington Heights, New York City.. <i>Hispanic Health Care International</i> , 2021 , 15404153211057563	1	0
1	Is neighbourhood income inequality associated with maternal mental health? A longitudinal analysis of pregnant and new mothers living in Calgary, Alberta.. <i>BMJ Open</i> , 2021 , 11, e049220	3	0
