

# Jo Waller

## List of Publications by Year in Descending Order

**Source:** <https://exaly.com/author-pdf/9108538/jo-waller-publications-by-year.pdf>

**Version:** 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

234 papers	8,176 citations	52 h-index	82 g-index
257 ext. papers	9,655 ext. citations	4.5 avg, IF	6.25 L-index

#	Paper	IF	Citations
234	Non-speculum sampling approaches for cervical screening in older women: randomised controlled trial.. <i>British Journal of General Practice</i> , <b>2022</b> , 72, e26-e33	1.6	3
233	Patient-reported experiences and views on the Cytosponge test: a mixed-methods analysis from the BEST3 trial.. <i>BMJ Open</i> , <b>2022</b> , 12, e054258	3	1
232	Self-sampling for cervical screening offered at the point of invitation: A cross-sectional study of preferences in England.. <i>Journal of Medical Screening</i> , <b>2022</b> , 9691413221092246	1.4	1
231	Developing Reporting Guidelines for Social Media Research (RESOME) by Using a Modified Delphi Method: Protocol for Guideline Development.. <i>JMIR Research Protocols</i> , <b>2022</b> , 11, e31739	2	
230	Testing key messages about extending cervical screening intervals.. <i>Patient Education and Counseling</i> , <b>2022</b> ,	3.1	1
229	Unselected Population Genetic Testing for Personalised Ovarian Cancer Risk Prediction: A Qualitative Study Using Semi-Structured Interviews. <i>Diagnostics</i> , <b>2022</b> , 12, 1028	3.8	1
228	Acceptability of extending HPV-based cervical screening intervals from 3 to 5 years: an interview study with women in England.. <i>BMJ Open</i> , <b>2022</b> , 12, e058635	3	0
227	Emotional response to testing positive for human papillomavirus at cervical cancer screening: a mixed method systematic review with meta-analysis. <i>Health Psychology Review</i> , <b>2021</b> , 15, 395-429	7.1	14
226	Offering disinclined people the choice between different screening appointments: a randomised online survey. <i>Psychology and Health</i> , <b>2021</b> , 36, 1135-1146	2.9	0
225	Maximising the acceptability of extended time intervals between screens in the NHS Cervical Screening Programme: An online experimental study. <i>Journal of Medical Screening</i> , <b>2021</b> , 28, 333-340	1.4	3
224	Distinct Illness Representation Profiles Are Associated With Anxiety in Women Testing Positive for Human Papillomavirus. <i>Annals of Behavioral Medicine</i> , <b>2021</b> ,	4.5	3
223	Psychosexual distress following routine primary human papillomavirus testing: a longitudinal evaluation within the English Cervical Screening Programme. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , <b>2021</b> , 128, 745-754	3.7	6
222	Exploring reasons for variations in anxiety after testing positive for human papillomavirus with normal cytology: a comparative qualitative study. <i>Psycho-Oncology</i> , <b>2021</b> , 30, 84-92	3.9	3
221	Attendance at early recall and colposcopy in routine cervical screening with human papillomavirus testing. <i>International Journal of Cancer</i> , <b>2021</b> , 148, 1850-1857	7.5	4
220	Cervical screening attendance and cervical cancer risk among women who have sex with women. <i>Journal of Medical Screening</i> , <b>2021</b> , 28, 349-356	1.4	4
219	Development and psychometric testing of the self-regulatory questionnaire for lung cancer screening (SRQ-LCS). <i>Psychology and Health</i> , <b>2021</b> , 1-17	2.9	0
218	"Whilst you are here" Acceptability of providing advice about screening and early detection of other cancers as part of the breast cancer screening programme. <i>Health Expectations</i> , <b>2021</b> , 24, 1868-1878	3.7	2

217	Psychological Targets for Lung Cancer Screening Uptake: A Prospective Longitudinal Cohort Study. <i>Journal of Thoracic Oncology</i> , <b>2021</b> , 16, 2016-2028	8.9	1
216	Patterns of anxiety and distress over 12 months following participation in HPV primary screening. <i>Sexually Transmitted Infections</i> , <b>2021</b> ,	2.8	2
215	Which young women are not being vaccinated against HPV? Cross-sectional analysis of a UK national cohort study. <i>Vaccine</i> , <b>2021</b> , 39, 5934-5939	4.1	0
214	Cancer symptom experience and help-seeking behaviour during the COVID-19 pandemic in the UK: a cross-sectional population survey. <i>BMJ Open</i> , <b>2021</b> , 11, e053095	3	9
213	Intentions to participate in cervical and colorectal cancer screening during the COVID-19 pandemic: A mixed-methods study. <i>Preventive Medicine</i> , <b>2021</b> , 153, 106826	4.3	4
212	Testing positive for Human Papillomavirus (HPV) at primary HPV cervical screening: A qualitative exploration of women's information needs and preferences for communication of results.. <i>Preventive Medicine Reports</i> , <b>2021</b> , 24, 101529	2.6	1
211	Improving postal survey response using behavioural science: a nested randomised control trial.. <i>BMC Medical Research Methodology</i> , <b>2021</b> , 21, 280	4.7	
210	Population Study of Ovarian Cancer Risk Prediction for Targeted Screening and Prevention. <i>Cancers</i> , <b>2020</b> , 12,	6.6	8
209	Barriers and facilitators to discussing HPV with head and neck cancer patients: A qualitative study using the theoretical domains framework. <i>Patient Education and Counseling</i> , <b>2020</b> , 103, 2451-2451	3.1	
208	The role of healthcare professionals in HPV communication with head and neck cancer patients: A narrative synthesis of qualitative studies. <i>European Journal of Cancer Care</i> , <b>2020</b> , 29, e13241	2.4	0
207	Reply to Wilson: Improving Lung Cancer Screening Uptake. <i>American Journal of Respiratory and Critical Care Medicine</i> , <b>2020</b> , 202, 1193-1194	10.2	
206	Increasing the perceived relevance of cervical screening in older women who do not plan to attend screening. <i>Sexually Transmitted Infections</i> , <b>2020</b> , 96, 20-25	2.8	3
205	Mapping the spectrum of psychological and behavioural responses to low-dose CT lung cancer screening offered within a Lung Health Check. <i>Health Expectations</i> , <b>2020</b> , 23, 433-441	3.7	7
204	Information needs among women taking part in primary HPV screening in England: a content analysis. <i>BMJ Open</i> , <b>2020</b> , 10, e044630	3	6
203	Psychological outcomes of low-dose CT lung cancer screening in a multisite demonstration screening pilot: the Lung Screen Uptake Trial (LSUT). <i>Thorax</i> , <b>2020</b> , 75, 1065-1073	7.3	2
202	The impact of believing you have had COVID-19 on self-reported behaviour: Cross-sectional survey. <i>PLoS ONE</i> , <b>2020</b> , 15, e0240399	3.7	28
201	Use of Social Media to Promote Cancer Screening and Early Diagnosis: Scoping Review. <i>Journal of Medical Internet Research</i> , <b>2020</b> , 22, e21582	7.6	19
200	The role of chronic conditions in influencing symptom attribution and anticipated help-seeking for potential lung cancer symptoms: a vignette-based study. <i>BJGP Open</i> , <b>2020</b> , 4,	3.1	2

199	Are Health Care Professionals Prepared to Implement Human Papillomavirus Testing? A Review of Psychosocial Determinants of Human Papillomavirus Test Acceptability in Primary Cervical Cancer Screening. <i>Journal of Women's Health</i> , <b>2020</b> , 29, 390-405	3	4
198	Attitudes towards risk-stratified breast cancer screening among women in England: A cross-sectional survey. <i>Journal of Medical Screening</i> , <b>2020</b> , 27, 138-145	1.4	13
197	Lung Screen Uptake Trial (LSUT): Randomized Controlled Clinical Trial Testing Targeted Invitation Materials. <i>American Journal of Respiratory and Critical Care Medicine</i> , <b>2020</b> , 201, 965-975	10.2	37
196	Decision-making about HPV vaccination in parents of boys and girls: A population-based survey in England and Wales. <i>Vaccine</i> , <b>2020</b> , 38, 1040-1047	4.1	12
195	Immunity Passports for SARS-CoV-2: an online experimental study of the impact of antibody test terminology on perceived risk and behaviour. <i>BMJ Open</i> , <b>2020</b> , 10, e040448	3	11
194	Women's Intentions to Engage in Risk-Reducing Behaviours after Receiving Personal Ovarian Cancer Risk Information: An Experimental Survey Study. <i>Cancers</i> , <b>2020</b> , 12,	6.6	2
193	Use of social media for cancer prevention and early diagnosis: scoping review protocol. <i>BMJ Open</i> , <b>2020</b> , 10, e033592	3	3
192	Communicating about HPV in the context of head and neck cancer: A systematic review of quantitative studies. <i>Patient Education and Counseling</i> , <b>2020</b> , 103, 462-472	3.1	3
191	Acceptability of risk-stratified breast screening: Effect of the order of presenting risk and benefit information. <i>Journal of Medical Screening</i> , <b>2020</b> , 27, 52-56	1.4	4
190	Anxiety and distress following receipt of results from routine HPV primary testing in cervical screening: The psychological impact of primary screening (PIPS) study. <i>International Journal of Cancer</i> , <b>2020</b> , 146, 2113-2121	7.5	28
189	Offering an app to book cervical screening appointments: A service evaluation. <i>Journal of Medical Screening</i> , <b>2020</b> , 27, 85-89	1.4	1
188	Mobile Technologies and Cervical Cancer Screening in Low- and Middle-Income Countries: A Systematic Review. <i>JCO Global Oncology</i> , <b>2020</b> , 6, 617-627	3.7	10
187	Concerns about disclosing a high-risk cervical human papillomavirus (HPV) infection to a sexual partner: a systematic review and thematic synthesis. <i>BMJ Sexual and Reproductive Health</i> , <b>2020</b> ,	1.9	4
186	Psychosocial impact of human papillomavirus-related head and neck cancer on patients and their partners: A qualitative interview study. <i>European Journal of Cancer Care</i> , <b>2019</b> , 28, e12999	2.4	11
185	Testing active choice for screening practitioner's gender in endoscopy among disinclined women: An online experiment. <i>Journal of Medical Screening</i> , <b>2019</b> , 26, 98-103	1.4	9
184	Cancer stigma and cancer screening attendance: a population based survey in England. <i>BMC Cancer</i> , <b>2019</b> , 19, 566	4.8	27
183	Socio-demographic correlates of cervical cancer risk factor knowledge among screening non-participants in Great Britain. <i>Preventive Medicine</i> , <b>2019</b> , 125, 1-4	4.3	2
182	Cancer worry frequency vs. intensity and self-reported colorectal cancer screening uptake: A population-based study. <i>Journal of Medical Screening</i> , <b>2019</b> , 26, 169-178	1.4	4

181	Barriers to cervical screening among older women from hard-to-reach groups: a qualitative study in England. <i>BMC Women's Health</i> , <b>2019</b> , 19, 38	2.9	17
180	The impact of descriptive norms on motivation to participate in cancer screening - Evidence from online experiments. <i>Patient Education and Counseling</i> , <b>2019</b> , 102, 1621-1628	3.1	11
179	The psychosexual impact of testing positive for high-risk cervical human papillomavirus (HPV): A systematic review. <i>Psycho-Oncology</i> , <b>2019</b> , 28, 1959-1970	3.9	17
178	Could changing invitation and booking processes help women translate their cervical screening intentions into action? A population-based survey of women's preferences in Great Britain. <i>BMJ Open</i> , <b>2019</b> , 9, e028134	3	12
177	Perspectives of non-attenders for cervical cancer screening in Norway: a qualitative focus group study. <i>BMJ Open</i> , <b>2019</b> , 9, e029505	3	6
176	Impact of a Lung Cancer Screening Information Film on Informed Decision-making: A Randomized Trial. <i>Annals of the American Thoracic Society</i> , <b>2019</b> , 16, 744-751	4.7	11
175	Defining the information needs of lung cancer screening participants: a qualitative study. <i>BMJ Open Respiratory Research</i> , <b>2019</b> , 6, e000448	5.6	4
174	Public awareness of and responses to media coverage of invitation errors in the Breast Screening Programme in England: a cross-sectional population survey. <i>BMJ Open</i> , <b>2019</b> , 9, e028040	3	1
173	Interest in lifestyle advice at lung cancer screening: Determinants and preferences. <i>Lung Cancer</i> , <b>2019</b> , 128, 1-5	5.9	9
172	Acceptability of receiving lifestyle advice at cervical, breast and bowel cancer screening. <i>Preventive Medicine</i> , <b>2019</b> , 120, 19-25	4.3	11
171	Lifestyle changes associated with participation in colorectal cancer screening: Prospective data from the English Longitudinal Study of Ageing. <i>Journal of Medical Screening</i> , <b>2019</b> , 26, 84-91	1.4	3
170	Cancer worries and uptake of breast, cervical, and colorectal cancer screening: A population-based survey in England. <i>Journal of Medical Screening</i> , <b>2019</b> , 26, 3-10	1.4	7
169	Acceptability of non-speculum clinician sampling for cervical screening in older women: A qualitative study. <i>Journal of Medical Screening</i> , <b>2018</b> , 25, 205-210	1.4	11
168	Variation in health beliefs across different types of cervical screening non-participants. <i>Preventive Medicine</i> , <b>2018</b> , 111, 204-209	4.3	12
167	Effect of HPV vaccination and cervical cancer screening in England by ethnicity: a modelling study. <i>Lancet Public Health</i> , <b>2018</b> , 3, e44-e51	22.4	19
166	Assessing the acceptability of incentivising HPV vaccination consent form return as a means of increasing uptake. <i>BMC Public Health</i> , <b>2018</b> , 18, 382	4.1	8
165	Prevalence of beliefs about actual and mythical causes of cancer and their association with socio-demographic and health-related characteristics: Findings from a cross-sectional survey in England. <i>European Journal of Cancer</i> , <b>2018</b> , 103, 308-316	7.5	24
164	Does psychosocial stress exacerbate avoidant responses to cancer information in those who are afraid of cancer? A population-based survey among older adults in England. <i>Psychology and Health</i> , <b>2018</b> , 33, 117-129	2.9	18

163	Public understanding of the purpose of cancer screening: A population-based survey. <i>Journal of Medical Screening</i> , <b>2018</b> , 25, 64-69	1.4	11
162	Do comorbidities influence help-seeking for cancer alarm symptoms? A population-based survey in England. <i>Journal of Public Health</i> , <b>2018</b> , 40, 340-349	3.5	15
161	Determinants of willingness to receive healthy lifestyle advice in the context of cancer screening. <i>British Journal of Cancer</i> , <b>2018</b> , 119, 251-257	8.7	13
160	What is it about a cancer diagnosis that would worry people? A population-based survey of adults in England. <i>BMC Cancer</i> , <b>2018</b> , 18, 86	4.8	18
159	Smokers' interest in a lung cancer screening programme: a national survey in England. <i>BMC Cancer</i> , <b>2018</b> , 18, 497	4.8	22
158	Understanding middle-aged and older adults' first associations with the word "cancer": A mixed methods study in England. <i>Psycho-Oncology</i> , <b>2018</b> , 27, 309-315	3.9	9
157	Using the candidacy framework to understand how doctor-patient interactions influence perceived eligibility to seek help for cancer alarm symptoms: a qualitative interview study. <i>BMC Health Services Research</i> , <b>2018</b> , 18, 937	2.9	8
156	Attitudes towards a programme of risk assessment and stratified management for ovarian cancer: a focus group study of UK South Asians' perspectives. <i>BMJ Open</i> , <b>2018</b> , 8, e021782	3	1
155	Development of a tool to assess beliefs about mythical causes of cancer: the Cancer Awareness Measure Mythical Causes Scale. <i>BMJ Open</i> , <b>2018</b> , 8, e022825	3	4
154	Decision-making about cervical screening in a heterogeneous sample of nonparticipants: A qualitative interview study. <i>Psycho-Oncology</i> , <b>2018</b> , 27, 2488-2493	3.9	4
153	Promoting prompt help-seeking for symptoms - assessing the impact of a gynaecological cancer leaflet on presentations to primary care: a record-based randomised control trial. <i>BMC Public Health</i> , <b>2018</b> , 18, 997	4.1	1
152	Socio-economic variations in anticipated adverse reactions to testing HPV positive: Implications for the introduction of primary HPV-based cervical screening. <i>Preventive Medicine</i> , <b>2018</b> , 115, 90-96	4.3	9
151	A cross-sectional survey of awareness of human papillomavirus-associated oropharyngeal cancers among general practitioners in the UK. <i>BMJ Open</i> , <b>2018</b> , 8, e023339	3	14
150	Barriers to cervical screening and interest in self-sampling among women who actively decline screening. <i>Journal of Medical Screening</i> , <b>2018</b> , 25, 211-217	1.4	30
149	Improving public understanding of overdiagnosis in England: a population survey assessing familiarity with possible terms for labelling the concept and perceptions of appropriate terminology. <i>BMJ Open</i> , <b>2018</b> , 8, e021260	3	7
148	Exploring human papillomavirus vaccination refusal among ethnic minorities in England: A comparative qualitative study. <i>Psycho-Oncology</i> , <b>2017</b> , 26, 1278-1284	3.9	6
147	Role of ethnicity in human papillomavirus vaccination uptake: a cross-sectional study of girls from ethnic minority groups attending London schools. <i>BMJ Open</i> , <b>2017</b> , 7, e014527	3	1
146	Ethnicity-specific factors influencing childhood immunisation decisions among Black and Asian Minority Ethnic groups in the UK: a systematic review of qualitative research. <i>Journal of Epidemiology and Community Health</i> , <b>2017</b> , 71, 544-549	5.1	37

145	The changing landscape of cervical screening-What does the future hold for primary care?. <i>European Journal of Cancer Care</i> , <b>2017</b> , 26, e12693	2.4	1
144	Discussing HPV with oropharyngeal cancer patients: A cross-sectional survey of attitudes in health professionals. <i>Oral Oncology</i> , <b>2017</b> , 68, 67-73	4.4	14
143	Understanding the heterogeneity of cervical cancer screening non-participants: Data from a national sample of British women. <i>European Journal of Cancer</i> , <b>2017</b> , 80, 30-38	7.5	37
142	Physical after-effects of colposcopy and related procedures, and their inter-relationship with psychological distress: a longitudinal survey. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , <b>2017</b> , 124, 1402-1410	3.7	5
141	A protocol for a cluster randomised feasibility study of an adolescent incentive intervention to increase uptake of HPV vaccination among girls. <i>Pilot and Feasibility Studies</i> , <b>2017</b> , 3, 13	1.9	3
140	Impact of a decision aid about stratified ovarian cancer risk-management on women's knowledge and intentions: a randomised online experimental survey study. <i>BMC Public Health</i> , <b>2017</b> , 17, 882	4.1	8
139	Health care professionals' attitudes towards population-based genetic testing and risk-stratification for ovarian cancer: a cross-sectional survey. <i>BMC Women's Health</i> , <b>2017</b> , 17, 132	2.9	6
138	A cluster randomised feasibility study of an adolescent incentive intervention to increase uptake of HPV vaccination. <i>British Journal of Cancer</i> , <b>2017</b> , 117, 1121-1127	8.7	14
137	Factors associated with the human papillomavirus (HPV) vaccination across three countries following vaccination introduction. <i>Preventive Medicine Reports</i> , <b>2017</b> , 8, 169-176	2.6	12
136	A cross-sectional survey assessing factors associated with reading cancer screening information: previous screening behaviour, demographics and decision-making style. <i>BMC Public Health</i> , <b>2017</b> , 17, 327	4.1	13
135	Awareness, knowledge, perceptions, and attitudes towards genetic testing for cancer risk among ethnic minority groups: a systematic review. <i>BMC Public Health</i> , <b>2017</b> , 17, 503	4.1	113
134	Experiences of cervical screening and barriers to participation in the context of an organised programme: a systematic review and thematic synthesis. <i>Psycho-Oncology</i> , <b>2017</b> , 26, 161-172	3.9	51
133	What do people fear about cancer? A systematic review and meta-synthesis of cancer fears in the general population. <i>Psycho-Oncology</i> , <b>2017</b> , 26, 1070-1079	3.9	73
132	Comparing perceived clarity of information on overdiagnosis used for breast and prostate cancer screening in England: an experimental survey. <i>BMJ Open</i> , <b>2017</b> , 7, e015955	3	4
131	Influences on university students' intention to receive recommended vaccines: a cross-sectional survey. <i>BMJ Open</i> , <b>2017</b> , 7, e016544	3	7
130	Exploring women's sensory experiences of undergoing colposcopy and related procedures: implications for preparatory sensory information provision. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , <b>2016</b> , 37, 137-146	3.6	2
129	S130 The prevalence of undiagnosed COPD on spirometry and emphysema on low-dose CT scans in a lung cancer screening demonstration pilot: a teachable moment?. <i>Thorax</i> , <b>2016</b> , 71, A77-A78	7.3	1
128	A lack of information engagement among colorectal cancer screening non-attenders: cross-sectional survey. <i>BMC Public Health</i> , <b>2016</b> , 16, 659	4.1	11

127	Adverse psychological outcomes following colposcopy and related procedures: a systematic review. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , <b>2016</b> , 123, 24-38	3.7	35
126	Quantitative evaluation of an information leaflet to increase prompt help-seeking for gynaecological cancer symptoms. <i>BMC Public Health</i> , <b>2016</b> , 16, 374	4.1	7
125	Self-Reported And Objectively Recorded Colorectal Cancer Screening Participation In England. <i>Journal of Medical Screening</i> , <b>2016</b> , 23, 17-23	1.4	13
124	Walking the tightrope: communicating overdiagnosis in modern healthcare. <i>BMJ, The</i> , <b>2016</b> , 352, i348	5.9	54
123	Socioeconomic inequalities in breast and cervical screening coverage in England: are we closing the gap?. <i>Journal of Medical Screening</i> , <b>2016</b> , 23, 98-103	1.4	48
122	Print and online newspaper coverage of the link between HPV and oral cancer in the UK: a mixed-methods study. <i>BMJ Open</i> , <b>2016</b> , 6, e008740	3	7
121	Information on Overdiagnosis in Breast Cancer Screening on Prominent United Kingdom- and Australia-Oriented Health Websites. <i>PLoS ONE</i> , <b>2016</b> , 11, e0152279	3.7	6
120	Trends in, and predictors of, anxiety and specific worries following colposcopy: a 12-month longitudinal study. <i>Psycho-Oncology</i> , <b>2016</b> , 25, 597-604	3.9	11
119	Survey of public definitions of the term Overdiagnosis in the UK. <i>BMJ Open</i> , <b>2016</b> , 6, e010723	3	18
118	Psychological Impact of Primary Screening (PIPS) for HPV: a protocol for a cross-sectional evaluation within the NHS cervical screening programme. <i>BMJ Open</i> , <b>2016</b> , 6, e014356	3	12
117	Common methods of measuring Informed choice in screening participation: Challenges and future directions. <i>Preventive Medicine Reports</i> , <b>2016</b> , 4, 601-607	2.6	27
116	Taking stock and looking ahead: Behavioural science lessons for implementing the nonavalent human papillomavirus vaccine. <i>European Journal of Cancer</i> , <b>2016</b> , 62, 96-102	7.5	2
115	Human Papillomavirus and Head and Neck Cancer: Psychosocial Impact in Patients and Knowledge of the Link - A Systematic Review. <i>Clinical Oncology</i> , <b>2016</b> , 28, 421-439	2.8	23
114	Extending and validating a human papillomavirus (HPV) knowledge measure in a national sample of Canadian parents of boys. <i>Preventive Medicine</i> , <b>2016</b> , 91, 43-49	4.3	26
113	A qualitative systematic review of factors influencing parents vaccination decision-making in the United Kingdom. <i>SSM - Population Health</i> , <b>2016</b> , 2, 603-612	3.8	26
112	Discussing a diagnosis of human papillomavirus oropharyngeal cancer with patients: An exploratory qualitative study of health professionals. <i>Head and Neck</i> , <b>2016</b> , 38, 394-401	4.2	19
111	Enthusiasm for cancer screening in Great Britain: a general population survey. <i>British Journal of Cancer</i> , <b>2015</b> , 112, 562-6	8.7	61
110	Understanding cervical screening non-attendance among ethnic minority women in England. <i>British Journal of Cancer</i> , <b>2015</b> , 113, 833-9	8.7	64

109	Attitudes towards cytology and human papillomavirus self-sample collection for cervical screening among Hindu women in London, UK: a mixed methods study. <i>Journal of Family Planning and Reproductive Health Care</i> , <b>2015</b> , 41, 38-47		21
108	Screening for prevention and early diagnosis of cancer. <i>American Psychologist</i> , <b>2015</b> , 70, 119-33	9.5	86
107	Cancer fear: facilitator and deterrent to participation in colorectal cancer screening. <i>Cancer Epidemiology Biomarkers and Prevention</i> , <b>2015</b> , 24, 400-5	4	54
106	High-Risk Human Papillomavirus (HPV) Infection and Cervical Cancer Prevention in Britain: Evidence of Differential Uptake of Interventions from a Probability Survey. <i>Cancer Epidemiology Biomarkers and Prevention</i> , <b>2015</b> , 24, 842-53	4	19
105	Does lung cancer attract greater stigma than other cancer types?. <i>Lung Cancer</i> , <b>2015</b> , 88, 104-7	5.9	51
