#	Paper	IF	Citations
129	Long term maintenance of weight loss with non-surgical interventions in obese adults: systematic review and meta-analyses of randomised controlled trials. <i>BMJ, The</i> , 2014 , 348, g2646	5.9	431
128	Identifying active ingredients in complex behavioural interventions for obese adults with obesity-related co-morbidities or additional risk factors for co-morbidities: a systematic review. <i>Health Psychology Review</i> , 2012 , 6, 7-32	7.1	329
127	Searching and synthesising 'grey literature' and 'grey information' in public health: critical reflections on three case studies. <i>Systematic Reviews</i> , 2016 , 5, 164	3	148
126	Developing Behavior Change Interventions for Self-Management in Chronic Illness: An Integrative Overview. <i>European Psychologist</i> , 2019 , 24, 7-25	4.4	90
125	The mediating role of pain catastrophizing in the relationship between presurgical anxiety and acute postsurgical pain after hysterectomy. <i>Pain</i> , 2012 , 153, 218-226	8	87
124	A systematic review of school-based interventions targeting physical activity and sedentary behaviour among older adolescents. <i>International Review of Sport and Exercise Psychology</i> , 2016 , 9, 22-44	4.8	86
123	Predictors of acute postsurgical pain and anxiety following primary total hip and knee arthroplasty. <i>Journal of Pain</i> , 2013 , 14, 502-15	5.2	82
122	Randomized controlled trial of a one-minute intervention changing oral self-care behavior. <i>Journal of Dental Research</i> , 2007 , 86, 641-5	8.1	77
121	Risk factors for persistent postsurgical pain in women undergoing hysterectomy due to benign causes: a prospective predictive study. <i>Journal of Pain</i> , 2012 , 13, 1045-57	5.2	76
120	Risk factors for moderate and severe persistent pain in patients undergoing total knee and hip arthroplasty: a prospective predictive study. <i>PLoS ONE</i> , 2013 , 8, e73917	3.7	76
119	'Let's Move It' - a school-based multilevel intervention to increase physical activity and reduce sedentary behaviour among older adolescents in vocational secondary schools: a study protocol for a cluster-randomised trial. <i>BMC Public Health</i> , 2016 , 16, 451	4.1	73
118	The features of interventions associated with long-term effectiveness of physical activity interventions in adults aged 55-70 years: a systematic review and meta-analysis. <i>Health Psychology Review</i> , 2015 , 9, 417-33	7.1	72
117	What explains the socioeconomic status gap in activity? Educational differences in determinants of physical activity and screentime. <i>BMC Public Health</i> , 2017 , 17, 144	4.1	72
116	What helps and hinders midwives in engaging with pregnant women about stopping smoking? A cross-sectional survey of perceived implementation difficulties among midwives in the North East of England. <i>Implementation Science</i> , 2012 , 7, 36	8.4	72
115	Efficacy of behavioural interventions for transport behaviour change: systematic review, meta-analysis and intervention coding. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2014 , 11, 133	8.4	71
114	A description of interventions promoting healthier ready-to-eat meals (to eat in, to take away, or to be delivered) sold by specific food outlets in England: a systematic mapping and evidence synthesis. <i>BMC Public Health</i> , 2017 , 17, 93	4.1	62
113	Predicting changes in physical activity among adolescents: the role of self-efficacy, intention, action planning and coping planning. <i>Health Education Research</i> , 2009 , 24, 128-39	1.8	57

112	Systematic review and meta-analysis of internet-delivered interventions providing personalized feedback for weight loss in overweight and obese adults. <i>Obesity Reviews</i> , 2016 , 17, 541-51	10.6	56
111	TMJ Disc Displacement without Reduction Management: A Systematic Review. <i>Journal of Dental Research</i> , 2014 , 93, 375-515	8.1	52
110	Complex systems and individual-level approaches to population health: a false dichotomy?. <i>Lancet Public Health, The</i> , 2017 , 2, e396-e397	22.4	49
109	Do brief online planning interventions increase physical activity amongst university students? A randomised controlled trial. <i>Psychology and Health</i> , 2011 , 26, 399-417	2.9	45
108	The impact of interventions to promote healthier ready-to-eat meals (to eat in, to take away or to be delivered) sold by specific food outlets open to the general public: a systematic review. <i>Obesity Reviews</i> , 2017 , 18, 227-246	10.6	43
107	Healthcare Cost and Impact of Persistent Orofacial Pain: The DEEP Study Cohort. <i>Journal of Dental Research</i> , 2016 , 95, 1147-54	8.1	42
106	The impact of the UK 'Act FAST' stroke awareness campaign: content analysis of patients, witness and primary care clinicians' perceptions. <i>BMC Public Health</i> , 2013 , 13, 915	4.1	42
105	Development and exploratory cluster-randomised opportunistic trial of a theory-based intervention to enhance physical activity among adolescents. <i>Psychology and Health</i> , 2009 , 24, 805-22	2.9	39
104	Dynamic modelling of n-of-1 data: powerful and flexible data analytics applied to individualised studies. <i>Health Psychology Review</i> , 2017 , 11, 222-234	7.1	37
103	NHS Diabetes Prevention Programme in England: formative evaluation of the programme in early phase implementation. <i>BMJ Open</i> , 2018 , 8, e019467	3	37
102	Testing self-regulation interventions to increase walking using factorial randomized N-of-1 trials. <i>Health Psychology</i> , 2012 , 31, 733-7	5	31
101	Acceptability of a very-low-energy diet in Type 2 diabetes: patient experiences and behaviour regulation. <i>Diabetic Medicine</i> , 2017 , 34, 1554-1567	3.5	30
100	Medication adherence among patients with Type 2 diabetes: A mixed methods study. <i>PLoS ONE</i> , 2018 , 13, e0207583	3.7	30
99	Evaluation of a complex healthcare intervention to increase smoking cessation in pregnant women: interrupted time series analysis with economic evaluation. <i>Tobacco Control</i> , 2018 , 27, 90-98	5.3	28
98	Adoption of community-based cardiac rehabilitation programs and physical activity following phase III cardiac rehabilitation in Scotland: a prospective and predictive study. <i>Psychology and Health</i> , 2010 , 25, 839-54	2.9	28
97	Differential predictors of acute post-surgical pain intensity after abdominal hysterectomy and major joint arthroplasty. <i>Annals of Behavioral Medicine</i> , 2015 , 49, 384-97	4.5	27
96	Persistent pain after total knee or hip arthroplasty: differential study of prevalence, nature, and impact. <i>Journal of Pain Research</i> , 2013 , 6, 691-703	2.9	27
95	Are interventions to promote sun-protective behaviors in recreational and tourist settings effective? A systematic review with meta-analysis and moderator analysis. <i>Annals of Behavioral Medicine</i> , 2013 , 45, 224-38	4.5	26

94	Efficacy and acceptability of very low energy diets in overweight and obese people with Type 2 diabetes mellitus: a systematic review with meta-analyses. <i>Diabetic Medicine</i> , 2016 , 33, 580-91	3.5	26
93	On the development, evaluation and evolution of health behaviour theory. <i>Health Psychology Review</i> , 2015 , 9, 176-89	7.1	25
92	The stroke 'Act FAST' campaign: remembered but not understood?. <i>International Journal of Stroke</i> , 2015 , 10, 324-30	6.3	25
91	Randomised controlled feasibility study of a school-based multi-level intervention to increase physical activity and decrease sedentary behaviour among vocational school students. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017 , 14, 37	8.4	23
90	Optimizing acceptability and feasibility of an evidence-based behavioral intervention for obese adults with obesity-related co-morbidities or additional risk factors for co-morbidities: an open-pilot intervention study in secondary care. <i>Patient Education and Counseling</i> , 2012 , 87, 108-19	3.1	23
89	Relations Between Autonomous Motivation and Leisure-Time Physical Activity Participation: The Mediating Role of Self-Regulation Techniques. <i>Journal of Sport and Exercise Psychology</i> , 2016 , 38, 128-37 ^{1.5}		22
88	What helps or hinders midwives to implement physical activity guidelines for obese pregnant women? A questionnaire survey using the Theoretical Domains Framework. <i>Midwifery</i> , 2017 , 49, 110-116 ^{2.8}		22
87	Involving Syrian Refugees in Design Research 2019 ,		18
86	Pre- and post-surgical factors that predict the provision of rescue analgesia following hysterectomy. <i>European Journal of Pain</i> , 2013 , 17, 423-33	3.7	18
85	Psychological factors predict an unfavorable pain trajectory after hysterectomy: a prospective cohort study on chronic postsurgical pain. <i>Pain</i> , 2018 , 159, 956-967	8	17
84	The NULevel trial of a scalable, technology-assisted weight loss maintenance intervention for obese adults after clinically significant weight loss: study protocol for a randomised controlled trial. <i>Trials</i> , 2015 , 16, 421	2.8	17
83	Adolescent sunscreen use in springtime: a prospective predictive study informed by a belief elicitation investigation. <i>Journal of Behavioral Medicine</i> , 2013 , 36, 109-23	3.6	16
82	Care Pathways in Persistent Orofacial Pain: Qualitative Evidence from the DEEP Study. <i>JDR Clinical and Translational Research</i> , 2017 , 2, 48-57	2.2	16
81	Witness response at acute onset of stroke: a qualitative theory-guided study. <i>PLoS ONE</i> , 2012 , 7, e39852 ^{3.7}		16
80	Prediction of Behaviour vs. Prediction of Behaviour Change: The Role of Motivational Moderators in the Theory of Planned Behaviour. <i>Applied Psychology</i> , 2008 , 57, 609-627	4.3	15
79	Systematic and Iterative Development of a Smartphone App to Promote Sun-Protection Among Holidaymakers: Design of a Prototype and Results of Usability and Acceptability Testing. <i>JMIR Research Protocols</i> , 2017 , 6, e112	2	15
78	A comparison of predictors and intensity of acute postsurgical pain in patients undergoing total hip and knee arthroplasty. <i>Journal of Pain Research</i> , 2017 , 10, 1087-1098	2.9	14
77	Web-Based Weight Loss Intervention for Men With Type 2 Diabetes: Pilot Randomized Controlled Trial. <i>JMIR Diabetes</i> , 2017 , 2, e14	2.7	14

76	Developing Effective and Efficient care pathways in chronic Pain: DEEP study protocol. <i>BMC Oral Health</i> , 2014 , 14, 6	3.7	13
75	Self-management in temporomandibular disorders: a systematic review of behavioural components. <i>Journal of Oral Rehabilitation</i> , 2016 , 43, 759-70	3.4	13
74	Behaviour change during dietary Type 2 diabetes remission: a longitudinal qualitative evaluation of an intervention using a very low energy diet. <i>Diabetic Medicine</i> , 2020 , 37, 953-962	3.5	13
73	High prevalence of alcohol use disorders in patients with inflammatory skin diseases. <i>British Journal of Dermatology</i> , 2017 , 177, 837-844	4	12
72	A feasibility study with process evaluation of a preschool intervention to improve child and family lifestyle behaviours. <i>BMC Public Health</i> , 2017 , 17, 248	4.1	12
71	Behavioural intervention for weight loss maintenance versus standard weight advice in adults with obesity: A randomised controlled trial in the UK (NULevel Trial). <i>PLoS Medicine</i> , 2019 , 16, e1002793	11.6	12
70	Support needs of patients with obesity in primary care: a practice-list survey. <i>BMC Family Practice</i> , 2018 , 19, 6	2.6	11
69	Aware, motivated and striving for a 'safe tan': an exploratory mixed-method study of sun-protection during holidays. <i>Health Psychology and Behavioral Medicine</i> , 2017 , 5, 276-298	2.2	11
68	Application of Behavior Change Techniques in a Personalized Nutrition Electronic Health Intervention Study: Protocol for the Web-Based Food4Me Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2018 , 7, e87	2	11
67	Feasibility of an incentive scheme to promote active travel to school: a pilot cluster randomised trial. <i>Pilot and Feasibility Studies</i> , 2017 , 3, 57	1.9	10
66	The effectiveness of workplace dietary interventions: protocol for a systematic review and meta-analysis. <i>Systematic Reviews</i> , 2016 , 5, 20	3	10
65	Liver triacylglycerol content and gestational diabetes: effects of moderate energy restriction. <i>Diabetologia</i> , 2017 , 60, 306-313	10.3	10
64	Towards an interdisciplinary science of transport and health: a case study on school travel. <i>Journal of Transport Geography</i> , 2012 , 21, 70-79	5.2	10
63	Randomised controlled feasibility trial of an evidence-informed behavioural intervention for obese adults with additional risk factors. <i>PLoS ONE</i> , 2011 , 6, e23040	3.7	10
62	"You Can't Always Get What You Want": A Novel Research Paradigm to Explore the Relationship between Multiple Intentions and Behaviours. <i>Applied Psychology: Health and Well-Being</i> , 2016 , 8, 258-75	6.8	10
61	Problems recruiting and retaining postnatal women to a pilot randomised controlled trial of a web-delivered weight loss intervention. <i>BMC Research Notes</i> , 2018 , 11, 203	2.3	9
60	An investigation of the predictors of photoprotection and UVR dose to the face in patients with XP: a protocol using observational mixed methods. <i>BMJ Open</i> , 2017 , 7, e018364	3	9
59	Acceptability of Strategies to Reduce Student Sitting: A Mixed-Methods Study With College Teachers. <i>Health Promotion Practice</i> , 2017 , 18, 44-53	1.8	9

58	Feasibility of working with a wholesale supplier to co-design and test acceptability of an intervention to promote smaller portions: an uncontrolled before-and-after study in British Fish & Chip shops. <i>BMJ Open</i> , 2019 , 9, e023441	3	8
57	The effectiveness of interventions targeting specific out-of-home food outlets: protocol for a systematic review. <i>Systematic Reviews</i> , 2014 , 3, 17	3	8
56	A cluster randomised trial testing an intervention to improve parents' recognition of their child's weight status: study protocol. <i>BMC Public Health</i> , 2015 , 15, 549	4.1	8
55	Using the critical incident technique for qualitative process evaluation of interventions: The example of the "Let's Move It" trial. <i>Social Science and Medicine</i> , 2019 , 232, 389-397	5.1	7
54	N-of-1 randomised controlled trials in health psychology and behavioural medicine: A commentary on Nyman et al., 2016. <i>Psychology and Health</i> , 2016 , 31, 331-3	2.9	7
53	The challenges of interventions to promote healthier food in independent takeaways in England: qualitative study of intervention deliverers' views. <i>BMC Public Health</i> , 2018 , 18, 184	4.1	7
52	Visualisation and network analysis of physical activity and its determinants: Demonstrating opportunities in analysing baseline associations in the Let's Move It trial. <i>Health Psychology and Behavioral Medicine</i> , 2019 , 7, 269-289	2.2	7
51	Understanding and predicting a complex behavior using n-of-1 methods: Photoprotection in xeroderma pigmentosum. <i>Health Psychology</i> , 2018 , 37, 1145-1158	5	7
50	Reducing the Salt Added to Takeaway Food: Within-Subjects Comparison of Salt Delivered by Five and 17 Holed Salt Shakers in Controlled Conditions. <i>PLoS ONE</i> , 2016 , 11, e0163093	3.7	7
49	Psychosocial Interventions to Improve Psychological, Social and Physical Wellbeing in Family Members Affected by an Adult Relative's Substance Use: A Systematic Search and Review of the Evidence. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	7
48	Designing equitable workplace dietary interventions: perceptions of intervention deliverers. <i>BMC Public Health</i> , 2017 , 17, 808	4.1	6
47	Comparison of sodium content of meals served by independent takeaways using standard versus reduced holed salt shakers: cross-sectional study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2016 , 13, 102	8.4	6
46	Psychological correlates of adherence to photoprotection in a rare disease: International survey of people with Xeroderma Pigmentosum. <i>British Journal of Health Psychology</i> , 2019 , 24, 668-686	8.3	6
45	The development of health behaviour change interventions for childhood cancer survivors: The need for a behavioural science approach. <i>Pediatric Blood and Cancer</i> , 2020 , 67, e28500	3	6
44	Combining the reasoned action approach and habit formation to reduce sitting time in classrooms: Outcome and process evaluation of the Let's Move It teacher intervention. <i>Journal of Experimental Social Psychology</i> , 2019 , 81, 27-38	2.6	6
43	Spokespeople 2018 ,		6
42	A Call For Embedding Dignity In Humanitarian Technologies 2019 ,		5
41	What helped and hindered implementation of an intervention package to reduce smoking in pregnancy: process evaluation guided by normalization process theory. <i>BMC Health Services Research</i> , 2019 , 19, 297	2.9	5

40	Social cognitions measured in 4 to 6 year olds are predictive of objectively measured physical activity. <i>Psychology and Health</i> , 2015 , 30, 1240-57	2.9	5
39	Supporting the transition from weight loss to maintenance: development and optimisation of a face-to-face behavioural intervention component. <i>Health Psychology and Behavioral Medicine</i> , 2017 , 5, 66-84	2.2	4
38	Feasibility and acceptability of a Takeaway Masterclass aimed at encouraging healthier cooking practices and menu options in takeaway food outlets. <i>Public Health Nutrition</i> , 2019 , 22, 2268-2278	3.3	4
37	Decision-making in the management of TMJ disc displacement without reduction: A qualitative study. <i>Journal of Dentistry</i> , 2019 , 91, 103223	4.8	4
36	Integrating Health Technologies in Health Services for Syrian Refugees in Lebanon: Qualitative Study. <i>Journal of Medical Internet Research</i> , 2020 , 22, e14283	7.6	4
35	Development of the MapMe intervention body image scales of known weight status for 4-5 and 10-11 year old children. <i>Journal of Public Health</i> , 2018 , 40, 582-590	3.5	4
34	An incremental dual-task paradigm to investigate pain attenuation by task difficulty, affective content and threat value. <i>PLoS ONE</i> , 2018 , 13, e0207023	3.7	4
33	The European multistakeholder PanCareFollowUp project: novel, person-centred survivorship care to improve care quality, effectiveness, cost-effectiveness and accessibility for cancer survivors and caregivers. <i>European Journal of Cancer</i> , 2021 , 153, 74-85	7.5	4
32	A mixed method evaluation of adult tier 2 lifestyle weight management service provision across a county in Northern England. <i>Clinical Obesity</i> , 2018 , 8, 191-202	3.6	3
31	Understanding pre-surgical predictors of acute pain experience following hysterectomy for benign causes: conceptual and methodological issues. <i>Pain</i> , 2012 , 153, 1974-1976	8	3
30	Impacto da higiene do sono em doentes com síndrome de apneia obstrutiva do sono. <i>Revista Portuguesa De Pneumologia</i> , 2006 , 12, 147-176		3
29	Evaluation of a personalised adherence intervention to improve photoprotection in adults with Xeroderma Pigmentosum (XP): protocol for the trial of XPAND. <i>BMJ Open</i> , 2019 , 9, e028577	3	3
28	Food Aid Technology. <i>Proceedings of the ACM on Human-Computer Interaction</i> , 2020 , 4, 1-25	3.4	3
27	The Recognition-Response Gap in Acute Stroke: Examining the Relationship between Stroke Recognition and Response in a General Population Survey. <i>Journal of Stroke and Cerebrovascular Diseases</i> , 2020 , 29, 104499	2.8	3
26	Social cognitions about food choice in children aged five to eight years: Feasibility and predictive validity of an age appropriate measurement. <i>Appetite</i> , 2016 , 105, 144-50	4.5	3
25	Predicting Persistent Orofacial Pain: The Role of Illness Perceptions, Anxiety, and Depression. <i>JDR Clinical and Translational Research</i> , 2020 , 5, 40-49	2.2	3
24	Promoting regular dental attendance in problem-orientated dental attenders: A systematic review of potential interventions. <i>Journal of Oral Rehabilitation</i> , 2021 , 48, 1183-1191	3.4	3
23	The role of pain catastrophizing in the provision of rescue analgesia by health care providers following major joint arthroplasty. <i>Pain Physician</i> , 2014 , 17, 515-24	1.8	3

22	Views, experience and adherence among pregnant women with gestational diabetes participating in a weight loss study (WELLBABE). <i>Diabetic Medicine</i> , 2019 , 36, 195-202	3.5	2
21	Improving parental recognition of childhood overweight: The Map Me Study. <i>Proceedings of the Nutrition Society</i> , 2013 , 72,	2.9	2
20	[Impact of sleep hygiene on patients with obstructive sleep apnoea syndrome]. <i>Revista Portuguesa De Pneumologia</i> , 2006 , 12, 147-76		2
19	Using qualitative and co-design methods to inform the development of an intervention to support and improve physical activity in childhood cancer survivors: a study protocol for BEing Active after ChildhOod caNcer (BEACON). <i>BMJ Open</i> , 2020 , 10, e041073	3	2
18	Acceptability and Feasibility of a Trial Testing Allocation to Sunscreen and a Smartphone App for Sun Protection: Discontinued Randomized Controlled Trial. <i>JMIR Dermatology</i> , 2018 , 1, e1	1.8	2
17	Adherence to face photoprotection behaviours in in Xeroderma Pigmentosum (XP) patients: initial validation of a new measure		2
16	Changing activity behaviours in vocational school students: the stepwise development and optimised content of the 'let's move it' intervention. <i>Health Psychology and Behavioral Medicine</i> , 2020 , 8, 440-460	2.2	2
15	Facial photoprotection in xeroderma pigmentosum (XP) patients: Validation of a new self-reported questionnaire of adherence. <i>Photodermatology Photoimmunology and Photomedicine</i> , 2020 , 36, 118-125	2.4	2
14	Will the Farm to Fork strategy be effective in changing food consumption behavior? A health psychology perspective. <i>Applied Economic Perspectives and Policy</i> ,	4.4	2
13	A dual process model to predict adolescents' screen time and physical activity. <i>Psychology and Health</i> , 2021 , 1-20	2.9	1
12	Why? What? How? Using an Intervention Mapping approach to develop a personalised intervention to improve adherence to photoprotection in patients with Xeroderma Pigmentosum. <i>Health Psychology and Behavioral Medicine</i> , 2020 , 8, 475-500	2.2	1
11	Identifying and exploring the self-management strategies used by childhood cancer survivors. <i>Journal of Cancer Survivorship</i> , 2021 , 15, 344-357	5.1	1
10	Informational needs related to aspirin prophylactic therapy amongst pregnant women at risk of preeclampsia - A qualitative study. <i>Pregnancy Hypertension</i> , 2021 , 25, 161-168	2.6	1
9	Process evaluation of a pilot study to test the feasibility of an incentive scheme to increase active travel to school. <i>Journal of Transport and Health</i> , 2019 , 15, 100663	3	0
8	Childhood cancer survivors' perceptions of the barriers and facilitators to physical activity: a systematic review and thematic synthesis of qualitative evidence using the Theoretical Domains Framework.. <i>Health Psychology Review</i> , 2022 , 1-36	7.1	0
7	A Feasibility Study of the Effect of Phone-Based Feedback of Other Commuters' Subjective Experiences on Driver Intentions to Change. <i>Lecture Notes in Computer Science</i> , 2015 , 548-558	0.9	0
6	Acceptability of a cessation intervention for pregnant smokers: a qualitative study guided by Normalization Process Theory. <i>BMC Public Health</i> , 2020 , 20, 1512	4.1	0
5	Improving photoprotection in adults with xeroderma pigmentosum: personalisation and tailoring in the 'XPAND' intervention. <i>Health Psychology and Behavioral Medicine</i> , 2020 , 8, 543-572	2.2	0

4	Ways Ahead: developing a supported self-management programme for people living with low- and intermediate-grade gliomas - a protocol for a multi-method study. <i>BMJ Open</i> , 2020 , 10, e041465	3	o
3	Refugee Food Insecurity & Technology: Surfacing Experiences of Adaptation, Navigation, Negotiation and Sharing. <i>Computer Supported Cooperative Work</i> ,1	2.4	o
2	Aspirin non-adherence in pregnant women at risk of preeclampsia (ANA): a qualitative study. <i>Health Psychology and Behavioral Medicine</i> , 2021 , 9, 681-700	2.2	
1	Support for UNRWA's survival. <i>Lancet, The</i> , 2018 , 392, 1009-1010	40
