#	ARTICLE	IF	CITATIONS
1	SARS-CoV-2 transmission in opposition-controlled Northwest Syria: modeling pandemic responses during political conflict. <i>International Journal of Infectious Diseases</i> , 2022, 117, 103-115.	1.5	8
2	Infectious disease surveillance for refugees at borders and in destination countries: a scoping review. <i>BMC Public Health</i> , 2022, 22, 227.	1.2	3
3	Vaccination coverage determinants in low uptake areas of China: a qualitative study of provider perspectives in Sichuan, Guangdong, and Henan Provinces. <i>Human Vaccines and Immunotherapeutics</i> , 2022, 18, 1-10.	1.4	7
4	Gender-Based Violence in the Asia-Pacific Region during COVID-19: A Hidden Pandemic behind Closed Doors. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 2239.	1.2	9
5	To sustain maternal and newborn health in Afghanistan under the Taliban regime, midwifery must be prioritised. <i>BMJ, The</i> , 2022, 376, o653.	3.0	1
6	Monitoring and Evaluation of National Vaccination Implementation: A Scoping Review of How Frameworks and Indicators Are Used in the Public Health Literature. <i>Vaccines</i> , 2022, 10, 567.	2.1	1
7	“Science is only half of it”: Expert perspectives on operationalising infectious disease control cooperation in the ASEAN region. <i>PLOS Global Public Health</i> , 2022, 2, e0000424.	0.5	3
8	Factors associated with the opposition to COVID-19 vaccination certificates: A multi-country observational study from Asia. <i>Travel Medicine and Infectious Disease</i> , 2022, 48, 102358.	1.5	5
9	Gender-based violence (GBV) coordination in humanitarian and public health emergencies: a scoping review. <i>Conflict and Health</i> , 2022, 16, .	1.0	14
10	Community engagement in health systems interventions and research in conflict-affected countries: a scoping review of approaches. <i>Global Health Action</i> , 2022, 15, .	0.7	8
11	The “Netflix plus model”: can subscription financing improve access to medicines in low- and middle-income countries?. <i>Health Economics, Policy and Law</i> , 2021, 16, 113-123.	1.1	7
12	“We need someone to deliver our voices”: reflections from conducting remote qualitative research in Syria. <i>Conflict and Health</i> , 2021, 15, 28.	1.0	11
13	Leveraging community mortality indicators to infer COVID-19 mortality and transmission dynamics in Damascus, Syria. <i>Nature Communications</i> , 2021, 12, 2394.	5.8	35
14	Effects of combined decision-support and performance-based incentives on reported client satisfaction with maternal health services in primary facilities: A quasi-experimental study in the Upper East Region of Ghana. <i>PLoS ONE</i> , 2021, 16, e0249778.	1.1	4
15	Health System Barriers and Facilitators to Delivering Additional Vaccines through the National Immunisation Programme in China: A Qualitative Study of Provider and Service-User Perspectives. <i>Vaccines</i> , 2021, 9, 476.	2.1	7
16	Mental healthcare for asylum-seekers and refugees residing in the United Kingdom: a scoping review of policies, barriers, and enablers. <i>International Journal of Mental Health Systems</i> , 2021, 15, 60.	1.1	26
17	Associations of Elements of Parental Social Integration with Migrant Children’s Vaccination: An Epidemiological Analysis of National Survey Data in China. <i>Vaccines</i> , 2021, 9, 884.	2.1	7
18	Drivers of zoonotic disease risk in the Indian subcontinent: A scoping review. <i>One Health</i> , 2021, 13, 100310.	1.5	6

#	ARTICLE	IF	CITATIONS
19	Calculating the serial interval of SARS-CoV-2 in Lebanon using 2020 contact-tracing data. BMC Infectious Diseases, 2021, 21, 1053.	1.3	5
20	Operationalising Regional Cooperation for Infectious Disease Control: A Scoping Review of Regional Disease Control Bodies and Networks. International Journal of Health Policy and Management, 2021, , .	0.5	2
21	Social capital in the prevention and management of non-communicable diseases among migrants and refugees: a systematic review and meta-ethnography. BMJ Global Health, 2021, 6, e006828.	2.0	13
22	What Influences Health Professionalsâ€™ Recommendations for Non-Scheduled Childhood Vaccinations? A Qualitative Study of Health Professionalsâ€™ Perspectives in Three Provinces of China. Vaccines, 2021, 9, 1433.	2.1	3
23	Efficacy and immunogenicity of a single dose of human papillomavirus vaccine compared to no vaccination or standard three and two-dose vaccination regimens: A systematic review of evidence from clinical trials. Vaccine, 2020, 38, 1302-1314.	1.7	61
24	Health for all? A qualitative study of NGO support to migrants affected by structural violence in northern France. Social Science and Medicine, 2020, 248, 112838.	1.8	12
25	â€œTen years of war! You expect people to fear a â€œgermâ€™?â€: A qualitative study of initial perceptions and responses to the COVID-19 pandemic among displaced communities in opposition-controlled northwest Syria. Journal of Migration and Health, 2020, 1-2, 100021.	1.6	29
26	Southeast Asian health system challenges and responses to the â€˜Andaman Sea refugee crisisâ€™: A qualitative study of health-sector perspectives from Indonesia, Malaysia, Myanmar, and Thailand. PLoS Medicine, 2020, 17, e1003143.	3.9	9
27	Navigating new lives: A scoping review and thematic synthesis of forced migrant women's perinatal experiences. Journal of Migration and Health, 2020, 1-2, 100014.	1.6	4
28	Lessons from humanitarian clusters to strengthen health system responses to mass displacement in low and middle-income countries: A scoping review. Journal of Migration and Health, 2020, 1-2, 100028.	1.6	7
29	Strengthening national vaccine decision-making: Assessing the impact of SIVAC Initiative support on national immunisation technical advisory group (NITAG) functionality in 77 low and middle-income countries. Vaccine, 2019, 37, 430-434.	1.7	9
30	Value and effectiveness of National Immunization Technical Advisory Groups in low- and middle-income countries: a qualitative study of global and national perspectives. Health Policy and Planning, 2019, 34, 271-281.	1.0	19
31	Drowning among fishing communities on the Tanzanian shore of lake Victoria: a mixed-methods study to examine incidence, risk factors and socioeconomic impact. BMJ Open, 2019, 9, e032428.	0.8	21
32	Healthcare under siege: a qualitative study of health-worker responses to targeting and besiegement in Syria. BMJ Open, 2019, 9, e029651.	0.8	27
33	Associations Between Acute Conflict and Maternal Care Usage in Egypt: An Uncontrolled Before-and-After Study Using Demographic and Health Survey Data. International Journal of Health Policy and Management, 2019, 8, 158-167.	0.5	11
34	Perspectives on Rebuilding Health System Governance in Opposition-Controlled Syria: A Qualitative Study. International Journal of Health Policy and Management, 2019, 8, 233-244.	0.5	31
35	Addressing female genital mutilation in Europe: a scoping review of approaches to participation, prevention, protection, and provision of services. International Journal for Equity in Health, 2018, 17, 21.	1.5	33
36	The need for sustainability and alignment of future support for National Immunization Technical Advisory Groups (NITAGs) in low and middle-income countries. Human Vaccines and Immunotherapeutics, 2018, 14, 1539-1541.	1.4	17

#	ARTICLE	IF	CITATIONS
37	The role of global public health strategy in non-profit organisational change at country level: lessons from the joining of Save the Children and Merlin in Myanmar. <i>International Journal of Health Planning and Management</i> , 2018, 33, 88-101.	0.7	2
38	Vaccine programme stakeholder perspectives on a hypothetical single-dose human papillomavirus (HPV) vaccine schedule in low and middle-income countries. <i>Papillomavirus Research (Amsterdam, Netherl)</i> 2017, 4, 22-25.	4.5	31
39	Associations of acute conflict with equity in maternal healthcare: an uncontrolled before-and-after analysis of Egypt demographic and health survey data. <i>International Journal for Equity in Health</i> , 2018, 17, 129.	1.5	2
40	The role of National Immunisation Technical Advisory Groups (NITAGs) in strengthening national vaccine decision-making: A comparative case study of Armenia, Ghana, Indonesia, Nigeria, Senegal and Uganda. <i>Vaccine</i> , 2018, 36, 5536-5543.	1.7	33
41	Missing from the debate? A qualitative study exploring the role of communities within interventions to address female genital mutilation in Europe. <i>BMJ Open</i> , 2018, 8, e021430.	0.8	14
42	Guidelines, law, and governance: disconnects in the global control of airline-associated infectious diseases. <i>Lancet Infectious Diseases</i> , The, 2017, 17, e118-e122.	4.6	26
43	A global research agenda on migration, mobility, and health. <i>Lancet</i> , The, 2017, 389, 2358-2359.	6.3	30
44	What works for human papillomavirus vaccine introduction in low and middle-income countries?. <i>Papillomavirus Research (Amsterdam, Netherlands)</i> , 2017, 4, 22-25.	4.5	31
45	Community midwifery initiatives in fragile and conflict-affected countries: a scoping review of approaches from recruitment to retention. <i>Health Policy and Planning</i> , 2017, 32, 21-33.	1.0	41
46	Human papillomavirus (HPV) vaccine coverage achievements in low and middle-income countries 2007-2016. <i>Papillomavirus Research (Amsterdam, Netherlands)</i> , 2017, 4, 72-78.	4.5	51
47	Lessons learnt from human papillomavirus (HPV) vaccination in 45 low- and middle-income countries. <i>PLoS ONE</i> , 2017, 12, e0177773.	1.1	81
48	Cost-effectiveness of adding indoor residual spraying to case management in Afghan refugee settlements in Northwest Pakistan during a prolonged malaria epidemic. <i>PLoS Neglected Tropical Diseases</i> , 2017, 11, e0005935.	1.3	8
49	Can performance-based incentives improve motivation of nurses and midwives in primary facilities in northern Ghana? A quasi-experimental study. <i>Global Health Action</i> , 2016, 9, 32404.	0.7	23
50	The value of demonstration projects for new interventions: The case of human papillomavirus vaccine introduction in low- and middle-income countries. <i>Human Vaccines and Immunotherapeutics</i> , 2016, 12, 2475-2477.	1.4	17
51	Social mobilisation, consent and acceptability: a review of human papillomavirus vaccination procedures in low and middle-income countries. <i>BMC Public Health</i> , 2016, 16, 834.	1.2	51
52	Provider and service-user perspectives of volunteer health-worker service provision in Ayeyarwady Region, Myanmar: a qualitative study. <i>BMJ Open</i> , 2016, 6, e012762.	0.8	3
53	Fair publication of qualitative research in health systems: a call by health policy and systems researchers. <i>International Journal for Equity in Health</i> , 2016, 15, 98.	1.5	32
54	National Health Service Principles as Experienced by Vulnerable London Migrants in "Austerity Britain": A Qualitative Study of Rights, Entitlements, and Civil-Society Advocacy. <i>International Journal of Health Policy and Management</i> , 2016, 5, 589-597.	0.5	23

#	ARTICLE	IF	CITATIONS
55	Feasibility of health systems strengthening in South Sudan: a qualitative study of international practitioner perspectives. <i>BMJ Open</i> , 2015, 5, e009296.	0.8	28
56	Towards a strategy for malaria in pregnancy in Afghanistan: analysis of clinical realities and women's perceptions of malaria and anaemia. <i>Malaria Journal</i> , 2015, 14, 431.	0.8	6
57	Effects of an Adolescent Sexual and Reproductive Health Intervention on Health Service Usage by Young People in Northern Ghana: A Community-Randomised Trial. <i>PLoS ONE</i> , 2015, 10, e0125267.	1.1	51
58	Exploring the Effectiveness of Mandatory Premarital Screening and Genetic Counselling Programmes for β -Thalassaemia in the Middle East: A Scoping Review. <i>Public Health Genomics</i> , 2015, 18, 193-203.	0.6	76
59	Exploring risk of experiencing intimate partner violence after HIV infection: a qualitative study among women with HIV attending postnatal services in Swaziland. <i>BMJ Open</i> , 2015, 5, e006907-e006907.	0.8	59
60	Experiences Among Undocumented Migrants Accessing Primary Care in the United Kingdom. <i>International Journal of Health Services</i> , 2015, 45, 320-333.	1.2	40
61	Development of the Community Midwifery Education initiative and its influence on women's health and empowerment in Afghanistan: a case study. <i>BMC Women's Health</i> , 2014, 14, 111.	0.8	21
62	Perspectives on reproductive healthcare delivered through a basic package of health services in Afghanistan: a qualitative study. <i>BMC Health Services Research</i> , 2014, 14, 359.	0.9	18
63	Health and access to care for undocumented migrants living in the European Union: a scoping review. <i>Health Policy and Planning</i> , 2014, 29, 818-830.	1.0	132
64	HIV knowledge, risk perception and avoidant behaviour change among Sierra Leonean refugees in Guinea. <i>International Journal of STD and AIDS</i> , 2014, 25, 817-826.	0.5	11
65	Objects of temporary contraception: an exploratory study of women's perspectives in Karachi, Pakistan. <i>BMJ Open</i> , 2013, 3, e003279.	0.8	9
66	Clinical Manifestations and Case Management of Ebola Haemorrhagic Fever Caused by a Newly Identified Virus Strain, Bundibugyo, Uganda, 2007-2008. <i>PLoS ONE</i> , 2012, 7, e52986.	1.1	71
67	Clinical trial of extended-dose chloroquine for treatment of resistant falciparum malaria among Afghan refugees in Pakistan. <i>Malaria Journal</i> , 2011, 10, 171.	0.8	17
68	Reproductive health for refugees by refugees in Guinea IV: Peer education and HIV knowledge, attitudes, and reported practices. <i>Conflict and Health</i> , 2011, 5, 10.	1.0	10
69	Reproductive health for refugees by refugees in Guinea III: maternal health. <i>Conflict and Health</i> , 2011, 5, 5.	1.0	10
70	Malaria control under the Taliban regime: insecticide-treated net purchasing, coverage, and usage among men and women in eastern Afghanistan. <i>Malaria Journal</i> , 2010, 9, 7.	0.8	22
71	Reproductive health services for refugees by refugees in Guinea I: family planning. <i>Conflict and Health</i> , 2008, 2, 12.	1.0	23
72	Reproductive health for refugees by refugees in Guinea II: sexually transmitted infections. <i>Conflict and Health</i> , 2008, 2, 14.	1.0	16

#	ARTICLE	IF	CITATIONS
73	Socio-economic factors associated with the purchasing of insecticide-treated nets in Afghanistan and their implications for social marketing. <i>Tropical Medicine and International Health</i> , 2003, 8, 1043-1050.	1.0	30
