

Mary Jo V Pugh

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/9190531/mary-jo-v-pugh-publications-by-year.pdf>

Version: 2024-04-26

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
189	Economic impact of comorbid TBI-dementia on VA facility and non-VA facility costs, 2000-2020.. <i>Brain Injury</i> , 2022 , 1-10	2.1	0
188	Clinical features of dementia cases ascertained by ICD coding in LIMBIC-CENC multicenter study of mild traumatic brain injury.. <i>Brain Injury</i> , 2022 , 1-8	2.1	0
187	Advanced brain age in deployment-related traumatic brain injury: A LIMBIC-CENC neuroimaging study.. <i>Brain Injury</i> , 2022 , 1-11	2.1	0
186	Traumatic Brain Injury and Early Onset Dementia in Post 9-11 Veterans.. <i>Brain Injury</i> , 2022 , 1-8	2.1	0
185	Association of Traumatic Brain Injury With Mortality Among Military Veterans Serving After September 11, 2001.. <i>JAMA Network Open</i> , 2022 , 5, e2148150	10.4	2
184	Military Injuries-Understanding Posttraumatic Epilepsy, Health, and Quality-of-Life Effects of Caregiving: Protocol for a Longitudinal Mixed Methods Observational Study.. <i>JMIR Research Protocols</i> , 2022 , 11, e30975	2	0
183	Sleep quality: A common thread linking depression, post-traumatic stress, and post-concussive symptoms to biomarkers of neurodegeneration following traumatic brain injury.. <i>Brain Injury</i> , 2022 , 1-11	2.1	2
182	Seizure Frequency Process and Outcome Quality Measures: Quality Improvement in Neurology.. <i>Neurology</i> , 2022 , 98, 583-590	6.5	0
181	Complex pain phenotypes: Suicidal ideation and attempt through latent multimorbidity.. <i>PLoS ONE</i> , 2022 , 17, e0267844	3.7	0
180	An Examination of Chronic Pain Indices and the Updated Posttraumatic Stress Disorder Checklist for Diagnostic and Statistical Manual of Mental-Disorders-Fifth Edition. <i>Military Medicine</i> , 2021 , 186, e1199-e1206	13.3	2
179	Alzheimer's Disease-Related Dementias Summit 2019: National Research Priorities for the Investigation of Traumatic Brain Injury as a Risk Factor for Alzheimer's Disease and Related Dementias. <i>Journal of Neurotrauma</i> , 2021 , 38, 3186-3194	5.4	2
178	A Functional Model for Structure Learning and Parameter Estimation in Continuous Time Bayesian Network: An Application in Identifying Patterns of Multiple Chronic Conditions.. <i>IEEE Access</i> , 2021 , 9, 148076-148089	3.5	0
177	Health Phenotypes and Neurobehavioral Symptom Severity Among Post-9/11 Veterans With Mild Traumatic Brain Injury: A Chronic Effects of Neurotrauma Consortium Study. <i>Journal of Head Trauma Rehabilitation</i> , 2021 , 36, 10-19	3	5
176	Suicide and Seizures: A National Cohort Study in Veterans. <i>Neurology: Clinical Practice</i> , 2021 , 11, 372-376	1.7	0
175	Phenotyping the Spectrum of Traumatic Brain Injury: A Review and Pathway to Standardization. <i>Journal of Neurotrauma</i> , 2021 , 38, 3222-3234	5.4	2
174	Phenotypes of caregiver distress in military and veteran caregivers: Suicidal ideation associations. <i>PLoS ONE</i> , 2021 , 16, e0253207	3.7	0
173	Persistent Pain, Physical Dysfunction, and Decreased Quality of Life After Combat Extremity Vascular Trauma. <i>Annals of Vascular Surgery</i> , 2021 , 71, 167-180	1.7	1

172	Lactic acidosis incidence with metformin in patients with type 2 diabetes and chronic kidney disease: A retrospective nested case-control study. <i>Endocrinology, Diabetes and Metabolism</i> , 2021 , 4, e00170	2.7	3
171	The Military Injuries: Understanding Post-Traumatic Epilepsy Study: Understanding Relationships among Lifetime Traumatic Brain Injury History, Epilepsy, and Quality of Life. <i>Journal of Neurotrauma</i> , 2021 , 38, 2841-2850	5.4	4
170	Epidemiology of Chronic Effects of Traumatic Brain Injury. <i>Journal of Neurotrauma</i> , 2021 , 38, 3235-3247	5.4	9
169	Transitional Care of Service Members With Genitourinary Injury. <i>Military Medicine</i> , 2021 , 186, 969-974	1.3	
168	Epilepsy quality performance in a national sample of neurologists and primary care providers: Characterizing trends in acute and chronic care management. <i>Epilepsy and Behavior</i> , 2021 , 123, 108218	3.2	1
167	Understanding Traumatic Brain Injury in Females: A State-of-the-Art Summary and Future Directions. <i>Journal of Head Trauma Rehabilitation</i> , 2021 , 36, E1-E17	3	15
166	Five-year Pain Intensity and Treatment Trajectories of Post-9/11 Veterans With Mild Traumatic Brain Injury. <i>Journal of Pain</i> , 2020 , 21, 1005-1017	5.2	4
165	Assessing the personal impact of epilepsy in a population-based cohort of Veterans. <i>Epilepsy and Behavior</i> , 2020 , 106, 107047	3.2	4
164	Patency of arterial repairs from wartime extremity vascular injuries. <i>Trauma Surgery and Acute Care Open</i> , 2020 , 5, e000616	2.4	3
163	Summarizing Complex Graphical Models of Multiple Chronic Conditions Using the Second Eigenvalue of Graph Laplacian: Algorithm Development and Validation. <i>JMIR Medical Informatics</i> , 2020 , 8, e16372	3.6	1
162	Validity of early-onset dementia diagnoses in VA electronic medical record administrative data. <i>Clinical Neuropsychologist</i> , 2020 , 34, 1175-1189	4.4	10
161	Association of Traumatic Brain Injury With Vestibular Dysfunction and Dizziness in Post-9/11 Veterans. <i>Journal of Head Trauma Rehabilitation</i> , 2020 , 35, E253-E265	3	3
160	Amyotrophic Lateral Sclerosis Among Veterans Deployed in Support of Post-9/11 U.S. Conflicts. <i>Military Medicine</i> , 2020 , 185, e501-e509	1.3	7
159	Deployment, suicide, and overdose among comorbidity phenotypes following mild traumatic brain injury: A retrospective cohort study from the Chronic Effects of Neurotrauma Consortium. <i>PLoS ONE</i> , 2019 , 14, e0222674	3.7	12
158	The Impact of Trust, Satisfaction, and Perceived Quality on Preference for Setting of Future Care Among Veterans With PTSD. <i>Military Medicine</i> , 2019 , 184, e708-e714	1.3	3
157	Use of Guideline-Recommended Treatments for PTSD Among Community-Based Providers in Texas and Vermont: Implications for the Veterans Choice Program. <i>Journal of Behavioral Health Services and Research</i> , 2019 , 46, 217-233	1.7	8
156	Measuring coordination of epilepsy care: A mixed methods evaluation of social network analysis versus relational coordination. <i>Epilepsy and Behavior</i> , 2019 , 97, 197-205	3.2	2
155	Managing Functional Neurological Disorders: Protocol of a Cohort Study on Psychogenic Non-Epileptic Seizures Study. <i>Neuropsychiatric Disease and Treatment</i> , 2019 , 15, 3557-3568	3.1	4

154	Outcomes of Genitourinary Injury in U.S. Iraq and Afghanistan War Veterans Receiving Care from the Veterans Health Administration. <i>Military Medicine</i> , 2019 , 184, e297-e301	1.3	9
153	Acquired Stuttering in Veterans of the Wars in Iraq and Afghanistan: The Role of Traumatic Brain Injury, Post-Traumatic Stress Disorder, and Medications. <i>Military Medicine</i> , 2018 , 183, e526-e534	1.3	6
152	Derivation and Validation of a Clostridium difficile Infection Recurrence Prediction Rule in a National Cohort of Veterans. <i>Pharmacotherapy</i> , 2018 , 38, 349-356	5.8	17
151	The Association Between Major Depressive Disorder and Outcomes in Older Veterans Hospitalized With Pneumonia. <i>American Journal of the Medical Sciences</i> , 2018 , 355, 21-26	2.2	8
150	Psychotherapy practices for veterans with PTSD among community-based providers in Texas. <i>Psychological Services</i> , 2018 , 15, 442-452	2.5	8
149	Employment Stability in Veterans and Service Members With Traumatic Brain Injury: A Veterans Administration Traumatic Brain Injury Model Systems Study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, S23-S32	2.8	18
148	Traumatic Brain Injury Severity, Comorbidity, Social Support, Family Functioning, and Community Reintegration Among Veterans of the Afghanistan and Iraq Wars. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, S40-S49	2.8	34
147	Suicide and traumatic brain injury: a review by clinical researchers from the National Institute for Disability and Independent Living Rehabilitation Research (NIDILRR) and Veterans Health Administration Traumatic Brain Injury Model Systems. <i>Current Opinion in Psychology</i> , 2018 , 22, 73-78	6.2	20
146	Change in body mass index within the first-year post-injury: a VA Traumatic Brain Injury (TBI) model systems study. <i>Brain Injury</i> , 2018 , 32, 986-993	2.1	10
145	Antiepileptic drugs and suicide-related behavior: Is it the drug or comorbidity?. <i>Neurology: Clinical Practice</i> , 2018 , 8, 331-339	1.7	5
144	Mining patterns of comorbidity evolution in patients with multiple chronic conditions using unsupervised multi-level temporal Bayesian network. <i>PLoS ONE</i> , 2018 , 13, e0199768	3.7	13
143	Sensory dysfunction and traumatic brain injury severity among deployed post-9/11 veterans: a chronic effects of neurotrauma consortium study. <i>Brain Injury</i> , 2018 , 32, 1197-1207	2.1	12
142	Implementing prescription drug monitoring and other clinical decision support for opioid risk mitigation in a military health care setting: a qualitative feasibility study. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2018 , 25, 515-522	8.6	14
141	Patterns of zolpidem use among Iraq and Afghanistan veterans: A retrospective cohort analysis. <i>PLoS ONE</i> , 2018 , 13, e0190022	3.7	6
140	Shift to community-onset Clostridium difficile infection in the national Veterans Health Administration, 2003-2014. <i>American Journal of Infection Control</i> , 2018 , 46, 431-435	3.8	14
139	Geographic Disparities in Mortality Risk Within a Racially Diverse Sample of U.S. Veterans with Traumatic Brain Injury. <i>Health Equity</i> , 2018 , 2, 304-312	3.1	3
138	Psychiatric Aeromedical Evacuations of Deployed Active Duty U.S. Military Personnel During Operations Enduring Freedom, Iraqi Freedom, and New Dawn. <i>Military Medicine</i> , 2018 , 183, e649-e658	1.3	18
137	Long-term physical and mental health outcomes associated with traumatic brain injury severity in post-9/11 veterans: A retrospective cohort study. <i>Brain Injury</i> , 2018 , 32, 1637-1650	2.1	14

136	Quality improvement in neurology: Epilepsy Quality Measurement Set 2017 update. <i>Neurology</i> , 2018 , 91, 829-836	6.5	62
135	Arthritis, comorbidities, and care utilization in veterans of operations enduring and Iraqi Freedom. <i>Journal of Orthopaedic Research</i> , 2017 , 35, 682-687	3.8	5
134	Reply to "Psychogenic nonepileptic seizures: We know what they are not. But do we know what they are?". <i>Epilepsy and Behavior</i> , 2017 , 69, 226	3.2	
133	Care coordination in epilepsy: Measuring neurologists' connectivity using social network analysis. <i>Epilepsy and Behavior</i> , 2017 , 73, 31-35	3.2	6
132	Does adding clinical data to administrative data improve agreement among hospital quality measures?. <i>Healthcare</i> , 2017 , 5, 112-118	1.8	0
131	Health services and rehabilitation for active duty service members and veterans with mild TBI. <i>Brain Injury</i> , 2017 , 31, 1220-1234	2.1	10
130	Characteristics Associated With Utilization of VA and Non-VA Care Among Iraq and Afghanistan Veterans With Post-Traumatic Stress Disorder. <i>Military Medicine</i> , 2017 , 182, e1892-e1903	1.3	9
129	Comparison of the VA and NIDILRR TBI Model System Cohorts. <i>Journal of Head Trauma Rehabilitation</i> , 2017 , 32, 221-233	3	20
128	Post-traumatic epilepsy associations with mental health outcomes in the first two years after moderate to severe TBI: A TBI Model Systems analysis. <i>Epilepsy and Behavior</i> , 2017 , 73, 240-246	3.2	22
127	Evaluating the impact of prescription drug monitoring program implementation: a scoping review. <i>BMC Health Services Research</i> , 2017 , 17, 420	2.9	86
126	Community Clinicians and the Veterans Choice Program for PTSD Care: Understanding Provider Interest During Early Implementation. <i>Medical Care</i> , 2017 , 55 Suppl 7 Suppl 1, S61-S70	3.1	14
125	Hearing testing in the U.S. Department of Defense: Potential impact on Veterans Affairs hearing loss disability awards. <i>Hearing Research</i> , 2017 , 349, 13-20	3.9	13
124	National epidemiology of initial and recurrent <i>Clostridium difficile</i> infection in the Veterans Health Administration from 2003 to 2014. <i>PLoS ONE</i> , 2017 , 12, e0189227	3.7	27
123	Prognostic models for predicting posttraumatic seizures during acute hospitalization, and at 1 and 2 years following traumatic brain injury. <i>Epilepsia</i> , 2016 , 57, 1503-14	6.4	24
122	Association Between the Number of Suppliers for Critical Antineoplastics and Drug Shortages: Implications for Future Drug Shortages and Treatment. <i>Journal of Oncology Practice</i> , 2016 , 12, e289-98, 249-50	3.1	10
121	Incidence and risk factors of posttraumatic seizures following traumatic brain injury: A Traumatic Brain Injury Model Systems Study. <i>Epilepsia</i> , 2016 , 57, 1968-1977	6.4	58
120	Open Fracture Care During War: Opportunities for Research. <i>JBJS Reviews</i> , 2016 , 4,	2.6	1
119	Comorbidity Correlates of Death Among New Veterans of Iraq and Afghanistan Deployment. <i>Medical Care</i> , 2016 , 54, 1078-1081	3.1	6

118	Acute Trauma Factor Associations With Suicidality Across the First 5 Years After Traumatic Brain Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016 , 97, 1301-8	2.8	16
117	Prevalence of Central Nervous System Polypharmacy and Associations with Overdose and Suicide-Related Behaviors in Iraq and Afghanistan War Veterans in VA Care 2010-2011. <i>Drugs - Real World Outcomes</i> , 2016 , 3, 45-52	2.2	30
116	Guidelines and Quality Standards for Adults with Epilepsy. <i>Neurologic Clinics</i> , 2016 , 34, 313-25, vii	4.5	1
115	Epilepsy Among Iraq and Afghanistan War Veterans - United States, 2002-2015. <i>Morbidity and Mortality Weekly Report</i> , 2016 , 65, 1224-1227	31.7	6
114	Providing Quality Epilepsy Care for Veterans. <i>Federal Practitioner: for the Health Care Professionals of the VA, DoD, and PHS</i> , 2016 , 33, 26-32	0.7	
113	Increasing Prevalence of Chronic Lung Disease in Veterans of the Wars in Iraq and Afghanistan. <i>Military Medicine</i> , 2016 , 181, 476-81	1.3	22
112	A cohort study examining headaches among veterans of Iraq and Afghanistan wars: Associations with traumatic brain injury, PTSD, and depression. <i>Headache</i> , 2016 , 56, 528-39	4.2	37
111	A retrospective cohort study of comorbidity trajectories associated with traumatic brain injury in veterans of the Iraq and Afghanistan wars. <i>Brain Injury</i> , 2016 , 30, 1481-1490	2.1	36
110	Validation of a Measure of Family Resilience among Iraq and Afghanistan Veterans. <i>Military Behavioral Health</i> , 2016 , 4, 205-219	0.6	5
109	Communicating diagnostic certainty of psychogenic nonepileptic seizures - a national study of provider documentation. <i>Epilepsy and Behavior</i> , 2016 , 64, 4-8	3.2	12
108	Health care-associated pneumonia in the intensive care unit: Guideline-concordant antibiotics and outcomes. <i>Journal of Critical Care</i> , 2016 , 36, 265-271	4	15
107	Antiepileptic drug prescribing patterns in Iraq and Afghanistan war veterans with epilepsy. <i>Epilepsy and Behavior</i> , 2015 , 46, 133-9	3.2	2
106	Association of skeletal muscle relaxers and antihistamines on mortality, hospitalizations, and emergency department visits in elderly patients: a nationwide retrospective cohort study. <i>BMC Geriatrics</i> , 2015 , 15, 2	4.1	23
105	VA Vascular Injury Study (VAVIS): VA-DoD extremity injury outcomes collaboration. <i>BMC Surgery</i> , 2015 , 15, 13	2.3	5
104	Erosion of the healthy soldier effect in veterans of US military service in Iraq and Afghanistan. <i>Population Health Metrics</i> , 2015 , 13, 8	3	21
103	Subgroups of US IRAQ and Afghanistan veterans: associations with traumatic brain injury and mental health conditions. <i>Brain Imaging and Behavior</i> , 2015 , 9, 445-55	4.1	21
102	The prevalence of epilepsy and association with traumatic brain injury in veterans of the Afghanistan and Iraq wars. <i>Journal of Head Trauma Rehabilitation</i> , 2015 , 30, 29-37	3	39
101	Serious mental illnesses associated with receipt of surgery in retrospective analysis of patients in the Veterans Health Administration. <i>BMC Surgery</i> , 2015 , 15, 74	2.3	13

100	Epidemiology of drug-disease interactions in older veteran nursing home residents. <i>Journal of the American Geriatrics Society</i> , 2015 , 63, 77-84	5.6	13
99	Potentially suboptimal prescribing for older veteran nursing home patients with dementia. <i>Annals of Pharmacotherapy</i> , 2015 , 49, 20-8	2.9	13
98	Research using archival health care data: Let the buyer beware. <i>Epilepsia</i> , 2015 , 56, 321-2	6.4	5
97	Epidemiology of traumatic brain injury 2015 , 6-35		5
96	Exposure to High-Risk Medications is Associated With Worse Outcomes in Older Veterans With Chronic Pain. <i>American Journal of the Medical Sciences</i> , 2015 , 350, 279-85	2.2	10
95	A qualitative study of veterans on long-term opioid analgesics: barriers and facilitators to multimodality pain management. <i>Pain Medicine</i> , 2015 , 16, 726-32	2.8	31
94	A national cohort study of the association between the polytrauma clinical triad and suicide-related behavior among US Veterans who served in Iraq and Afghanistan. <i>American Journal of Public Health</i> , 2015 , 105, 380-7	5.1	56
93	Influence of frailty-related diagnoses, high-risk prescribing in elderly adults, and primary care use on readmissions in fewer than 30 days for veterans aged 65 and older. <i>Journal of the American Geriatrics Society</i> , 2014 , 62, 291-8	5.6	31
92	Poster 422 Traumatic Brain Injury, Medications, and the Polytrauma Clinical Triad in Afghanistan and Iraq Veterans: Complications with the Single Guideline Treatment Approach. <i>PM and R</i> , 2014 , 6, S173 ²⁻²		
91	Comparison of the risk of psychological and cognitive disorders between persistent and nonpersistent statin users. <i>American Journal of Cardiology</i> , 2014 , 114, 1035-9	3	22
90	Implementation of the Epilepsy Center of Excellence to improve access to and quality of care--protocol for a mixed methods study. <i>Implementation Science</i> , 2014 , 9, 44	8.4	13
89	Mortality after cardiac or vascular operations by preexisting serious mental illness status in the Veterans Health Administration. <i>General Hospital Psychiatry</i> , 2014 , 36, 502-8	5.6	16
88	Prevalence of suicidality among Hispanic and African American veterans following surgery. <i>American Journal of Public Health</i> , 2014 , 104 Suppl 4, S603-8	5.1	2
87	The association of cardioprotective medications with pneumonia-related outcomes. <i>PLoS ONE</i> , 2014 , 9, e85797	3.7	18
86	Providers' perspectives on treating psychogenic nonepileptic seizures: frustration and hope. <i>Epilepsy and Behavior</i> , 2014 , 37, 276-81	3.2	40
85	Complex comorbidity clusters in OEF/OIF veterans: the polytrauma clinical triad and beyond. <i>Medical Care</i> , 2014 , 52, 172-81	3.1	74
84	The effect of statin therapy on the incidence of infections: a retrospective cohort analysis. <i>American Journal of the Medical Sciences</i> , 2014 , 347, 211-6	2.2	13
83	Association of azithromycin with mortality and cardiovascular events among older patients hospitalized with pneumonia. <i>JAMA - Journal of the American Medical Association</i> , 2014 , 311, 2199-208	27.4	114

82	Obstructive sleep apnea is associated with higher healthcare utilization in elderly patients. <i>Annals of Thoracic Medicine</i> , 2014 , 9, 92-8	2.2	39
81	Validating a natural language processing tool to exclude psychogenic nonepileptic seizures in electronic medical record-based epilepsy research. <i>Epilepsy and Behavior</i> , 2013 , 29, 578-80	3.2	16
80	Temporal trends in new exposure to antiepileptic drug monotherapy and suicide-related behavior. <i>Neurology</i> , 2013 , 81, 1900-6	6.5	23
79	The quality of quality measures: HEDIS quality measures for medication management in the elderly and outcomes associated with new exposure. <i>Drugs and Aging</i> , 2013 , 30, 645-54	4.7	18
78	Statins and musculoskeletal conditions, arthropathies, and injuries. <i>JAMA Internal Medicine</i> , 2013 , 173, 1-10	11.5	55
77	Psychologic disorders and statin use: a propensity score-matched analysis. <i>Pharmacotherapy</i> , 2013 , 33, 615-26	5.8	27
76	Incidence of musculoskeletal and neoplastic diseases in patients on statin therapy: results of a retrospective cohort analysis. <i>American Journal of the Medical Sciences</i> , 2013 , 345, 343-8	2.2	20
75	Traumatic brain injury in veterans of the wars in Iraq and Afghanistan: communication disorders stratified by severity of brain injury. <i>Brain Injury</i> , 2013 , 27, 1623-30	2.1	21
74	Impact of obesity on outcomes for patients hospitalised with pneumonia. <i>European Respiratory Journal</i> , 2013 , 41, 929-34	13.6	39
73	Self-Efficacy for Life Tasks in OEF/OIF Veterans: Assessing Functional Concerns in the Clinic. <i>Military Behavioral Health</i> , 2013 , 1, 93-99	0.6	1
72	The authors reply. <i>Critical Care Medicine</i> , 2013 , 41, e16-7	1.4	
71	Facility-level variation in potentially inappropriate prescribing for older veterans. <i>Journal of the American Geriatrics Society</i> , 2012 , 60, 1222-9	5.6	13
70	Validating a measure of self-efficacy for life tasks in male OEF/OIF veterans.. <i>Psychology of Men and Masculinity</i> , 2012 , 13, 143-157	3.1	4
69	Intensity and duration of obesity-related counseling: association with 5-Year BMI trends among obese primary care patients. <i>Obesity</i> , 2012 , 20, 773-82	8	15
68	Psychiatric comorbidity in veterans with psychogenic seizures. <i>Epilepsy and Behavior</i> , 2012 , 25, 345-9	3.2	49
67	A consensus-based approach to patient safety in epilepsy monitoring units: recommendations for preferred practices. <i>Epilepsy and Behavior</i> , 2012 , 25, 449-56	3.2	40
66	Validation of self-reported epilepsy for purposes of community surveillance. <i>Epilepsy and Behavior</i> , 2012 , 23, 57-63	3.2	40
65	Antiepileptic drug monotherapy exposure and suicide-related behavior in older veterans. <i>Journal of the American Geriatrics Society</i> , 2012 , 60, 2042-7	5.6	21

64	Prevalence of unplanned hospitalizations caused by adverse drug reactions in older veterans. <i>Journal of the American Geriatrics Society</i> , 2012 , 60, 34-41	5.6	154
63	Prevalence of potentially preventable unplanned hospitalizations caused by therapeutic failures and adverse drug withdrawal events among older veterans. <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2012 , 67, 867-74	6.4	42
62	Population-based study of statins, angiotensin II receptor blockers, and angiotensin-converting enzyme inhibitors on pneumonia-related outcomes. <i>Clinical Infectious Diseases</i> , 2012 , 55, 1466-73	11.6	122
61	Use of obesity-related care by psychiatric patients. <i>Psychiatric Services</i> , 2012 , 63, 230-6	3.3	13
60	Comparison of two guideline-concordant antimicrobial combinations in elderly patients hospitalized with severe community-acquired pneumonia. <i>Critical Care Medicine</i> , 2012 , 40, 2310-4	1.4	22
59	Epidemiology of moderate-to-severe penetrating versus closed traumatic brain injury in the Iraq and Afghanistan wars. <i>Journal of Trauma and Acute Care Surgery</i> , 2012 , 73, S496-502	3.3	20
58	Potentially inappropriate prescribing of primarily renally cleared medications for older veterans affairs nursing home patients. <i>Journal of the American Medical Directors Association</i> , 2011 , 12, 377-83	5.9	37
57	Incidence of cardiovascular events after hospital admission for pneumonia. <i>American Journal of Medicine</i> , 2011 , 124, 244-51	2.4	71
56	Risk of adverse events on epilepsy monitoring units: a survey of epilepsy professionals. <i>Epilepsy and Behavior</i> , 2011 , 20, 502-5	3.2	36
55	Changes in antiepileptic drug choice for older veterans with new-onset epilepsy: 2002 to 2006. <i>Journal of the American Geriatrics Society</i> , 2011 , 59, 955-6	5.6	8
54	Potential underuse, overuse, and inappropriate use of antidepressants in older veteran nursing home residents. <i>Journal of the American Geriatrics Society</i> , 2011 , 59, 1412-20	5.6	51
