#	ARTICLE	IF	CITATIONS
1	Prevention and management of type 2 diabetes mellitus in Uganda and South Africa: Findings from the SMART2D pragmatic implementation trial. PLOS Global Public Health, 2022, 2, e0000425.	1.6	2
2	The Government Budget: An Overlooked Vehicle for Advancing Strategic Health Purchasing. Health Systems and Reform, 2022, 8, .	1.2	5
3	Strategic Purchasing Arrangements in Uganda and Their Implications for Universal Health Coverage. Health Systems and Reform, 2022, 8, .	1.2	5
4	Estimating the cost of implementing a facility and community score card for maternal and newborn care service delivery in a rural district in Uganda. International Journal for Equity in Health, 2021, 20, 2.	3.5	5
5	Designing for Scale and taking scale to account: lessons from a community score card project in Uganda. International Journal for Equity in Health, 2021, 20, 31.	3.5	1
6	Momentum for policy change: alternative explanations for the increased interest in results-based financing in Uganda. Global Health Action, 2021, 14, 1948672.	1.9	8
7	Fitting Health Financing Reforms to Context: Examining the Evolution of Results-Based Financing Models and the Slow National Scale-Up in Uganda (2003-2015). Global Health Action, 2021, 14, 1919393.	1.9	5
8	Household preferences and willingness to pay for health insurance in Kampala City: a discrete choice experiment. Cost Effectiveness and Resource Allocation, 2021, 19, 21.	1.5	6
9	The economic burden of pneumonia in children under five in Uganda. Vaccine: X, 2021, 8, 100095.	2.1	8
10	Influence of community scorecards on maternal and newborn health service delivery and utilization. International Journal for Equity in Health, 2020, 19, 145.	3.5	10
11	Ethical practice in my work: community health workers's™ perspectives using photovoice in Wakiso district, Uganda. BMC Medical Ethics, 2020, 21, 68.	2.4	6
12	Use of photovoice to explore the potential role of youth in contributing to maternal health in rural Wakiso district, Uganda. Sexual and Reproductive Health Matters, 2020, 28, 1854152.	1.8	1
13	The economic burden of measles in children under five in Uganda. Vaccine: X, 2020, 6, 100077.	2.1	7
14	Operationalising kangaroo Mother care before stabilisation amongst low birth Weight Neonates in Africa (OMWaNA): protocol for a randomised controlled trial to examine mortality impact in Uganda. Trials, 2020, 21, 126.	1.6	17
15	Dietary patterns and practices in rural eastern Uganda: Implications for prevention and management of type 2 diabetes. Appetite, 2019, 143, 104409.	3.7	12
16	Applying the model of diffusion of innovations to understand facilitators for the implementation of maternal and neonatal health programmes in rural Uganda. Globalization and Health, 2019, 15, 38.	4.9	6
17	Study protocol for the SMART2D adaptive implementation trial: a cluster randomised trial comparing facility-only care with integrated facility and community care to improve type 2 diabetes outcomes in Uganda, South Africa and Sweden. BMJ Open, 2018, 8, e019981.	1.9	23
18	Reflecting strategic and conforming gendered experiences of community health workers using photovoice in rural Wakiso district, Uganda. Human Resources for Health, 2018, 16, 41.	3.1	22

#	ARTICLE	IF	CITATIONS
19	Private retail drug shops: what they are, how they operate, and implications for health care delivery in rural Uganda. BMC Health Services Research, 2018, 18, 532.	2.2	36
20	Elements for harnessing participatory action research to strengthen health managers'™ capacity: a critical interpretative synthesis. Health Research Policy and Systems, 2018, 16, 33.	2.8	7
21	Effect of support supervision on maternal and newborn health services and practices in Rural Eastern Uganda. Global Health Action, 2017, 10, 1345496.	1.9	21
22	Characteristics of community savings groups in rural Eastern Uganda: opportunities for improving access to maternal health services. Global Health Action, 2017, 10, 1347363.	1.9	15
23	<i>Balancing the cost of leaving with the cost of living:</i> drivers of long-term retention of health workers: an explorative study in three rural districts in Eastern Uganda. Global Health Action, 2017, 10, 1345494.	1.9	10
24	Effect of a participatory multisectoral maternal and newborn intervention on maternal health service utilization and newborn care practices: a quasi-experimental study in three rural Ugandan districts. Global Health Action, 2017, 10, 1363506.	1.9	32
25	A structural equation analysis on the relationship between maternal health services utilization and newborn health outcomes: a cross-sectional study in Eastern Uganda. BMC Pregnancy and Childbirth, 2017, 17, 98.	2.4	15
26	Working with community health workers to improve maternal and newborn health outcomes: implementation and scale-up lessons from eastern Uganda. Global Health Action, 2017, 10, 1345495.	1.9	33
27	Strengthening scaling up through learning from implementation: comparing experiences from Afghanistan, Bangladesh and Uganda. Health Research Policy and Systems, 2017, 15, 108.	2.8	23
28	Engaging stakeholders: lessons from the use of participatory tools for improving maternal and child care health services. Health Research Policy and Systems, 2017, 15, 106.	2.8	20
29	Using Theories of Change to inform implementation of health systems research and innovation: experiences of Future Health Systems consortium partners in Bangladesh, India and Uganda. Health Research Policy and Systems, 2017, 15, 109.	2.8	28
30	Participatory monitoring and evaluation approaches that influence decision-making: lessons from a maternal and newborn study in Eastern Uganda. Health Research Policy and Systems, 2017, 15, 107.	2.8	13
31	Persisting demand and supply gap for maternal and newborn care in eastern Uganda: a mixed-method cross-sectional study. Reproductive Health, 2017, 14, 136.	3.1	17
32	Experiences of using a participatory action research approach to strengthen district local capacity in Eastern Uganda. Global Health Action, 2017, 10, 1346038.	1.9	20
33	â€Nurture the sprouting bud; do not uproot itâ€™™. Using saving groups to save for maternal and newborn health: lessons from rural Eastern Uganda. Global Health Action, 2017, 10, 1347311.	1.9	7
34	A participatory action research approach to strengthening health managers'™ capacity at district level in Eastern Uganda. Health Research Policy and Systems, 2017, 15, 110.	2.8	25
35	Effect of a participatory multisectoral maternal and newborn intervention on birth preparedness and knowledge of maternal and newborn danger signs among women in Eastern Uganda: a quasi-experiment study. Global Health Action, 2017, 10, 1362826.	1.9	17
36	Maternal and neonatal implementation for equitable systems. A study design paper. Global Health Action, 2017, 10, 1346925.	1.9	18

#	ARTICLE	IF	CITATIONS
37	Gender dynamics affecting maternal health and health care access and use in Uganda. <i>Health Policy and Planning</i> , 2017, 32, v13-v21.	2.7	73
38	Uganda Newborn Study (UNEST) trial: Community-based maternal and newborn care economic analysis. <i>Health Policy and Planning</i> , 2017, 32, i42-i52.	2.7	7
39	A cascade model of mentorship for frontline health workers in rural health facilities in Eastern Uganda: processes, achievements and lessons. <i>Global Health Action</i> , 2017, 10, 1345497.	1.9	33
40	Factors associated with use of malaria control interventions by pregnant women in Buwunga subcounty, Bugiri District. <i>Malaria Journal</i> , 2016, 15, 342.	2.3	27
41	The performance of community health workers in the management of multiple childhood infectious diseases in Lira, northern Uganda – a mixed methods cross-sectional study. <i>Global Health Action</i> , 2016, 9, 33194.	1.9	29
42	Unlocking community capabilities for improving maternal and newborn health: participatory action research to improve birth preparedness, health facility access, and newborn care in rural Uganda. <i>BMC Health Services Research</i> , 2016, 16, 638.	2.2	25
43	Supporting youth and community capacity through photovoice: Reflections on participatory research on maternal health in Wakiso district, Uganda. <i>Global Public Health</i> , 2016, 11, 683-698.	2.0	17
44	The neonatal mortality and its determinants in rural communities of Eastern Uganda. <i>Reproductive Health</i> , 2016, 13, 13.	3.1	57
45	Effect of the Uganda Newborn Study on care-seeking and care practices: a cluster-randomised controlled trial. <i>Global Health Action</i> , 2015, 8, 24584.	1.9	74
46	What influences availability of medicines for the community management of childhood illnesses in central Uganda? Implications for scaling up the integrated community case management programme. <i>BMC Public Health</i> , 2015, 15, 1180.	2.9	14
47	Lessons learnt during the process of setup and implementation of the voucher scheme in Eastern Uganda: a mixed methods study. <i>Implementation Science</i> , 2015, 10, 108.	6.9	9
48	Factors affecting disclosure of serostatus to children attending Jinja Hospital Paediatric HIV clinic, Uganda. <i>African Health Sciences</i> , 2015, 15, 344.	0.7	30
49	Uptake of Mass Drug Administration Programme for Schistosomiasis Control in Koome Islands, Central Uganda. <i>PLoS ONE</i> , 2015, 10, e0123673.	2.5	47
50	Using photovoice to examine community level barriers affecting maternal health in rural Wakiso district, Uganda. <i>Reproductive Health Matters</i> , 2015, 23, 136-147.	1.2	26
51	Cost-effectiveness analysis of a voucher scheme combined with obstetrical quality improvements: quasi experimental results from Uganda. <i>Health Policy and Planning</i> , 2015, 30, 88-99.	2.7	49
52	Evaluation of a health systems knowledge translation network for Africa (KTNET): a study protocol. <i>Implementation Science</i> , 2014, 9, 170.	6.9	2
53	Incremental cost of increasing access to maternal health care services: perspectives from a demand and supply side intervention in Eastern Uganda. <i>Cost Effectiveness and Resource Allocation</i> , 2014, 12, 14.	1.5	12
54	Awareness of, responsiveness to and practice of patients' rights at Uganda's national referral hospital. <i>African Journal of Primary Health Care and Family Medicine</i> , 2013, 5, .	0.8	25

#	ARTICLE	IF	CITATIONS
55	Increasing access to institutional deliveries using demand and supply side incentives: early results from a quasi-experimental study. BMC International Health and Human Rights, 2011, 11, S11.	2.5	87
56	Increasing access to quality health care for the poor: Community perceptions on quality care in Uganda. Patient Preference and Adherence, 2009, 3, 77.	1.8	56
