#	Paper	IF	Citations
91	Investigating clinic transfers among HIV patients considered lost to follow-up to improve understanding of the HIV care cascade: Findings from a cohort study in rural north-eastern South Africa. <i>PLOS Global Public Health</i> , 2022, 2, e0000296		0
90	Understanding the health systems impacts of Universal Test and Treat in sub-Saharan Africa: The Shape UTT study. <i>Global Public Health</i> , 2021, 16, 161-166	3.5	
89	PrEP reminds me that I am the one to take responsibility of my life: a qualitative study exploring experiences of and attitudes towards pre-exposure prophylaxis use by women in Eswatini. <i>BMC Public Health</i> , 2021, 21, 727	4.1	3
88	Coming of age with HIV: a temporal understanding of young women's experiences in Zambia. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2021, 33, 159-166	2.2	
87	Cost variations in prevention of mother-to-child HIV transmission services integrated within maternal and child health services in rural Tanzania. <i>Global Public Health</i> , 2021, 16, 305-318	3.5	2
86	Assessing the implementation of facility-based HIV testing policies in Malawi, South Africa and Tanzania from 2013-2018: Findings from SHAPE-UTT study. <i>Global Public Health</i> , 2021, 16, 241-255	3.5	2
85	Implications of HIV treatment policies on the health workforce in rural Malawi and Tanzania between 2013 and 2017: Evidence from the SHAPE-UTT study. <i>Global Public Health</i> , 2021, 16, 256-273	3.5	3
84	Implementation and experiences of integrated prevention of mother-to-child transmission services in Tanzania, Malawi and South Africa: A mixed methods study. <i>Global Public Health</i> , 2021, 16, 201-215	3.5	3
83	Understanding the influence of health systems on women's experiences of Option B+: A meta-ethnography of qualitative research from sub-Saharan Africa. <i>Global Public Health</i> , 2021, 16, 167-185	3.5	4
82	Exploring the evolution of policies for universal antiretroviral therapy and their implementation across three sub-Saharan African countries: Findings from the SHAPE study. <i>Global Public Health</i> , 2021, 16, 227-240	3.5	2
81	Consequences of male partner engagement policies on HIV care-seeking in three African countries: Findings from the SHAPE UTT study. <i>Global Public Health</i> , 2021, 16, 216-226	3.5	3
80	If the results are negative, they motivate us: Experiences of early infant diagnosis of HIV and engagement in Option B. <i>Global Public Health</i> , 2021, 16, 186-200	3.5	2
79	Influence of evolving HIV treatment guidance on CD4 counts and viral load monitoring: A mixed-methods study in three African countries. <i>Global Public Health</i> , 2021, 16, 288-304	3.5	2
78	Investigating the implementation of differentiated HIV services and implications for pregnant and postpartum women: A mixed methods multi-country study. <i>Global Public Health</i> , 2021, 16, 274-287	3.5	1
77	Slipping through the cracks: a qualitative study to explore pathways of HIV care and treatment amongst hospitalised patients with advanced HIV in Kenya and the Democratic Republic of the Congo. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2021, 1-8	2.2	
76	Patterns of engagement in HIV care during pregnancy and breastfeeding: findings from a cohort study in North-Eastern South Africa. <i>BMC Public Health</i> , 2021, 21, 1710	4.1	1
75	"We have to learn to cooperate with each other": a qualitative study to explore integration of traditional healers into the provision of HIV self-testing and tuberculosis screening in Eswatini. <i>BMC Health Services Research</i> , 2021, 21, 1314	2.9	1

74	HIV Positive status disclosure to sexual partners: a qualitative study to explore experiences and challenges among clients attending HIV care services in North-Western Tanzania. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2021 , 1-8	2.2	
73	Critical Reflections on Individual Collages as a Research Method With Young Women Living With HIV in Zambia. <i>Emerging Adulthood</i> , 2020 , 216769682091663	1.2	1
72	Challenges with tracing patients on antiretroviral therapy who are late for clinic appointments in rural South Africa and recommendations for future practice. <i>Global Health Action</i> , 2020 , 13, 1755115	3	5
71	Secrets and Silence: Agency of Young Women Managing HIV Disclosure. <i>Medical Anthropology: Cross Cultural Studies in Health and Illness</i> , 2020 , 39, 720-734	3	6
70	Dissonance of Choice: Biomedical and Lived Perspectives on HIV Treatment-Taking. <i>Medical Anthropology: Cross Cultural Studies in Health and Illness</i> , 2020 , 39, 675-688	3	5
69	Misreporting of Patient Outcomes in the South African National HIV Treatment Database: Consequences for Programme Planning, Monitoring, and Evaluation. <i>Frontiers in Public Health</i> , 2020 , 8, 100	6	13
68	Feasibility and acceptability of mobile phone platforms to deliver interventions to address gender-based violence among Syrian adolescent girls and young women in Izmir, Turkey. <i>Vulnerable Children and Youth Studies</i> , 2020 , 15, 133-143	1.3	4
67	Outcomes After Being Lost to Follow-up Differ for Pregnant and Postpartum Women When Compared With the General HIV Treatment Population in Rural South Africa. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2020 , 85, 127-137	3.1	4
66	Assessing the costs and efficiency of HIV testing and treatment services in rural Malawi: implications for future "test and start" strategies. <i>BMC Health Services Research</i> , 2020 , 20, 740	2.9	1
65	Parental obligations, care and HIV treatment: How care for others motivates self-care in Zimbabwe. <i>Journal of Health Psychology</i> , 2020 , 25, 2178-2187	3.1	6
64	Planning a family in Nairobi's informal settlements: results of a qualitative study. <i>Journal of Biosocial Science</i> , 2020 , 52, 286-299	1.6	4
63	"We give them threatening advice": expectations of adherence to antiretroviral therapy and their consequences among adolescents living with HIV in rural Malawi. <i>Journal of the International AIDS Society</i> , 2020 , 23, e25459	5.4	5
62	Altered social trajectories and risks of violence among young Syrian women seeking refuge in Turkey: a qualitative study. <i>BMC Women's Health</i> , 2019 , 19, 9	2.9	14
61	"I don't want them to know": how stigma creates dilemmas for engagement with Treat-all HIV care for people living with HIV in Eswatini. <i>African Journal of AIDS Research</i> , 2019 , 18, 27-37	1.8	19
60	"Is it making any difference?" A qualitative study examining the treatment-taking experiences of asymptomatic people living with HIV in the context of Treat-all in Eswatini. <i>Journal of the International AIDS Society</i> , 2019 , 22, e25220	5.4	9
59	Navigating Ethics in practice: An ethnographic case study with young women living with HIV in Zambia. <i>Global Public Health</i> , 2019 , 14, 1689-1702	3.5	6
58	Implementing prevention policies for mother-to-child transmission of HIV in rural Malawi, South Africa and United Republic of Tanzania, 2013-2016. <i>Bulletin of the World Health Organization</i> , 2019 , 97, 200-212	8.2	8
57	The rebellious man: Next-of-kin accounts of the death of a male relative on antiretroviral therapy in sub-Saharan Africa. <i>Global Public Health</i> , 2019 , 14, 1252-1263	3.5	4

56	It saw it as a second chance. A qualitative exploration of experiences of treatment failure and regimen change among people living with HIV on second- and third-line antiretroviral therapy in Kenya, Malawi and Mozambique. <i>Global Public Health</i> , 2019 , 14, 1112-1124	3.5	5
55	"He was no longer listening to me": A qualitative study in six Sub-Saharan African countries exploring next-of-kin perspectives on caring following the death of a relative from AIDS. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2019 , 31, 754-760	2.2	1
54	It: A qualitative study to explore stakeholders' perspectives on the health needs of Syrian refugees in Greece following the 2016 European Union-Turkey agreement. <i>Conflict and Health</i> , 2018 , 12, 24	4	19
53	Non-disclosure of HIV testing history in population-based surveys: implications for estimating a UNAIDS 90-90-90 target. <i>Global Health Action</i> , 2018 , 11, 1553470	3	7
52	Retention in care among clinically stable antiretroviral therapy patients following a six-monthly clinical consultation schedule: findings from a cohort study in rural Malawi. <i>Journal of the International AIDS Society</i> , 2018 , 21, e25207	5.4	15
51	A longitudinal review of national HIV policy and progress made in health facility implementation in Eastern Zimbabwe. <i>Health Research Policy and Systems</i> , 2018 , 16, 92	3.7	7
50	Linkage to care and antiretroviral therapy initiation by testing modality among individuals newly diagnosed with HIV in Tanzania, 2014-2017. <i>Tropical Medicine and International Health</i> , 2018 , 23, 1384-1393	3.3	3
49	Where are we now? A multicountry qualitative study to explore access to pre-antiretroviral care services: a precursor to antiretroviral therapy initiation. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	15
48	Identifying gaps in HIV policy and practice along the HIV care continuum: evidence from a national policy review and health facility surveys in urban and rural Kenya. <i>Health Policy and Planning</i> , 2017 , 32, 1316-1326	3.4	13
47	Side effects: Rare treatment effects that challenge retention in HIV treatment programmes in six sub-Saharan African countries: a multicountry qualitative study. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	20
46	Identifying gaps in HIV service delivery across the diagnosis-to-treatment cascade: findings from health facility surveys in six sub-Saharan countries. <i>Journal of the International AIDS Society</i> , 2017 , 20, 21188	5.4	37
45	It wanted to safeguard the baby: A qualitative study to understand the experiences of Option B+ for pregnant women and the potential implications for test-and-treat in four sub-Saharan African settings. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	34
44	It am treated well if I adhere to my HIV medication: putting patient-provider interactions in context through insights from qualitative research in five sub-Saharan African countries. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	14
43	Using theories of practice to understand HIV-positive persons' varied engagement with HIV services: a qualitative study in six Sub-Saharan African countries. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	19
42	Scaling a waterfall: a meta-ethnography of adolescent progression through the stages of HIV care in sub-Saharan Africa. <i>Journal of the International AIDS Society</i> , 2017 , 20, 21922	5.4	20
41	From policy to practice: exploring the implementation of antiretroviral therapy access and retention policies between 2013 and 2016 in six sub-Saharan African countries. <i>BMC Health Services Research</i> , 2017 , 17, 758	2.9	16
40	"My mother told me that I should not": a qualitative study exploring the restrictions placed on adolescent girls living with HIV in Zambia. <i>Journal of the International AIDS Society</i> , 2017 , 20, e25035	5.4	19
39	Understanding the relationship between couple dynamics and engagement with HIV care services: insights from a qualitative study in Eastern and Southern Africa. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	14

38	HIV policy implementation in two health and demographic surveillance sites in Uganda: findings from a national policy review, health facility surveys and key informant interviews. <i>Implementation Science</i> , 2017 , 12, 47	8.4	11
37	HIV testing experiences and their implications for patient engagement with HIV care and treatment on the eve of Rest and treat findings from a multicountry qualitative study. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	20
36	Traditional healers, faith healers and medical practitioners: the contribution of medical pluralism to bottlenecks along the cascade of care for HIV/AIDS in Eastern and Southern Africa. <i>Sexually Transmitted Infections</i> , 2017 , 93,	2.8	37
35	A qualitative study of the determinants of HIV guidelines implementation in two south-eastern districts of Tanzania. <i>Health Policy and Planning</i> , 2017 , 32, 825-834	3.4	9
34	The Network for Analysing Longitudinal Population-based HIV/AIDS data on Africa (ALPHA): Data on mortality, by HIV status and stage on the HIV care continuum, among the general population in seven longitudinal studies between 1989 and 2014. <i>Gates Open Research</i> , 2017 , 1, 4	2.4	10
33	HIV policy and implementation: a national policy review and an implementation case study of a rural area of northern Malawi. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2016 , 28, 1097-109	2.2	14
32	Uptake of services for prevention of mother-to-child transmission of HIV in a community cohort in rural Tanzania from 2005 to 2012. <i>BMC Health Services Research</i> , 2016 , 16, 4	2.9	6
31	It is just the way it was in the past before I went to test a qualitative study to explore responses to HIV prevention counselling in rural Tanzania. <i>BMC Public Health</i> , 2016 , 16, 489	4.1	5
30	Data Resource Profile: Network for Analysing Longitudinal Population-based HIV/AIDS data on Africa (ALPHA Network). <i>International Journal of Epidemiology</i> , 2016 , 45, 83-93	7.8	32
29	Factors associated with uptake of services to prevent mother-to-child transmission of HIV in a community cohort in rural Tanzania. <i>Sexually Transmitted Infections</i> , 2015 , 91, 520-7	2.8	16
28	Risk factors for service use and trends in coverage of different HIV testing and counselling models in northwest Tanzania between 2003 and 2010. <i>Tropical Medicine and International Health</i> , 2015 , 20, 1473-1487	3.3	14
27	Exploring the Feasibility of Service Integration in a Low-Income Setting: A Mixed Methods Investigation into Different Models of Reproductive Health and HIV Care in Swaziland. <i>PLoS ONE</i> , 2015 , 10, e0126144	3.7	23
26	Challenges with routine data sources for PMTCT programme monitoring in East Africa: insights from Tanzania. <i>Global Health Action</i> , 2015 , 8, 29987	3	17
25	Immunological failure of first-line and switch to second-line antiretroviral therapy among HIV-infected persons in Tanzania: analysis of routinely collected national data. <i>Tropical Medicine and International Health</i> , 2015 , 20, 880-92	2.3	19
24	A comparative analysis of national HIV policies in six African countries with generalized epidemics. <i>Bulletin of the World Health Organization</i> , 2015 , 93, 457-67	8.2	33
23	The impact of voluntary counselling and testing services on sexual behaviour change and HIV incidence: observations from a cohort study in rural Tanzania. <i>BMC Infectious Diseases</i> , 2014 , 14, 159	4	17
22	Using HIV-attributable mortality to assess the impact of antiretroviral therapy on adult mortality in rural Tanzania. <i>Global Health Action</i> , 2014 , 7, 21865	3	5
21	Does the Spectrum model accurately predict trends in adult mortality? Evaluation of model estimates using empirical data from a rural HIV community cohort study in North-Western Tanzania. <i>Global Health Action</i> , 2014 , 7, 21783	3	8

20	Reliance on condoms for contraceptive protection among HIV care and treatment clients: a mixed methods study on contraceptive choice and motivation within a generalised epidemic. <i>Sexually Transmitted Infections</i> , 2014 , 90, 394-400	2.8	11
19	"It is like that, we didn't understand each other": exploring the influence of patient-provider interactions on prevention of mother-to-child transmission of HIV service use in rural Tanzania. <i>PLoS ONE</i> , 2014 , 9, e106325	3.7	59
18	Do accurate HIV and antiretroviral therapy knowledge, and previous testing experiences increase the uptake of HIV voluntary counselling and testing? Results from a cohort study in rural Tanzania. <i>BMC Public Health</i> , 2013 , 13, 802	4.1	13
17	Are integrated HIV services less stigmatizing than stand-alone models of care? A comparative case study from Swaziland. <i>Journal of the International AIDS Society</i> , 2013 , 16, 17981	5.4	27
16	Barriers and facilitating factors to the uptake of antiretroviral drugs for prevention of mother-to-child transmission of HIV in sub-Saharan Africa: a systematic review. <i>Journal of the International AIDS Society</i> , 2013 , 16, 18588	5.4	274
15	Low rates of repeat HIV testing despite increased availability of antiretroviral therapy in rural Tanzania: findings from 2003-2010. <i>PLoS ONE</i> , 2013 , 8, e62212	3.7	24
14	Trends in the uptake of voluntary counselling and testing for HIV in rural Tanzania in the context of the scale up of antiretroviral therapy. <i>Tropical Medicine and International Health</i> , 2012 , 17, e15-25	2.3	31
13	The impact of antiretroviral therapy on adult mortality in rural Tanzania. <i>Tropical Medicine and International Health</i> , 2012 , 17, e58-65	2.3	19
12	Antiretroviral therapy uptake and coverage in four HIV community cohort studies in sub-Saharan Africa. <i>Tropical Medicine and International Health</i> , 2012 , 17, e38-48	2.3	31
11	Using age-specific mortality of HIV infected persons to predict anti-retroviral treatment need: a comparative analysis of data from five African population-based cohort studies. <i>Tropical Medicine and International Health</i> , 2012 , 17, e3-14	2.3	7
10	The effect of antiretroviral therapy provision on all-cause, AIDS and non-AIDS mortality at the population level--a comparative analysis of data from four settings in Southern and East Africa. <i>Tropical Medicine and International Health</i> , 2012 , 17, e84-93	2.3	38
9	Evaluation of knowledge levels amongst village AIDS committees after undergoing HIV educational sessions: results from a pilot study in rural Tanzania. <i>BMC International Health and Human Rights</i> , 2011 , 11, 14	2.5	5
8	Delivering comprehensive home-based care programmes for HIV: a review of lessons learned and challenges ahead in the era of antiretroviral therapy. <i>Health Policy and Planning</i> , 2010 , 25, 352-62	3.4	57
7	Barriers to sustaining antiretroviral treatment in Kisesa, Tanzania: a follow-up study to understand attrition from the antiretroviral program. <i>AIDS Patient Care and STDs</i> , 2009 , 23, 203-10	5.8	97
6	"Just like fever": a qualitative study on the impact of antiretroviral provision on the normalisation of HIV in rural Tanzania and its implications for prevention. <i>BMC International Health and Human Rights</i> , 2009 , 9, 22	2.5	43
5	From HIV diagnosis to treatment: evaluation of a referral system to promote and monitor access to antiretroviral therapy in rural Tanzania. <i>Journal of the International AIDS Society</i> , 2009 , 12, 31	5.4	72
4	Doubts, denial and divine intervention: understanding delayed attendance and poor retention rates at a HIV treatment programme in rural Tanzania. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2009 , 21, 632-7	2.2	59
3	Uptake of HIV voluntary counselling and testing services in rural Tanzania: implications for effective HIV prevention and equitable access to treatment. <i>Tropical Medicine and International Health</i> , 2008 , 13, 319-27	2.3	71

2	Estimating the extent of vaccine-derived poliovirus infection. <i>PLoS ONE</i> , 2008 , 3, e3433	3-7	42
1	Use of data from HIV counselling and testing services for HIV surveillance in Africa. <i>Lancet, The</i> , 2007 , 369, 612-3	40	11
