#	ARTICLE	IF	CITATIONS
1	Public and health professional epidemic risk perceptions in countries that are highly vulnerable to epidemics: a systematic review. <i>Infectious Diseases of Poverty</i> , 2022, 11, 4.	1.5	3
2	Protocol of a randomised clinical trial to integrate mental health services into primary care for postconflict populations in Northern Sri Lanka (COMGAP-S). <i>BMJ Open</i> , 2022, 12, e051441.	0.8	0
3	Chronic NCD care in crises: A qualitative study of global experts'™ perspectives on models of care for hypertension and diabetes in humanitarian settings. <i>Journal of Migration and Health</i> , 2022, 5, 100094.	1.6	9
4	“Nothing about us, without us” A qualitative study of service user involvement in the development of lay-delivered psychological interventions in contexts affected by humanitarian crises. <i>Journal of Migration and Health</i> , 2022, 5, 100087.	1.6	6
5	Analysis of health overseas development aid for internally displaced persons in low- and middle-income countries. <i>Journal of Migration and Health</i> , 2022, 5, 100090.	1.6	6
6	Health system governance in settings with conflict-affected populations: a systematic review. <i>Health Policy and Planning</i> , 2022, 37, 655-674.	1.0	7
7	The Ukraine crisis: Mental health resources for clinicians and researchers. <i>Journal of Traumatic Stress</i> , 2022, 35, 775-777.	1.0	12
8	The health needs of refugees from Ukraine. <i>BMJ</i> , The, 2022, 377, o864.	3.0	26
9	Scalable psychological interventions for Syrian refugees in Europe and the Middle East: STRENGTHS study protocol for a prospective individual participant data meta-analysis. <i>BMJ Open</i> , 2022, 12, e058101.	0.8	7
10	The Ukraine crisis: Mental health resources for clinicians and researchers. <i>Clinical Child Psychology and Psychiatry</i> , 2022, , 135910452210975.	0.8	5
11	Process evaluations of mental health and psychosocial support interventions for populations affected by humanitarian crises. <i>Social Science and Medicine</i> , 2022, 303, 114994.	1.8	4
12	A transdiagnostic psychosocial prevention-intervention service for young people in the Republic of Georgia: early results of the effectiveness study. <i>European Journal of Psychotraumatology</i> , 2022, 13, .	0.9	1
13	Coping with Migration-Related Stressors: A Systematic Review of the Literature. <i>Journal of Immigrant and Minority Health</i> , 2021, 23, 389-404.	0.8	16
14	Prevalence and predictors of common mental disorders among Syrian refugees in Istanbul, Turkey: a cross-sectional study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, 56, 475-484.	1.6	39
15	“I had tears in my eyes but I just left without looking back” A qualitative study of migration-related stressors amongst Nepali male labour migrants. <i>Journal of Migration and Health</i> , 2021, 4, 100042.	1.6	3
16	Quality in crisis: a systematic review of the quality of health systems in humanitarian settings. <i>Conflict and Health</i> , 2021, 15, 7.	1.0	20
17	Models of care for patients with hypertension and diabetes in humanitarian crises: a systematic review. <i>Health Policy and Planning</i> , 2021, 36, 509-532.	1.0	15
18	MSF experiences of providing multidisciplinary primary level NCD care for Syrian refugees and the host population in Jordan: an implementation study guided by the RE-AIM framework. <i>BMC Health Services Research</i> , 2021, 21, 381.	0.9	12

#	ARTICLE	IF	CITATIONS
19	eHealth for service delivery in conflict: a narrative review of the application of eHealth technologies in contemporary conflict settings. <i>Health Policy and Planning</i> , 2021, 36, 974-981.	1.0	16
20	Coping with migration-related stressors - a qualitative study of Nepali male labour migrants. <i>BMC Public Health</i> , 2021, 21, 1131.	1.2	5
21	Disability and psychological distress in nine countries of the former Soviet Union. <i>Journal of Affective Disorders</i> , 2021, 292, 782-787.	2.0	4
22	Barriers and facilitators for scaling up mental health and psychosocial support interventions in low- and middle-income countries for populations affected by humanitarian crises: a systematic review. <i>International Journal of Mental Health Systems</i> , 2021, 15, 5.	1.1	37
23	Quality of mental health questionnaires in conflict-affected adult populations in low and middle income countries: A systematic review. <i>Journal of Migration and Health</i> , 2021, 4, 100068.	1.6	1
24	Understanding the health needs of internally displaced persons: A scoping review. <i>Journal of Migration and Health</i> , 2021, 4, 100071.	1.6	36
25	A Complex Intervention for Alcohol Misuse Among Conflict-Affected Populations in Uganda and Ukraine: Study Protocol for the Qualitative Components in the CHANGE Trial. <i>International Journal of Qualitative Methods</i> , The, 2021, 20, 160940692110630.	1.3	1
26	Treatment gap and mental health service use among Syrian refugees in Sultanbeyli, Istanbul: a cross-sectional survey. <i>Epidemiology and Psychiatric Sciences</i> , 2020, 29, e70.	1.8	61
27	Examining the use of economic evaluations in health-related humanitarian programmes in low- and middle-income countries: a systematic review. <i>Health Policy and Planning</i> , 2020, 35, 210-218.	1.0	9
28	The burden of mental disorders and access to mental health and psychosocial support services in Syria and among Syrian refugees in neighboring countries: a systematic review. <i>Journal of Public Health</i> , 2020, 42, e299-e310.	1.0	56
29	The influence of concern about COVID-19 on mental health in the Republic of Georgia: a cross-sectional study. <i>Globalization and Health</i> , 2020, 16, 111.	2.4	29
30	Planning the scale up of brief psychological interventions using theory of change. <i>BMC Health Services Research</i> , 2020, 20, 801.	0.9	21
31	“To die is better for me”: social suffering among Syrian refugees at a noncommunicable disease clinic in Jordan: a qualitative study. <i>Conflict and Health</i> , 2020, 14, 63.	1.0	14
32	Post-traumatic growth and its predictors among Syrian refugees in Istanbul: A mental health population survey. <i>Journal of Migration and Health</i> , 2020, 1-2, 100010.	1.6	13
33	Pathways towards scaling up Problem Management Plus in Turkey: a theory of change workshop. <i>Conflict and Health</i> , 2020, 14, 22.	1.0	11
34	Protocol for a randomized controlled trial: peer-to-peer Group Problem Management Plus (PM+) for adult Syrian refugees in Turkey. <i>Trials</i> , 2020, 21, 283.	0.7	18
35	Somatic distress among Syrian refugees in Istanbul, Turkey: A cross-sectional study. <i>Journal of Psychosomatic Research</i> , 2020, 132, 109993.	1.2	19
36	Participation by conflict-affected and forcibly displaced communities in humanitarian healthcare responses: A systematic review. <i>Journal of Migration and Health</i> , 2020, 1-2, 100026.	1.6	17
