| #  | Paper                                                                                                                                                                                                                   | IF   | Citations |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----------|
| 41 | Trends in COVID-19 Risk-Adjusted Mortality Rates. <i>Journal of Hospital Medicine</i> , <b>2021</b> , 16, 90-92                                                                                                         | 2.7  | 128       |
| 40 | Development and validation of a machine learning model to predict mortality risk in patients with COVID-19. <i>BMJ Health and Care Informatics</i> , <b>2021</b> , 28,                                                  | 2.6  | 3         |
| 39 | Addressing Social Risk and Support as Adjuvants in Colorectal Cancer Treatment. <i>JAMA Network Open</i> , <b>2021</b> , 4, e2113651                                                                                    | 10.4 | 0         |
| 38 | Hospitalizations for Chronic Disease and Acute Conditions in the Time of COVID-19. <i>JAMA Internal Medicine</i> , <b>2021</b> , 181, 269-271                                                                           | 11.5 | 35        |
| 37 | Effect of antibiotic treatment on <i>Oxalobacter formigenes</i> colonization of the gut microbiome and urinary oxalate excretion. <i>Scientific Reports</i> , <b>2021</b> , 11, 16428                                   | 4.9  | 2         |
| 36 | Obesity in Patients Younger Than 60 Years Is a Risk Factor for COVID-19 Hospital Admission. <i>Clinical Infectious Diseases</i> , <b>2020</b> , 71, 896-897                                                             | 11.6 | 708       |
| 35 | Factors associated with hospital admission and critical illness among 5279 people with coronavirus disease 2019 in New York City: prospective cohort study. <i>BMJ, The</i> , <b>2020</b> , 369, m1966                  | 5.9  | 1301      |
| 34 | A validated, real-time prediction model for favorable outcomes in hospitalized COVID-19 patients. <i>Npj Digital Medicine</i> , <b>2020</b> , 3, 130                                                                    | 15.7 | 25        |
| 33 | Assessment of Racial/Ethnic Disparities in Hospitalization and Mortality in Patients With COVID-19 in New York City. <i>JAMA Network Open</i> , <b>2020</b> , 3, e2026881                                               | 10.4 | 151       |
| 32 | Bending the cost curve: time series analysis of a value transformation programme at an academic medical centre. <i>BMJ Quality and Safety</i> , <b>2019</b> , 28, 449-458                                               | 5.4  | 4         |
| 31 | Colorectal Cancer in African Americans: An Update. <i>Clinical and Translational Gastroenterology</i> , <b>2016</b> , 7, e185                                                                                           | 4.2  | 80        |
| 30 | Impact of obesity treatment on gastroesophageal reflux disease. <i>World Journal of Gastroenterology</i> , <b>2016</b> , 22, 1627-38                                                                                    | 5.6  | 46        |
| 29 | <i>Helicobacter pylori</i> Eradication Causes Perturbation of the Human Gut Microbiome in Young Adults. <i>PLoS ONE</i> , <b>2016</b> , 11, e0151893                                                                    | 3.7  | 82        |
| 28 | Annual Fecal Occult Blood Testing can be Safely Suspended for up to 5 Years After a Negative Colonoscopy in Asymptomatic Average-Risk Patients. <i>American Journal of Gastroenterology</i> , <b>2015</b> , 110, 1355-8 | 0.7  | 10        |
| 27 | Impact of an Intervention to Improve Weekend Hospital Care at an Academic Medical Center: An Observational Study. <i>Journal of General Internal Medicine</i> , <b>2015</b> , 30, 1657-64                               | 4    | 18        |
| 26 | Changes in Metabolic Hormones in Malaysian Young Adults following <i>Helicobacter pylori</i> Eradication. <i>PLoS ONE</i> , <b>2015</b> , 10, e0135771                                                                  | 3.7  | 8         |
| 25 | Hepatitis C in African Americans. <i>American Journal of Gastroenterology</i> , <b>2014</b> , 109, 1576-84; quiz 1575, 1585                                                                                             | 0.7  | 30        |

|    |                                                                                                                                                                                                                   |      |     |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----|
| 24 | A 3-year M.D.--accelerating careers, diminishing debt. <i>New England Journal of Medicine</i> , <b>2013</b> , 369, 1085-7                                                                                         | 39.2 | 49  |
| 23 | Association of tattooing and hepatitis C virus infection: a multicenter case-control study. <i>Hepatology</i> , <b>2013</b> , 57, 2117-23                                                                         | 11.2 | 51  |
| 22 | Association between selected oral pathogens and gastric precancerous lesions. <i>PLoS ONE</i> , <b>2013</b> , 8, e51604                                                                                           | 9.4  | 26  |
| 21 | Colorectal cancer screening of high-risk populations: A national survey of physicians. <i>BMC Research Notes</i> , <b>2012</b> , 5, 64                                                                            | 2.3  | 18  |
| 20 | Immune response against <i>Streptococcus gallolyticus</i> in patients with adenomatous polyps in colon. <i>International Journal of Cancer</i> , <b>2012</b> , 131, 2294-9                                        | 7.5  | 13  |
| 19 | Molecular pathways: pathogenesis and clinical implications of microbiome alteration in esophagitis and Barrett esophagus. <i>Clinical Cancer Research</i> , <b>2012</b> , 18, 2138-44                             | 12.9 | 110 |
| 18 | Association between oral health and gastric precancerous lesions. <i>Carcinogenesis</i> , <b>2012</b> , 33, 399-403                                                                                               | 4.6  | 41  |
| 17 | Oral antibiotic treatment of <i>Helicobacter pylori</i> leads to persistently reduced intestinal colonization rates with <i>Oxalobacter formigenes</i> . <i>Journal of Endourology</i> , <b>2011</b> , 25, 1781-5 | 2.7  | 46  |
| 16 | The effect of <i>H. pylori</i> eradication on meal-associated changes in plasma ghrelin and leptin. <i>BMC Gastroenterology</i> , <b>2011</b> , 11, 37                                                            | 3    | 72  |
| 15 | Introduction to the medical professions through an innovative medical student-run pipeline program. <i>Journal of the National Medical Association</i> , <b>2011</b> , 103, 832-8                                 | 2.3  | 10  |
| 14 | Association of overexpression of TIF1 $\alpha$ with colorectal carcinogenesis and advanced colorectal adenocarcinoma. <i>World Journal of Gastroenterology</i> , <b>2011</b> , 17, 3994-4000                      | 5.6  | 26  |
| 13 | Colon cancer knowledge and attitudes in an immigrant Haitian community. <i>Journal of Immigrant and Minority Health</i> , <b>2009</b> , 11, 319-25                                                                | 2.2  | 25  |
| 12 | Inflammation and intestinal metaplasia of the distal esophagus are associated with alterations in the microbiome. <i>Gastroenterology</i> , <b>2009</b> , 137, 588-97                                             | 13.3 | 303 |
| 11 | Leptin and ghrelin in relation to <i>Helicobacter pylori</i> status in adult males. <i>Journal of Clinical Endocrinology and Metabolism</i> , <b>2008</b> , 93, 2350-7                                            | 5.6  | 83  |
| 10 | The effect of laparoscopic gastric banding surgery on plasma levels of appetite-control, insulinotropic, and digestive hormones. <i>Obesity Surgery</i> , <b>2008</b> , 18, 1089-96                               | 3.7  | 61  |
| 9  | Lap-band impact on the function of the esophagus. <i>Obesity Surgery</i> , <b>2008</b> , 18, 1268-72                                                                                                              | 3.7  | 24  |
| 8  | Serological assays for identification of human gastric colonization by <i>Helicobacter pylori</i> strains expressing VacA m1 or m2. <i>Vaccine Journal</i> , <b>2007</b> , 14, 442-50                             |      | 9   |
| 7  | Pan-colonic varices and idiopathic portal hypertension. <i>Journal of Gastrointestinal and Liver Diseases</i> , <b>2007</b> , 16, 325-8                                                                           | 1.4  | 17  |

|   |                                                                                                                                                                                                                  |      |     |
|---|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----|
| 6 | Colon pathology detected after a positive screening flexible sigmoidoscopy: a prospective study in an ethnically diverse cohort. <i>American Journal of Gastroenterology</i> , <b>2006</b> , 101, 823-30         | 0.7  | 41  |
| 5 | Molecular analysis of the bacterial microbiota in the human stomach. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , <b>2006</b> , 103, 732-7                           | 11.5 | 733 |
| 4 | <i>Helicobacter pylori</i> and overweight status in the United States: data from the Third National Health and Nutrition Examination Survey. <i>American Journal of Epidemiology</i> , <b>2005</b> , 162, 579-84 | 3.8  | 54  |
| 3 | Bacterial biota in the human distal esophagus. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , <b>2004</b> , 101, 4250-5                                                | 11.5 | 326 |
| 2 | Improved patient survival after acute variceal bleeding: a multicenter, cohort study. <i>American Journal of Gastroenterology</i> , <b>2003</b> , 98, 653-9                                                      | 0.7  | 307 |
| 1 | Model for end-stage liver disease (MELD) for predicting mortality in patients with acute variceal bleeding. <i>Hepatology</i> , <b>2002</b> , 35, 1282-4                                                         | 11.2 | 84  |
