#	ARTICLE	IF	CITATIONS
1	Disability and Living with HIV: Baseline from a Cohort of People on Long Term ART in South Africa. PLoS ONE, 2015, 10, e0143936.	1.1	64
2	Effects of an Education and Home-Based Pedometer Walking Program on Ischemic Heart Disease Risk Factors in People Infected with HIV. Journal of Acquired Immune Deficiency Syndromes (1999), 2014, 67, 268-276.	0.9	50
3	Health Competency Standards in Physical Therapist Practice. Physical Therapy, 2019, 99, 1242-1254.	1.1	48
4	Assessment of HIV-positive in-patients using the International Classification of Functioning, Disability and Health (ICF) at Chris Hani Baragwanath Hospital, Johannesburg. African Journal of AIDS Research, 2009, 8, 93-105.	0.3	47
5	The International Classification of Function Disability and Health (ICF) in adults visiting the HIV outpatient clinic at a regional hospital in Johannesburg, South Africa. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2009, 21, 50-58.	0.6	42
6	HIV/AIDS: use of the ICF in Brazil and South Africa – comparative data from four cross-sectional studies. Physiotherapy, 2011, 97, 17-25.	0.2	42
7	“Not easy at all but I am trying” barriers and facilitators to physical activity in a South African cohort of people living with HIV participating in a home-based pedometer walking programme. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2015, 27, 235-239.	0.6	33
8	The effects of progressive-resisted exercises on muscle strength and health-related quality of life in persons with HIV-related poly-neuropathy in Zimbabwe. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2016, 28, 639-643.	0.6	33
9	“When I was no longer able to see and walk, that is when I was affected most”: experiences of disability in people living with HIV in South Africa. Disability and Rehabilitation, 2015, 37, 2051-2060.	0.9	32
10	Disability and health outcomes – from a cohort of people on long-term anti-retroviral therapy. Sahara J, 2018, 15, 50-59.	0.4	31
11	Rehabilitation: A crucial component in the future of HIV care and support. Southern African Journal of HIV Medicine, 2011, 12, 12.	0.3	30
12	A Home-Based Rehabilitation Intervention for Adults Living With HIV: A Randomized Controlled Trial. Journal of the Association of Nurses in AIDS Care, 2017, 28, 105-117.	0.4	29
13	Toward core inter-professional health promotion competencies to address the non-communicable diseases and their risk factors through knowledge translation: Curriculum content assessment. BMC Public Health, 2014, 14, 717.	1.2	28
14	Maternal near-miss among women with a migrant background in Germany. Acta Obstetrica Et Gynecologica Scandinavica, 2012, 91, 824-829.	1.3	20
15	Home-based rehabilitation interventions for adults living with HIV: a scoping review. African Journal of AIDS Research, 2016, 15, 77-88.	0.3	18
16	Functional Limitations and Disability in Persons Living with HIV in South Africa and United States: Similarities and Differences. Journal of the International Association of Providers of AIDS Care, 2019, 18, 232595821985055.	0.6	17
17	Effects of physical exercises on inflammatory biomarkers and cardiopulmonary function in patients living with HIV: a systematic review with meta-analysis. BMC Infectious Diseases, 2019, 19, 359.	1.3	17
18	Committing to disability inclusion to end AIDS by 2030. Lancet HIV, the, 2016, 3, e556-e557.	2.1	16

#	ARTICLE	IF	CITATIONS
19	Six Lessons for COVID-19 Rehabilitation From HIV Rehabilitation. <i>Physical Therapy</i> , 2020, 100, 1906-1909.	1.1	15
20	The degree to which physiotherapy literature includes physical activity as a component of health promotion in practice and entry level education: a scoping systematic review. <i>Physiotherapy Theory and Practice</i> , 2014, 30, 12-19.	0.6	14
21	Determinants of livelihood in the era of widespread access to ART. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2017, 29, 32-39.	0.6	14
22	Topics on HIV/AIDS for Inclusion Into a Physical Therapy Curriculum: Consensus Through a Modified Delphi Technique. <i>Journal, Physical Therapy Education</i> , 2012, 26, 50-56.	0.3	14
23	Conceptualisation of community-based rehabilitation in Southern Africa: A systematic review. <i>South African Journal of Physiotherapy</i> , 2016, 72, 301.	0.3	13
24	Expert Consensus on the Rehabilitation Framework Guiding a Model of Care for People Living With HIV in a South African Setting. <i>Journal of the Association of Nurses in AIDS Care</i> , 2016, 27, 77-88.	0.4	13
25	The prevalence of fear avoidance and pain catastrophising amongst patients with chronic neck pain. <i>South African Journal of Physiotherapy</i> , 2020, 76, 1326.	0.3	11
26	A home-based rehabilitation intervention for people living with HIV and disability in a resource-poor community, KwaZulu-Natal: study protocol for a randomised controlled trial. <i>Trials</i> , 2015, 16, 491.	0.7	10
27	“Knowing I can be helpful makes me feel good inside, it makes me feel essential” community health care workers’ experiences of conducting a home-based rehabilitation intervention for people living with HIV in KwaZulu-Natal, South Africa. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2017, 29, 1260-1264.	0.6	9
28	Barriers and facilitators in implementing an exercise-based injury prevention program for string players. <i>Work</i> , 2019, 64, 713-720.	0.6	9
29	Effectiveness of mobile text reminder in improving adherence to medication, physical exercise, and quality of life in patients living with HIV: a systematic review. <i>BMC Infectious Diseases</i> , 2021, 21, 859.	1.3	9
30	HIV-related disabilities: an extra burden to HIV and AIDS healthcare workers?. <i>African Journal of AIDS Research</i> , 2015, 14, 285-294.	0.3	8
31	“If you have a problem with your heart, you have a problem with your life”: Self-perception and behaviour in relation to the risk of ischaemic heart disease in people living with HIV. <i>African Journal of Primary Health Care and Family Medicine</i> , 2015, 7, .	0.3	8
32	Looking at antiretroviral adherence through a disability lens: a cross-sectional analysis of the intersection of disability, adherence, and health status. <i>Disability and Rehabilitation</i> , 2020, 42, 806-813.	0.9	8
33	Experiences of secondary health conditions amongst people with spinal cord injury in South Africa: A qualitative study. <i>South African Journal of Physiotherapy</i> , 2021, 77, 1530.	0.3	8
34	Prevention care for secondary health conditions among people living with spinal cord injuries: research protocol. <i>BMC Research Notes</i> , 2019, 12, 179.	0.6	7
35	“I forget to do pressure relief”: Personal factors influencing the prevention of secondary health conditions in people with spinal cord injury, South Africa. <i>South African Journal of Physiotherapy</i> , 2021, 77, 1493.	0.3	7
36	Health-related quality of life of survivors of penetrating trunk trauma in Johannesburg, South Africa. <i>European Journal of Trauma and Emergency Surgery</i> , 2011, 37, 419-426.	0.8	6

#	ARTICLE	IF	CITATIONS
37	Investigating the Interaction between Disability and Depressive Symptoms in the Era of Widespread Access to ART. <i>Journal of AIDS & Clinical Research</i> , 2016, 7, .	0.5	6
38	Ergonomic behaviour of learners in a digitally driven school environment: Modification using an ergonomic intervention programme. <i>South African Journal of Physiotherapy</i> , 2018, 74, 348.	0.3	6
39	Environmental factors influencing the prevention of secondary health conditions among people with spinal cord injury, South Africa. <i>PLoS ONE</i> , 2021, 16, e0252280.	1.1	6
40	Status of referral to physiotherapy among hiv positive patients at Chris Hani Baragwaneth hospital johannesburg South Africa 2005. <i>South African Journal of Physiotherapy</i> , 2007, 63, .	0.3	5
41	Impact of exercise training on symptoms of depression, physical activity level and social participation in people living with HIV/AIDS: a systematic review and meta-analysis. <i>BMC Infectious Diseases</i> , 2022, 22, 469.	1.3	5
