#	Paper	IF	Citations
131	Core outcome domains and measures for pediatric acute and chronic/recurrent pain clinical trials: PedIMMPACT recommendations. <i>Journal of Pain</i> , 2008 , 9, 771-83	5.2	585
130	Pharmacological management of chronic neuropathic pain - consensus statement and guidelines from the Canadian Pain Society. <i>Pain Research and Management</i> , 2007 , 12, 13-21	2.6	393
129	Pharmacological management of chronic neuropathic pain: revised consensus statement from the Canadian Pain Society. <i>Pain Research and Management</i> , 2014 , 19, 328-35	2.6	301
128	Prevalence and source of pain in pediatric inpatients. <i>Pain</i> , 1996 , 68, 25-31	8	238
127	Parents' management of children's pain following rhinor surgery. <i>Pain</i> , 1996 , 64, 83-87	8	215
126	Psychometric properties of the non-communicating children's pain checklist-revised. <i>Pain</i> , 2002 , 99, 349-57	8.7	206
125	Validation of the Non-communicating Children's Pain Checklist-Postoperative Version. <i>Anesthesiology</i> , 2002 , 96, 528-35	4.3	204
124	Agreement between child and parent reports of pain. <i>Clinical Journal of Pain</i> , 1998 , 14, 336-42	3.5	199
123	The incidence of pain in children with severe cognitive impairments. <i>JAMA Pediatrics</i> , 2003 , 157, 1219-26		197
122	Epidemiology and management of painful procedures in children in Canadian hospitals. <i>Cmaj</i> , 2011 , 183, E403-10	3.5	169
121	Development and preliminary validation of a postoperative pain measure for parents. <i>Pain</i> , 1996 , 68, 307-13	8	140
120	Prevention and intervention strategies to alleviate preoperative anxiety in children: a critical review. <i>Behavior Modification</i> , 2007 , 31, 52-79	2.5	127
119	Preliminary validation of an observational pain checklist for persons with cognitive impairments and inability to communicate verbally. <i>Developmental Medicine and Child Neurology</i> , 2000 , 42, 609-16	3.3	115
118	Kangaroo mother care diminishes pain from heel lance in very preterm neonates: a crossover trial. <i>BMC Pediatrics</i> , 2008 , 8, 13	2.6	106
117	Phantom limb sensations and phantom limb pain in child and adolescent amputees. <i>Pain</i> , 1998 , 78, 7-12	8	104
116	Children's self-report of postoperative pain intensity and treatment threshold: determining the adequacy of medication. <i>Clinical Journal of Pain</i> , 1998 , 14, 116-20	3.5	97
115	Procedural pain in newborns at risk for neurologic impairment. <i>Pain</i> , 2003 , 105, 27-35	8	92

114	Incidence, prevalence, and time trends of pediatric inflammatory bowel disease in Northern California, 1996 to 2006. <i>Journal of Pediatrics</i> , 2010 , 157, 233-239.e1	3.6	90
113	Self-administration of over-the-counter medication for pain among adolescents. <i>JAMA Pediatrics</i> , 1997 , 151, 449-55		89
112	Hospitalized children continue to report undertreated and preventable pain. <i>Pain Research and Management</i> , 2014 , 19, 198-204	2.6	88
111	Measuring pain accurately in children with cognitive impairments: refinement of a caregiver scale. <i>Journal of Pediatrics</i> , 2001 , 138, 721-7	3.6	88
110	Comparison of pain responses in infants of different gestational ages. <i>Neonatology</i> , 2008 , 93, 10-8	4	85
109	The parents' postoperative pain measure: replication and extension to 2-6-year-old children. <i>Pain</i> , 2003 , 105, 437-443	8	77
108	Watch needle, watch TV: Audiovisual distraction in preschool immunization. <i>Pain Medicine</i> , 2002 , 3, 108-118		76
107	Delayed seizures following sedation with propofol. <i>Canadian Journal of Anaesthesia</i> , 1993 , 40, 863-5	3	74
106	Relation between pain and self-injurious behavior in nonverbal children with severe cognitive impairments. <i>Journal of Pediatrics</i> , 2003 , 142, 498-503	3.6	59
105	Social information processing in adolescents with chronic pain: my friends don't really understand me. <i>Pain</i> , 2011 , 152, 2773-2780	8	55
104	Effects of dipole position, orientation and noise on the accuracy of EEG source localization. <i>BioMedical Engineering OnLine</i> , 2003 , 2, 14	4.1	54
103	Determining behavioural and physiological responses to pain in infants at risk for neurological impairment. <i>Pain</i> , 2007 , 127, 94-102	8	50
102	Children's and parents' perceptions of postoperative pain management: a mixed methods study. <i>Journal of Clinical Nursing</i> , 2013 , 22, 3095-108	3.2	49
101	Pediatric pain prevalence and parents' attitudes at a cancer hospital in Jordan. <i>Journal of Pain and Symptom Management</i> , 2006 , 31, 440-8	4.8	47
100	Living with difference: exploring the social self of adolescents with chronic pain. <i>Pain Research and Management</i> , 2013 , 18, e115-23	2.6	46
99	Caregivers' beliefs regarding pain in children with cognitive impairment: relation between pain sensation and reaction increases with severity of impairment. <i>Clinical Journal of Pain</i> , 2003 , 19, 335-44	3.5	45
98	Cultural influences on the assessment of children's pain. <i>Pain Research and Management</i> , 2009 , 14, 33-7	2.6	44
97	The influence of context on pain practices in the NICU: perceptions of health care professionals. <i>Qualitative Health Research</i> , 2011 , 21, 757-70	3.9	42

96	High levels of impulsivity may contraindicate midazolam premedication in children. <i>Canadian Journal of Anaesthesia</i> , 2006 , 53, 73-8	3	42
95	Risk factors for pain in children with severe cognitive impairments. <i>Developmental Medicine and Child Neurology</i> , 2004 , 46, 364-71	3.3	42
94	Assessing pediatric anesthesia practices for volunteer medical services abroad. <i>Anesthesiology</i> , 2001 , 95, 1315-22	4.3	42
93	Perinatal factors associated with the respiratory distress syndrome. <i>American Journal of Obstetrics and Gynecology</i> , 1990 , 162, 476-81	6.4	42
92	Pain's impact on adaptive functioning. <i>Journal of Intellectual Disability Research</i> , 2007 , 51, 125-34	3.2	41
91	Attitudes and Beliefs about Medication and Pain Management in Children. <i>Journal of Palliative Care</i> , 1996 , 12, 46-50	1.8	41
90	Pain treatment thresholds in children after major surgery. <i>Clinical Journal of Pain</i> , 2001 , 17, 173-7	3.5	40
89	The perceived urgency of auditory warning alarms used in the hospital operating room is inappropriate. <i>Canadian Journal of Anaesthesia</i> , 2003 , 50, 221-8	3	39
88	Transdermal fentanyl in the management of children with chronic severe pain: results from an international study. <i>Cancer</i> , 2005 , 104, 2847-57	6.4	39
87	Cues parents use to assess postoperative pain in their children. <i>Clinical Journal of Pain</i> , 1995 , 11, 229-35	3.5	39
86	When are parents helpful? A randomized clinical trial of the efficacy of parental presence for pediatric anesthesia. <i>Canadian Journal of Anaesthesia</i> , 2010 , 57, 751-8	3	37
85	Action research: developing a pediatric cancer pain program in Jordan. <i>Journal of Pain and Symptom Management</i> , 2008 , 35, 447-54	4.8	36
84	A Randomized Trial of a Pain Education Booklet: Effects on Parents' Attitudes and Postoperative Pain Management. <i>Children's Health Care</i> , 1997 , 26, 1-13	0.9	32
83	A pediatric case of ketamine-associated cystitis (Letter-to-the-Editor RE: Shahani R, Streutker C, Dickson B, et al: Ketamine-associated ulcerative cystitis: a new clinical entity. <i>Urology</i> 69: 810-812, 2007). <i>Urology</i> , 2008 , 71, 1232-3	1.6	32
82	Perceived urgency and the anaesthetist: responses to common operating room monitor alarms. <i>Canadian Journal of Anaesthesia</i> , 1991 , 38, 958-64	3	32
81	Assessing the effect of pain on demands for attentional resources using ERPs. <i>International Journal of Psychophysiology</i> , 2004 , 51, 181-7	2.9	31
80	Prospective diary study of nonpainful and painful phantom sensations in a preselected sample of child and adolescent amputees reporting phantom limbs. <i>Clinical Journal of Pain</i> , 2004 , 20, 293-301	3.5	31
79	Drugs for chronic pain in children: a commentary on clinical practice and the absence of evidence. <i>Pain Research and Management</i> , 2013 , 18, 47-50	2.6	30

78	Effects of benzodiazepines on explicit memory in a paediatric surgery setting. <i>Psychopharmacology</i> , 2003 , 168, 377-86	4.7	30
77	Pediatric pain: prevalence, assessment, and management in a teaching hospital. <i>Brazilian Journal of Medical and Biological Research</i> , 2012 , 45, 1287-94	2.8	29
76	Canadian Pain Society Position Statement on Pain Relief. <i>Pain Research and Management</i> , 1999 , 4, 75-78	2.6	29
75	Judgments of pain in the neonatal intensive care setting: a survey of direct care staffs' perceptions of pain in infants at risk for neurological impairment. <i>Clinical Journal of Pain</i> , 2006 , 22, 122-9	3.5	28
74	Construct validity of the parents' postoperative pain measure. <i>Clinical Journal of Pain</i> , 2003 , 19, 329-34	3.5	28
73	Identification of pain indicators for infants at risk for neurological impairment: a Delphi consensus study. <i>BMC Pediatrics</i> , 2006 , 6, 1	2.6	27
72	The disruptive effect of chronic pain on mismatch negativity. <i>Clinical Neurophysiology</i> , 2003 , 114, 1497-506	4.6	26
71	Effects of midazolam on explicit vs implicit memory in a pediatric surgery setting. <i>Psychopharmacology</i> , 2006 , 188, 489-97	4.7	24
70	Successful treatment of painful crises of Fabry disease with low dose morphine. <i>Pediatric Neurology</i> , 1995 , 12, 250-1	2.9	24
69	Pain as the neglected adverse event. <i>Cmaj</i> , 2010 , 182, 732	3.5	23
68	A comparison of patient-controlled and fixed schedule analgesia after orthognathic surgery. <i>Journal of Oral and Maxillofacial Surgery</i> , 1997 , 55, 33-9; discussion 40	1.8	23
67	Development of a Unifying Target and Consensus Indicators for Global Surgical Systems Strengthening: Proposed by the Global Alliance for Surgery, Obstetric, Trauma, and Anaesthesia Care (The G4 Alliance). <i>World Journal of Surgery</i> , 2017 , 41, 2426-2434	3.3	20
66	The role of peer communication in the socialization of adolescents' pain experiences: a qualitative investigation. <i>BMC Pediatrics</i> , 2008 , 8, 2	2.6	20
65	A randomized double-blind, placebo-controlled trial of the EMLA patch for the reduction of pain associated with intramuscular injection in four to six-year-old children. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2001 , 90, 1329-36	3.1	20
64	Pediatric nurses' postoperative pain management practices: an observational study. <i>Journal for Specialists in Pediatric Nursing</i> , 2013 , 18, 189-201	1.3	19
63	Children's pain assessment in northeastern Thailand: perspectives of health professionals. <i>Qualitative Health Research</i> , 2009 , 19, 71-81	3.9	19
62	Healthcare professionals' perceptions of pain in infants at risk for neurological impairment. <i>BMC Pediatrics</i> , 2004 , 4, 23	2.6	18
61	Not small adults: the emerging role of pediatric pain services. <i>Canadian Journal of Anaesthesia</i> , 2014 , 61, 180-7	3	17

60	Pediatric chronic pain programs: current and ideal practice. <i>Pain Reports</i> , 2017 , 2, e613	3.5	16
59	Botulinum toxin type A injection in alleviating postoperative pain and improving quality of life in lower extremity limb lengthening and deformity correction: a pilot study. <i>Journal of Pediatric Orthopaedics</i> , 2009 , 29, 427-34	2.4	16
58	Influence of risk of neurological impairment and procedure invasiveness on health professionals' management of procedural pain in neonates. <i>European Journal of Pain</i> , 2010 , 14, 735-41	3.7	16
57	Maternal influences in adolescents' pain self-management: A qualitative investigation. <i>Vulnerable Children and Youth Studies</i> , 2006 , 1, 159-169	1.3	16
56	Determining the structure of acute pain responses in vulnerable neonates. <i>Canadian Journal of Nursing Research</i> , 2007 , 39, 32-47	1.5	16
55	Sedation, risk, and safety: do we really have data at last?. <i>Pediatrics</i> , 2001 , 108, 1006-8	7.4	15
54	Coping with pain and surgery: children's and parents' perspectives. <i>International Journal of Behavioral Medicine</i> , 1997 , 4, 339-63	2.6	14
53	Efficacy, duration, and absorption of a paediatric oral liquid preparation of ranitidine hydrochloride. <i>Canadian Journal of Anaesthesia</i> , 1992 , 39, 791-8	3	14
52	Anaesthesia for a patient with Friedreich's ataxia and cardiomyopathy. <i>Canadian Journal of Anaesthesia</i> , 1989 , 36, 89-93	3	13
51	Nurses' aims when managing pediatric postoperative pain: is what they say the same as what they do?. <i>Journal for Specialists in Pediatric Nursing</i> , 2014 , 19, 17-27	1.3	12
50	Indicators of pain in neonates at risk for neurological impairment. <i>Journal of Advanced Nursing</i> , 2009 , 65, 285-96	3.1	12
49	Pain as the neglected patient safety concern: Five years on. <i>Journal of Child Health Care</i> , 2016 , 20, 537-541		11
48	My child you must have patience and Kreng Jai: Thai parents and child pain. <i>Journal of Nursing Scholarship</i> , 2012 , 44, 323-31	3.6	11
47	Safety and efficacy of botox injection in alleviating post-operative pain and improving quality of life in lower extremity limb lengthening and deformity correction. <i>Trials</i> , 2007 , 8, 27	2.8	11
46	What's in a Name? Health Care Providers' Perceptions of Pediatric Pain Patients Based on Diagnostic Labels. <i>Clinical Journal of Pain</i> , 2017 , 33, 694-698	3.5	10
45	Comparison of postoperative pain: tonsillectomy by blunt dissection or electrocautery dissection. <i>The Journal of Otolaryngology</i> , 2001 , 30, 10-4		10
44	Moving on: Transition experiences of young adults with chronic pain.. <i>Canadian Journal of Pain</i> , 2019 , 3, 85-97	1.5	9
43	Surgeons' aims and pain assessment strategies when managing paediatric post-operative pain: A qualitative study. <i>Journal of Child Health Care</i> , 2015 , 19, 513-23	2	9

42	Training highly qualified health research personnel: the pain in Child Health consortium. <i>Pain Research and Management</i> , 2014 , 19, 267-74	2.6	9
41	A complication of external jugular vein catheterization in children. <i>Canadian Journal of Anaesthesia</i> , 1988 , 35, 536-7	3	9
40	A Delphi study to identify indicators of poorly managed pain for pediatric postoperative and procedural pain. <i>Pain Research and Management</i> , 2013 , 18, e68-74	2.6	8
39	Attitudes and beliefs about medication and pain management in children. <i>Journal of Palliative Care</i> , 1996 , 12, 46-50	1.8	8
38	Dyadic differences in friendships of adolescents with chronic pain compared with pain-free peers. <i>Pain</i> , 2018 , 159, 1103-1111	8	7
37	Expression of pain among MiꞤmaq children in one Atlantic Canadian community: a qualitative study. <i>CMAJ Open</i> , 2014 , 2, E133-8	2.5	7
36	Measurement of Preoperative Anxiety in Young Children: Self-report Versus Observer-rated. <i>Journal of Psychopathology and Behavioral Assessment</i> , 2010 , 32, 416-427	2	7
35	Why were we abandoned? Orphan drugs in paediatric pain. <i>Paediatrics and Child Health</i> , 2007 , 12, 95-6	0.7	7
34	Understanding the Impact of the Pain Experience on Aboriginal Children's Wellbeing: Viewing through a Two-Eyed Seeing Lens. <i>First Peoples Child & Family Review</i> , 2014 , 9, 22	0.4	7
33	Occurrence of and referral to specialists for pain-related diagnoses in First Nations and non-First Nations children and youth. <i>Cmaj</i> , 2018 , 190, E1434-E1440	3.5	7
32	Cultural influences on parental responses to children's pain. <i>Pain</i> , 2018 , 159, 2035-2049	8	6
31	Changes in physiological and behavioural pain indicators over time in preterm and term infants at risk for neurologic impairment. <i>Early Human Development</i> , 2008 , 84, 731-8	2.2	6
30	Postoperative pain in children. <i>Canadian Journal of Anaesthesia</i> , 1996 , 43, 418-9	3	6
29	Is Temperament or Behavior a Better Predictor of Preoperative Anxiety in Children?. <i>Children's Health Care</i> , 2013 , 42, 153-167	0.9	5
28	Low-concentration morphine infusion does not compromise packed red blood cell transfusion. <i>Journal of Pain and Symptom Management</i> , 2001 , 22, 668-71	4.8	5
27	Effects of Experimentally Induced Pain on Mismatch Negativity. <i>Journal of Psychophysiology</i> , 2006 , 20, 21-31	1	5
26	Practices of anesthesiologists to alleviate anxiety in children and adolescents in Canada. <i>Canadian Journal of Anaesthesia</i> , 2013 , 60, 1161-2	3	4
25	Measurement of Pain in Children. <i>Pain Research and Management</i> , 2009 , 14, 11-11	2.6	4

24	Governmental Barriers to Opioid Availability in Developing Countries. <i>Journal of Pain and Palliative Care Pharmacotherapy</i> , 2001 , 9, 5-23		4
23	Bringing Pain Relief to Children 2006 ,		4
22	Epidemiology of chronic pain in children and adolescents: a protocol for a systematic review update. <i>BMJ Open</i> , 2021 , 11, e043675	3	4
21	A sequential examination of parent-child interactions at anesthetic induction. <i>Journal of Clinical Psychology in Medical Settings</i> , 2014 , 21, 374-85	2	3
20	Co-creating better healthcare experiences for First Nations children and youth: The FIRST approach emerges from Two-Eyed seeing.. <i>Paediatric and Neonatal Pain</i> , 2020 , 2, 104-112	1.3	3
19	Assessment and management of pediatric pain based on the opinions of health professionals.. <i>Psychology and Neuroscience</i> , 2014 , 7, 43-53	1.9	2
18	The effect of pain on involuntary and voluntary capture of attention. <i>European Journal of Pain</i> , 2015 , 19, 350-7	3.7	2
17	How much does it hurt? Pediatric pain measurement for doctors, nurses, and parents. <i>Canadian Journal of Anaesthesia</i> , 2001 , 48, R16-R21	3	2
16	Aboriginal Children and Physical Pain: What Do We Know?. <i>International Journal of Indigenous Health</i> , 2013 , 9, 7	1.6	2
15	Pain in pediatric inpatients: Prevalence, characteristics, and management.. <i>Psychology and Neuroscience</i> , 2017 , 10, 394-403	1.9	2
14	Pain in Child Health from 2002 to 2015: The early years of an international research training initiative.. <i>Canadian Journal of Pain</i> , 2019 , 3, 1-7	1.5	1
13	Estimation of the minimum effective dose of tramadol for postoperative analgesia in infants using the continual reassessment method. <i>Frontiers of Medicine</i> , 2012 , 6, 288-95	12	1
12	Anesthesia research productivity in Canadian universities: a full picture? (I). <i>Canadian Journal of Anaesthesia</i> , 2006 , 53, 845; author reply 847-8	3	1
11	Pain in Children. <i>Pain Research and Management</i> , 2006 , 11, 156-156	2.6	1
10	Developing Pain Services Around the World 2006 , 177-198		1
9	Dyadic analysis of adolescent friendships behaviours during pain: Comparison of those with chronic pain versus those without chronic pain. <i>European Journal of Pain</i> , 2021 ,	3.7	1
8	Paediatric pain: a year in review. <i>Current Opinion in Anaesthesiology</i> , 1998 , 11, 295-9	2.9	1
7	Frequency and characteristics of patient exclusion criteria in Canadian multidisciplinary pain treatment facilities: a cross-sectional study.. <i>Canadian Journal of Anaesthesia</i> , 2022 , 1	3	0

- 6 Interview: From anesthesia to global health: a journey in children's pain research. *Pain Management*, **2013**, 3, 17-8 2.3
- 5 612 CURRENT PAEDIATRIC PAIN ASSESSMENT PRACTICES IN CANADA. *European Journal of Pain*, **2009**, 13, S178a 3.7
- 4 Book & new media reviews. *Canadian Journal of Anaesthesia*, **2008**, 55, 475-476 3
- 3 Evaluation of adverse outcomes requires the correct denominator. *Anesthesia and Analgesia*, **2006**, 102, 1288; author reply 1288-9 3.9
- 2 Treatment of painful crises of Fabry disease with morphine. *Pediatric Neurology*, **1995**, 13, 268 2.9
- 1 Pediatric Health Outcome Evaluation in Low-and Middle-Income Countries: A Scoping Review of NGO Practice. *Global Pediatric Health*, **2021**, 8, 2333794X21991011 1.2
