#	ARTICLE	IF	CITATIONS
1	Improving the psychiatric skills of the general practice trainee: an evaluation of a group training course. Medical Education, 1988, 22, 132-138.	2.1	134
2	The ability of trainee general practitioners to identify psychological distress among their patients. Psychological Medicine, 1993, 23, 185-193.	4.5	132
3	Improving the psychiatric skills of established general practitioners: evaluation of group teaching. Medical Education, 1987, 21, 362-368.	2.1	130
4	Impact of treatment for opioid dependence on fatal drug-related poisoning: a national cohort study in England. Addiction, 2016, 111, 298-308.	3.3	124
5	Frequency of health-care utilization by adults who use illicit drugs: a systematic review and meta-analysis. Addiction, 2020, 115, 1011-1023.	3.3	88
6	The impact of buprenorphine and methadone on mortality: a primary care cohort study in the United Kingdom. Addiction, 2018, 113, 1461-1476.	3.3	83
7	National record linkage study of mortality for a large cohort of opioid users ascertained by drug treatment or criminal justice sources in England, 2005-2009. Drug and Alcohol Dependence, 2015, 146, 17-23.	3.2	76
8	Improving the skills of established general practitioners: the long-term benefits of group teaching. Medical Education, 1992, 26, 63-68.	2.1	73
9	Prescription of benzodiazepines, z-drugs, and gabapentinoids and mortality risk in people receiving opioid agonist treatment: Observational study based on the UK Clinical Practice Research Datalink and Office for National Statistics death records. PLoS Medicine, 2019, 16, e1002965.	8.4	62
10	Training general practitioners to teach psychiatric interviewing skills: an evaluation of group training. Medical Education, 1991, 25, 444-451.	2.1	44
11	Pathways through opiate use and offending: A systematic review. International Journal of Drug Policy, 2017, 39, 1-13.	3.3	44
12	How well do trends in incidence of heroin use reflect hypothesised trends in prevalence of problem drug use in the North West of England?. Addiction Research and Theory, 2006, 14, 537-549.	1.9	40
13	Insights into the link between drug use and criminality: Lifetime offending of criminally-active opiate users. Drug and Alcohol Dependence, 2017, 179, 309-316.	3.2	40
14	Capture-recapture estimates of problem drug use and the use of simulation based confidence intervals in a stratified analysis. Journal of Epidemiology and Community Health, 2004, 58, 758-765.	3.7	31
15	Quantifying crime associated with drug use among a large cohort of sanctioned offenders in England and Wales. Drug and Alcohol Dependence, 2015, 155, 52-59.	3.2	30
16	The effectiveness and cost-effectiveness of diversion and aftercare programmes for offenders using class A drugs: a systematic review and economic evaluation. Health Technology Assessment, 2015, 19, 1-168.	2.8	28
17	Capture-recapture and anchored prevalence estimation of injecting drug users in England: national and regional estimates. Statistical Methods in Medical Research, 2009, 18, 323-339.	1.5	27
18	Unexplained illness and deaths among injecting drug users in England: a case control study using Regional Drug Misuse Databases. Journal of Epidemiology and Community Health, 2001, 55, 843-844.	3.7	26

#	ARTICLE	IF	CITATIONS
19	Fatal opioid poisoning: a counterfactual model to estimate the preventive effect of treatment for opioid use disorder in England. <i>Addiction</i> , 2015, 110, 1321-1329.	3.3	26
20	Suicide by people in a community justice pathway: Population-based nested case-control study. <i>British Journal of Psychiatry</i> , 2015, 207, 175-176.	2.8	24
21	Problem drug use prevalence estimation revisited: heterogeneity in capture-recapture and the role of external evidence. <i>Addiction</i> , 2016, 111, 438-447.	3.3	24
22	Hidden need for drug treatment services: measuring levels of problematic drug use in the North West of England. <i>Journal of Public Health</i> , 2001, 23, 286-291.	1.8	22
23	Ageing opioid users' increased risk of methadone-specific death in the UK. <i>International Journal of Drug Policy</i> , 2018, 55, 121-127.	3.3	22
24	Estimating the prevalence of problem drug use from drug-related mortality data. <i>Addiction</i> , 2020, 115, 2393-2404.	3.3	20
25	The impact of paying treatment providers for outcomes: difference-in-differences analysis of the 'payment by results for drugs recovery' pilot. <i>Addiction</i> , 2015, 110, 1120-1128.	3.3	19
26	Drug spend and acquisitive offending by substance misusers. <i>Drug and Alcohol Dependence</i> , 2013, 130, 24-29.	3.2	17
27	Glossary of terms relating to capture-recapture methods. <i>Journal of Epidemiology and Community Health</i> , 2008, 62, 677-681.	3.7	14
28	Validation of the University of Manchester Drug Misuse Database. <i>Journal of Epidemiology and Community Health</i> , 1999, 53, 159-164.	3.7	13
29	Effectiveness of inpatient withdrawal and residential rehabilitation interventions for alcohol use disorder: A national observational, cohort study in England. <i>Journal of Substance Abuse Treatment</i> , 2018, 88, 1-8.	2.8	12
30	Modeling the Potential Impact of Changing Access Rates to Specialist Treatment for Alcohol Dependence for Local Authorities in England: The Specialist Treatment for Alcohol Model (STreAM). <i>Journal of Studies on Alcohol and Drugs Supplement</i> , 2019, Sup 18, 96-109.	3.7	12
31	Effectiveness of community psychosocial and pharmacological treatments for alcohol use disorder: A national observational cohort study in England. <i>Drug and Alcohol Dependence</i> , 2018, 186, 60-67.	3.2	10
32	Does paying service providers by results improve recovery outcomes for drug misusers in treatment in England?. <i>Addiction</i> , 2018, 113, 279-286.	3.3	10
33	Opiate and crack cocaine use: A new understanding of prevalence. <i>Drugs: Education, Prevention and Policy</i> , 2010, 17, 135-147.	1.3	9
34	Short-Term Outcomes for Opiate and Crack Users Accessing Treatment: The Effects of Criminal Justice Referral and Crack Use. <i>European Addiction Research</i> , 2016, 22, 145-152.	2.4	9
35	The dynamics of heroin use; implications for intervention. <i>Journal of Epidemiology and Community Health</i> , 2001, 55, 930-933.	3.7	8
36	The effectiveness of diversion programmes for offenders using Class A drugs: a systematic review and meta-analysis. <i>Drugs: Education, Prevention and Policy</i> , 2019, 26, 113-124.	1.3	8

#	ARTICLE	IF	CITATIONS
37	Effect of initiating drug treatment on the risk of drug-related poisoning death and acquisitive crime among offending heroin users. International Journal of Drug Policy, 2018, 51, 42-51.	3.3	5
38	Time diary sampling of daily activity and intrinsic motivation in unemployed young adults. Leisure Studies, 1986, 5, 353-359.	1.9	4
39	Cocaine misuse treatment in England. International Journal of Drug Policy, 2000, 11, 203-215.	3.3	4
40	Prevalence of recent fentanyl use among treated users of illicit opioids in England: based on piloted urine drug screens. Clinical Toxicology, 2019, 57, 368-371.	1.9	4
41	The role of neuropsychological mechanisms in implementation intentions to reduce alcohol consumption among heavy drinkers: a randomized trial. Journal of Behavioral Medicine, 2020, 43, 576-586.	2.1	4
42	Tobacco Smoking Rates in a National Cohort of People with Substance Use Disorder Receiving Treatment. European Addiction Research, 2021, 27, 151-155.	2.4	4
43	Confounding in longitudinal studies in addiction treatment research. Addiction Research and Theory, 2017, 25, 236-242.	1.9	3
44	Levels of Motivation and Readiness for Treatment Aligned With Criminal Justice Referral and Coercion Among Substance Users in England. Journal of Studies on Alcohol and Drugs, 2017, 78, 884-888.	1.0	3
45	The impact of opiate substitution treatment on mortality risk in drug addicts: a natural experiment study. Health Services and Delivery Research, 2019, 7, 1-92.	1.4	3
46	Factors associated with receipt of residential rehabilitation by opiate users indicate that these clients are more amenable to drug treatment. Drugs: Education, Prevention and Policy, 2014, 21, 165-172.	1.3	1
47	Strong evidence indicating the effectiveness of opioid agonist treatment. Lancet Public Health, The, 2019, 4, e314-e315.	10.0	1
48	Evidence That Implementation Intentions Enhance Cognitive Training and Reduce Alcohol Consumption in Heavy Drinkers: A Randomized Trial. Annals of Behavioral Medicine, 2020, 54, 391-401.	2.9	1
49	Estimates of the Incidence of Crack Cocaine Use in Those Likely to Attend Treatment in the English Population, 2005-2018. European Addiction Research, 2021, 27, 83-86.	2.4	1
50	Title is missing!. , 2019, 16, e1002965.		0
51	Title is missing!. , 2019, 16, e1002965.		0
52	Title is missing!. , 2019, 16, e1002965.		0
53	Title is missing!. , 2019, 16, e1002965.		0
54	Title is missing!. , 2019, 16, e1002965.		0
