#	ARTICLE	IF	CITATIONS
1	Improving the psychiatric skills of the general practice trainee: an evaluation of a group training course. <i>Medical Education</i> , 1988, 22, 132-138.	1.1	134
2	The ability of trainee general practitioners to identify psychological distress among their patients. <i>Psychological Medicine</i> , 1993, 23, 185-193.	2.7	132
3	Improving the psychiatric skills of established general practitioners: evaluation of group teaching. <i>Medical Education</i> , 1987, 21, 362-368.	1.1	130
4	Impact of treatment for opioid dependence on fatal drug-related poisoning: a national cohort study in England. <i>Addiction</i> , 2016, 111, 298-308.	1.7	124
5	Frequency of health-care utilization by adults who use illicit drugs: a systematic review and meta-analysis. <i>Addiction</i> , 2020, 115, 1011-1023.	1.7	88
6	The impact of buprenorphine and methadone on mortality: a primary care cohort study in the United Kingdom. <i>Addiction</i> , 2018, 113, 1461-1476.	1.7	83
7	National record linkage study of mortality for a large cohort of opioid users ascertained by drug treatment or criminal justice sources in England, 2005-2009. <i>Drug and Alcohol Dependence</i> , 2015, 146, 17-23.	1.6	76
8	Improving the skills of established general practitioners: the long-term benefits of group teaching. <i>Medical Education</i> , 1992, 26, 63-68.	1.1	73
9	Prescription of benzodiazepines, z-drugs, and gabapentinoids and mortality risk in people receiving opioid agonist treatment: Observational study based on the UK Clinical Practice Research Datalink and Office for National Statistics death records. <i>PLoS Medicine</i> , 2019, 16, e1002965.	3.9	62
10	Training general practitioners to teach psychiatric interviewing skills: an evaluation of group training. <i>Medical Education</i> , 1991, 25, 444-451.	1.1	44
11	Pathways through opiate use and offending: A systematic review. <i>International Journal of Drug Policy</i> , 2017, 39, 1-13.	1.6	44
12	How well do trends in incidence of heroin use reflect hypothesised trends in prevalence of problem drug use in the North West of England?. <i>Addiction Research and Theory</i> , 2006, 14, 537-549.	1.2	40
13	Insights into the link between drug use and criminality: Lifetime offending of criminally-active opiate users. <i>Drug and Alcohol Dependence</i> , 2017, 179, 309-316.	1.6	40
14	Capture-recapture estimates of problem drug use and the use of simulation based confidence intervals in a stratified analysis. <i>Journal of Epidemiology and Community Health</i> , 2004, 58, 758-765.	2.0	31
15	Quantifying crime associated with drug use among a large cohort of sanctioned offenders in England and Wales. <i>Drug and Alcohol Dependence</i> , 2015, 155, 52-59.	1.6	30
16	The effectiveness and cost-effectiveness of diversion and aftercare programmes for offenders using class A drugs: a systematic review and economic evaluation. <i>Health Technology Assessment</i> , 2015, 19, 1-168.	1.3	28
17	Capture-recapture and anchored prevalence estimation of injecting drug users in England: national and regional estimates. <i>Statistical Methods in Medical Research</i> , 2009, 18, 323-339.	0.7	27
18	Unexplained illness and deaths among injecting drug users in England: a case control study using Regional Drug Misuse Databases. <i>Journal of Epidemiology and Community Health</i> , 2001, 55, 843-844.	2.0	26

#	ARTICLE	IF	CITATIONS
19	Fatal opioid poisoning: a counterfactual model to estimate the preventive effect of treatment for opioid use disorder in England. <i>Addiction</i> , 2015, 110, 1321-1329.	1.7	26
20	Suicide by people in a community justice pathway: Population-based nested case-control study. <i>British Journal of Psychiatry</i> , 2015, 207, 175-176.	1.7	24
21	Problem drug use prevalence estimation revisited: heterogeneity in capture-recapture and the role of external evidence. <i>Addiction</i> , 2016, 111, 438-447.	1.7	24
22	Hidden need for drug treatment services: measuring levels of problematic drug use in the North West of England. <i>Journal of Public Health</i> , 2001, 23, 286-291.	1.0	22
23	Ageing opioid users' increased risk of methadone-specific death in the UK. <i>International Journal of Drug Policy</i> , 2018, 55, 121-127.	1.6	22
24	Estimating the prevalence of problem drug use from drug-related mortality data. <i>Addiction</i> , 2020, 115, 2393-2404.	1.7	20
25	The impact of paying treatment providers for outcomes: difference-in-differences analysis of the 'payment by results for drugs recovery' pilot. <i>Addiction</i> , 2015, 110, 1120-1128.	1.7	19
26	Drug spend and acquisitive offending by substance misusers. <i>Drug and Alcohol Dependence</i> , 2013, 130, 24-29.	1.6	17
27	Glossary of terms relating to capture-recapture methods. <i>Journal of Epidemiology and Community Health</i> , 2008, 62, 677-681.	2.0	14
28	Validation of the University of Manchester Drug Misuse Database. <i>Journal of Epidemiology and Community Health</i> , 1999, 53, 159-164.	2.0	13
29	Effectiveness of inpatient withdrawal and residential rehabilitation interventions for alcohol use disorder: A national observational, cohort study in England. <i>Journal of Substance Abuse Treatment</i> , 2018, 88, 1-8.	1.5	12
30	Modeling the Potential Impact of Changing Access Rates to Specialist Treatment for Alcohol Dependence for Local Authorities in England: The Specialist Treatment for Alcohol Model (STreAM). <i>Journal of Studies on Alcohol and Drugs Supplement</i> , 2019, Sup 18, 96-109.	3.7	12
31	Effectiveness of community psychosocial and pharmacological treatments for alcohol use disorder: A national observational cohort study in England. <i>Drug and Alcohol Dependence</i> , 2018, 186, 60-67.	1.6	10
32	Does paying service providers by results improve recovery outcomes for drug misusers in treatment in England?. <i>Addiction</i> , 2018, 113, 279-286.	1.7	10
33	Opiate and crack cocaine use: A new understanding of prevalence. <i>Drugs: Education, Prevention and Policy</i> , 2010, 17, 135-147.	0.8	9
34	Short-Term Outcomes for Opiate and Crack Users Accessing Treatment: The Effects of Criminal Justice Referral and Crack Use. <i>European Addiction Research</i> , 2016, 22, 145-152.	1.3	9
35	The dynamics of heroin use; implications for intervention. <i>Journal of Epidemiology and Community Health</i> , 2001, 55, 930-933.	2.0	8
36	The effectiveness of diversion programmes for offenders using Class A drugs: a systematic review and meta-analysis. <i>Drugs: Education, Prevention and Policy</i> , 2019, 26, 113-124.	0.8	8

#	ARTICLE	IF	CITATIONS
37	Effect of initiating drug treatment on the risk of drug-related poisoning death and acquisitive crime among offending heroin users. <i>International Journal of Drug Policy</i> , 2018, 51, 42-51.	1.6	5
38	Time diary sampling of daily activity and intrinsic motivation in unemployed young adults. <i>Leisure Studies</i> , 1986, 5, 353-359.	1.2	4
39	Cocaine misuse treatment in England. <i>International Journal of Drug Policy</i> , 2000, 11, 203-215.	1.6	4
40	Prevalence of recent fentanyl use among treated users of illicit opioids in England: based on piloted urine drug screens. <i>Clinical Toxicology</i> , 2019, 57, 368-371.	0.8	4
41	The role of neuropsychological mechanisms in implementation intentions to reduce alcohol consumption among heavy drinkers: a randomized trial. <i>Journal of Behavioral Medicine</i> , 2020, 43, 576-586.	1.1	4
42	Tobacco Smoking Rates in a National Cohort of People with Substance Use Disorder Receiving Treatment. <i>European Addiction Research</i> , 2021, 27, 151-155.	1.3	4
43	Confounding in longitudinal studies in addiction treatment research. <i>Addiction Research and Theory</i> , 2017, 25, 236-242.	1.2	3
44	Levels of Motivation and Readiness for Treatment Aligned With Criminal Justice Referral and Coercion Among Substance Users in England. <i>Journal of Studies on Alcohol and Drugs</i> , 2017, 78, 884-888.	0.6	3
45	The impact of opiate substitution treatment on mortality risk in drug addicts: a natural experiment study. <i>Health Services and Delivery Research</i> , 2019, 7, 1-92.	1.4	3
46	Factors associated with receipt of residential rehabilitation by opiate users indicate that these clients are more amenable to drug treatment. <i>Drugs: Education, Prevention and Policy</i> , 2014, 21, 165-172.	0.8	1
47	Strong evidence indicating the effectiveness of opioid agonist treatment. <i>Lancet Public Health</i> , The, 2019, 4, e314-e315.	4.7	1
48	Evidence That Implementation Intentions Enhance Cognitive Training and Reduce Alcohol Consumption in Heavy Drinkers: A Randomized Trial. <i>Annals of Behavioral Medicine</i> , 2020, 54, 391-401.	1.7	1
49	Estimates of the Incidence of Crack Cocaine Use in Those Likely to Attend Treatment in the English Population, 2005-2018. <i>European Addiction Research</i> , 2021, 27, 83-86.	1.3	1
50	Title is missing!. , 2019, 16, e1002965.		0
51	Title is missing!. , 2019, 16, e1002965.		0
52	Title is missing!. , 2019, 16, e1002965.		0
53	Title is missing!. , 2019, 16, e1002965.		0
54	Title is missing!. , 2019, 16, e1002965.		0
