#	ARTICLE	IF	CITATIONS
1	Cryopreservation of human ovarian tissue using dimethylsulphoxide and propanediol-sucrose as cryoprotectants. Human Reproduction, 1996, 11, 1268-1272.	0.4	314
2	Measurement of ovarian volume by transvaginal sonography before ovulation induction with human menopausal gonadotrophin for in-vitro fertilization can predict poor response. Human Reproduction, 1997, 12, 294-297.	0.4	204
3	A programme of semen cryopreservation for patients with malignant disease in a tertiary infertility centre: lessons from 8 years' experience. Human Reproduction, 1998, 13, 3256-3261.	0.4	178
4	Follicular density in ovarian biopsy of infertile women: a novel method to assess ovarian reserve. Human Reproduction, 1997, 12, 1028-1031.	0.4	171
5	The effect of endometrial polyps on outcomes of in vitro fertilization (IVF) cycles. Journal of Assisted Reproduction and Genetics, 1999, 16, 410-415.	1.2	131
6	The fertility potential of women with a single ovary. Human Reproduction Update, 1999, 5, 546-550.	5.2	123
7	Sperm banking and assisted reproduction treatment for couples following cancer treatment of the male partner. Human Reproduction Update, 2001, 7, 370-377.	5.2	113
8	Effect of salpingectomy on ovarian response to superovulation in an in vitro fertilization-embryo transfer program. Fertility and Sterility, 1998, 70, 1035-1038.	0.5	100
9	Leukemia inhibitory factor in human reproduction. Fertility and Sterility, 2001, 76, 1091-1096.	0.5	91
10	One thousand initiated cycles of in vitro fertilization in women ≥ 40 years of age. Fertility and Sterility, 1998, 70, 1030-1034.	0.5	89
11	Effects of recombinant LH treatment on folliculogenesis and responsiveness to FSH stimulation. Human Reproduction, 2007, 23, 421-426.	0.4	77
12	The role of ovarian volume in reproductive medicine. Human Reproduction Update, 1999, 5, 256-266.	5.2	75
13	Histological evaluation of endometrium on the day of oocyte retrieval after gonadotrophin-releasing hormone agonist-follicle stimulating hormone ovulation induction for in-vitro fertilization. Human Reproduction, 1998, 13, 3203-3205.	0.4	61
14	XX males without SRY gene and with infertility: Case report. Human Reproduction, 2001, 16, 717-718.	0.4	58
15	Predictive value of the results of a first in-vitro fertilization cycle on the outcome of subsequent cycles. Human Reproduction, 1998, 13, 403-408.	0.4	54
16	How useful is cervical dilatation in patients with cervical stenosis who are participating in an in vitro fertilization-embryo transfer program? the bourn hall experience. Fertility and Sterility, 1999, 72, 610-612.	0.5	54
17	Assessment of ovarian reserve: Is there still a role for ovarian biopsy in the light of new data?. Human Reproduction, 2004, 19, 467-469.	0.4	44
18	Women with one ovary have decreased response to GnRH α /HMG ovulation protocol in IVF but the same pregnancy rate as women with two ovaries. Human Reproduction, 1997, 12, 298-300.	0.4	42

#	ARTICLE	IF	CITATIONS
19	The patient burden of opioid-induced constipation: New insights from a large, multinational survey in five European countries. United European Gastroenterology Journal, 2018, 6, 1254-1266.	1.6	40
20	Assessment of ovarian reserve - is there a role for ovarian biopsy?. Human Reproduction, 2001, 16, 1055-1057.	0.4	37
21	Systematic review of the clinical efficacy of vaginal progesterone for luteal phase support in assisted reproductive technology cycles. Reproductive BioMedicine Online, 2018, 36, 630-645.	1.1	36
22	Monitoring of in vitro fertilization-embryo transfer cycles by ultrasound versus by ultrasound and hormonal levels: a prospective, multicenter, randomized study. Fertility and Sterility, 2003, 80, 80-85.	0.5	35
23	What is the preferred treatment for hydrosalpinx? The ovary's perspective. Human Reproduction, 1999, 14, 1674-1677.	0.4	27
24	The effect of a difficult embryo transfer on the outcome of IVF. Human Reproduction, 1999, 14, 2417-2417.	0.4	27
25	IVF performance of women who have fluctuating early follicular FSH levels. Journal of Assisted Reproduction and Genetics, 2000, 17, 566-573.	1.2	23
26	How do patients choose private in vitro fertilization treatment? A customer survey in a tertiary fertility center in the United Kingdom. Fertility and Sterility, 2001, 75, 893-897.	0.5	23
27	Omega-3 polyunsaturated fatty acids and IVF treatment. Reproductive BioMedicine Online, 2019, 38, 95-99.	1.1	20
28	Right or left ovary--which one is better?. Human Reproduction, 1997, 12, 1730-1731.	0.4	18
29	Relationship of baseline ovarian volume to ovarian response in World Health Organization II anovulatory patients who underwent ovulation induction with gonadotropins. Fertility and Sterility, 2002, 78, 265-269.	0.5	18
30	Routine use of r-hFSH follitropin alfa filled-by-mass for follicular development for IVF: a large multicentre observational study in the UK. Reproductive BioMedicine Online, 2004, 9, 604-610.	1.1	17
31	Viral screening and assisted conception treatment--the Bourn Hall experience. Journal of Assisted Reproduction and Genetics, 1999, 16, 337-339.	1.2	15
32	In vitro fertilization cycles converted to intrauterine insemination because of poor follicular response have low success rates. Fertility and Sterility, 2001, 75, 634-635.	0.5	15
33	Correlation between gross domestic product, utilization of in vitro fertilization, and pregnancy success rate across the world. Journal of Medical Economics, 2019, 22, 878-882.	1.0	6
34	A large Northern European observational study of follitropin alpha filled-by-mass pre-filled pen. Reproductive BioMedicine Online, 2009, 18, 502-508.	1.1	4
35	Is there a correlation between total fertility rate, utilization of assisted reproduction technology, and national wealth in Europe?. Journal of Medical Economics, 2021, 24, 536-539.	1.0	4
36	Long-term safety of extended levonorgestrel-containing oral contraceptives in the United States. Contraception, 2021, , .	0.8	4

#	ARTICLE	IF	CITATIONS
37	Improving the Reporting of Clinical Trials of Infertility Treatments (IMPRINT): modifying the CONSORT statement-what about registration studies?. Human Reproduction, 2015, 30, 490-490.	0.4	2
38	Is single ovary a detrimental factor for live-birth rate in IVF?. Human Reproduction, 2018, 33, 539-540.	0.4	2
39	Real world utilization of 91â€%day extended levonorgestrel-containing combined oral contraceptives in Europe: a multinational database study. Current Medical Research and Opinion, 2021, 37, 515-522.	0.9	2
40	The need for more CEPHS. Fertility and Sterility, 2000, 73, 418.	0.5	1
41	The Routine use of Follitropin Alfa (FbM) Pre-Filled Pen for Follicular Development for IVF. A Large Multinational Observational Study in Northern Europe. Fertility and Sterility, 2005, 84, S301-S302.	0.5	1
42	Effectiveness of transdermal oestradiol and natural micronised progesterone for menopausal symptoms. British Journal of General Practice, 2018, 68, 499-500.	0.7	1
43	Smoking and follicle numbers. Fertility and Sterility, 2001, 75, 1245.	0.5	0
44	Pharmaceutical industry contribution to research is essential but full transparency and guidelines are required. Human Reproduction, 2017, 32, 2147-2148.	0.4	0
45	RE: A cost-effectiveness modeling evaluation comparing a biosimilar follitropin alfa preparation with its reference product for live birth outcome in Germany, Italy, and Spain. Journal of Medical Economics, 2019, 22, 379-380.	1.0	0
46	Inequalities in assisted reproduction technology utilisation between the G20 countries. Human Fertility, 2023, 26, 1374-1379.	0.7	0
