

Davinder Singh

List of Publications by Citations

Source: <https://exaly.com/author-pdf/9448636/davinder-singh-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
9	Geo-environmental application of municipal solid waste incinerator ash stabilized with cement. <i>Journal of Rock Mechanics and Geotechnical Engineering</i> , 2017 , 9, 370-375	5.3	23
8	Performance Evaluation and Geo-Characterization of Municipal Solid Waste Incineration Ash Material Amended with Cement and Fibre. <i>International Journal of Geosynthetics and Ground Engineering</i> , 2017 , 3, 1	2	7
7	Municipal solid waste incineration bottom ash: a competent raw material with new possibilities. <i>Innovative Infrastructure Solutions</i> , 2021 , 6, 1	2.3	7
6	Utilization of MSWI Ash for Geotechnical Applications: A Review. <i>Lecture Notes in Civil Engineering</i> , 2019 , 229-236	0.3	5
5	Mechanical characteristics of municipal solid waste incineration bottom ash treated with cement and fiber. <i>Innovative Infrastructure Solutions</i> , 2019 , 4, 1	2.3	3
4	Factors affecting properties of MSWI bottom ash employing cement and fiber for geotechnical applications. <i>Environment, Development and Sustainability</i> , 2020 , 22, 6891-6905	4.5	3
3	Mechanical and Durability Properties of Recycled Aggregate Self-compacting Concrete Along with Basalt Fibers. <i>Lecture Notes in Civil Engineering</i> , 2019 , 199-211	0.3	2
2	Geotechnical and Chemical Engineering Properties for Incinerated Ash and Mixtures. <i>Lecture Notes in Civil Engineering</i> , 2019 , 247-254	0.3	
1	Compression and Shear Resistance of Self-compacting Concrete with Arch-Type Steel and Polypropylene Fibres. <i>Lecture Notes in Civil Engineering</i> , 2019 , 179-191	0.3
