

# Fang-Biao Tao

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/9483080/fang-biao-tao-publications-by-citations.pdf>

**Version:** 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

212  
papers

#	Paper	IF	Citations
212	The mode of delivery affects the diversity and colonization pattern of the gut microbiota during the first year of infants: a systematic review. <i>BMC Gastroenterology</i> , <b>2016</b> , 16, 86	3	289
211	Maternal thyroid function in the first twenty weeks of pregnancy and subsequent fetal and infant development: a prospective population-based cohort study in China. <i>Journal of Clinical Endocrinology and Metabolism</i> , <b>2011</b> , 96, 3234-41	5.6	182
210	Low physical activity and high screen time can increase the risks of mental health problems and poor sleep quality among Chinese college students. <i>PLoS ONE</i> , <b>2015</b> , 10, e0119607	3.7	143
209	Screen time, physical activity and mental health among urban adolescents in China. <i>Preventive Medicine</i> , <b>2011</b> , 53, 316-20	4.3	129
208	Effect of outdoor activity on myopia onset and progression in school-aged children in northeast China: the Sujiatun Eye Care Study. <i>BMC Ophthalmology</i> , <b>2015</b> , 15, 73	2.3	115
207	Potential health risks of heavy metals in cultivated topsoil and grain, including correlations with human primary liver, lung and gastric cancer, in Anhui province, Eastern China. <i>Science of the Total Environment</i> , <b>2014</b> , 470-471, 340-7	10.2	114
206	Prenatal life events stress: implications for preterm birth and infant birthweight. <i>American Journal of Obstetrics and Gynecology</i> , <b>2010</b> , 203, 34.e1-8	6.4	106
205	Maternal vitamin D deficiency during pregnancy elevates the risks of small for gestational age and low birth weight infants in Chinese population. <i>Journal of Clinical Endocrinology and Metabolism</i> , <b>2015</b> , 100, 1912-9	5.6	89
204	Negative cognitive and psychological correlates of mandatory quarantine during the initial COVID-19 outbreak in China. <i>American Psychologist</i> , <b>2020</b> , 75, 607-617	9.5	87
203	Social Distancing among Medical Students during the 2019 Coronavirus Disease Pandemic in China: Disease Awareness, Anxiety Disorder, Depression, and Behavioral Activities. <i>International Journal of Environmental Research and Public Health</i> , <b>2020</b> , 17,	4.6	63
202	Deliberate self-harm behaviors in Chinese adolescents and young adults. <i>European Child and Adolescent Psychiatry</i> , <b>2011</b> , 20, 517-25	5.5	62
201	Assessment of Mental Health of Chinese Primary School Students Before and After School Closing and Opening During the COVID-19 Pandemic. <i>JAMA Network Open</i> , <b>2020</b> , 3, e2021482	10.4	60
200	Maternal phthalate exposure during the first trimester and serum thyroid hormones in pregnant women and their newborns. <i>Chemosphere</i> , <b>2016</b> , 157, 42-8	8.4	60
199	Does prenatal maternal stress impair cognitive development and alter temperament characteristics in toddlers with healthy birth outcomes?. <i>Developmental Medicine and Child Neurology</i> , <b>2014</b> , 56, 283-9	3.3	59
198	Maternal zinc deficiency during pregnancy elevates the risks of fetal growth restriction: a population-based birth cohort study. <i>Scientific Reports</i> , <b>2015</b> , 5, 11262	4.9	56
197	The relationship between screen time, nighttime sleep duration, and behavioural problems in preschool children in China. <i>European Child and Adolescent Psychiatry</i> , <b>2017</b> , 26, 541-548	5.5	53
196	Associations Between Active Commuting to School, Body Fat, and Mental Well-being: Population-Based, Cross-Sectional Study in China. <i>Journal of Adolescent Health</i> , <b>2015</b> , 57, 679-85	5.8	52

195	Season-dependent concentrations of urinary phthalate metabolites among Chinese pregnant women: Repeated measures analysis. <i>Environment International</i> , <b>2017</b> , 104, 110-117	12.9	49
194	Effects of Sleep Quality on the Association between Problematic Mobile Phone Use and Mental Health Symptoms in Chinese College Students. <i>International Journal of Environmental Research and Public Health</i> , <b>2017</b> , 14,	4.6	49
193	National estimates of the pubertal milestones among urban and rural Chinese girls. <i>Journal of Adolescent Health</i> , <b>2012</b> , 51, 279-84	5.8	48
192	Gestational di-(2-ethylhexyl) phthalate exposure causes fetal intrauterine growth restriction through disturbing placental thyroid hormone receptor signaling. <i>Toxicology Letters</i> , <b>2018</b> , 294, 1-10	4.4	48
191	Associations of adverse childhood experiences and social support with self-injurious behaviour and suicidality in adolescents. <i>British Journal of Psychiatry</i> , <b>2019</b> , 214, 146-152	5.4	45
190	Cumulative risk assessment of phthalates associated with birth outcomes in pregnant Chinese women: A prospective cohort study. <i>Environmental Pollution</i> , <b>2017</b> , 222, 549-556	9.3	44
189	Maternal Snoring May Predict Adverse Pregnancy Outcomes: A Cohort Study in China. <i>PLoS ONE</i> , <b>2016</b> , 11, e0148732	3.7	44
188	Association of maternal serum cadmium level during pregnancy with risk of preterm birth in a Chinese population. <i>Environmental Pollution</i> , <b>2016</b> , 216, 851-857	9.3	42
187	Sex-specific and time-dependent effects of prenatal stress on the early behavioral symptoms of ADHD: a longitudinal study in China. <i>European Child and Adolescent Psychiatry</i> , <b>2015</b> , 24, 1139-47	5.5	39
186	Cohort Profile: the China-Anhui Birth Cohort Study. <i>International Journal of Epidemiology</i> , <b>2013</b> , 42, 709-718	7.1	38
185	Prognostic value of the expression of cancer stem cell-related markers CD133 and CD44 in hepatocellular carcinoma: From patients to patient-derived tumor xenograft models. <i>Oncotarget</i> , <b>2016</b> , 7, 47431-47443	3.3	38
184	Trace element profiles in pregnant women's sera and umbilical cord sera and influencing factors: Repeated measurements. <i>Chemosphere</i> , <b>2019</b> , 218, 869-878	8.4	36
183	Cord blood vitamin D and neurocognitive development are nonlinearly related in toddlers. <i>Journal of Nutrition</i> , <b>2015</b> , 145, 1232-8	4.1	35
182	Impact of Childhood Abuse on the Risk of Non-Suicidal Self-Injury in Mainland Chinese Adolescents. <i>PLoS ONE</i> , <b>2015</b> , 10, e0131239	3.7	35
181	New insight into onset of lactation: mediating the negative effect of multiple perinatal biopsychosocial stress on breastfeeding duration. <i>Breastfeeding Medicine</i> , <b>2013</b> , 8, 151-8	2.1	34
180	Association between maternal vitamin D deficiency and small for gestational age: evidence from a meta-analysis of prospective cohort studies. <i>BMJ Open</i> , <b>2017</b> , 7, e016404	3	33
179	Maternal serum cadmium level during pregnancy and its association with small for gestational age infants: a population-based birth cohort study. <i>Scientific Reports</i> , <b>2016</b> , 6, 22631	4.9	33
178	Low postnatal care rates in two rural counties in Anhui Province, China: perceptions of key stakeholders. <i>Midwifery</i> , <b>2011</b> , 27, 707-15	2.8	30

177	Longitudinal effects of psychological symptoms on non-suicidal self-injury: a difference between adolescents and young adults in China. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2015</b> , 50, 237-47	4.5	29
176	Prenatal phthalate exposure and placental size and shape at birth: A birth cohort study. <i>Environmental Research</i> , <b>2018</b> , 160, 239-246	7.9	29
175	Folic Acid Supplement Intake in Early Pregnancy Increases Risk of Gestational Diabetes Mellitus: Evidence From a Prospective Cohort Study. <i>Diabetes Care</i> , <b>2016</b> , 39, e36-7	14.6	28
174	Determine Multiple Elements Simultaneously in the Sera of Umbilical Cord Blood Samples-a Very Simple Method. <i>Biological Trace Element Research</i> , <b>2017</b> , 177, 1-8	4.5	28
173	Maternal Continuing Folic Acid Supplementation after the First Trimester of Pregnancy Increased the Risk of Large-for-Gestational-Age Birth: A Population-Based Birth Cohort Study. <i>Nutrients</i> , <b>2016</b> , 8, 8,	6.7	28
172	Prenatal thallium exposure and poor growth in early childhood: A prospective birth cohort study. <i>Environment International</i> , <b>2019</b> , 123, 224-230	12.9	28
171	Effects of the phthalate exposure during three gestation periods on birth weight and their gender differences: A birth cohort study in China. <i>Science of the Total Environment</i> , <b>2018</b> , 613-614, 1573-1578	10.2	26
170	Antibiotic body burden of elderly Chinese population and health risk assessment: A human biomonitoring-based study. <i>Environmental Pollution</i> , <b>2020</b> , 256, 113311	9.3	25
169	Effects of Prenatal Phthalate Exposure on Thyroid Hormone Concentrations Beginning at The Embryonic Stage. <i>Scientific Reports</i> , <b>2017</b> , 7, 13106	4.9	24
168	Association between serum arsenic levels and gestational diabetes mellitus: A population-based birth cohort study. <i>Environmental Pollution</i> , <b>2018</b> , 235, 850-856	9.3	24
167	Cesarean section may increase the risk of both overweight and obesity in preschool children. <i>BMC Pregnancy and Childbirth</i> , <b>2016</b> , 16, 338	3.2	24
166	The quality of childbirth care in China: women's voices: a qualitative study. <i>BMC Pregnancy and Childbirth</i> , <b>2015</b> , 15, 113	3.2	23
165	Urinary concentrations of phthalate metabolites in early pregnancy associated with clinical pregnancy loss in Chinese women. <i>Scientific Reports</i> , <b>2017</b> , 7, 6800	4.9	23
164	Impact of screen time on mental health problems progression in youth: a 1-year follow-up study. <i>BMJ Open</i> , <b>2016</b> , 6, e011533	3	23
163	Prothrombin G20210A mutation is associated with recurrent pregnancy loss: a systematic review and meta-analysis update. <i>Thrombosis Research</i> , <b>2015</b> , 135, 339-46	8.2	22
162	Prenatal phthalate exposure in relation to gestational age and preterm birth in a prospective cohort study. <i>Environmental Research</i> , <b>2019</b> , 176, 108530	7.9	20
161	Maternal Serum Zinc Concentration during Pregnancy Is Inversely Associated with Risk of Preterm Birth in a Chinese Population. <i>Journal of Nutrition</i> , <b>2016</b> , 146, 509-15	4.1	20
160	Interactions of problematic mobile phone use and psychopathological symptoms with unintentional injuries: a school-based sample of Chinese adolescents. <i>BMC Public Health</i> , <b>2016</b> , 16, 88	4.1	19

159	Inverse Correlation between Vitamin D and C-Reactive Protein in Newborns. <i>Nutrients</i> , <b>2015</b> , 7, 9218-28	6.7	19
158	Maternal serum lead level during pregnancy is positively correlated with risk of preterm birth in a Chinese population. <i>Environmental Pollution</i> , <b>2017</b> , 227, 484-489	9.3	18
157	Placenta response of inflammation and oxidative stress in low-risk term childbirth: the implication of delivery mode. <i>BMC Pregnancy and Childbirth</i> , <b>2017</b> , 17, 407	3.2	18
156	Self-reported weight status rather than BMI may be closely related to psychopathological symptoms among Mainland Chinese adolescents. <i>Journal of Tropical Pediatrics</i> , <b>2011</b> , 57, 307-11	1.2	18
155	Serum cobalt status during pregnancy and the risks of pregnancy-induced hypertension syndrome: A prospective birth cohort study. <i>Journal of Trace Elements in Medicine and Biology</i> , <b>2018</b> , 46, 39-45	4.1	18
154	Isolated effect of maternal thyroid-stimulating hormone, free thyroxine and antithyroid peroxidase antibodies in early pregnancy on gestational diabetes mellitus: a birth cohort study in China. <i>Endocrine Journal</i> , <b>2019</b> , 66, 223-231	2.9	17
153	Pre-pregnancy BMI, gestational weight gain and breast-feeding: a cohort study in China. <i>Public Health Nutrition</i> , <b>2017</b> , 20, 1001-1008	3.3	16
152	Maternal serum arsenic level during pregnancy is positively associated with adverse pregnant outcomes in a Chinese population. <i>Toxicology and Applied Pharmacology</i> , <b>2018</b> , 356, 114-119	4.6	16
151	Temporal Variability of Cumulative Risk Assessment on Phthalates in Chinese Pregnant Women: Repeated Measurement Analysis. <i>Environmental Science &amp; Technology</i> , <b>2018</b> , 52, 6585-6591	10.3	16
150	Periconceptional folic acid supplementation among women attending antenatal clinic in Anhui, China: data from a population-based cohort study. <i>Midwifery</i> , <b>2012</b> , 28, 291-7	2.8	16
149	Stratification of population in NHANES 2009-2014 based on exposure pattern of lead, cadmium, mercury, and arsenic and their association with cardiovascular, renal and respiratory outcomes. <i>Environment International</i> , <b>2021</b> , 149, 106410	12.9	16
148	Housing type and myopia: the mediating role of parental myopia. <i>BMC Ophthalmology</i> , <b>2016</b> , 16, 151	2.3	16
147	Antibiotic exposure across three generations from Chinese families and cumulative health risk. <i>Ecotoxicology and Environmental Safety</i> , <b>2020</b> , 191, 110237	7	15
146	Current Recommended Vitamin D Prenatal Supplementation and Fetal Growth: Results From the China-Anhui Birth Cohort Study. <i>Journal of Clinical Endocrinology and Metabolism</i> , <b>2018</b> , 103, 244-252	5.6	15
145	Impact of maternal thyroid autoantibodies positivity on the risk of early term birth: MaShan Birth Cohort Study. <i>Endocrine</i> , <b>2018</b> , 60, 329-338	4	15
144	Cord Blood 25-hydroxyvitamin D and Fetal Growth in the China-Anhui Birth Cohort Study. <i>Scientific Reports</i> , <b>2015</b> , 5, 14930	4.9	15
143	Higher waist-to-height ratio and waist circumference are predictive of metabolic syndrome and elevated serum alanine aminotransferase in adolescents and young adults in mainland China. <i>Public Health</i> , <b>2012</b> , 126, 135-42	4	15
142	Eating pattern and psychological symptoms: A cross-sectional study based on a national large sample of Chinese adolescents. <i>Journal of Affective Disorders</i> , <b>2019</b> , 244, 155-163	6.6	15

141	Associations between early life parent-child separation and shortened telomere length and psychopathological outcomes during adolescence. <i>Psychoneuroendocrinology</i> , <b>2019</b> , 103, 195-202	5	14
140	Low health literacy and psychological symptoms potentially increase the risks of non-suicidal self-injury in Chinese middle school students. <i>BMC Psychiatry</i> , <b>2016</b> , 16, 327	4.2	14
139	Emotion regulation, emotional eating and the energy-rich dietary pattern. A population-based study in Chinese adolescents. <i>Appetite</i> , <b>2016</b> , 99, 149-156	4.5	14
138	Impact of financial and educational interventions on maternity care: results of cluster randomized trials in rural China, CHIMACA. <i>Maternal and Child Health Journal</i> , <b>2013</b> , 17, 208-21	2.4	14
137	The Impact of Prior Abortion on Anxiety and Depression Symptoms During a Subsequent Pregnancy: Data From a Population-Based Cohort Study in China. <i>Journal of Microbiology and Biotechnology</i> , <b>2012</b> , 22, 51-58	3.3	14
136	Association between serum thallium in early pregnancy and risk of gestational diabetes mellitus: The Maanshan birth cohort study. <i>Journal of Trace Elements in Medicine and Biology</i> , <b>2019</b> , 52, 151-156	4.1	14
135	Polygenic risk, adherence to a healthy lifestyle, and childhood obesity. <i>Pediatric Obesity</i> , <b>2019</b> , 14, e12489.6	4.6	14
134	VDR Variants rather than Early Pregnancy Vitamin D Concentrations Are Associated with the Risk of Gestational Diabetes: The Maanshan Birth Cohort (MABC) Study. <i>Journal of Diabetes Research</i> , <b>2019</b> , 2019, 8313901	3.9	13
133	Geographic Distribution of Mental Health Problems Among Chinese College Students During the COVID-19 Pandemic: Nationwide, Web-Based Survey Study. <i>Journal of Medical Internet Research</i> , <b>2021</b> , 23, e23126	7.6	13
132	Factors Influencing Depression and Mental Distress Related to COVID-19 Among University Students in China: Online Cross-sectional Mediation Study. <i>JMIR Mental Health</i> , <b>2021</b> , 8, e22705	6	13
131	Sex-specific difference in placental inflammatory transcriptional biomarkers of maternal phthalate exposure: a prospective cohort study. <i>Journal of Exposure Science and Environmental Epidemiology</i> , <b>2020</b> , 30, 835-844	6.7	12
130	Prevalence of attention-deficit/hyperactivity disorder symptoms and their associations with sleep schedules and sleep-related problems among preschoolers in mainland China. <i>BMC Pediatrics</i> , <b>2018</b> , 18, 70	2.6	12
129	Association of alcohol use with problematic mobile phone use and depressive symptoms among college students in Anhui, China. <i>Zeitschrift Fur Gesundheitswissenschaften</i> , <b>2017</b> , 25, 103-112	1.4	12
128	The patterns of adverse childhood experiences among Chinese children: Four-year longitudinal associations with psychopathological symptoms. <i>Journal of Psychiatric Research</i> , <b>2020</b> , 122, 1-8	5.2	12
127	The association of vitamin D status and supplementation during pregnancy with gestational diabetes mellitus: a Chinese prospective birth cohort study. <i>American Journal of Clinical Nutrition</i> , <b>2020</b> , 111, 122-130	7	11
126	Prenatal pregnancy-related anxiety predicts boys' ADHD symptoms via placental C-reactive protein. <i>Psychoneuroendocrinology</i> , <b>2020</b> , 120, 104797	5	11
125	Body image as risk factor for emotional and behavioral problems among Chinese adolescents. <i>BMC Public Health</i> , <b>2018</b> , 18, 1179	4.1	11
124	Mediating Effect of Sleep Quality on the Relationship Between Problematic Mobile Phone Use and Depressive Symptoms in College Students. <i>Frontiers in Psychiatry</i> , <b>2019</b> , 10, 822	5	10

123	High serum lead concentration in the first trimester is associated with an elevated risk of small-for-gestational-age infants. <i>Toxicology and Applied Pharmacology</i> , <b>2017</b> , 332, 75-80	4.6	10
122	Domain- and sex-specific effects of prenatal exposure to low levels of arsenic on children's development at 6 months of age: Findings from the Ma'Sanshan birth cohort study in China. <i>Environment International</i> , <b>2020</b> , 135, 105112	12.9	10
121	Urinary antibiotic exposure across pregnancy from Chinese pregnant women and health risk assessment: Repeated measures analysis. <i>Environment International</i> , <b>2020</b> , 145, 106164	12.9	10
120	Association Between Blood Heavy Metal Concentrations and Dyslipidemia in the Elderly. <i>Biological Trace Element Research</i> , <b>2021</b> , 199, 1280-1290	4.5	10
119	Domain- and trimester-specific effect of prenatal phthalate exposure on preschooler cognitive development in the Ma'Sanshan Birth Cohort (MABC) study. <i>Environment International</i> , <b>2020</b> , 142, 105882	12.9	9
118	Dietary patterns are associated with attention-deficit/hyperactivity disorder (ADHD) symptoms among preschoolers in mainland China. <i>European Journal of Clinical Nutrition</i> , <b>2018</b> , 72, 1517-1523	5.2	9
117	Umbilical Serum Copper Status and Neonatal Birth Outcomes: a Prospective Cohort Study. <i>Biological Trace Element Research</i> , <b>2018</b> , 183, 200-208	4.5	9
116	Repeated measures of prenatal phthalate exposure and maternal hemoglobin concentration trends: The Ma'Sanshan birth cohort (MABC) study. <i>Environmental Pollution</i> , <b>2018</b> , 242, 1033-1041	9.3	9
115	Time-specific effect of prenatal stressful life events on gestational weight gain. <i>International Journal of Gynecology and Obstetrics</i> , <b>2013</b> , 122, 207-11	4	9
114	Low levels of arsenic exposure during pregnancy and maternal and neonatal thyroid hormone parameters: The determinants for these associations. <i>Environment International</i> , <b>2020</b> , 145, 106114	12.9	9
113	Pregnancy-specific anxiety and elective cesarean section in primiparas: A cohort study in China. <i>PLoS ONE</i> , <b>2019</b> , 14, e0216870	3.7	8
112	Association of health literacy and sleep problems with mental health of Chinese students in combined junior and senior high school. <i>PLoS ONE</i> , <b>2019</b> , 14, e0217685	3.7	8
111	First trimester vaginal bleeding and adverse pregnancy outcomes among Chinese women: from a large cohort study in China. <i>Journal of Maternal-Fetal and Neonatal Medicine</i> , <b>2012</b> , 25, 1297-301	2	8
110	Association of urinary phthalates metabolites concentration with emotional symptoms in Chinese university students. <i>Environmental Pollution</i> , <b>2020</b> , 262, 114279	9.3	8
109	Elective caesarean section on maternal request prior to 39 gestational weeks and childhood psychopathology: a birth cohort study in China. <i>BMC Psychiatry</i> , <b>2019</b> , 19, 22	4.2	8
108	Association between maternal and umbilical cord serum cobalt concentration during pregnancy and the risk of preterm birth: The Ma'Sanshan birth cohort (MABC) study. <i>Chemosphere</i> , <b>2019</b> , 218, 487-492	8.4	8
107	Mediating effects of self-esteem in the relationship between childhood maltreatment and non-suicidal self-injury among adolescents: The roles of sex and only-child status. <i>Social Science and Medicine</i> , <b>2020</b> , 249, 112847	5.1	7
106	Relationship between temporal distribution of air pollution exposure and glucose homeostasis during pregnancy. <i>Environmental Research</i> , <b>2020</b> , 185, 109456	7.9	7

105	Childhood emotional and behavior problems and their associations with cesarean delivery. <i>Revista Brasileira De Psiquiatria</i> , <b>2018</b> , 40, 145-153	2.6	7
104	Prenatal serum thallium exposure and 36-month-old children's attention-deficit/hyperactivity disorder symptoms: MaShan birth cohort study. <i>Chemosphere</i> , <b>2020</b> , 244, 125499	8.4	7
103	circ-ZUFSP regulates trophoblasts migration and invasion through sponging miR-203 to regulate STOX1 expression. <i>Biochemical and Biophysical Research Communications</i> , <b>2020</b> , 531, 472-479	3.4	7
102	Impact of problematic mobile phone use and insufficient physical activity on depression symptoms: a college-based follow-up study. <i>BMC Public Health</i> , <b>2019</b> , 19, 1640	4.1	7
101	Iron-Related Factors in Early Pregnancy and Subsequent Risk of Gestational Diabetes Mellitus: the MaShan Birth Cohort (MABC) Study. <i>Biological Trace Element Research</i> , <b>2019</b> , 191, 45-53	4.5	7
100	The Association Between Trace Elements Exposure and the Cognition in the Elderly in China. <i>Biological Trace Element Research</i> , <b>2021</b> , 199, 403-412	4.5	7
99	Dose-response relationship between maternal blood pressure in pregnancy and risk of adverse birth outcomes: MaShan birth cohort study. <i>Pregnancy Hypertension</i> , <b>2019</b> , 15, 16-22	2.6	6
98	Linking Childhood Maltreatment and Psychological Symptoms: The Role of Social Support, Coping Styles, and Self-Esteem in Adolescents. <i>Journal of Interpersonal Violence</i> , <b>2020</b> , 886260520918571	2.2	6
97	The levels of phthalate exposure and associations with obesity in an elderly population in China. <i>Ecotoxicology and Environmental Safety</i> , <b>2020</b> , 201, 110749	7	6
96	A Stable Isotope Dilution Assay for Multi-class Antibiotics in Pregnant Urines by LCMS/MS. <i>Chromatographia</i> , <b>2020</b> , 83, 507-521	2.1	6
95	Thyroid autoantibodies in pregnancy are associated with hypertensive disorders of pregnancy: MaShan Birth Cohort Study. <i>Clinical Endocrinology</i> , <b>2018</b> , 88, 928-935	3.4	6
94	Lambda-cyhalothrin disrupts the up-regulation effect of 17 $\beta$ -estradiol on post-synaptic density 95 protein expression via estrogen receptor $\beta$ -dependent Akt pathway. <i>Journal of Environmental Sciences</i> , <b>2016</b> , 41, 252-260	6.4	6
93	Sex differences in the association between internalizing symptoms and hair cortisol level among 10-12 year-old adolescents in China. <i>PLoS ONE</i> , <b>2018</b> , 13, e0192901	3.7	6
92	Maternal intelligence quotient and motor development in early childhood: The mediating role of mother's education. <i>Journal of Paediatrics and Child Health</i> , <b>2019</b> , 55, 87-94	1.3	6
91	Effects of Self-Esteem on the Association between Negative Life Events and Suicidal Ideation in Adolescents. <i>International Journal of Environmental Research and Public Health</i> , <b>2019</b> , 16,	4.6	6
90	Interaction of Health Literacy and Problematic Mobile Phone Use and Their Impact on Non-Suicidal Self-Injury among Chinese Adolescents. <i>International Journal of Environmental Research and Public Health</i> , <b>2019</b> , 16,	4.6	6
