| # | ARTICLE                                                                                                                                                    | IF  | CITATIONS |
|---|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Advances in the detection of growth hormone releasing hormone synthetic analogs. Drug Testing and Analysis, 2021, 13, 1871-1887.                           | 2.6 | 10        |
| 2 | In Vitro Metabolic Study of Four Synthetic Cathinones: 4-MPD, 2-NMC, 4F-PHP and bk-EPDP. Metabolites, 2022, 12, 115.                                       | 2.9 | 3         |
| 3 | Artificial oral fluid characterisation: Potential for use as a reference matrix in drug testing. Drug Testing and Analysis, 2021, 13, 709-719.             | 2.6 | 2         |
| 4 | Stability of drugs of abuse in synthetic oral fluid investigated using a simple dilute and inject method of analysis. Drug Testing and Analysis, 2022, , . | 2.6 | 1         |
| 5 | Towards identifying nicomorphine administration in doping control: synthesis of metabolites. Bioanalysis, 2021, 13, 1415-1425.                             | 1.5 | 0         |
