

Vikki M Abrahams

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/9572530/vikki-m-abrahams-publications-by-year.pdf>

Version: 2024-04-23

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
10	Human fetal membrane IL-1 β production in response to bacterial components is mediated by uric-acid induced NLRP3 inflammasome activation. <i>Journal of Reproductive Immunology</i> , 2021 , 149, 103457	4.2	1
9	Polymicrobial stimulation of human fetal membranes induce neutrophil activation and neutrophil extracellular trap release. <i>Journal of Reproductive Immunology</i> , 2021 , 145, 103306	4.2	0
8	Antiphospholipid antibody-induced trophoblast responses are differentially modulated by viral dsRNA and viral ssRNA.. <i>American Journal of Reproductive Immunology</i> , 2021 , e13516	3.8	
7	Herpesvirus-infected Hofbauer cells activate endothelial cells through an IL-1 β dependent mechanism. <i>Placenta</i> , 2020 , 91, 59-65	3.4	6
6	Maternal Influenza A Virus Infection Restricts Fetal and Placental Growth and Adversely Affects the Fetal Thymic Transcriptome. <i>Viruses</i> , 2020 , 12,	6.2	4
5	Viral infection dampens human fetal membrane type I interferon responses triggered by bacterial LPS. <i>Journal of Reproductive Immunology</i> , 2020 , 140, 103126	4.2	4
4	Magnesium sulfate differentially modulates fetal membrane inflammation in a time-dependent manner. <i>American Journal of Reproductive Immunology</i> , 2018 , 80, e12861	3.8	4
3	Low molecular weight heparin and aspirin exacerbate human endometrial endothelial cell responses to antiphospholipid antibodies. <i>American Journal of Reproductive Immunology</i> , 2018 , 79, e12785	3.8	11
2	Modulation of trophoblast function by concurrent hyperglycemia and antiphospholipid antibodies is in part TLR4-dependent. <i>American Journal of Reproductive Immunology</i> , 2018 , 80, e13045	3.8	5
1	Excess glucose induce trophoblast inflammation and limit cell migration through HMGB1 activation of Toll-Like receptor 4. <i>American Journal of Reproductive Immunology</i> , 2018 , 80, e13044	3.8	19
