#	ARTICLE	IF	CITATIONS
1	Patient centered goal-setting in a subacute rehabilitation setting. Disability and Rehabilitation, 2010, 32, 159-172.	0.9	187
2	A qualitative study of the transition from hospital to home for individuals with acquired brain injury and their family caregivers. Brain Injury, 2007, 21, 1119-1130.	0.6	113
3	Qualitative Exploration of a Client-Centered, Goal-Directed Approach to Community-Based Occupational Therapy for Adults With Traumatic Brain Injury. American Journal of Occupational Therapy, 2009, 63, 559-568.	0.1	94
4	The transition from hospital to home for individuals with acquired brain injury: A literature review and research recommendations. Disability and Rehabilitation, 2008, 30, 1153-1176.	0.9	86
5	Aphasia LIFT: Exploratory investigation of an intensive comprehensive aphasia programme. Aphasiology, 2013, 27, 1339-1361.	1.4	63
6	Clinical Utility of the Combined Use of the Canadian Occupational Performance Measure and Goal Attainment Scaling. American Journal of Occupational Therapy, 2010, 64, 904-914.	0.1	63
7	Perceived service and support needs during transition from hospital to home following acquired brain injury. Disability and Rehabilitation, 2011, 33, 818-829.	0.9	60
8	Systematic Review of Behavioral Interventions Targeting Social Communication Difficulties After Traumatic Brain Injury. Archives of Physical Medicine and Rehabilitation, 2016, 97, 1352-1365.	0.5	60
9	The use of tracheostomy speaking valves in mechanically ventilated patients results in improved communication and does not prolong ventilation time in cardiothoracic intensive care unit patients. Journal of Critical Care, 2015, 30, 491-494.	1.0	58
10	Long-term Functional Outcomes and Patient Perspective Following Altered Fractionation Radiotherapy with Concomitant Boost for Oropharyngeal Cancer. Dysphagia, 2012, 27, 481-490.	1.0	50
11	Does Enhanced Primary Care enhance primary care? Policy-induced dilemmas for allied health professionals. Medical Journal of Australia, 2008, 188, 29-32.	0.8	46
12	Predictors of health-related quality of life in people with a complex chronic disease including multimorbidity: a longitudinal cohort study. Quality of Life Research, 2016, 25, 2579-2592.	1.5	45
13	The short- and long-term effectiveness of the LSVT® for dysarthria following TBI and stroke. Brain Injury, 2008, 22, 339-352.	0.6	42
14	Reengagement in Meaningful Occupations During the Transition From Hospital to Home for People With Acquired Brain Injury and Their Family Caregivers. American Journal of Occupational Therapy, 2009, 63, 609-620.	0.1	42
15	Identifying Factors Associated With Perceived Success in the Transition From Hospital to Home After Brain Injury. Journal of Head Trauma Rehabilitation, 2012, 27, 143-153.	1.0	41
16	Goal-directed outpatient rehabilitation following TBI: A pilot study of programme effectiveness and comparison of outcomes in home and day hospital settings. Brain Injury, 2011, 25, 1114-1125.	0.6	39
17	Linked Lives: The Experiences of Family Caregivers During the Transition from Hospital to Home Following Traumatic Brain Injury. Brain Impairment, 2012, 13, 108-122.	0.5	37
18	Brain injury rehabilitation: The lived experience of inpatients and their family caregivers. Scandinavian Journal of Occupational Therapy, 2012, 19, 184-193.	1.1	36

#	ARTICLE	IF	CITATIONS
19	Dysarthria and dysphagia as long-term sequelae in a child treated for posterior fossa tumour. <i>Developmental Neurorehabilitation</i> , 2003, 6, 67-75.	1.1	34
20	Caregivers of Adults With Traumatic Brain Injury: The Emotional Impact of Transition From Hospital to Home. <i>Brain Impairment</i> , 2010, 11, 281-292.	0.5	33
21	A comparison of client and therapist goals for people with aphasia: A qualitative exploratory study. <i>Aphasiology</i> , 2012, 26, 1298-1315.	1.4	32
22	Reflections on life: Experiences of individuals with brain injury during the transition from hospital to home. <i>Brain Injury</i> , 2013, 27, 1294-1303.	0.6	32
23	Remediation of social communication impairments following traumatic brain injury using metacognitive strategy intervention: a pilot study. <i>Brain Injury</i> , 2017, 31, 1830-1839.	0.6	31
24	Delivering occupational therapy hand assessment and treatment sessions via telehealth. <i>Journal of Telemedicine and Telecare</i> , 2018, 24, 185-192.	1.4	31
25	Perceptions of recovery during the early transition phase from hospital to home following acquired brain injury: A journey of discovery. <i>Neuropsychological Rehabilitation</i> , 2011, 21, 64-91.	1.0	30
26	A Prospective Investigation of Swallowing, Nutrition, and Patient-rated Functional Impact Following Altered Fractionation Radiotherapy with Concomitant Boost for Oropharyngeal Cancer. <i>Dysphagia</i> , 2012, 27, 32-45.	1.0	30
27	Social participation following right hemisphere stroke: influence of a cognitive-communication disorder. <i>Aphasiology</i> , 2018, 32, 164-182.	1.4	30
28	Comparison of rehabilitation outcomes in day hospital and home settings for people with acquired brain injury – a systematic review. <i>Disability and Rehabilitation</i> , 2010, 32, 2061-2077.	0.9	29
29	Care and support needs of patients and carers early post-discharge following treatment for non-malignant brain tumour: establishing a new reality. <i>Supportive Care in Cancer</i> , 2012, 20, 2595-2610.	1.0	29
30	Better than nothing? Restrictions and realities of enhanced primary care for allied health practitioners. <i>Australian Journal of Primary Health</i> , 2009, 15, 326.	0.4	28
31	Intervention for lateral /s/ using electropalatography (EPG) biofeedback and an intensive motor learning approach: a case report. <i>International Journal of Language and Communication Disorders</i> , 2008, 43, 219-229.	0.7	27
32	Profiling early outcomes during the transition from hospital to home after brain injury. <i>Brain Injury</i> , 2009, 23, 51-60.	0.6	27
33	Impact of Enhanced Primary Care on equitable access to and economic efficiency of allied health services: a qualitative investigation. <i>Australian Health Review</i> , 2010, 34, 30.	0.5	27
34	Development of Depressive Symptoms During Early Community Reintegration After Traumatic Brain Injury. <i>Journal of the International Neuropsychological Society</i> , 2011, 17, 112-119.	1.2	27
35	The Effect of Environmental Barriers on Community Integration for Individuals With Moderate to Severe Traumatic Brain Injury. <i>Journal of Head Trauma Rehabilitation</i> , 2014, 29, 125-135.	1.0	25
36	Abdominal Binder Improves Lung Volumes and Voice in People With Tetraplegic Spinal Cord Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2012, 93, 2189-2197.	0.5	24

#	ARTICLE	IF	CITATIONS
37	Patterns of return to oral intake and decannulation post-tracheostomy across clinical populations in an acute inpatient setting. <i>International Journal of Language and Communication Disorders</i> , 2016, 51, 556-567.	0.7	24
38	Development and construct validation of the Client-Centredness of Goal Setting (C-COGS) scale. <i>Scandinavian Journal of Occupational Therapy</i> , 2015, 22, 302-310.	1.1	23
39	Comparing the experience of outpatient therapy in home and day hospital settings after traumatic brain injury: patient, significant other and therapist perspectives. <i>Disability and Rehabilitation</i> , 2011, 33, 1203-1214.	0.9	22
40	Physiological Characteristics of Dysphagia Following Thermal Burn Injury. <i>Dysphagia</i> , 2012, 27, 370-383.	1.0	21
41	Impact of nasogastric tubes on swallowing physiology in older, healthy subjects: A randomized controlled crossover trial. <i>Clinical Nutrition</i> , 2015, 34, 572-578.	2.3	21
42	Cognitive-communication disorder following right hemisphere stroke: exploring rehabilitation access and outcomes.. <i>Topics in Stroke Rehabilitation</i> , 2017, 24, 330-336.	1.0	21
43	Understanding Dysphagia Care in the Community Setting. <i>Dysphagia</i> , 2019, 34, 681-691.	1.0	21
44	Development of Self-Awareness After Severe Traumatic Brain Injury Through Participation in Occupation-Based Rehabilitation: Mixed-Methods Analysis of a Case Series. <i>American Journal of Occupational Therapy</i> , 2014, 68, 578-588.	0.1	21
45	Recording sentinel events in the life course of individuals with acquired brain injury: A preliminary study. <i>Brain Injury</i> , 2012, 26, 1381-1396.	0.6	19
46	Ventilation distribution and lung recruitment with speaking valve use in tracheostomised patient weaning from mechanical ventilation in intensive care. <i>Journal of Critical Care</i> , 2017, 40, 164-170.	1.0	19
47	Clinical indicators associated with successful tracheostomy cuff deflation. <i>Australian Critical Care</i> , 2016, 29, 132-137.	0.6	18
48	Speech pathologists and professional interpreters managing culturally and linguistically diverse adults with communication disorders: a systematic review. <i>International Journal of Language and Communication Disorders</i> , 2019, 54, 689-704.	0.7	16
49	Effectiveness of Lee Silverman Voice Treatment (LSVT)® on hypernasality in non-progressive dysarthria: the need for further research. <i>International Journal of Language and Communication Disorders</i> , 2010, 45, 31-46.	0.7	14
50	Dysphagia Management Practices Among Speech-Language Pathologists in Malaysia. <i>Asia Pacific Journal of Speech Language and Hearing</i> , 2012, 15, 111-128.	0.2	14
51	Swallowing, nutrition and patient-rated functional outcomes at 6 months following two non-surgical treatments for T1-T3 oropharyngeal cancer. <i>Supportive Care in Cancer</i> , 2012, 20, 2073-2081.	1.0	12
52	Tracheostomy Tube Type and Inner Cannula Selection Impact Pressure and Resistance to Air Flow. <i>Respiratory Care</i> , 2016, 61, 607-614.	0.8	12
53	Prospective Memory After Stroke: A Scoping Review. <i>Brain Impairment</i> , 2016, 17, 123-142.	0.5	11
54	Sentinel Events During the Transition From Hospital to Home: A Longitudinal Study of Women With Traumatic Brain Injury. <i>Archives of Physical Medicine and Rehabilitation</i> , 2016, 97, S46-S53.	0.5	11

#	ARTICLE	IF	CITATIONS
55	Evaluating the Feasibility and Validity of Using Trained Allied Health Assistants to Assist in Mealtime Monitoring of Dysphagic Patients. <i>Dysphagia</i> , 2019, 34, 350-359.	1.0	11
56	An exploration of goal-setting practices in Queensland rehabilitation services. <i>Disability and Rehabilitation</i> , 2022, 44, 4368-4378.	0.9	11
57	STRENGTH and the Health Care Team: Changing Interprofessional and Client-Centered Practices. <i>Topics in Stroke Rehabilitation</i> , 2014, 21, 413-420.	1.0	10
58	Living with Dysphagia in the Community: Caregivers "do whatever it takes." <i>Dysphagia</i> , 2021, 36, 108-119.	1.0	10
59	Client perspectives on living with dysphagia in the community. <i>International Journal of Speech-Language Pathology</i> , 2021, 23, 201-212.	0.6	10
60	Acoustic Investigation of Vocal Quality following Treatment for Childhood Cerebellar Tumour. <i>Folia Phoniatrica Et Logopaedica</i> , 2004, 56, 93-107.	0.5	9
61	Supporting the Needs of Young Adults With Acquired Brain Injury During Transition From Hospital to Home: The Queensland Service Provider Perspective. <i>Brain Impairment</i> , 2009, 10, 325-340.	0.5	9
62	Impact of voice and communication deficits for individuals with cervical spinal cord injury living in the community. <i>International Journal of Language and Communication Disorders</i> , 2016, 51, 568-580.	0.7	9
63	Health-related quality of life of people with multimorbidity at a community-based, interprofessional student-assisted clinic: Implications for assessment and intervention. <i>Chronic Illness</i> , 2018, 14, 169-181.	0.6	9
64	Relationship and Social Network Change in People With Impaired Social Cognition Post Right Hemisphere Stroke. <i>American Journal of Speech-Language Pathology</i> , 2021, 30, 962-973.	0.9	9
65	Return to driving in the first 6 months of community integration after acquired brain injury. <i>NeuroRehabilitation</i> , 2014, 34, 157-166.	0.5	8
66	Accuracy and confidence of allied health assistants administering the subjective global assessment on inpatients in a rural setting: a preliminary feasibility study. <i>Nutrition and Dietetics</i> , 2018, 75, 129-136.	0.9	8
67	Pre-discharge home visits: A qualitative exploration of the experience of occupational therapists and multidisciplinary stakeholders. <i>Australian Occupational Therapy Journal</i> , 2019, 66, 249-257.	0.6	8
68	Delegation models in dysphagia management: Current policy, clinical perceptions and practice patterns. <i>International Journal of Speech-Language Pathology</i> , 2020, 22, 163-173.	0.6	8
69	Reliability of the Client-Centeredness of Goal Setting (Câ€‘COGS) Scale in Acquired Brain Injury Rehabilitation. <i>American Journal of Occupational Therapy</i> , 2016, 70, 7004290010p1-7004290010p8.	0.1	8
70	Treating dysarthria following traumatic brain injury: Investigating the benefits of commencing treatment during post-traumatic amnesia in two participants. <i>Brain Injury</i> , 2006, 20, 1307-1319.	0.6	7
71	Examining nurse-led dysphagia screening tools in the general medical hospital population. <i>Speech, Language and Hearing</i> , 2017, 20, 29-37.	0.6	7
72	Post-acute hospital healthcare services for people with mild stroke: a scoping review. <i>Topics in Stroke Rehabilitation</i> , 2017, 24, 288-298.	1.0	7

#	ARTICLE	IF	CITATIONS
73	Dysphagia care for adults in the community setting commands a different approach: perspectives of speechâ€“language therapists. International Journal of Language and Communication Disorders, 2019, 54, 971-981.	0.7	7
74	Prevalence of active foot disease and foot disease risk factors in a subacute inpatient rehabilitation facility: a crossâ€“sectional prevalence study. Journal of Foot and Ankle Research, 2014, 7, 41.	0.7	6
75	The lived experience of supporting people with mild stroke. Scandinavian Journal of Occupational Therapy, 2020, 27, 184-193.	1.1	6
76	Assessment of prospective memory after stroke utilizing virtual reality. Virtual Reality, 2023, 27, 333-346.	4.1	6
77	Impact of an Abdominal Binder on Speech Outcomes in People With Tetraplegic Spinal Cord Injury: Perceptual and Acoustic Measures. Topics in Spinal Cord Injury Rehabilitation, 2014, 20, 48-57.	0.8	6
78	Developing tailored theoretically informed goal-setting interventions for rehabilitation services: a co-design approach. BMC Health Services Research, 2022, 22, .	0.9	6
79	The Assessment and Prediction of Prospective Memory after Stroke. Journal of the International Neuropsychological Society, 2020, 26, 873-882.	1.2	5
80	Differential motor speech outcomes in children treated for mid-line cerebellar tumour. Brain Injury, 2005, 19, 119-134.	0.6	4
81	Charting the recovery of dysphagia in two complex cases of post-thermal burn injury: Physiological characteristics and functional outcomes. Speech, Language and Hearing, 2015, 18, 204-211.	0.6	4
82	Establishing phonation using the Blom-Åtracheostomy tube system: A report of three cases post cervical spinal cord injury. Speech, Language and Hearing, 2016, 19, 227-237.	0.6	4
83	Unveiling the complexities of mild stroke: An interpretative phenomenological analysis of the mild stroke experience. Australian Occupational Therapy Journal, 2019, 66, 656-664.	0.6	4
84	â€œJust got to live life as it comesâ€“ A case study of the spousal-dyad longitudinal mild stroke transitional experience. Brain Injury, 2019, 33, 1200-1207.	0.6	4
85	Speech-language pathology services for Indigenous Australian adults with acquired communication disorders: a systematic quantitative literature review. Speech, Language and Hearing, 2020, 23, 79-90.	0.6	4
86	Dysphagia screening using an allied health assistant delegation model: service considerations for implementation. Disability and Rehabilitation, 2020, , 1-9.	0.9	4
87	Does metacognitive strategy instruction improve impaired self-awareness in adults with cognitive-communication disorders following an acquired brain injury?. Speech, Language and Hearing, 2022, 25, 125-137.	0.6	4
88	Self-reported prospective memory after stroke. Neuropsychological Rehabilitation, 2021, 31, 1190-1206.	1.0	4
89	Setting a prioritized agenda to drive speechâ€“language therapy research in health. International Journal of Language and Communication Disorders, 2021, 56, 768-783.	0.7	4
90	Occupational engagement following mild stroke in the Australian context using the occupational gaps questionnaire. Scandinavian Journal of Occupational Therapy, 2021, 28, 384-390.	1.1	4

#	ARTICLE	IF	CITATIONS
91	Can goal attainment scaling (CAS) accurately identify changes in social communication impairments following TBI?. Speech, Language and Hearing, 2019, 22, 183-194.	0.6	3
92	Clinical profile of Aboriginal and Torres Strait Islander adults with stroke and traumatic brain injury at a regional Australian hospital: a retrospective chart audit. Brain Impairment, 2021, 22, 281-293.	0.5	3
93	Exploring the Validity and Operational Impact of Using Allied Health Assistants to Conduct Dysphagia Screening for Low-Risk Patients Within the Acute Hospital Setting. American Journal of Speech-Language Pathology, 2020, 29, 1944-1955.	0.9	3
94	Experiences of communication changes following spinal cord injury: a qualitative analysis. Disability and Rehabilitation, 2020, 42, 2271-2278.	0.9	2
95	The impact of using implementation intentions as task instructions on prospective memory performance after stroke. Neuropsychological Rehabilitation, 2023, 33, 239-254.	1.0	2
96	Speech outcomes following brainstem tumour in childhood. Asia Pacific Journal of Speech Language and Hearing, 2001, 6, 21-32.	0.2	1
97	Test item priorities for a screening tool to identify cognitive-communication disorder after right hemisphere stroke. Aphasiology, 2022, 36, 669-686.	1.4	1
98	Prospective Memory After Stroke: A Scoping Review – CORRIGENDUM. Brain Impairment, 2018, 19, 352-357.	0.5	0
99	Reproducibility, longitudinal validity and interpretability of the Disease Burden Morbidity Assessment in people with chronic disease. Chronic Illness, 2018, 14, 310-325.	0.6	0
100	Assessment and rehabilitation of acquired communication disorders in Aboriginal and Torres Strait Islander adults with stroke or traumatic brain injury: a retrospective chart review. Disability and Rehabilitation, 2022, , 1-11.	0.9	0
