#	ARTICLE	IF	CITATIONS
1	Cytomegalovirus haemorrhagic enterocolitis associated with severe infection with COVID-19. <i>BMJ Open Gastroenterology</i> , 2021, 8, e000556.	2.7	21
2	A Framework for Revisiting Brain Death: Evaluating Awareness and Attitudes Toward the Neuroscientific and Ethical Debate Around the American Academy of Neurology Brain Death Criteria. <i>Journal of Intensive Care Medicine</i> , 2021, 36, 1149-1166.	2.8	7
3	The capacity for consciousness and the clinical diagnosis of brain death: are we using the correct gold standard?. <i>Canadian Journal of Anaesthesia</i> , 2021, 68, 1576-1577.	1.6	1
4	Transparency and Education of Hospital Chaplains About Brain Death. <i>Neurocritical Care</i> , 2021, 35, 594-595.	2.4	1
5	Ignoring Subtle Retained Brain(stem) Functions in the Clinical Diagnosis of Brain Death. <i>Journal of Stroke and Cerebrovascular Diseases</i> , 2020, 29, 1053-1055.	1.6	0
6	Apnea Testing is Medical Treatment Requiring Informed Consent. <i>American Journal of Bioethics</i> , 2020, 20, 22-24.	0.9	7
7	Integration of Routine Parental Request of Organ Donation in End-of-Life Care of Children with Neurologic Disorders in the UK: Unresolved Medical, Legal, Cultural, and Religious Challenges. <i>Neurocritical Care</i> , 2020, 33, 630-635.	2.4	1
8	Objections to Brain Death Determination: Religion and Neuroscience. <i>Neurocritical Care</i> , 2019, 31, 446-448.	2.4	3
9	Neuroimaging of Intracranial Perfusion and the Clinical Diagnosis of Brain Death: Setting the Gold Standard in Humans. <i>Clinical Neuroradiology</i> , 2019, 29, 575-577.	1.9	2
10	The perils of the best interests standard in end-of-life decision-making. <i>Journal of Critical Care</i> , 2019, 54, 290-291.	2.2	0
11	Are All Brain Death Controversies on The Internet Fake Medical News?. <i>Chest</i> , 2019, 155, 238-239.	0.8	0
12	Ethical and Legal Concerns With Nevada's Brain Death Amendments. <i>Journal of Bioethical Inquiry</i> , 2018, 15, 193-198.	1.5	12
13	Medical Assistance in Dying—Unanswered Questions. <i>JAMA Internal Medicine</i> , 2018, 178, 155.	5.1	0
14	Reappraisal of the Canadian Critical Care Society's position on withholding and withdrawing life-sustaining treatment. <i>Canadian Journal of Anaesthesia</i> , 2018, 65, 843-844.	1.6	2
15	Re A (A Child) and the United Kingdom Code of Practice for the Diagnosis and Confirmation of Death: Should a Secular Construct of Death Override Religious Values in a Pluralistic Society?. <i>HEC Forum</i> , 2018, 30, 71-89.	0.8	23
16	Legislative Enforcement of Nonconsensual Determination of Neurological (Brain) Death in Muslim Patients: A Violation of Religious Rights. <i>Journal of Religion and Health</i> , 2018, 57, 649-661.	1.7	10
17	Conscientious objection by healthcare professionals to end-of-life organ donation practices: A response to Shaw et al. <i>Journal of the Intensive Care Society</i> , 2018, 19, NP2-NP4.	2.2	2
18	Reader response: An interdisciplinary response to contemporary concerns about brain death determination. <i>Neurology</i> , 2018, 91, 533-534.	1.1	0

#	ARTICLE	IF	CITATIONS
19	Neuroscience and Brain Death Controversies: The Elephant in the Room. <i>Journal of Religion and Health</i> , 2018, 57, 1745-1763.	1.7	34
20	Letter: Can Islamic Jurisprudence Justify Procurement of Transplantable Vital Organs in Brain Death?. <i>Journal of Clinical Ethics</i> , 2018, 29, 162-163.	0.3	1
21	Advancing neuroscience research in brain death: An ethical obligation to society. <i>Journal of Critical Care</i> , 2017, 39, 293-294.	2.2	2
22	Empirical Clinical Research in Continuous Deep Sedation at the End of Life. <i>Journal of Pain and Symptom Management</i> , 2017, 53, e10-e12.	1.2	1
23	In re guardianship of Hailu: The Nevada Supreme Court casts doubt on the standard for brain death diagnosis. <i>Medicine, Science and the Law</i> , 2017, 57, 100-102.	1.0	6
24	Judicial oversight of life-ending withdrawal of assisted nutrition and hydration in disorders of consciousness in the United Kingdom: A matter of life and death. <i>Medico-Legal Journal</i> , 2017, 85, 148-154.	0.5	6
25	Nonconsensual Determination of Neurologic (Brain) Death. <i>Chest</i> , 2017, 152, 903-904.	0.8	4
26	Structural Neuroimaging and Early Neuroprognostication of Hypoxic-Ischemic Brain Injury in Cardiac Arrest Survivors. <i>Critical Care Medicine</i> , 2017, 45, e875.	0.9	1
27	Sensory Input and Motor Responses After Brain Death Diagnosis. <i>Journal of Intensive Care Medicine</i> , 2017, 32, 174-174.	2.8	2
28	First Do No Harm in End-of-Life Care: A Comment on the 2015 American Heart Association Guidelines for Post-Resuscitation Care of Cardiopulmonary Arrest. <i>Journal of Palliative Medicine</i> , 2016, 19, 349-350.	1.1	0
29	Deconstructing the Code of Medical Ethics and Practice in End-of-Life Care Disputes. <i>Chest</i> , 2016, 150, 1425-1426.	0.8	0
30	Neuroscience and awareness in the dying human brain: Implications for organ donation practices. <i>Journal of Critical Care</i> , 2016, 34, 121-123.	2.2	16
31	The Canadian guidelines for the withdrawal of life-sustaining treatment: the role of evidence. <i>Intensive Care Medicine</i> , 2016, 42, 1301-1302.	8.2	1
32	Uniformly defining continuous deep sedation. <i>Lancet Oncology</i> , The, 2016, 17, e89.	10.7	15
33	American Academy of Neurology Guidelines and the Neurologic Determination of Death. <i>JAMA Neurology</i> , 2016, 73, 760.	9.0	8
34	A Response to the Legitimacy of Brain Death in Islam. <i>Journal of Religion and Health</i> , 2016, 55, 1198-1205.	1.7	12
35	When Brain Death Belies Belief. <i>Journal of Religion and Health</i> , 2016, 55, 2199-2213.	1.7	12
36	Campaigning for Organ Donation at Mosques. <i>HEC Forum</i> , 2016, 28, 193-204.	0.8	12

#	ARTICLE	IF	CITATIONS
37	The Standardization Approach in End-of-Life Withdrawal of Life-Sustaining Treatment. <i>Journal of Intensive Care Medicine</i> , 2016, 31, 290-292.	2.8	4
38	The US Uniform Determination of Death Act. <i>Chest</i> , 2015, 148, e69-e70.	0.8	0
39	The Safety of Terminal Withdrawal of Mechanical Ventilation in End-of-Life Care: Unanswered Questions. <i>Journal of Palliative Medicine</i> , 2015, 18, 908-909.	1.1	0
40	Scientific and Ethical Challenges in End-of-Life Organ Donation. <i>Critical Care Medicine</i> , 2015, 43, e526.	0.9	2
41	Brain Death and the Moral Code of Islam. <i>Chest</i> , 2015, 147, e69.	0.8	2
42	The Determination of Quality of Life and Medical Futility in Disorders of Consciousness: Reinterpreting the Moral Code of Islam. <i>American Journal of Bioethics</i> , 2015, 15, 14-16.	0.9	5
43	End-of-life organ donation: preserving public trust and professional integrity in intensive care medicine. <i>Intensive Care Medicine</i> , 2015, 41, 1734-1735.	8.2	2
44	Liverpool Care Pathway: life-ending pathway or palliative care pathway?. <i>Journal of Medical Ethics</i> , 2015, 41, 644-644.	1.8	4
45	The lack of scientific evidence in clinical practice guideline in brain death determination: Implications for organ donation and transplantation. <i>Indian Journal of Critical Care Medicine</i> , 2014, 18, 555-557.	0.9	4
46	Nonconsensual withdrawal of nutrition and hydration in prolonged disorders of consciousness: authoritarianism and trustworthiness in medicine. <i>Philosophy, Ethics, and Humanities in Medicine</i> , 2014, 9, 16.	1.5	13
47	Ethical Challenges With Deactivation of Durable Mechanical Circulatory Support at the End of Life. <i>Journal of Intensive Care Medicine</i> , 2014, 29, 3-12.	2.8	43
48	Lazarus phenomenon and clinical practice guidelines for death diagnosis: Regaining public trust in medical practice. <i>Resuscitation</i> , 2014, 85, e63.	3.0	6
49	The moral code in Islam and organ donation in Western countries: reinterpreting religious scriptures to meet utilitarian medical objectives. <i>Philosophy, Ethics, and Humanities in Medicine</i> , 2014, 9, 11.	1.5	28
50	Equating Brain Death With Human Death in Medical Practice. <i>Critical Care Medicine</i> , 2014, 42, e606-e607.	0.9	1
51	End-of-Life Care and Deactivation of Left Ventricular Assist Devices. <i>Critical Care Medicine</i> , 2014, 42, e534.	0.9	1
52	Persistent Activity on Electrocardiography and Electroencephalography After Acute Circulatory Arrest. <i>Critical Care Medicine</i> , 2014, 42, e681-e682.	0.9	2
53	Transparency and accountability in mass media campaigns about organ donation: a response to Morgan and Feeley. <i>Medicine, Health Care and Philosophy</i> , 2013, 16, 869-876.	1.8	6
54	Brain-Dead Patients are not Cadavers: The Need to Revise the Definition of Death in Muslim Communities. <i>HEC Forum</i> , 2013, 25, 25-45.	0.8	31

#	ARTICLE	IF	CITATIONS
55	The Ethics of Limiting Informed Debate: Censorship of Select Medical Publications in the Interest of Organ Transplantation. <i>Journal of Medicine and Philosophy</i> , 2013, 38, 625-638.	0.8	4
56	End-of-Life Care and the Withdrawal of Cardiorespiratory Life Support. <i>Critical Care Medicine</i> , 2013, 41, 2813-2815.	0.9	7
57	No-touch time in donors after cardiac death (nonheart-beating organ donation). <i>Current Opinion in Organ Transplantation</i> , 2013, 18, 140-147.	1.6	18
58	Patient's best interests and presumed consent in ante-mortem organ preservation in end-of-life care. <i>Clinical Medicine</i> , 2013, 13, 630.	1.9	0
59	Ethical Considerations in End-of-Life Deactivation of Durable Mechanical Circulatory Support Devices. <i>Journal of Palliative Medicine</i> , 2013, 16, 1498-1502.	1.1	3
60	Deep Sedation at the End of Life. <i>American Journal of Hospice and Palliative Medicine</i> , 2013, 30, 100-101.	1.4	4
61	Distress from voluntary refusal of food and fluids to hasten death: what is the role of continuous deep sedation?: Figure 1. <i>Journal of Medical Ethics</i> , 2012, 38, 510-512.	1.8	17
62	The Presumption of Intent for Organ Donation. <i>Journal of Intensive Care Medicine</i> , 2012, 27, 131-132.	2.8	0
63	Non-Heart-Beating Organ Donation in Patients with Amyotrophic Lateral Sclerosis: Why Is General Anaesthesia Necessary?. <i>Journal of Palliative Medicine</i> , 2012, 15, 505-506.	1.1	1
64	The general public is ready for transparency about organ donation at the end of life. <i>Emergency Medicine Journal</i> , 2012, 29, 858-859.	1.0	3
65	Antemortem Donor Bilateral Nephrectomy: A Violation of the Patient's Best Interests Standard. <i>American Journal of Bioethics</i> , 2012, 12, 17-20.	0.9	2
66	Abandoning inhumane terminal withdrawal of ventilatory support and extubation in the imminently dying. <i>Critical Care Medicine</i> , 2012, 40, 2004-2005.	0.9	1
67	Autoresuscitation and determining circulatory-respiratory death in clinical practice for organ donation*. <i>Critical Care Medicine</i> , 2012, 40, 1665-1656.	0.9	7
68	Mass media campaigns and organ donation: managing conflicting messages and interests. <i>Medicine, Health Care and Philosophy</i> , 2012, 15, 229-241.	1.8	42
69	Informed consent for organ-donor management research: Antemortem or postmortem human research. <i>Critical Care Medicine</i> , 2011, 39, 1605-1606.	0.9	6
70	Transparency in end-of-life care in the intensive care unit. <i>Critical Care Medicine</i> , 2011, 39, 2207-2208.	0.9	0
71	Modern medicine and the Hippocratic tradition of medicine: restoring professional values. <i>Intensive Care Medicine</i> , 2011, 37, 1392-1393.	8.2	2
72	Continuous Deep Sedation in End-of-Life Care: Disentangling Palliation From Physician-Assisted Death. <i>American Journal of Bioethics</i> , 2011, 11, 60-62.	0.9	15

#	ARTICLE	IF	CITATIONS
73	Justifying Physician-Assisted Death in Organ Donation. <i>American Journal of Bioethics</i> , 2011, 11, 52-54.	0.9	8
74	Quality Palliative Care or Physician-assisted Death: A Comment on the French Perspective of End-of-life Care in Neurological Disorders. <i>Journal of Clinical Research & Bioethics</i> , 2011, 02, .	0.2	6
75	Evidence-based guideline update: Determining brain death in adults: report of the Quality Standards Subcommittee of the American Academy of Neurology. <i>Neurology</i> , 2011, 76, 308; author reply 308-9.	1.1	2
76	General Anesthesia for Surgical Procurement in Non-Heart-Beating Organ Donation. <i>Anesthesia and Analgesia</i> , 2010, 111, 1562.	2.2	9
77	Conversion of catastrophic neurological injuries to heart-beating organ donation. <i>Intensive Care Medicine</i> , 2010, 36, 2158-2159.	8.2	3
78	Scientific, legal, and ethical challenges of end-of-life organ procurement in emergency medicine. <i>Resuscitation</i> , 2010, 81, 1069-1078.	3.0	45
79	End-of-life discontinuation of destination therapy with cardiac and ventilatory support medical devices: physician-assisted death or allowing the patient to die?. <i>BMC Medical Ethics</i> , 2010, 11, 15.	2.4	3
80	Pediatric Organ Donation and Transplantation Policy Statement: More Questions, not Answers. <i>Pediatrics</i> , 2010, 126, e489-e491.	2.1	3
81	Continuous Deep Sedation Until Death: Palliation or Physician-Assisted Death?. <i>American Journal of Hospice and Palliative Medicine</i> , 2010, 27, 205-214.	1.4	66
82	Normative consent and presumed consent for organ donation: a critique. <i>Journal of Medical Ethics</i> , 2010, 36, 498-499.	1.8	14
83	The practice of medicine and the utilitarian redefinition of the beginning and end of human life. <i>Journal of King Abdulaziz University, Islamic Economics</i> , 2010, 31, 718-20; author reply 720-1.	1.1	5
84	Futility and End-of-Life Organ Donation After Traumatic Injuries: Caring for Organs or Patients. <i>Archives of Surgery</i> , 2009, 144, 91.	2.2	1
85	Brain death, states of impaired consciousness, and physician-assisted death for end-of-life organ donation and transplantation. <i>Medicine, Health Care and Philosophy</i> , 2009, 12, 409-421.	1.8	50
86	Islam and End-of-Life Practices in Organ Donation for Transplantation: New Questions and Serious Sociocultural Consequences. <i>HEC Forum</i> , 2009, 21, 175-205.	0.8	41
87	Presumed consent for organ preservation in uncontrolled donation after cardiac death in the United States: a public policy with serious consequences. <i>Philosophy, Ethics, and Humanities in Medicine</i> , 2009, 4, 15.	1.5	27
88	Enforcement of presumed-consent policy and willingness to donate organs as identified in the European Union Survey: The role of legislation in reinforcing ideology in pluralistic societies. <i>Health Policy</i> , 2009, 90, 26-31.	3.0	27
89	Islam and physician-assisted death. <i>Critical Care Medicine</i> , 2009, 37, 2493-2494.	0.9	2
90	Clinical Guidelines and Clinicians' Intentions in End-Of-Life Care. <i>Chest</i> , 2009, 135, 1696-1697.	0.8	8

#	ARTICLE	IF	CITATIONS
91	Islam and end-of-life organ donation. Asking the right questions. Journal of King Abdulaziz University, Islamic Economics, 2009, 30, 882-6.	1.1	12
92	Ethical challenges with the left ventricular assist device as a destination therapy. Philosophy, Ethics, and Humanities in Medicine, 2008, 3, 20.	1.5	103
93	Determinants of moral distress in medical and surgical nurses at an adult acute tertiary care hospital. Journal of Nursing Management, 2008, 16, 360-373.	3.4	159
94	Hypothetical modeling about the cost effectiveness of kidney transplantation for end-stage renal disease: Untested assumptions, unaccounted variables and unknown consequences. Health Policy, 2008, 88, 392-396.	3.0	4
95	Organ Procurement After Cardiocirculatory Death: A Critical Analysis. Journal of Intensive Care Medicine, 2008, 23, 303-312.	2.8	35
96	Organ procurement and futile medical care. Cmaj, 2008, 178, 439-440.	2.0	1
97	The Entertainment Media Framing of Organ Donation: Second-Hand Reality Balancing the Ideological Bias of Education Campaigns. Health Communication, 2008, 23, 394-395.	3.1	4
98	End-of-life care and organ procurement for transplantation: Palliation or euthanasia?. Critical Care Medicine, 2008, 36, 2481-2482.	0.9	3
99	Legislation of Presumed Consent for End-Of-Life Organ Donation in the United Kingdom (UK): Undermining Values in a Multicultural Society. Clinics, 2008, 63, 297-300.	1.5	5
100	Organ donation after cardiac death: legal and ethical justifications for antemortem interventions. Medical Journal of Australia, 2008, 188, 186-186.	1.7	3
101	Do donation after cardiac death protocols violate criminal homicide statutes?. Medicine and Law, 2008, 27, 241-57.	0.0	12
102	Growing concerns about brain death and organ donation. Indian Pediatrics, 2008, 45, 883-8.	0.4	3
103	Organ donation after cardiocirculatory death. Cmaj, 2007, 176, 1735-1736.	2.0	4
104	Defining the Scope of Implied Consent in the Emergency Department: Shortchanging Patients' Right to Self Determination. American Journal of Bioethics, 2007, 7, 51-52.	0.9	2
105	“Non-heart-beating” or “cardiac death” organ donation: Why we should care. Journal of Hospital Medicine, 2007, 2, 324-334.	1.4	26
106	The United States Revised Uniform Anatomical Gift Act (2006): New challenges to balancing patient rights and physician responsibilities. Philosophy, Ethics, and Humanities in Medicine, 2007, 2, 19.	1.5	46
107	Recovery of transplantable organs after cardiac or circulatory death: Transforming the paradigm for the ethics of organ donation. Philosophy, Ethics, and Humanities in Medicine, 2007, 2, 8.	1.5	50
108	Negative attitudes and feelings of well-educated people about organ donation for transplantation. Transplant International, 2007, 20, 906-907.	1.6	6
