#	ARTICLE	IF	CITATIONS
1	Sugar-sweetened beverage consumption and overweight and obesity in adolescents in Ho Chi Minh City, Vietnam: a population-based analysis. <i>Pediatrics International</i> , 2022, 64, .	0.5	5
2	The Shishu Pushti Trial-Extended Peer Counseling for Improving Feeding Practices and Reducing Undernutrition in Children Aged 0-48 Months in Urban Bangladesh: Protocol for a Cluster-Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2022, 11, e31475.	1.0	1
3	Breastfeeding perceptions and exclusive breastfeeding practices: A qualitative comparative study in rural and urban Central Java, Indonesia. <i>Appetite</i> , 2022, 170, 105907.	3.7	9
4	Pregnant Women's Exposure to Household Air Pollution in Rural Bangladesh: A Feasibility Study for Poriborton: The CHANge Trial. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 482.	2.6	7
5	Wealth- and education-related inequalities in minimum dietary diversity among Indonesian infants and young children: a decomposition analysis. <i>Global Health Action</i> , 2022, 15, 2040152.	1.9	2
6	Effect of a peer-led education intervention on dietary behaviour and physical activity among adolescents in Ho Chi Minh City, Vietnam: a pilot study. <i>European Journal of Clinical Nutrition</i> , 2022, , .	2.9	0
7	Protocol for a cluster randomised controlled trial of LPG cookstoves compared to usual cooking practices to reduce perinatal mortality and morbidity in rural Bangladesh called Poriborton: the CHANge trial. <i>Trials</i> , 2022, 23, 325.	1.6	2
8	The impact of a package of behaviour change interventions on breastfeeding practices in East Java Province, Indonesia. <i>Maternal and Child Nutrition</i> , 2022, , e13362.	3.0	2
9	The Role of mHealth Interventions in Changing Gender Relations: Systematic Review of Qualitative Findings. <i>JMIR Human Factors</i> , 2022, 9, e32330.	2.0	5
10	Determinants of low breastfeeding self-efficacy amongst mothers of children aged less than six months: results from the BADUTA study in East Java, Indonesia. <i>International Breastfeeding Journal</i> , 2021, 16, 12.	2.6	9
11	Modifiable socio-cultural beliefs and practices influencing early and adequate utilisation of antenatal care in rural Bangladesh: A qualitative study. <i>Midwifery</i> , 2021, 93, 102881.	2.3	4
12	Bovine Lactoferrin to Prevent Neonatal Infections in Low-Birth-Weight Newborns in Pakistan: Protocol for a Three-Arm Double-Blind Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2021, 10, e23994.	1.0	0
13	An analysis of the impact of newborn survival policies in Pakistan using a policy triangle framework. <i>Health Research Policy and Systems</i> , 2021, 19, 86.	2.8	4
14	Assessing the impact of a combined nutrition counselling and cash transfer intervention on women's empowerment in rural Bangladesh: a randomised control trial protocol. <i>BMJ Open</i> , 2021, 11, e044263.	1.9	1
15	Delayed Initiation of Breastfeeding and Role of Mode and Place of Childbirth: Evidence from Health Surveys in 58 Low- and Middle- Income Countries (2012-2017). <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5976.	2.6	16
16	"My husband is my family." The culture of pregnancy disclosure and its implications on early pregnancy registration in a child nutrition intervention in rural Maharashtra, India. <i>Midwifery</i> , 2021, 103, 103141.	2.3	4
17	Factors associated with delayed initiation of breastfeeding in health facilities: secondary analysis of Bangladesh demographic and health survey 2014. <i>International Breastfeeding Journal</i> , 2021, 16, 14.	2.6	19
18	"I should have seen her face at least once": parent's and healthcare providers' experiences and practices of care after stillbirth in Kabul province, Afghanistan. <i>Journal of Perinatology</i> , 2021, 41, 2182-2195.	2.0	5

#	ARTICLE	IF	CITATIONS
19	Barriers to uptaking HIV testing among pregnant women attending antenatal clinics in low- and middle-income countries: A systematic review of qualitative findings. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2021, 61, 817-829.	1.0	4
20	Trends and determinants of minimum dietary diversity among children aged 6-23 months: a pooled analysis of Indonesia Demographic and Health Surveys from 2007 to 2017. <i>Public Health Nutrition</i> , 2021, 1-28.	2.2	10
21	Traditional practices during pregnancy and birth, and perceptions of perinatal losses in women of rural Pakistan. <i>Midwifery</i> , 2020, 91, 102854.	2.3	7
22	Shonjibon cash and counselling: a community-based cluster randomised controlled trial to measure the effectiveness of unconditional cash transfers and mobile behaviour change communications to reduce child undernutrition in rural Bangladesh. <i>BMC Public Health</i> , 2020, 20, 1776.	2.9	4
23	How Can We Improve the Consumption of a Nutritionally Balanced Maternal Diet in Rural Bangladesh? The Key Elements of the "Balanced Plate" Intervention. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 6289.	2.6	8
24	Effect of an Integrated Package of Nutrition Behavior Change Interventions on Infant and Young Child Feeding Practices and Child Growth from Birth to 18 Months: Cohort Evaluation of the Baduta Cluster Randomized Controlled Trial in East Java, Indonesia. <i>Nutrients</i> , 2020, 12, 3851.	4.1	8
25	Exploring women's experience of healthcare use during pregnancy and childbirth to understand factors contributing to perinatal deaths in Pakistan: A qualitative study. <i>PLoS ONE</i> , 2020, 15, e0232823.	2.5	7
26	"In the past, the seeds I planted often didn't grow." A Mixed-Methods Feasibility Assessment of Integrating Agriculture and Nutrition Behaviour Change Interventions with Cash Transfers in Rural Bangladesh. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 4153.	2.6	7
27	A Feasibility Study Assessing Acceptability and Supply Issues of Distributing LPG Cookstoves and Gas Cylinders to Pregnant Women Living in Rural Bangladesh for Poriborton: The CHANge Trial. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 848.	2.6	7
28	Understanding pathways leading to stillbirth: The role of care-seeking and care received during pregnancy and childbirth in Kabul province, Afghanistan. <i>Women and Birth</i> , 2020, 33, 544-555.	2.0	9
29	Self-adopted "natural users" of liquid petroleum gas for household cooking by pregnant women in rural Bangladesh: characteristics of high use and opportunities for intervention. <i>Environmental Research Letters</i> , 2020, 15, 095008.	5.2	10
30	Evaluation of a Package of Behaviour Change Interventions (Baduta Program) to Improve Maternal and Child Nutrition in East Java, Indonesia: Protocol for an Impact Study. <i>JMIR Research Protocols</i> , 2020, 9, e18521.	1.0	6
31	Improving the Lifestyle of Adolescents Through Peer Education and Support in Vietnam: Protocol for a Pilot Cluster Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2020, 9, e15930.	1.0	3
32	Title is missing!. , 2020, 15, e0232823.		0
33	Title is missing!. , 2020, 15, e0232823.		0
34	Title is missing!. , 2020, 15, e0232823.		0
35	Title is missing!. , 2020, 15, e0232823.		0
36	Title is missing!. , 2020, 15, e0232823.		0

#	ARTICLE	IF	CITATIONS
37	Title is missing!. , 2020, 15, e0232823.		0
38	Assessing the Intergenerational Linkage between Short Maternal Stature and Under-Five Stunting and Wasting in Bangladesh. <i>Nutrients</i> , 2019, 11, 1818.	4.1	29
39	How community and healthcare provider perceptions, practices and experiences influence reporting, disclosure and data collection on stillbirth: Findings of a qualitative study in Afghanistan. <i>Social Science and Medicine</i> , 2019, 236, 112413.	3.8	18
40	Early initiation of breastfeeding and severe illness in the early newborn period: An observational study in rural Bangladesh. <i>PLoS Medicine</i> , 2019, 16, e1002904.	8.4	28
41	Mâ€šAKHIâ€š”Mobile health solutions to help community providers promote maternal and infant nutrition and health using a communityâ€šbased cluster randomized controlled trial in rural India: A study protocol. <i>Maternal and Child Nutrition</i> , 2019, 15, e12850.	3.0	15
42	Risk of adverse pregnancy outcomes associated with short and long birth intervals in Bangladesh: evidence from six Bangladesh Demographic and Health Surveys, 1996â€š2014. <i>BMJ Open</i> , 2019, 9, e024392.	1.9	22
43	Perceptions and practices related to birthweight in rural Bangladesh: Implications for neonatal health programs in low- and middle-income settings. <i>PLoS ONE</i> , 2019, 14, e0221691.	2.5	11
44	Effectiveness of a mobile health intervention on infant and young child feeding among children â€š 24 months of age in rural Islamabad over six months duration. <i>F1000Research</i> , 2019, 8, 551.	1.6	4
45	Household Food Security and Birth Size of Infants: Analysis of the Bangladesh Demographic and Health Survey 2011. <i>Current Developments in Nutrition</i> , 2018, 2, nzy003.	0.3	23
46	Exploring the intergenerational effects of undernutrition: association of maternal height with neonatal, infant and under-five mortality in Bangladesh. <i>BMJ Global Health</i> , 2018, 3, e000881.	4.7	15
47	Variations in perinatal mortality associated with different polluting fuel types and kitchen location in Bangladesh. <i>International Journal of Occupational and Environmental Health</i> , 2018, 24, 47-54.	1.2	16
48	Barriers Faced by the Health Workers to Deliver Maternal Care Services and Their Perceptions of the Factors Preventing Their Clients from Receiving the Services: A Qualitative Study in South Sudan. <i>Maternal and Child Health Journal</i> , 2018, 22, 1598-1606.	1.5	11
49	A community-based cluster randomised controlled trial in rural Bangladesh to evaluate the impact of the use of iron-folic acid supplements early in pregnancy on the risk of neonatal mortality: the Shonjibon trial. <i>BMC Public Health</i> , 2018, 18, 816.	2.9	3
50	How can mobile phones be used to improve nutrition service delivery in rural Bangladesh?. <i>BMC Health Services Research</i> , 2018, 18, 530.	2.2	14
51	â€šThe system here isnâ€št on patientsâ€š sideâ€š perspectives of women and men on the barriers to accessing and utilizing maternal healthcare services in South Sudan. <i>BMC Health Services Research</i> , 2018, 18, 10.	2.2	31
52	Mobile-Based Nutrition Counseling and Unconditional Cash Transfers for Improving Maternal and Child Nutrition in Bangladesh: Pilot Study. <i>JMIR MHealth and UHealth</i> , 2018, 6, e156.	3.7	24
53	Making a balanced plate for pregnant women to improve birthweight of infants: a study protocol for a cluster randomised controlled trial in rural Bangladesh. <i>BMJ Open</i> , 2017, 7, e015393.	1.9	12
54	Perceptions and Practices Related to Obesity in Adolescent Students and Their Programmatic Implications: Qualitative Evidence from Ho Chi Minh City, Vietnam. <i>Maternal and Child Health Journal</i> , 2017, 21, 2199-2208.	1.5	6

#	ARTICLE	IF	CITATIONS
55	Factors associated with intention to exclusive breastfeed in central women's hospital, Yangon, Myanmar. <i>International Breastfeeding Journal</i> , 2017, 12, 29.	2.6	13
56	Mobile Phone Short Messages to Improve Breastfeeding Feeding Practices: A Study Protocol for a Randomized Controlled Trial in Yangon, Myanmar. <i>JMIR Research Protocols</i> , 2017, 6, e126.	1.0	14
57	Household Air Pollution Intervention Implications: Findings from Qualitative Studies and a Field Trial of Clean Cookstoves in Two Rural Villages in India. <i>International Journal of Environmental Research and Public Health</i> , 2016, 13, 893.	2.6	20
58	A formative study to inform mHealth based randomized controlled trial intervention to promote exclusive breastfeeding practices in Myanmar: incorporating qualitative study findings. <i>BMC Medical Informatics and Decision Making</i> , 2016, 16, 60.	3.0	29
59	Qualitative exploration of facilitating factors and barriers to use of antenatal care services by pregnant women in urban and rural settings in Pakistan. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 42.	2.4	21
60	Sociocultural factors perpetuating the practices of early marriage and childbirth in Sylhet District, Bangladesh. <i>International Health</i> , 2015, 7, 212-217.	2.0	20
61	How can formative research inform the design of an iron-folic acid supplementation intervention starting in first trimester of pregnancy in Bangladesh?. <i>BMC Public Health</i> , 2015, 15, 374.	2.9	45
62	Function, health and psychosocial needs in job-seekers with anxiety, mood, and psychotic disorders who access disability employment services. <i>Work</i> , 2014, 49, 271-279.	1.1	5
63	A study of physician collaborations through social network and exponential random graph. <i>BMC Health Services Research</i> , 2013, 13, 234.	2.2	39
64	Maternal empowerment and healthcare access determines stillbirths and early neonatal mortality in Pakistan: analysis of demographic and health survey 2012-13. <i>Journal of Global Health Reports</i> , 0, 2, .	1.0	5
