#	ARTICLE	IF	CITATIONS
1	Unexplained variation in hospital caesarean section rates. <i>Medical Journal of Australia</i> , 2013, 199, 348-353.	0.8	55
2	Variation in hospital caesarean section rates and obstetric outcomes among nulliparae at term: a population-based cohort study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2015, 122, 702-711.	1.1	53
3	Inconsistent Evidence: Analysis of Six National Guidelines for Vaginal Birth After Cesarean Section. <i>Birth</i> , 2010, 37, 3-10.	1.1	45
4	Trends in planned early birth: a population-based study. <i>American Journal of Obstetrics and Gynecology</i> , 2012, 207, 186.e1-186.e8.	0.7	43
5	A Case of Placenta Percreta Presenting in the First Trimester of Pregnancy. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 1987, 27, 258-260.	0.4	32
6	An integrated service network in maternity— the implementation of a midwifery-led unit. <i>Australian Health Review</i> , 2005, 29, 332.	0.5	30
7	Stomas and Pregnancy. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 1993, 33, 322-324.	0.4	23
8	Outcomes of breech birth by mode of delivery: a population linkage study. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2016, 56, 453-459.	0.4	21
9	What factors contribute to hospital variation in obstetric transfusion rates?. <i>Vox Sanguinis</i> , 2015, 108, 37-45.	0.7	20
10	Stillbirth in Australia 2: Working together to reduce stillbirth in Australia: The Safer Baby Bundle initiative. <i>Women and Birth</i> , 2020, 33, 514-519.	0.9	17
11	Rate of spontaneous onset of labour before planned repeat caesarean section at term. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 125.	0.9	16
12	Long-term childhood outcomes of breech presentation by intended mode of delivery: a population record linkage study. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2017, 96, 342-351.	1.3	15
13	Variation in hospital caesarean section rates for preterm births. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2015, 55, 350-356.	0.4	14
14	Development of a maternity hospital classification for use in perinatal research. <i>NSW Public Health Bulletin</i> , 2012, 23, 12.	0.3	13
15	Predicting date of birth and examining the best time to date a pregnancy. <i>International Journal of Gynecology and Obstetrics</i> , 2013, 123, 105-109.	1.0	13
16	Successful pregnancy outcome with the use of antenatal high-dose intravenous immunoglobulin following previous neonatal death associated with neonatal haemochromatosis. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2010, 50, 403-405.	0.4	10
17	Successful obstetric outcome after simultaneous pancreas and kidney transplantation. <i>Medical Journal of Australia</i> , 1999, 170, 368-370.	0.8	10
18	Uptake of external cephalic version for term breech presentation: an Australian population study, 2002—2012. <i>BMC Pregnancy and Childbirth</i> , 2017, 17, 244.	0.9	9

#	ARTICLE	IF	CITATIONS
19	Haemoglobin trajectories during pregnancy and associated outcomes using pooled maternity and hospitalization data from two tertiary hospitals. <i>Vox Sanguinis</i> , 2019, 114, 842-852.	0.7	9
20	Piloting a Telephone Based Health Coaching Program for Pregnant Women: A Mixed Methods Study. <i>Maternal and Child Health Journal</i> , 2019, 23, 307-315.	0.7	9
21	The Short-term Outcome of Singleton Infants Delivered Before 28 Weeks' Gestation. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 1991, 31, 103-107.	0.4	8
22	The Short-term Outcome of Infants of Multiple Pregnancies Delivered Before 28 Weeks' Gestation. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 1991, 31, 108-110.	0.4	8
23	Contribution of changing risk factors to the trend in breech presentation at term. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2016, 56, 564-570.	0.4	6
24	Thromboembolism Treated with Low Molecular Weight Heparin in a Pregnancy Complicated by Major Placenta Praevia: A Case Report. <i>Journal of Obstetrics and Gynaecology Research</i> , 1997, 23, 205-208.	0.6	5
25	Gestational breast cancer in New South Wales: A population-based linkage study of incidence, management, and outcomes. <i>PLoS ONE</i> , 2021, 16, e0245493.	1.1	5
26	Getting evidence into obstetric practice: appropriate timing of elective caesarean section. <i>Australian Health Review</i> , 2010, 34, 90.	0.5	4
27	Induction of labour practices in New South Wales hospitals: Before and after a statewide policy. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2017, 57, 111-114.	0.4	2
28	Getting evidence into obstetric and midwifery practice: reducing perineal trauma. <i>Australian Health Review</i> , 2006, 30, 462.	0.5	1
29	Comparison of group O Rh(D) ⁺ red blood cell use in pregnant women across hospitals of various sizes and obstetric capabilities prior to the introduction of patient blood management guidelines. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2020, 60, 498-503.	0.4	1
30	Re: Generic obstetric database systems are unreliable for reporting the hypertensive disorders of pregnancy ¹ . <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2005, 45, 341-342.	0.4	0
