#	Paper	IF	Citations
140	Changes in substance use and other reinforcing behaviours during the COVID-19 crisis in a general population cohort study of young Swiss men. <i>Journal of Behavioral Addictions</i> , 2021 ,	6.3	1
139	Exploring Clinical Practice and Developing Clinician Self-Reflection Through Cross Self-Confrontation Methodology: An Application Within an Addiction Medicine Unit. <i>Global Qualitative Nursing Research</i> , 2021 , 8, 23333936211054800	0.9	
138	Alcohol consumption and neurocognitive deficits in people with well-treated HIV in Switzerland. <i>PLoS ONE</i> , 2021 , 16, e0246579	3.7	2
137	Evolution of the Illegal Substances Market and Substance Users' Social Situation and Health during the COVID-19 Pandemic. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	3
136	The psychological impact of the COVID-19 crisis is higher among young Swiss men with a lower socioeconomic status: Evidence from a cohort study. <i>PLoS ONE</i> , 2021 , 16, e0255050	3.7	4
135	Protective behavioral strategies and alcohol outcomes: Impact of mood and personality disorders. <i>Addictive Behaviors</i> , 2021 , 112, 106615	4.2	3
134	Developing a brief motivational intervention for young adults admitted with alcohol intoxication in the emergency department - Results from an iterative qualitative design. <i>PLoS ONE</i> , 2021 , 16, e0246652	3.7	2
133	Motivational interviewing technical and relational skills, change talk, and alcohol outcomes-A moderated mediation analysis. <i>Journal of Consulting and Clinical Psychology</i> , 2021 , 89, 707-716	6.5	0
132	Does Case Management Provide Support for Staff Facing Frequent Users of Emergency Departments? A Comparative Mixed-Method Evaluation of ED Staff Perception. <i>BMC Emergency Medicine</i> , 2021 , 21, 92	2.4	0
131	The Outcome Reporting in Brief Intervention Trials: Alcohol (ORBITAL) Core Outcome Set: International Consensus on Outcomes to Measure in Efficacy and Effectiveness Trials of Alcohol Brief Interventions. <i>Journal of Studies on Alcohol and Drugs</i> , 2021 , 82, 638-646	1.9	3
130	The psychological impact of the COVID-19 crisis on young Swiss men participating in a cohort study. <i>Swiss Medical Weekly</i> , 2021 , 151, w30028	3.1	4
129	Health care providers' perception of the frequent emergency department user issue and of targeted case management interventions: a cross-sectional national survey in Switzerland. <i>BMC Emergency Medicine</i> , 2021 , 21, 4	2.4	4
128	The Impact of Binge Drinking on Mortality and Liver Disease in the Swiss HIV Cohort Study. <i>Journal of Clinical Medicine</i> , 2021 , 10,	5.1	5
127	Healthcare Providers' Perceptions of Challenges with Frequent Users of Emergency Department Care in Switzerland: A Qualitative Study. <i>Inquiry (United States)</i> , 2021 , 58, 469580211028173	1.4	1
126	The "Outcome Reporting in Brief Intervention Trials: Alcohol" (ORBITAL) Core Outcome Set: International Consensus on Outcomes to Measure in Efficacy and Effectiveness Trials of Alcohol Brief Interventions. <i>Journal of Studies on Alcohol and Drugs</i> , 2021 , 82, 638-646	1.9	
125	Screening for alcohol use disorder among individuals with comorbid psychiatric disorders: Diagnostic accuracy in a sample of young Swiss men. <i>Addictive Behaviors</i> , 2020 , 106, 106354	4.2	2
124	Smartphone-based secondary prevention intervention for university students with unhealthy alcohol use identified by screening: study protocol of a parallel group randomized controlled trial. <i>Trials</i> , 2020 , 21, 191	2.8	2

123	Performance of self-reported measures of alcohol use and of harmful drinking patterns against ethyl glucuronide hair testing among young Swiss men. <i>PLoS ONE</i> , 2020 , 15, e0244336	3.7	3
122	Identifying an accurate self-reported screening tool for alcohol use disorder: evidence from a Swiss, male population-based assessment. <i>Addiction</i> , 2020 , 115, 426-436	4.6	6
121	A randomized trial of brief web-based prevention of unhealthy alcohol use: Participant self-selection compared to a male young adult source population. <i>Internet Interventions</i> , 2020 , 19, 1002984	4.4	4
120	Further Utilization of Emergency Department and Inpatient Psychiatric Services Among Young Adults Admitted at the Emergency Department With Clinical Alcohol Intoxication. <i>Journal of Addiction Medicine</i> , 2020 , 14, 32-38	3.8	3
119	Electronic screening and brief intervention for unhealthy alcohol use in primary care waiting rooms - A pilot project. <i>Substance Abuse</i> , 2020 , 41, 347-355	3.8	1
118	Performance of self-reported measures of alcohol use and of harmful drinking patterns against ethyl glucuronide hair testing among young Swiss men 2020 , 15, e0244336		
117	Performance of self-reported measures of alcohol use and of harmful drinking patterns against ethyl glucuronide hair testing among young Swiss men 2020 , 15, e0244336		
116	Performance of self-reported measures of alcohol use and of harmful drinking patterns against ethyl glucuronide hair testing among young Swiss men 2020 , 15, e0244336		
115	Performance of self-reported measures of alcohol use and of harmful drinking patterns against ethyl glucuronide hair testing among young Swiss men 2020 , 15, e0244336		
114	Implementing a case management intervention for frequent users of the emergency department (I-CaM): an effectiveness-implementation hybrid trial study protocol. <i>BMC Health Services Research</i> , 2019 , 19, 28	2.9	7
113	Attention deficit hyperactivity disorder and future alcohol outcomes: Examining the roles of coping and enhancement drinking motives among young men. <i>PLoS ONE</i> , 2019 , 14, e0218469	3.7	6
112	Alcohol-induced blackouts at age 20 predict the incidence, maintenance and severity of alcohol dependence at age 25: a prospective study in a sample of young Swiss men. <i>Addiction</i> , 2019 , 114, 1556-1566	4.6	18
111	Longitudinal Associations Between Life Satisfaction and Cannabis Use Initiation, Cessation, and Disorder Symptom Severity in a Cohort of Young Swiss Men. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	2
110	Comparing Mental Health across Distinct Groups of Users of Psychedelics, MDMA, Psychostimulants, and Cannabis. <i>Journal of Psychoactive Drugs</i> , 2019 , 51, 236-246	3.6	2
109	Protective Behavioral Strategies Scale-20: Psychometric properties of a French and German version among young males in Switzerland. <i>International Journal of Methods in Psychiatric Research</i> , 2019 , 28, e1777	4.3	2
108	Interpretation of DSM-5 alcohol use disorder criteria in self-report surveys may change with age. A longitudinal analysis of young Swiss men. <i>Addiction Research and Theory</i> , 2019 , 27, 489-497	2.6	5
107	Depressive symptoms, alcohol use and coping drinking motives: Examining various pathways to suicide attempts among young men. <i>Journal of Affective Disorders</i> , 2018 , 232, 243-251	6.6	18
106	Snus and Snuff Use in Switzerland Among Young Men: Are There Beneficial Effects on Smoking?. <i>Nicotine and Tobacco Research</i> , 2018 , 20, 1301-1309	4.9	4

105	Four-year follow-up of an internet-based brief intervention for unhealthy alcohol use in young men. <i>Addiction</i> , 2018 , 113, 1517-1521	4.6	3
104	Using case management in a universal health coverage system to improve quality of life of frequent Emergency Department users: a randomized controlled trial. <i>Quality of Life Research</i> , 2018 , 27, 503-513	3.7	14
103	Do sensation seeking and aggression traits moderate the association between peer influence and alcohol outcomes among young Swiss men?. <i>Addiction Research and Theory</i> , 2018 , 26, 52-62	2.6	
102	Characteristics and predictors of mortality among frequent users of an Emergency Department in Switzerland. <i>European Journal of Emergency Medicine</i> , 2018 , 25, 140-146	2.3	4
101	Comparison of self-reported measures of alcohol-related dependence among young Swiss men: a study protocol for a cross-sectional controlled sample. <i>BMJ Open</i> , 2018 , 8, e023632	3	7
100	Health care costs of case management for frequent users of the emergency department: Hospital and insurance perspectives. <i>PLoS ONE</i> , 2018 , 13, e0199691	3.7	6
99	Cigarette and Cannabis Use in Young Swiss Men: Examination of the Bidirectional, Longitudinal Associations Between Frequency of Use and Descriptive Norms. <i>Journal of Studies on Alcohol and Drugs</i> , 2018 , 79, 585-590	1.9	1
98	Non-medical use of prescription drugs by young men: impact of potentially traumatic events and of social-environmental stressors. <i>Högre Utbildning</i> , 2018 , 9, 1468706	5	7
97	Cigarette and Cannabis Use in Young Swiss Men: Examination of the Bidirectional, Longitudinal Associations Between Frequency of Use and Descriptive Norms. <i>Journal of Studies on Alcohol and Drugs</i> , 2018 , 79, 585-590	1.9	
96	Associations between perceived discrimination and health status among frequent Emergency Department users. <i>European Journal of Emergency Medicine</i> , 2017 , 24, 136-141	2.3	10
95	Smartphone application for unhealthy alcohol use: A pilot study. <i>Substance Abuse</i> , 2017 , 38, 285-291	3.8	15
94	Six-month outcomes among socially marginalized alcohol and drug users attending a drop-in center allowing alcohol consumption. <i>International Journal of Drug Policy</i> , 2017 , 41, 65-73	5.5	6
93	Substance Use in Young Swiss Men: The Interplay of Perceived Social Support and Dispositional Characteristics. <i>Substance Use and Misuse</i> , 2017 , 52, 798-810	2.2	9
92	Cost-Effectiveness of Nalmefene Added to Psychosocial Support for the Reduction of Alcohol Consumption in Alcohol-Dependent Patients With High/Very High Drinking Risk Levels: A Microsimulation Model. <i>Journal of Studies on Alcohol and Drugs</i> , 2017 , 78, 867-876	1.9	5
91	Readiness to Change Predicts Drinking: Findings from 12-Month Follow-Up of Alcohol Use Disorder Outpatients. <i>Alcohol and Alcoholism</i> , 2017 , 52, 65-71	3.5	20
90	Case Management may Reduce Emergency Department Frequent use in a Universal Health Coverage System: a Randomized Controlled Trial. <i>Journal of General Internal Medicine</i> , 2017 , 32, 508-515 ⁴		33
89	Emerging Adulthood: A Time of Changes in Psychosocial Well-Being. <i>Evaluation and the Health Professions</i> , 2017 , 40, 383-400	2.5	26
88	Family-Related Stress versus External Stressors: Differential Impacts on Alcohol and Illicit Drug Use in Young Men. <i>European Addiction Research</i> , 2017 , 23, 284-297	4.6	7

87	Latent Class Analysis of Gambling Activities in a Sample of Young Swiss Men: Association with Gambling Problems, Substance Use Outcomes, Personality Traits and Coping Strategies. <i>Journal of Gambling Studies</i> , 2016 , 32, 421-40	3	21
86	Women and Men Admitted for Alcohol Intoxication at an Emergency Department: Alcohol Use Disorders, Substance Use and Health and Social Status 7 Years Later. <i>Alcohol and Alcoholism</i> , 2016 , 51, 567-75	3.5	20
85	Risky substance use and peer pressure in Swiss young men: Test of moderation effects. <i>Drug and Alcohol Dependence</i> , 2016 , 168, 89-98	4.9	7
84	Socioeconomic status and substance use among Swiss young men: a population-based cross-sectional study. <i>BMC Public Health</i> , 2016 , 16, 333	4.1	27
83	Change Talk During Brief Motivational Intervention With Young Adult Males: Strength Matters. <i>Journal of Substance Abuse Treatment</i> , 2016 , 65, 58-65	4.2	18
82	Bidirectional relationship between the body mass index and substance use in young men. <i>Substance Abuse</i> , 2016 , 37, 190-6	3.8	5
81	E-cigarette use in young Swiss men: is vaping an effective way of reducing or quitting smoking?. <i>Swiss Medical Weekly</i> , 2016 , 146, w14271	3.1	38
80	Under what conditions? Therapist and client characteristics moderate the role of change talk in brief motivational intervention. <i>Journal of Consulting and Clinical Psychology</i> , 2016 , 84, 211-20	6.5	20
79	Drinking Motives As Mediators of the Associations between Reinforcement Sensitivity and Alcohol Misuse and Problems. <i>Frontiers in Psychology</i> , 2016 , 7, 718	3.4	18
78	Factor structure and psychometric properties of a French and German shortened version of the Behavioural Inhibition System/Behavioural Activation System scales. <i>International Journal of Methods in Psychiatric Research</i> , 2016 , 25, 44-54	4.3	4
77	Reframing video gaming and internet use addiction: empirical cross-national comparison of heavy use over time and addiction scales among young users. <i>Addiction</i> , 2016 , 111, 513-22	4.6	31
76	Are young men who overestimate drinking by others more likely to respond to an electronic normative feedback brief intervention for unhealthy alcohol use?. <i>Addictive Behaviors</i> , 2016 , 63, 97-101	4.2	11
75	Should we measure ambivalence to change?. <i>Addiction</i> , 2016 , 111, 1908-1909	4.6	
74	Drinking locations and alcohol-related harm: Cross-sectional and longitudinal associations in a sample of young Swiss men. <i>International Journal of Drug Policy</i> , 2015 , 26, 653-61	5.5	17
73	Perceptions of twelve-step mutual-help groups and their associations with motivation, treatment attendance and alcohol outcomes among chronically homeless individuals with alcohol problems. <i>International Journal of Drug Policy</i> , 2015 , 26, 468-74	5.5	9
72	The alcohol purchase task in young men from the general population. <i>Drug and Alcohol Dependence</i> , 2015 , 146, 39-44	4.9	33
71	Association between non-medical prescription drug use and personality traits among young Swiss men. <i>Psychiatry and Clinical Neurosciences</i> , 2015 , 69, 228-37	6.2	3
70	Protective behavioral strategies and future drinking behaviors: Effect of drinking intentions. <i>Psychology of Addictive Behaviors</i> , 2015 , 29, 355-64	3.4	25

69	Modelling the consequences of a reduction in alcohol consumption among patients with alcohol dependence based on real-life observational data. <i>BMC Public Health</i> , 2015 , 15, 1271	4.1	5
68	Internet-based brief intervention for young men with unhealthy alcohol use: a randomized controlled trial in a general population sample. <i>Addiction</i> , 2015 , 110, 1735-43	4.6	31
67	Screening of mental health and substance users in frequent users of a general Swiss emergency department. <i>BMC Emergency Medicine</i> , 2015 , 15, 27	2.4	36
66	Characterizing the vulnerability of frequent emergency department users by applying a conceptual framework: a controlled, cross-sectional study. <i>International Journal for Equity in Health</i> , 2015 , 14, 146	4.6	21
65	Internet-Based Brief Intervention to Prevent Unhealthy Alcohol Use among Young Men: A Randomized Controlled Trial. <i>PLoS ONE</i> , 2015 , 10, e0144146	3.7	12
64	Is the relationship between major depressive disorder and self-reported alcohol use disorder an artificial one?. <i>Alcohol and Alcoholism</i> , 2015 , 50, 195-9	3.5	9
63	Cannabis use and other illicit drug use: do subjective experiences during first cannabis use increase the probability of using illicit drug?. <i>Journal of Substance Use</i> , 2015 , 20, 234-238	0.8	2
62	Risk of All-Cause Mortality in Alcohol-Dependent Individuals: A Systematic Literature Review and Meta-Analysis. <i>EBioMedicine</i> , 2015 , 2, 1394-404	8.8	60
61	Independent and combined associations of risky single-occasion drinking and drinking volume with alcohol use disorder: Evidence from a sample of young Swiss men. <i>Drug and Alcohol Dependence</i> , 2015 , 154, 260-3	4.9	6
60	The Swiss Cohort Study on Substance Use Risk Factors [Findings of two Waves. <i>Sucht</i> , 2015 , 61, 251-262	0.5	37
59	Routes of administration of cannabis used for nonmedical purposes and associations with patterns of drug use. <i>Journal of Adolescent Health</i> , 2014 , 54, 235-40	5.8	57
58	Case management for frequent users of the emergency department: study protocol of a randomised controlled trial. <i>BMC Health Services Research</i> , 2014 , 14, 264	2.9	20
57	Health impact of sport and exercise in emerging adult men: a prospective study. <i>Quality of Life Research</i> , 2014 , 23, 2225-34	3.7	10
56	More is not always better-comparison of three instruments measuring volume of drinking in a sample of young men and their association with consequences. <i>Journal of Studies on Alcohol and Drugs</i> , 2014 , 75, 880-8	1.9	19
55	Concurrent and simultaneous polydrug use among young Swiss males: use patterns and associations of number of substances used with health issues. <i>International Journal of Adolescent Medicine and Health</i> , 2014 , 26, 217-24	1.1	23
54	Use of neuroenhancement drugs: prevalence, frequency and use expectations in Switzerland. <i>International Journal of Environmental Research and Public Health</i> , 2014 , 11, 3032-45	4.6	14
53	Quality of life depends on the drinking pattern in alcohol-dependent patients. <i>Alcohol and Alcoholism</i> , 2014 , 49, 457-65	3.5	23
52	The cost-effectiveness and public health benefit of nalmefene added to psychosocial support for the reduction of alcohol consumption in alcohol-dependent patients with high/very high drinking risk levels: a Markov model. <i>BMJ Open</i> , 2014 , 4, e005376	3	26

51	Mechanisms of action of brief alcohol interventions remain largely unknown - a narrative review. <i>Frontiers in Psychiatry</i> , 2014 , 5, 108	5	96
50	Concurrent versus simultaneous use of alcohol and non-medical use of prescription drugs: is simultaneous use worse for mental, social, and health issues?. <i>Journal of Psychoactive Drugs</i> , 2014 , 46, 334-9	3.6	12
49	Do brief alcohol motivational interventions work like we think they do?. <i>Alcoholism: Clinical and Experimental Research</i> , 2014 , 38, 853-9	3.7	37
48	Influence of counselor characteristics and behaviors on the efficacy of a brief motivational intervention for heavy drinking in young men--a randomized controlled trial. <i>Alcoholism: Clinical and Experimental Research</i> , 2014 , 38, 2138-47	3.7	29
47	Patterns and Transitions in Substance Use Among Young Swiss Men: A Latent Transition Analysis Approach. <i>Journal of Drug Issues</i> , 2014 , 44, 381-393	1.4	12
46	Non-medical prescription drug and illicit street drug use among young Swiss men and associated mental health issues. <i>International Journal of Adolescent Medicine and Health</i> , 2014 , 26, 525-30	1.1	6
45	Patterns of cannabis use and prospective associations with health issues among young males. <i>Addiction</i> , 2014 , 109, 937-45	4.6	22
44	Peer pressure and alcohol use in young men: a mediation analysis of drinking motives. <i>International Journal of Drug Policy</i> , 2014 , 25, 700-8	5.5	41
43	Associations of physical activity and sport and exercise with at-risk substance use in young men: a longitudinal study. <i>Preventive Medicine</i> , 2014 , 64, 27-31	4.3	27
42	Admissions of patients with alcohol intoxication in the Emergency Department: a growing phenomenon. <i>Swiss Medical Weekly</i> , 2014 , 144, w13982	3.1	12
41	The Change Questionnaire predicts change in hazardous tobacco and alcohol use. <i>Addictive Behaviors</i> , 2013 , 38, 2718-23	4.2	9
40	Perception of tobacco, cannabis, and alcohol use of others is associated with one's own use. <i>Addiction Science & Clinical Practice</i> , 2013 , 8, 15	4.1	28
39	Does change talk during brief motivational interventions with young men predict change in alcohol use?. <i>Journal of Substance Abuse Treatment</i> , 2013 , 44, 177-85	4.2	37
38	Effectiveness of a brief integrative multiple substance use intervention among young men with and without booster sessions. <i>Journal of Substance Abuse Treatment</i> , 2013 , 44, 231-40	4.2	22
37	Examining non-response bias in substance use research--are late respondents proxies for non-respondents?. <i>Drug and Alcohol Dependence</i> , 2013 , 132, 316-23	4.9	117
36	The economic burden of alcohol dependence in Europe. <i>Alcohol and Alcoholism</i> , 2013 , 48, 259-69	3.5	61
35	Characteristics of highly frequent users of a Swiss academic emergency department: a retrospective consecutive case series. <i>European Journal of Emergency Medicine</i> , 2013 , 20, 413-9	2.3	20
34	Drinking patterns and their predictive factors in CONTROL: a 12-month prospective study in a sample of alcohol-dependent patients initiating treatment. <i>Alcohol and Alcoholism</i> , 2013 , 48, 189-95	3.5	7

33	Need for informed consent in substance use studies--harm of bias?. <i>Journal of Studies on Alcohol and Drugs</i> , 2013 , 74, 931-40	1.9	40
32	Factor structure of early smoking experiences and associations with smoking behavior: valence or sensitivity model?. <i>International Journal of Environmental Research and Public Health</i> , 2013 , 10, 6305-18	4.6	2
31	Alcohol dependence treatment in the EU: A literature search and expert consultation about the availability and use of guidelines in all EU countries plus Iceland, Norway, and Switzerland. <i>The International Journal of Alcohol and Drug Research</i> , 2013 , 2, 53-67	1.5	20
30	Training medical students to conduct motivational interviewing: a randomized controlled trial. <i>Patient Education and Counseling</i> , 2012 , 87, 313-8	3.1	35
29	Predictive value of readiness, importance, and confidence in ability to change drinking and smoking. <i>BMC Public Health</i> , 2012 , 12, 708	4.1	41
28	Brief alcohol intervention as pragmatic intervention: who is voluntarily taking an offered intervention?. <i>Alcohol</i> , 2012 , 46, 551-8	2.7	3
27	Social and medical vulnerability factors of emergency department frequent users in a universal health insurance system. <i>Academic Emergency Medicine</i> , 2012 , 19, 63-8	3.4	67
26	Efficacy of brief motivational intervention in reducing binge drinking in young men: A randomized controlled trial. <i>Drug and Alcohol Dependence</i> , 2011 , 113, 69-75	4.9	33
25	Effectiveness of interventions targeting frequent users of emergency departments: a systematic review. <i>Annals of Emergency Medicine</i> , 2011 , 58, 41-52.e42	2.1	222
24	Perception of the amount of drinking by others in a sample of 20-year-old men: the more I think you drink, the more I drink. <i>Alcohol and Alcoholism</i> , 2011 , 46, 83-7	3.5	26
23	Age of first alcohol intoxication: association with risky drinking and other substance use at the age of 20. <i>Swiss Medical Weekly</i> , 2011 , 141, w13226	3.1	13
22	Change talk sequence during brief motivational intervention, towards or away from drinking. <i>Addiction</i> , 2010 , 105, 2106-12	4.6	53
21	What process research tells us about brief intervention efficacy. <i>Drug and Alcohol Review</i> , 2010 , 29, 612-6	6.2	19
20	Time of injury in light of prior-to-injury and usual alcohol consumption: an emergency department study. <i>Open Access Emergency Medicine</i> , 2010 , 2, 61-6	1.9	
19	Sport and alcohol: An emergency department study in Switzerland. <i>European Journal of Sport Science</i> , 2009 , 9, 11-22	3.9	9
18	Counselor skill influences outcomes of brief motivational interventions. <i>Journal of Substance Abuse Treatment</i> , 2009 , 37, 151-9	4.2	80
17	Counsellor behaviours and patient language during brief motivational interventions: a sequential analysis of speech. <i>Addiction</i> , 2008 , 103, 1793-800	4.6	68
16	Who drinks most of the total alcohol in young men--risky single occasion drinking as normative behaviour. <i>Alcohol and Alcoholism</i> , 2008 , 43, 692-7	3.5	28

15	Acute alcohol consumption and injury: risk associations and attributable fractions for different injury mechanisms. <i>Journal of Studies on Alcohol and Drugs</i> , 2008 , 69, 218-26	1.9	27
14	Brief alcohol interventions: do counsellors' and patients' communication characteristics predict change?. <i>Alcohol and Alcoholism</i> , 2008 , 43, 62-9	3.5	88
13	Communication during brief intervention, intention to change, and outcome. <i>Substance Abuse</i> , 2007 , 28, 43-51	3.8	33
12	Brief alcohol intervention and alcohol assessment do not influence alcohol use in injured patients treated in the emergency department: a randomized controlled clinical trial. <i>Addiction</i> , 2007 , 102, 1224-33	4.6	115
11	Effect of training on primary care residents' performance in brief alcohol intervention: a randomized controlled trial. <i>Journal of General Internal Medicine</i> , 2007 , 22, 1144-9	4	36
10	A possible way to motivate ambivalent patients to undergo detoxification. <i>Alcohol and Alcoholism</i> , 2006 , 41, 205	3.5	4
9	Alcohol-attributable injuries in admissions to a swiss emergency room--an analysis of the link between volume of drinking, drinking patterns, and preattendance drinking. <i>Alcoholism: Clinical and Experimental Research</i> , 2006 , 30, 501-9	3.7	68
8	The Alcohol Use Disorders Identification Test (AUDIT) as a screening tool for excessive drinking in primary care: reliability and validity of a French version. <i>Alcoholism: Clinical and Experimental Research</i> , 2005 , 29, 2001-7	3.7	223
7	Reduction of alcohol consumption by brief alcohol intervention in primary care: systematic review and meta-analysis. <i>Archives of Internal Medicine</i> , 2005 , 165, 986-95		481
6	Binge drinking in 19 year old men. <i>Swiss Medical Weekly</i> , 2005 , 135, 179-83	3.1	4
5	Symptom-triggered vs fixed-schedule doses of benzodiazepine for alcohol withdrawal: a randomized treatment trial. <i>Archives of Internal Medicine</i> , 2002 , 162, 1117-21		172
4	Reliability and Validity of the Alcohol Use Disorders Identification Test (AUDIT) Imbedded Within a General Health Risk Screening Questionnaire: Results of a Survey in 332 Primary Care Patients. <i>Alcoholism: Clinical and Experimental Research</i> , 2000 , 24, 659-665	3.7	127
3	A measure of the intensity of response to alcohol to screen for alcohol use disorders in primary care. <i>Alcohol and Alcoholism</i> , 2000 , 35, 625-7	3.5	16
2	Reliability and Validity of the Alcohol Use Disorders Identification Test (AUDIT) Imbedded Within a General Health Risk Screening Questionnaire: Results of a Survey in 332 Primary Care Patients 2000 , 24, 659		2
1	MOS-SF-36 in evaluating health-related quality of life in alcohol-dependent patients. <i>American Journal of Drug and Alcohol Abuse</i> , 1998 , 24, 685-94	3.7	75
