

CITATION REPORT

List of articles citing

Intertidal community structure : Experimental studies on the relationship between a dominant competitor and its principal predator

DOI: 10.1007/bf00345739
Oecologia, 1974, 15, 93-120.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
