

CITATION REPORT

List of articles citing

Induction of resistance mechanisms in *Rhodotorula toruloides* for growth in sugarcane hydrolysate with high inhibitor content

DOI: 10.1007/s00253-021-11687-z

Applied Microbiology and Biotechnology, 2021, 105, 9261-9277

Source: <https://exaly.com/paper-pdf/123224475/citation-report.pdf>

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
