Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

| # | Paper | IF | Citations |
|---|---|----|-----------|
| 4 | Development of novel fermented stinky sea bass and analysis of its taste active compounds, flavor compounds, and quality. 2022 , 134186 | | 0 |
| 3 | Characteristics of exopolysaccharides produced by isolates from natural bioflocculant of <i>Ruditapes philippinarum</i> conglutination mud. 13, | | 0 |
| 2 | Changes in extractive components and bacterial flora in live mussels <i>Mytilus galloprovincialis</i> during storage at different temperatures. 2023 , 88, 1654-1671 | | 0 |
| 1 | Development of room-temperature fermented stinky sea bass and novel insights into its physicochemical and flavor formation and microbial diversity. | | 0 |
