

CITATION REPORT

List of articles citing

Separation of fosetyl and phosphonic acid in food matrices with mixed-mode HPLC column coupled with tandem mass spectrometric detection and method application to other highly polar pesticides.

DOI: 10.1016/j.jchromb.2021.123083

Journal of Chromatography B: Analytical Technologies in the Biomedical and Life Sciences, 2021, 1189, 123083.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
