

CITATION REPORT

List of articles citing

Methods paper: Performance characteristics of novel assays for circulating levels of proglucagon-derived peptides and validation in a placebo controlled cross-over randomized clinical trial.

DOI: 10.1016/j.metabol.2022.155157

Metabolism: Clinical and Experimental, 2022, 129, 155157.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
4	Effects of ileal glucose infusion on enteropancreatic hormone secretion in humans: relationship to glucose absorption.. <i>Metabolism: Clinical and Experimental</i> , 2022 , 131, 155198	12.7	0
3	Changes in circulating levels of five proglucagon-derived peptides in response to intravenous or oral administration of glucose and lipids and in response to a mixed-meal in subjects with normal weight, overweight, and obesity. <i>Clinical Nutrition</i> , 2022 ,	5.9	0
2	Glucagon-like peptide-1 secretion in people with versus without type 2 diabetes: a systematic review and meta-analysis of cross-sectional studies. 2022 , 155375		0
1	Circulating levels of gastrointestinal hormones in prediabetes reversing to normoglycemia or progressing to diabetes in a year: A cross-sectional and prospective analysis. 2023 , 199, 110636		0
