

CITATION REPORT

List of articles citing

In vitro percutaneous absorption studies of cannabidiol using human skin: Exploring the effect of drug concentration, chemical enhancers, and essential oils.

DOI: 10.1016/j.ijpharm.2022.121540

International Journal of Pharmaceutics, 2022, , 121540.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
