Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
299	Attenuation of pulsatile changes in the density of striatal [3H]GBR-12935 binding sites during chronic ethanol consumption. 1991 , 567, 71-5		8
298	Effects of an alcohol diet on locomotor activity and the acquisition of brain self-stimulation in rats. 1991 , 8, 71-5		6
297	Hepatotoxicity of ethanol. 1991 , 12, 394-401		83
296	Effects of ethanol consumption on bioactivation and hepatotoxicity of N-nitrosodimethylamine in rats. 1991 , 42, 585-91		13
295	Hepatic, metabolic and toxic effects of ethanol: 1991 update. 1991 , 15, 573-92		212
294	Chronic administration of ethanol with high vitamin A supplementation in a liquid diet to rats does not cause liver fibrosis. 1. Morphological observations. 1991 , 13, 240-8		13
293	Alcohol, liver, and nutrition. 1991 , 10, 602-32		105
292	Decreased content of arachidonoyl species of phosphatidylinositol phosphates in pancreas of rats fed on an ethanol-containing diet. 1992 , 287 (Pt 3), 925-8		8
291	Liver triglyceride concentration and body protein metabolism in ethanol-treated rats: effect of energy and nutrient supplementation. 1992 , 103, 289-95		8
290	Rodent nutrition with liquid diets. 1992 , 16, 833-5		1
289	Direct measurement of fast axonal organelle transport in chronic ethanol-fed rats. 1992 , 16, 30-7		10
288	Ethanol-induced suppression of cell-mediated immunity in the mouse. 1992 , 16, 331-5		53
287	RESPONSE. 1992 , 16, 834-834		
286	Ribosomal RNA activity and protein in skeletal muscles of chronic ethanol-fed rats. 1992 , 9, 79-82		5
285	Bidirectional changes in striatal D2-dopamine receptor density during chronic ethanol intake. 1992 , 9, 133-7		7
284	Ethanol-induced fatty liver in the rat examined by in vivo 1H chemical shift selective magnetic resonance imaging and localized spectroscopic methods. 1992 , 10, 663-77		22
283	Influence of dietary zinc on hepatic collagen and prolyl hydroxylase activity in alcoholic rats. 1992 , 16, 815-9		16

282	Alcohol consumption enhances fatty acid oxidation, with a greater increase in male than in female rats. 1993 , 18, 1247-1253	59
